1. BASIC INFORMATION

Purpose of the Funding

The Office of Justice Programs (OJP) is committed to advancing work that furthers the U.S. Department of Justice's (DOJ) mission to keep our country safe and secure and uphold the rule of law and protect the rights of American citizens. OJP provides federal leadership, funding, and other critical resources to directly support law enforcement, combat violent crime, protect American children, provide services to American crime victims, and address public safety challenges, including human trafficking and the opioid crisis.

This is a notice of funding opportunity (NOFO) for the **OJJDP FY 2026 Multistate Mentoring Programs**. This opportunity supports the implementation and delivery of mentoring services to youth populations that are at risk or high risk for delinquency, victimization, and going into the juvenile justice system. Mentoring services can be one-on-one, group, peer, or a combination of these types.

Funding will support:

- Mentoring services to youth who are 17 years old or younger at the time of admission to the program. Mentors must be an adult (age 18 or older), or in cases where peer mentoring models are being implemented, an older peer under adult supervision.
- Mentoring services to youth who demonstrate need but have not participated in mentoring services due to limited or lack of mentoring programs in their community or a shortage of trained and screened mentors, new mentoring matches, as well as existing mentoring matches through program completion.

For this NOFO, youth who are at risk or high risk of delinquency are defined as youth who are in or most likely to be in the juvenile justice system because they possess certain risk factors in key life domain areas (i.e., individual, family, school, community), are already in the juvenile justice system, and/or reside in environments that have high rates of parental incarceration, community violence, drug markets, and gang concentration.

OJJDP supports the National Mentoring Resource Center (NMRC) to provide training and technical assistance (TTA) to all OJJDP-funded grantees, including implementation of the National Quality Mentoring System. OJJDP expects funded mentoring organizations to work with the NMRC in identifying and receiving TTA. Lead grantee organizations are expected to monitor subgrantee implementation of the specific mentoring program model funded in the application to ensure subgrantee adherence to the model/curriculum and specifications. Lead grantee organizations may use a limited amount of funds to train subgrantee staff on administering the specific mentoring program model.

This NOFO funds three separate categories for which organizations can apply based on their eligibility:

Category 1: Mentoring Organizations (1 state) (C-OJJDP-2026-00007-PROD)

The maximum amount of funding applicants can apply for is \$1,000,000. Funding should be used to expand existing mentoring services to an additional state or an additional jurisdiction within the state (i.e., a new municipal area such as city, county, or region of the state) where mentoring services are already provided. The new mentoring site must implement the same mentoring program or established curriculum as the primary applicant. While funding can support existing matches, the majority of funding should be used for expansion efforts.

Category 2: Mentoring Organizations (2 to 10 states) (C-OJJDP-2026-00008-PROD)

The minimum amount of funding applicants can apply for is \$1,000,000. Applicants who can demonstrate their program has the “broadest reach” across their affiliates may apply for up to \$4,000,000 to support program activities. To demonstrate the “broadest reach,” applicants should address how the proposed existing mentoring approach will reach a broad population of youth. Factors that will be considered in making this determination include:

- Number of states where the applicant organization can show a history of providing mentoring services through subawards and the number of states where the applicant organization proposes to provide mentoring services through subawards with awarded grant funds.
- Number of program sites where the applicant organization can demonstrate a history of providing mentoring services through subawards and the number of program sites where the applicant organization proposes to provide mentoring services through subawards with awarded grant funds.
- If applicable, a description of how the applicant organization intends to expand existing mentoring services to an additional state or jurisdiction within the state where they are already providing mentoring services. The new mentoring site must implement the same mentoring program (i.e., “program x”) or established curriculum as the primary applicant.
- Number of youth served.
- Number of mentors recruited.

Category 3: Mentoring Organizations (11 to 44 states) (C-OJJDP-2026-00009-PROD)

The minimum amount of funding applicants can apply for is \$2,000,000. Applicants who can demonstrate their program has the “broadest reach” across their affiliates may apply for up to \$4,000,000 to support program activities. See the description listed above for guidance on how to demonstrate “broadest reach.”

See the [Eligible Applicants](#) section for eligibility details.

Cost Sharing (Match) Requirement: This NOFO does **not** require cost sharing (match).

Limit on Number of Applications: You may submit only one application to only one category of the NOFO. If you submit multiple applications, only the most recent system-validated version will be reviewed.

If a project will be carried out by two or more entities (project partners), only one entity may submit the application. The other entities (project partners) must be proposed as subrecipients rather than co-applicants. An entity may be proposed as a subrecipient in more than one application. For additional information regarding subawards, see the Application Resource Guide.

