Preface

The 1983 National Jail Census, the fourth enumeration of local confinement facilities since 1970, was authorized by the Omnibus Crime Control and Safe Streets Act of 1968, as amended (42 U.S.C. 3732), to assess the needs of the Nation's jails.

The findings of this report were made possible through the patient efforts of administrators and practitioners in the Nation's local correctional facilities. BJS hopes that these data will be useful to Federal, State, and local correctional administrators, researchers, practitioners, and academicians in understanding the characteristics and needs of local correctional facilities.

The 1983 National Jail Census collected data on facilities, inmates, programs, employees, and expenditures for local correctional facilities throughout the country.* The reference date for the census was June 30, 1983. Annual data are for the fiscal year as defined by each facility.

Detailed findings of the 1983 Local Jail Census are presented in five volumes, available separately or together:

Census of Local Jails, 1983: Volume I. Data for Individual Jails in the Northeast (NCJ-112796)

Census of Local Jails, 1983: Volume II. Data for Individual Jails in the Midwest (NCJ-112797)

Census of Local Jails, 1983: Volume III. Data for Individual Jails in the South (NCJ-112798)

Census of Local Jails, 1983: Volume IV. Data for Individual Jails in the West (NCJ-112799)

Census of Local Jails, 1983: Volume V. Selected Findings, Methodology, and Summary Tables (NCJ-112795)

FROM THE DIRECTOR
BUREAU OF THE CENSUS

On behalf of the Bureau of Justice Statistics of the Department of Justice, the Bureau of the Census is conducting a census of the Nation's jails. The purpose of the census is to obtain current information on the Nation's jail facilities. This information was last collected from all jails in 1978. The data will be used to assess the needs of the Nation's jails and will be made available to state and local correctional officials and the public.

In order to complete data collection as soon as possible and permit early publication of census results, we will appreciate a prompt response, preferably within 3 weeks. If there are any items on the questionnaire for which answers cannot be readily obtained from available records, please provide reasonable estimates and indicate them with an asterisk (*). If we can be of help in completing the questionnaire, please call the Bureau of the Census on (301) 763-2896.

This report is authorized by the Omnibus Crime Control and Safe Streets Act of 1968, as amended (42 U.S.C. 3732). Although response to this Census is voluntary, your participation is needed to make the results of this census comprehensive, accurate, and timely.

Sincerely,

BRUCE CHAPMAN

A Complete Picture of Crime in the United States

Report to the Nation on Crime and Justice on Slides!

Now you can take data from *Report to the Nation* on the road. The Bureau of Justice Statistics (BJS) has converted the book's charts, maps, and graphs to slides. The slides are designed for showing at public and community forums, conferences, and in classrooms and training academies.

More than 125 slides present a statistical portrait of crime and justice in the United States. Each slide is coded for ready reference to the full text of the second and most current edition of the *Report,* so a full presentation can be easily created.

Slide topics highlight criminal justice issues of the 1980s—How much crime is there? Who does it strike? When? Where? Who is the typical offender? What happens to convicted criminals? What are the costs of justice? Who pays?

The slides span the gap between researchers and the people who need answers about crime.

ORDER TODAY! Just fill in and return this ad with payment to: Justice Statistics Clearinghouse, Department F–AHJ, Box 6000, Rockville, MD 20850.
