1. BASIC INFORMATION

Purpose of the Funding

The Office of Justice Programs (OJP) is committed to advancing work that furthers the U.S. Department of Justice's (DOJ) mission to keep our country safe and secure and uphold the rule of law and protect the rights of American citizens. OJP provides federal leadership, funding, and other critical resources to directly support law enforcement, combat violent crime, protect American children, provide services to American crime victims, and address public safety challenges, including human trafficking and the opioid crisis.

This is a notice of funding opportunity (NOFO) for the **BJA FY 2026 Second Chance Act Family-Based Substance Use Disorder Treatment Program**. This opportunity will provide treatment and recovery support services to parents with substance use disorders (SUD) who have minor children or are pregnant and are under correctional control in a facility or community-based setting. State, local, and tribal governments and nonprofit organizations may apply for funding to provide family-based SUD treatment programs in jail, in prison, or as part of an alternative to incarceration to reduce recidivism and improve reentry and other related outcomes for the parent and for their children. State, local, and tribal governments must apply for funding under Category 1 and nonprofit organizations and faith-based organizations must apply for funding under Category 2.

Applicants must propose to:

- Offer family-focused treatment that is clinically appropriate and includes the parent, their child, and other appropriate family members.
- Use validated tools to assess the strengths and needs of the participant and their family and use results to inform an individualized case plan.
- Offer a wide range of services based on assessed needs, including SUD treatment, as well as early child intervention services, family counseling, legal services, medical and mental health care, nursery and preschool, parenting skills, transportation, and/or vocational or GED training.
- Implement a system of incentives and sanctions based on participant progress to encourage accountability.
- Track whether each participant successfully completes the SUD treatment program.
- Conduct a process and outcome evaluation of the intervention.

Applicants proposing SUD treatment **in correctional settings** must also:

- Operate in an area separate from the general population of the prison.
- Provide continued care if a participant transfers to a different facility within the jurisdiction/operating area.

Applicants proposing SUD treatment in **an alternative to incarceration setting** must also:

- Plan to serve people charged with a nonviolent drug offense (drug or drug-related crimes that do not include an element of physical force against person or property, their child, and other appropriate family members).

- Ensure all treatment providers are approved by the state or tribe and are licensed, if necessary, to provide medical and other health services.
- Coordinate with the Single State Authority for Substance Abuse in the applicable state.
- Provide treatment in a residential setting (this does not include hospital or intensive outpatient settings).
- Ensure that those who do not successfully complete the program serve an appropriate sentence of imprisonment for their original offense.

Examples of allowable uses of funds include:

- Hiring personnel.
- Paying for mental health, substance use, and/or overdose prevention medication.
- Contracting to support service delivery (e.g., case management, peer support, or clinically-appropriate treatment) and/or training and evaluation services.

See the [Eligible Applicants](#) section for eligibility details.

The Second Chance Act of 2007 and the First Step Act of 2018 authorize federal grants to facilitate reentry services and programs for people leaving incarceration. In FY26, BJA is releasing [six NOFOs](#) to support adults reentering the community and enhance public safety in different ways. Applicants are welcome to seek funding through more than one NOFO.

To help meet its mission, OJP may give priority consideration to applications proposing (as applicable within the scope of this NOFO) projects designed to advance the goals listed below:

- (a) Directly supporting law enforcement operations (including immigration law enforcement operations);
- (b) Combatting violent crime;

Applicants seeking this additional priority consideration, should complete the Agency Funding Priorities Inventory—Ending Crime and Disorder (Funding Priority Inventory 3) in JustGrants to indicate which criteria they are actively meeting.

Note: Addressing these priorities is one of many factors that OJP considers in making funding decisions. Receiving priority consideration does not guarantee funding.

Unallowable Activities: The following are certain unallowable costs and certain activities that are out of the program scope and will not be funded.

1. Out of program scope is any program or activity, at any tier that, directly or indirectly, violates (or promotes or facilitates the violation of) federal immigration law (including 8 U.S.C. § 1373) or impedes or hinders the

enforcement of federal immigration law—including by failing to comply with 8 U.S.C. § 1373, give access to DHS agents, or honor DHS requests and provide requested notice to DHS agents.

2. Out of program scope is any program or activity, at any tier that violates any applicable Federal civil rights or nondiscrimination law. This includes violations that (1) indirectly violate the law, including by promoting or facilitating violations; or (2) unlawfully favor individuals in any race or protected group, including on a majority or minority, or privileged or unprivileged, basis, within a given area, population, or sector.
3. As specified in the [DOJ Grants Financial Guide](#), in Chapter 3.13 “Unallowable Costs” (“Legal Services for Aliens”), any obligations of funds, at any tier, under this award to provide (or to support the provision of) legal services to any removable alien or any alien otherwise unlawfully present in the United States shall be unallowable costs for purposes any award made under this notice, but the foregoing shall not be understood to apply— (1) to legal services to obtain protection orders for victims of crime; or (2) to immigration-related legal services that may be expressly authorized or required by any law, or any judicial ruling, governing or applicable to the award.

Goals and Objectives of This Funding Opportunity

Goal: Address underlying SUDs to reduce crime and recidivism by parents of minor children.

- **Objective 1:** Implement or enhance corrections-based SUD treatment and recovery support services to parents and their minor children and families.
- **Objective 2:** Develop, implement, or expand family-based SUD treatment as an alternative to incarceration program for parents with nonviolent drug or drug-related offenses and their children and families.

For a description of how awards under this NOFO will contribute to achieving these goals and objectives, see the [Performance Reports](#) section below.

Expected Outcomes

OJP expects recipients to submit deliverables and performance reports, as described below. Read the [Application Resource Guide](#) for more information. OJP will measure success by reviewing a recipient’s submission of performance reports and data and the extent to which project implementation reflects progress toward the goals and objectives of this NOFO.

Deliverables

Recipients will be expected to submit the following:

- Final Performance Report (see below) to include recidivism outcomes as noted in [Appendix A](#).
