1. BASIC INFORMATION

Purpose of the Funding

The Office of Justice Programs (OJP) is committed to advancing work that furthers the U.S. Department of Justice's (DOJ) mission to keep our country safe and secure and uphold the rule of law and protect the rights of American citizens. OJP provides federal leadership, funding, and other critical resources to directly support law enforcement, combat violent crime, protect American children, provide services to American crime victims, and address public safety challenges, including human trafficking and the opioid crisis.

This is a notice of funding opportunity (NOFO) for the **BJA FY 2026 National Center for Veterans Justice**. This opportunity will establish a national center to provide specialized support to state, local, and tribal criminal justice agencies; treatment and service providers; courts; corrections systems; and community supervision agencies to effectively support and respond to the needs of veterans across the justice system, improve outcomes, and strengthen public safety.

The Center will serve as a one stop shop to address critical gaps in veteran identification, cross-system coordination, and implementation of evidence-based interventions by providing criminal justice professionals with specialized tools, training, and technical assistance on military culture, combat trauma, military sexual trauma (MST), post-traumatic stress disorder (PTSD), traumatic brain injury (TBI), and other veteran-specific considerations. Providing resources and specialized technical assistance through a centralized location and entity is essential to effectively supporting veterans whose needs require coordination across multiple systems, including criminal justice, Department of Veterans Affairs (VA), behavioral health, and social service systems that operate under distinct legal frameworks and institutional priorities.

See the [Eligible Applicants](#) section for eligibility details.
