Definitions

ARREST INCIDENT: An occurrence of family violence in which at least one arrest has been made. One arrest incident is counted for each Family Violence Offense Report submitted; regardless of the number of parties arrested.

BREACH OF PEACE AND DISORDERLY CONDUCT: Crimes of threatening; harassment and reckless endangerment may be reported under either breach of peace or disorderly conduct.

BOTH (ALL) PEOPLE ARRESTED: An individual is assigned the status of BOTH when involved in a family violence incident in which all parties were arrested. Each participant who has been coded as BOTH has committed an offense involving family violence, and therefore cannot be considered a "pure" victim. However, an individual classified as BOTH cannot be classified as a "pure" offender either, since s/he has also been the target of a violent domestic crime. Note that these incidents frequently involve more than two people.

FAMILY OR HOUSEHOLD MEMBERS: Spouses; former spouses; parents and their children; persons eighteen years of age or older related by blood or marriage; persons sixteen years of age or older, not related by blood or marriage who are presently residing together or who have resided together in the past; and persons who share a child in common regardless of their marital status or living arrangement.

FAMILY VIOLENCE: An incident resulting in physical harm; bodily injury or assault; or an act of threatened violence that causes fear of imminent physical harm; bodily injury or assault between or among family or household members. Verbal abuse or argument alone does not constitute family violence. Nor are acts of parents or guardians in disciplining their minor children classified as family violence unless such acts constitute abuse. In order for an offense to be classified as family violence, there must be present danger, the likelihood that physical violence will occur and the relationship between the parties conforms to the definition of "Family or Household Members."

FAMILY VIOLENCE CRIME: A crime as defined in section 53a-24 of the Connecticut General Statutes which contains as an element an act of violence directed at a family or household member.

HIERARCHY OF OFFENSES: Although multiple offenses are frequently reported, particularly for multiple arrest incidents, only one offense code is accepted into the computer system. When there are multiple offenses, the offense code highest in the following list is accepted: homicide; assault; kidnapping; sexual assault; criminal mischief; risk of injury to a minor; breach of peace; disorderly conduct; and other.

INJURY: A serious injury is a physical injury which creates a substantial risk of death; or which causes serious disfigurement; serious impairment of health or serious loss or impairment of the function of any bodily organ. A minor injury means impairment of physical condition or pain. Non-physical injuries include threats and attempts to cause harm.

LIVE-IN: Persons presently residing together or who have resided together in the past; and persons who share a child in common.

"OTHER" CRIME: Offenses included under the classification of "Other" include all family violence crimes which are not covered by the offense types listed. "Other" crimes include, but are not limited to: robbery; burglary; arson; and criminal trespass.

RELATIVE (SAME/OTHER HOME): Includes parents and children; brothers; sisters; aunts; uncles; in-laws; cousins; etcetera.
