ADDENDUM

NEW PROCEDURES REGARDING THE REPORTING
OF COLLECTIONS ACTIVITIES

As part of the continuing effort to improve and refine our record keeping and statistical reports, the Executive Office for United States Attorneys, working with the Justice Management Division, has implemented new procedures and programs which, beginning with Fiscal Year 1982, allows us to report our collections activities in greater detail.

Previously, the Docket and Reporting System lumped all types of collections activities and recoveries into a single category and there was no accurate way to distinguish actual assets recovered from other types of recoveries, such as credits and offsets. As a result of our improvements, we are now able to differentiate those activities.

During Fiscal Year 1982, the efforts of United States Attorneys resulted in the recovery of \$205,979,195 in actual assets (i.e., cash and property), while other recoveries, such as debts brought into paying states and returned to the client agency, amounted to \$83,021,810.

Total recoveries for Fiscal Year 1982 amounted to \$289,001,005, compared with \$226,781,443 in Fiscal Year 1981. This was a 27.44 percent increase.

As the Executive Office for United States Attorneys implements the new PROMIS system, our ability to provide statistical reports will continue to improve.
