

# NATIONAL SEXUAL ASSAULT KIT INITIATIVE

## Leading the Way in Sexual Assault Response Reform

Funded by the Bureau of Justice Assistance (BJA), the **National Sexual Assault Kit Initiative (SAKI)** aims to create a coordinated community response that promotes survivor healing and ensures just resolution to sexual assault cases through a comprehensive and victim-centered approach, building jurisdictional capacity to prevent accumulation of unsubmitted sexual assault kits (SAKs) in the future and supporting the investigation and prosecution of cases for which SAKs were previously unsubmitted.

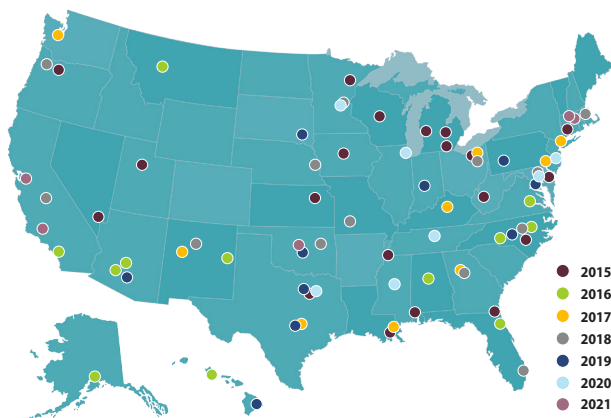

As of June 2021, SAKI has accomplished the following:

### AMOUNT INVESTED (IN MILLIONS)

### SAKI NATIONAL IMPACT

See [long description](#) associated with this image.

**~57%** SAKI sites, both currently and previously funded, represent approximately 57% of the U.S. population (331.5 million).

SAKI assists jurisdictions with implementing best practices, generating victim-centered policies, and creating sustainable comprehensive sexual assault response reform.
