FOREWORD

This is the 14th annual edition of the "Michigan Law Enforcement Officials Report on Crime".

It is our hope that the information contained in this report will prove of value not only to the police officials, but to other agencies, both public and private, who are concerned with the enormous problem of crime in our state; that it will assist in furnishing some insight into possible corrective measures to be taken.

A total of 2,188 Officers were reported assaulted in 1972, 772 of which sustained injuries. Firearms were used in 142 of these assaults.

Serious crimes numbered 3,744 per 100,000 persons.

Handguns, or pistols, were involved in 515 of the 944 murder supplements submitted.

40 Juveniles were arrested for the crime of murder.

4,009 juveniles (under the age of 17 yrs.) were arrested for Violation of Narcotic Laws.

21,532 Narcotic Drug offenses were reported, compared to 18,868 in 1971.

Of a total of 76,472 arrests for Part I offenses, 32,466 involved persons under the age of 17 yrs.

The compilation of this report is possible only through the excellent cooperation of the many law enforcement agencies of our state who contribute the raw material of facts and figures. We wish to thank each of those departments and hope they will continue to offer this fine support so that we may continue to serve together.

JOHN R. PLANTS, Director.

Effective January, 1972 the Federal Bureau of Investigation began collecting data on Police Assaults on a prescribed form. Information tallied has been collected on the State level and can now be included in the annual report. It is hoped that, with publication in this issue and future issues the information will enable all Departments to compare the statistics contained therein and use them to their utmost advantage.

The nationwide Law Enforcement Officers Killed Summary, January through December, 1972, submitted by the FBI is as follows:

According to information received by the FBI through the Uniform Crime Reporting Program, 13 law enforcement officers were killed due to felonious criminal action in December, 1972. Fourteen officers were slain during the same month in 1971. ONE HUNDRED TWELVE LOCAL, COUNTY, AND STATE LAW ENFORCEMENT OFFICERS WERE KILLED IN 1972, AS COMPARED WITH A TOTAL OF 126 OFFICERS SLAIN IN 1971. Regionally, 57 officers were slain in Southern States, 30 in the North Central States, 14 officers in the Northeastern States, 11 in the Western States. Ambush-type attacks have claimed the lives of 14 law enforcement officers during 1972; 3 in January, 4 in April, 2 in August, 1 in October, 3 in November, and 1 in December. Twenty-five officers were killed in connection with robbery matters, 24 while attempting arrests for crimes other than robbery and burglary, 15 in connection with disturbance calls, 14 making traffic stops, 9 while answering burglary matters, 5 investigating suspicious persons or circumstances, 2 in connection with a civil disorder, 2 by mentally deranged persons, and 2 met death at the hands of prisoners. One hundred eight of the 112 officers slain in 1972 were killed through use of firearms. Hand-guns were used in 75 of the slayings. As of this time, 101 of the 112 murders have been solved by law enforcement agencies.

LAW ENFORCEMENT OFFICERS KILLED OR ASSAULTED

It is requested this report be completed and transmitted with monthly crime reports to: Director, Federal Bureau of Investigation, Uniform Crime Reports, Washington, D. C. 20535. This form should be used to report the number of your officers who were assaulted or killed in the line of duty during the month. Additional information concerning officers killed will be requested by a separate questionnaire.

INTRODUCTION

The subject of crime is one of the uppermost concerns of our present American society. It competes daily for front page coverage in our newspapers. TV and radio news broadcasts devote a large portion of their air time to reporting the details of vicious assaults or spectacular crimes. A considerable segment of our population lives in fear of becoming the victim of a criminal act.

This concern with crime resulted in the appointment of the President's Crime Commission, impaneled to study the problem and suggest methods of preventing its growth and attacking its roots. In order to accomplish this, the commission first had to establish the amount of crime in America. One of their first discoveries was that there is far more crime being committed than is being reported to the police authorities. The report states, "Burglaries occur about three times more often than they are reported to police. Aggravated assaults and larcenies over \$50.00 occurs twice as often as they are reported. There are 50 percent more robberies than are reported. In some areas, only one-tenth of the total number of certain kinds of crimes are reported to the police. Seventy-four percent of the neighborhood commercial establishments surveyed do not report to police the thefts committed by their employees." Therefore, there is no means of determining completely the number of crimes committed.

