## FOREWORD

This publication was made possible through the cooperation of the entire criminal justice community. I wish to thank Debra Olken of the Administrative Office of the Courts, Ted Trott of the Jail Monitoring Committee, Edmund Tooher of the Bureau of Probation and Parole, and Richard Rideout of the Uniform Crime Reports for their valuable contribution of data for this publication. I also want to thank Jacqueline Guimond for her fine work at typing many of the data tables and the text in this booklet.

The Maine Criminal Justice Data Center is dependent upon the support of these individuals for providing Maine and the nation with timely crime statistics. We are fortunate to have people in all areas of criminal justice (Police, Courts and Corrections) communicating and supporting each other in an attempt to provide effective and cost-efficient criminal justice services to the State.

This volume is a supplement to the Juvenile Crime in Maine Executive Summary. Volume II contains the data elements whereas the Executive Summary is a narrative of the trends in juvenile crime since 1980. If one does not receive a copy of the Executive Summary, please contact the Data Center at the address on the cover.

Any questions or comments regarding this booklet should be directed to this author at the address on the front of the booklet. Requests for additional copies should be sent to the same address.

# CLASSIFICATION OF OFFENSES

Uniformity in reporting under the Maine Uniform Crime Reporting System is based on the proper classification of offenses reported to or known by the police..

The adoption of the National System of Uniform Crime Reporting included the utilization of the offense classifications of that system. Law enforcement in this State has made accurate application of those classifications in the reports submitted to the Maine Uniform Crime Reporting System.

In view of the need for compatability with the National System "offenses" under the program are not distinguished by designation of "misdemeanors", "felonies" or violation of municipal ordinances.

The explanations of offense classifications may vary slightly with language used by those familiar with Maine State Law. However, the major categories of offense classification remain the same between the national and state levels.