Additional Eligibility Factors

In addition to meeting the entity eligibility requirement above, applicants must meet eligibility requirements of one of the funding categories identified below.

Category 1: Mentoring Organizations (1 state)

Eligible entities are those mentoring organizations that have been in existence and providing mentoring services for at least 3 years and are currently delivering a structured, standalone mentoring program (i.e., “program x”) in one state. Applicants must submit a separate

attachment labeled Program Model Overview to demonstrate the existence of this standalone mentoring program (see Appendix A).

As part of the funded program, the primary applicant must either propose to expand the existing mentoring program to one additional state or one additional jurisdiction within the state where they are already providing mentoring services.

Category 2: Mentoring Organizations (2 to 10 states)

Eligible entities are those mentoring organizations that have been in existence and providing mentoring services for at least 3 years and are currently delivering a structured, standalone mentoring program (i.e., “program x”) in 2 to 10 states. Applicants must submit a separate attachment labeled Program Model Overview to demonstrate the existence of this standalone mentoring program (see Appendix A).

For the purposes of this category, a primary applicant that forms a partnership with one or more organizations that are delivering different mentoring program models for the purposes of meeting the multistate requirement is not eligible to apply.

Category 3: Mentoring Organizations (11 to 44 states)

Eligible entities are those mentoring organizations that have been in existence and providing mentoring services for at least 3 years and are currently delivering a structured, standalone mentoring program (i.e., “program x”) in 11 to 44 states. Applicants must submit a separate attachment labeled Program Model Overview to demonstrate the existence of this standalone mentoring program (see Appendix A).

For the purposes of this category, a primary applicant that forms a partnership with one or more organizations that are delivering different mentoring program models for the purposes of meeting the multistate requirement is not eligible to apply.

For all three categories, the primary applicant must be the office headquarters of the mentoring organization or the office headquarters for the proposed mentoring curriculum to be implemented. The primary applicant may deliver services through affiliate or partner subawards; however, the proposed subawards must implement the same mentoring program (i.e., “program x”) or established curriculum as the primary applicant.

Note: Applicants that are members/affiliates/subgrantees of larger mentoring organizations will be considered ineligible if the standalone mentoring model/programming proposed is being implemented through the headquarters of the larger mentoring membership organization. Applicants are expected to include information that delineates ownership/proprietorship of such program/curriculum that has been implemented for at least 3 years. Applicants must submit a separate attachment labeled Mentoring Organizational History with this information (see Appendix B). Applicants must also provide a statement indicating that the headquarters office of the larger mentoring membership organization is not implementing such model/program/curriculum.

- (b) Combatting violent crime;
- (c) Supporting services to American citizens;
- (d) Protecting American children; and

Note: Addressing these priorities is one of many factors that OJP considers in making funding decisions. Receiving priority consideration does not guarantee funding.

Unallowable Activities: The following are certain unallowable costs and certain activities that are out of the program scope and will not be funded.

1. Out of program scope is any program or activity, at any tier that, directly or indirectly, violates (or promotes or facilitates the violation of) federal immigration law (including 8 U.S.C. § 1373) or impedes or hinders the enforcement of federal immigration law—including by failing to comply with 8 U.S.C. § 1373, give access to DHS agents, or honor DHS requests and provide requested notice to DHS agents.
2. Out of program scope is any program or activity, at any tier that violates any applicable Federal civil rights or nondiscrimination law. This includes violations that – (1) indirectly violate the law, including by promoting or facilitating violations; or (2) unlawfully favor individuals in any race or protected group, including on a majority or minority, or privileged or unprivileged, basis, within a given area, population, or sector.
3. As specified in the [DOJ Grants Financial Guide](#), in Chapter 3.13 “Unallowable Costs” (“Legal Services for Aliens”), any obligations of funds, at any tier, under this award to provide (or to support the provision of) legal services to any removable alien or any alien otherwise unlawfully present in the United States shall be unallowable costs for purposes any award made under this notice, but the foregoing shall not be understood to apply — (1) to legal services to obtain protection orders for victims of crime; or (2) to immigration-related legal services that may be expressly authorized or required by any law, or any judicial ruling, governing or applicable to the award.

Goals and Objectives of This Funding Opportunity

Goal: Improve outcomes (such as improved academic performance and reduced school dropout rates) for youth at risk or high risk of delinquency, and reduce negative outcomes (such as delinquency, substance use, and gang participation) through youth mentoring.

- **Objective 1:** Increase or expand reach of mentoring services to youth who are at risk or high risk of delinquency.