The yardstick used by the commission to measure these unreported crimes was the Uniform Crime Report compiled by the Federal Bureau of Investigation. These figures gave the commission a base from which to work on in their estimation of the crime picture for the country as a whole. Another important discovery of the commission was the variance of crime rates within our nation, the variance in geographical distribution, and the number of crimes committed by particular age groups. Again the report notes, "Most crimes, wherever they are committed, are committed by boys and young men, and that most crimes, by whomever they are committed, are committed in cities."

Enforcement is limited to deterring and detection in one of the primary problems of our society—CRIME. "But the fact that the police deal daily with crime does not mean that they have unlimited power to prevent it, or reduce it, or deter it. The police did not create and cannot resolve the social conditions that stimulate crime. They did not start and cannot stop the convulsive social changes that are taking place in America. They do not enact the laws that they are required to enforce, nor do they dispose of the criminals they arrest. THE POLICE ARE ONLY ONE PART OF THE CRIMINAL JUSTICE SYSTEM; THE CRIMINAL JUSTICE SYSTEM IS ONLY ONE PART OF THE GOVERNMENT; AND THE GOVERNMENT IS ONLY ONE PART OF SOCIETY. INSOFAR AS CRIME IS A SOCIAL PHENOMENON, CRIME PREVENTION IS THE RESPONSIBILITY OF EVERY PART OF SOCIETY. The criminal process is limited to case by case operations, one criminal or one crime at a time."*

In order to make this information more meaningful to the people of Michigan, the "Michigan Law Enforcement Officials Report on Crime" is being submitted in its 14th edition. It was prepared from the figures sent to the Michigan Department of State Police by the various police agencies throughout the state who participate in its production. These agencies are to be commended for their participation and their interest in furnishing all law enforcement agencies with crime summaries to illustrate where crime is occurring, which crimes are the most prevalent, and which age groups are responsible for those crimes. This information is submitted with the hope that it will be of value in the formulation of concerted efforts by not only the police, but of all related disciplines who are charged with reducing crime in Michigan.

ACT 319
Public Acts 1968

AN ACT to provide a uniform crime reporting system; to provide for the submitting of such report to the department of state police; to require submission of the report by certain police agencies; to require the reporting on wanted persons and stolen vehicles; and to vest the director of the department of state police with the authority to prescribe the reporting form and its contents.

The people of the State of Michigan enact:

Sec. 1. The police department of each city or village, any duly constituted police department of a township, and the sheriff's department of each county, once each month upon a date and form prescribed and furnished by the director of the department of state police, shall forward to the department of state police a crime report. Each reporting department shall report only on cases within its jurisdiction and upon which it is making, or has made, the primary police investigation. The report shall be called the uniform crime report and shall cover crimes reported and otherwise processed during the month preceding the month of the report. It shall contain the number and nature of offenses committed, the disposition of such offenses and such other information as the director of state police shall specify relating to the method, frequency, cause and prevention of crime. Under no circumstances shall the name of any person be reported.

Sec. 2. Upon receipt of the monthly uniform crime reports from the reporting agencies, the department of state police shall prepare a statewide compilation of the statistics contained therein and the resulting statistical compilation shall be available to any governmental law enforcement agency in the state, the judiciary committees of the Michigan state senate and the Michigan state house of representatives, and the federal bureau of investigation, upon request. The statistics made available through the uniform crime report shall be used for the purpose of studying the causes, trends and effects of crime in this state and for intelligence upon which to base a more sound program of crime detection and prevention and the apprehension of criminals.

Sec. 3. Any governmental police agency, not falling within the description of those required to submit the monthly uniform crime report set forth in section 1, which desires to submit such a report, shall be furnished with the proper forms by the department of state police. When a report is received by the department of state police from a governmental police agency not required to make such report, the information contained therein shall be included within the monthly compilation provided for in section 2.

Sec. 4. The chief of police of each city or village and of each township having a police department, and the sheriff of each county within this state, shall report to the department of state police, in a manner prescribed by the department, all persons wanted by, and all vehicles stolen from, their primary police jurisdictions. The report shall be made as soon as is practical after the investigating department either ascertains that a vehicle is stolen or obtains a warrant for an individual's arrest or determines that they have reasonable grounds to believe that the individual committed a crime. In no case shall this time exceed 12 hours after the reporting agency determines that it has grounds to believe that a vehicle was stolen or that the wanted person should be arrested.

