BJS RELEASES PREA DATA COLLECTION ACTIVITIES, 2014

WASHINGTON – The Department of Justice's Bureau of Justice Statistics (BJS) released *PREA Data Collection Activities*, 2014, which fulfills the requirement under the Prison Rape Elimination Act of 2003 (P.L. 108-79) for the Attorney General to submit to Congress, not later than June 30 of each year, a report on the activities of BJS for the preceding calendar year.

During 2013 and the first four months of 2014, BJS issued four reports:

- 1. <u>Sexual Victimization in Prisons and Jails Reported by Inmates</u>, <u>2011–12</u> (May 2013), which ranks facilities according to the prevalence of sexual victimization, as required under PREA.
- 2. <u>Sexual Victimization in Juvenile Facilities Reported by Youth, 2012</u> (June 2013), which provides state- and national-level estimates of juvenile sexual victimization by type of activity.
- 3. <u>Sexual Victimization Reported by Adult Correctional Authorities</u>, <u>2009–11</u> (January 2014) which presents counts of nonconsensual sexual acts, abusive sexual contacts, staff sexual misconduct, and staff sexual harassment reported to correctional authorities in adult prisons, jails, and other adult correctional facilities in 2009, 2010, and 2011.
- 4. <u>Survey of Sexual Violence in Adult Correctional Facilities</u>, 2009–11 <u>Statistical Tables</u> (January 2014), which provides tables that accompany the latter report.

In addition, BJS began further analysis of the past inmate self-report surveys to provide a fuller understanding of facility- and individual-level predictors of sexual victimization.
