UNITED STATES DISTRICT COURTS
SENTENCES IMPOSED CHART 12 MONTHS
PERIOD ENDED JUNE 30, 1977

INTRODUCTION

For over 38 years the Administrative Office of the United States Courts has published in the D series of its Annual Report of the Director statistics on the sentences imposed on convicted defendants prosecuted in the United States District Courts. Further, in 1963 these statistics were amplified by the Federal Offender series.

Beginning in February 1976, principally in response to the reporting requirements of Title I of the Speedy Trial Act of 1974, the Administrative Office redesigned the criminal reporting statistical forms and acquired a mini-computer which is used to obtain more comprehensive information on the sentences imposed.

This first report is for the 12 month period ended June 30, 1977. The Sentences Imposed Chart is primarily organized with the 4-column offense code followed by the title and section of the appropriate United States Code, because it includes a substantial number of defendants who were classified using the Administrative Office 4-column offense code only. Future reports will be organized by title and section.

The Sentence Imposed Chart should be used in conjunction with another publication issued by the Administrative Office titled the Criminal Offense Citations Manual. This publication contains both the 4-column A. O. offense codes and the title and section of the United States Code.

During this transition year, it is necessary for the reader to reference the 4-column offense codes and then the title and section of the criminal citations. Often, the 4-column offense code will suffice in determining the range of sentences together with the average. For obtaining a complete set of sentences under title and section the reader is obliged to scan the chart for other identical titles and sections.

There are limitations to any one line presentation of sentence data. Where it was possible to do so, consecutive sentences were added together. Defendants who were convicted and sentenced on two counts, and the sentences were 5 years on each count consecutively, the chart shows a 10 year sentence.

Further, we have tried to identify the offense for which the conviction was obtained...not the charged offense. Therefore, where there were several charges, the most serious offense for which the conviction was obtained is shown. Offenses charged in superseding indictments or information are recorded for which the conviction was obtained.

This "Sentencing Chart" does not reflect the seriousness of the offense, or any characteristics of the defendant, including prior criminal record, if any, nor does it reflect an individual district's sentencing practice. It is a compendium of sentences imposed in the 12 month period in the 94 district courts. It represents convictions for felonies, misdemeanors, minor offenses and in a few cases petty offenses tried by a judge or heard on appeal by a judge from a decision of a magistrate.

HOW TO READ THE SENTENCES IMPOSED CHART

There are five major sentence classifications:

(1) Imprisonment

Classification reflects defendants and the months sentenced to imprisonment.

(2) Probation

Classification limited to 60 months under 18 USC §3651 except in instances of consecutive sentences .

(3) Split or Mixed Sentence

Classification includes all sentences with the following combinations: prison and probation; prison and fine; probation and fine; or prison, probation and fine. This category incorporates both split sentences (six months or less prison + probation) and mixed sentences (more than six months prison + probation). Please note that based on the mixture of elements in the sentence, sentence column totals may exceed total defendants.

(4) Fine only

Classification reflects sentences where a fine alone was imposed.

(5) Other

Classification reflects sentences including: deportation; sentence suspended; imposition of sentence suspended; imprisonment four days or less; sentenced to time already served; remitted or suspended fines.

For imprisonment or probation the average is expressed in months. Fines are also averaged and expressed in dollars.

A note of caution is required on averages. A large number of defendants with either high or low sentences can cause averages to be misleading. Therefore the midpoint, referred to as the median case, may be desired. The sentence for such a defendant can be obtained by dividing the total defendants by 2. The resulting figure is the median defendant.

Examples of median defendant:

	Imprisonment			Imprisonment			
	Defts.		Mos.	Defts.		Mos.	
	1		6	1		6	
	3		12	3		12	
	1		24	1		24	
	1		30	1		30	
Median Deft. is 10.5	6	Median Months	36	Median Deft. is 10.5	5	Median Months	36
	1		48		1		48
	6		60		6		60
	1		84		1		84
	1		90		1		90
					1		120
Average Sentence			43				47
Total	21				21		

The same procedure for finding the median can be used for defendants placed on probation and those fined.

NARCOTIC DRUG OFFENSE INSTRUCTIONS

The 1970 Drug Abuse Prevention and Control Act (DAPCA) repealed prior sections of the U. S. Code which contained the offenses and penalties for importation of narcotics, dangerous drugs, marihuana and provisions of the revenue laws relating to narcotics and marihuana. The only laws not carried over to the new code were 18 U.S.C. §1407, which required narcotic addicts and violatiors to register prior to crossing U. S. borders and 21 U.S.C. §191, 192 and 193, which relate to importation and exportation of opium between the U. S. and China. These statutes were repealed May 1, 1971.

We did, of course, have pending prosecutions and sentences involving persons who were charged with the former offenses coded as:

6500	A.	Marihuana Tax Act 21:176 (a); 26:4741-62, 7237 Penalty
6600	B.	Narcotics - border registration, 18:1407
6700	C.	Narcotics - Other, 18:494; 1403-6; 21:171-200, except 176 (a), 26:4701-36, 7237 Penalty; 42:261

Therefore, these offenses were not changed from the 6500, 6600 or 6700 codes to the new codes.

The new codes were used for all cases where the clerk of the court or the probation officer had indicated the offense violated under DAPCA of 1970. The A. O. 4-column offense code for DAPCA offenses is determined by using the classification appearing below:

Drug Involved	Code for Column 1 and 2	Schedule Number (3rd Column)
Marihuana (including Hashish)	65	1
Narcotic (Opium, cocaine, heroin, etc.)	67	1, 2
Controlled substance (Barbiturates, amphetamines, etc.)	68	1, 2, 3, 4, 5 "0" if Schedule Not Reported

For the fourth column of the offense code:

1. for selling, distributing or dispensing
2. for importation
3. for manufacture
4. for possession
5. records, prescriptions, fraudulent prescriptions

Thus, if a person was charged with possession of marihuana (Schedule I), code 6514. Selling marihuana is 6511. Selling opium (Schedule II) is 6721. Selling methadone (Schedule II) is 6821. Making a controlled substance, Barbital (Schedule IV) is 6843.

SENTENCES IMPOSED

CHART

CAVEAT

The chart represents a computer print-out of sentences imposed in the 94 United States District Courts during a 12 month period ended June 30, 1977. The chart is provided in response to the requests of several courts for information on sentencing. There is no attempt in this chart to endorse any type of sentencing procedure or length of sentence.

Sentences vary depending on many factors. Therefore, the chart provides the range of sentences and some aspect of the proportion of those defendants sentenced to imprisonment, placed on probation and or fined.

The chart is primarily for the use of the Federal Judiciary and is specifically designed to assist the Federal Probation Officers who may need the sentencing experience of the Federal Judiciary for their presentence investigation reports.