Sec. 5. When at any time after making a report required by section 4 it is determined by the reporting agency that a person is no longer wanted because of his apprehension, or any other factor, and when a vehicle reported stolen under section 4 is recovered, the chief of police or sheriff of the reporting agency shall immediately notify the department of state police in a manner prescribed by the department.

Sec. 6. The provisions of this act do not apply to misdemeanor traffic cases or to persons wanted for misdemeanor traffic offenses, or for the violation of any city, village or township ordinance. The provisions of this act shall not be construed to in any way affect existing or future laws and procedures governing the reporting of persons wanted for traffic law violations or for the violation of city, village or township ordinances.

CLARIFICATION OF OFFENSE CLASSIFICATION

The following information is provided as a guide for cooperating agencies to assist in classifying particular offenses.

- (1) The crime figures presented in this issue are "police statistics" and are distinguished in this manner so that they are not confused with judicial or penal statistics.
- (2) Crimes included represent violations of the Michigan Statutes.
- (3) Each reporting agency counts only those crimes or arrests for crimes committed within its jurisdiction.
- (4) Offenses known to the police include both Part I and Part II offenses.
- (5) Offenses for Part I classes are reported as they become known. The police may become aware of the crime in several ways: reports of police officers, citizens' complaints, notification from the prosecuting attorney, court officials, or in some other manner.
- (6) Offenses are included without regard to (a) age of offender, (b) value of property involved, (c) recovery of stolen property, (d) arrests, (e) action by prosecution.
- (7) Complaints that are found by the police to be unfounded are not included in the crime tables even though often as much time is consumed on verification of the offense as there is in a solution. Returns that are incomplete or duplicated are excluded.
- (8) Arrests are not included in "Offenses Known Information" but arrest data are collected separately for the entire crime classification, Parts I and II.

In publishing the data sent in by cooperating agencies, the Uniform Crime Reporting Unit cannot vouch for their accuracy. The information is compiled as current information in the hope that it may throw some light on problems of crime and crime prevention.

A BRIEF DESCRIPTION OF CRIME CLASSIFICATION

PART I OFFENSES

- (1) Criminal Homicide—(a) Murder and non-negligent homicide includes all willful felonious homicides as distinguished from deaths caused by negligence; (b) Manslaughter by negligence includes deaths which police investigation establishes as primarily caused by gross negligence.
- (2) Rape—Includes forcible rape, assault to rape, and attempted rape.
- (3) Robbery—Includes the stealing or taking away of anything of value from a person by force or violence; or through fear, such as strong-arm holdups, stick-ups, and robbery armed. Includes assault to rob and attempts to rob.

- (4) Aggravated Assault—Includes assault with intent to kill, assault by shooting, cutting, stabbing, maiming, poisoning, scalding, or by the use of acids.
- (5) Burglary—Breaking and Entering—Includes burglary, housebreaking, safecracking, or any unlawful entry to commit a felony or a theft, even though no force was used to gain entrance. Includes attempted burglary.
- (6) Larceny—Theft (Except auto theft)—(a) \$50.00 and over, (b) \$5.00 to \$50.00, (c) Under \$5.00. Does not include con games, embezzlement, fraud, etc.
- (7) Auto Theft—Includes all cases where a motor vehicle is stolen or driven away and abandoned, including so-called joyriding thefts.

PART II OFFENSES

- (8) Other Assaults—Includes all assaults and attempted assaults which are not of an aggravated nature and which do not belong in class No. 4.
- (9) Arson—Includes willful fire setting.
- (10) Forgery and Counterfeiting—Includes offenses dealing with making, altering, uttering or possessing forged documents.
- (11) Fraud—Deals with the making, altering, presenting, advertising, converting and obtaining money under false pretenses.
- (12) Embezzlement—Includes all offenses of embezzlement and conversion.
- (13) Stolen Property—Includes buying, receiving, possessing, and attempts.
- (14) Vandalism—Includes malicious destruction.
- (15) Weapons, carry, possessing — Includes all violations of firearm registrations.
- (16) Prostitution and Commercialized Vice—Includes sex offenses of a commercialized nature, and attempts.
- (17) Sex Offenses (Except 2 and 16)—Includes all offenses against chastity, common decency, morals and the like. Includes attempts.
- (18) Narcotic Drug Laws—Includes all offenses of possessing and unlawful use, sale, or distribution.
- (19) Gambling—Includes offenses of promoting, permitting or engaging in gambling.
- (20) Offenses Against Family and Children—Includes nonsupport, desertion, neglect, and abuse.
- (21) Driving Under the Influence—Includes driving under influence of alcoholic beverages and drugs.

- (22) **Liquor Laws**—Includes all violations of the liquor laws except driving under the influence, and drunkenness.
- (23) **Drunkenness**—Relate to Drunk and Disorderly and common drunkenness.
- (24) **Disorderly Conduct**—Includes all offenses committing a breach of the peace.
- (25) **Vagrancy**—Includes all offenses of vagabonds, beggars, loiterers, etc.
- (26) **All Other Offenses**—Includes all violations of state and local laws not otherwise catalogued.

CLARIFICATION OF CLEARANCES

For Uniform Crime Reporting purposes, a crime is cleared when police have identified the offender, have evidence to charge him and actually take him into custody. Crime solutions are also recorded in exceptional instances when some element beyond police control precludes formal charges against the offender, such as the victim's refusal to prosecute or local prosecution is declined because the subject is being prosecuted elsewhere for a crime committed in another jurisdiction. The arrest of one person can clear several crimes or several persons may be arrested in the process of clearing one crime.

The Crime Rate is based on the number of Part I Crimes per 100,000 population. This does not include the crimes of Negligent Manslaughter, Non-aggravated Assault or Larceny under \$50.00.

SUMMARY

- The Crime Rate for Part I Crimes was 3,744 for the year 1972. This is compared to 4,093 in 1971 and 4,011 in 1970.
 - Murders numbered 964 in 1972, compared to 938 in 1971 and 831 in 1970.
 - Rape increased from 2,405 in 1971 to 2,644 in 1972.
 - Robbery offenses declined again in 1972; 26,182 compared to 29,698 in 1971.
 - Assaults with a gun increased again in 1972; 5,804 in 1972 compared to 5,483 in 1971.
 - Burglary (forcible entry) declined in 1972; 119,780 in 1972 compared to 126,575 in 1971.
 - Larceny (over \$50.00) offenses declined in 1972; 108,793 in 1972 compared to 111,707 in 1971.
 - Auto theft offenses decreased in 1972; 42,841 in 1972 compared to 44,720 in 1971.
- Reported Part I Offenses were down 5 Percent in 1972, compared to the same Offenses in 1971.

CRIMINAL HOMICIDE — MURDER

Criminal Homicide—(A) Murder and non-negligent homicide includes all willful felonious homicides as distinguished from deaths caused by negligence; (B) Manslaughter by negligence includes deaths which police investigation establishes as primarily caused by gross negligence.

Attempts to kill and assaults to kill are scored as assaults and not murder. Suicides, accidental deaths and justifiable or excusable homicides are also excluded.

SUMMARY

- A total of 964 murders were reported by law enforcement agencies in Michigan in 1972.
- A total of 616 murders were cleared by arrest. This amounts to a clearance rate of 64 percent.
- 41, or 4 percent, were cleared by arrest of persons under the age of 15.
- The Crime Rate for Murder was 12 per 100,000.
- Of a total of 714 adults and juveniles arrested, 40 of these were under the age of 17 years. This includes 12 females.
- 171 Offenses (15 percent) of a total of 1,135 reported were unfounded, or classified as justifiable or excusable.
- Of the 964 actual offenses of Murder, detailed information for 944 of these was forwarded on the monthly Supplementary Homicide Report. Information for 20 victims was not submitted by the contributing agencies. Following are the details of these Homicides as submitted by the agencies:

- Of a total of 862 arrests for this offense, 818 persons were actually charged and taken into Court.
- The Crime Rate for Rape was 30 per 100,000.

1972
PERCENT DISTRIBUTION BY TYPE

ROBBERY

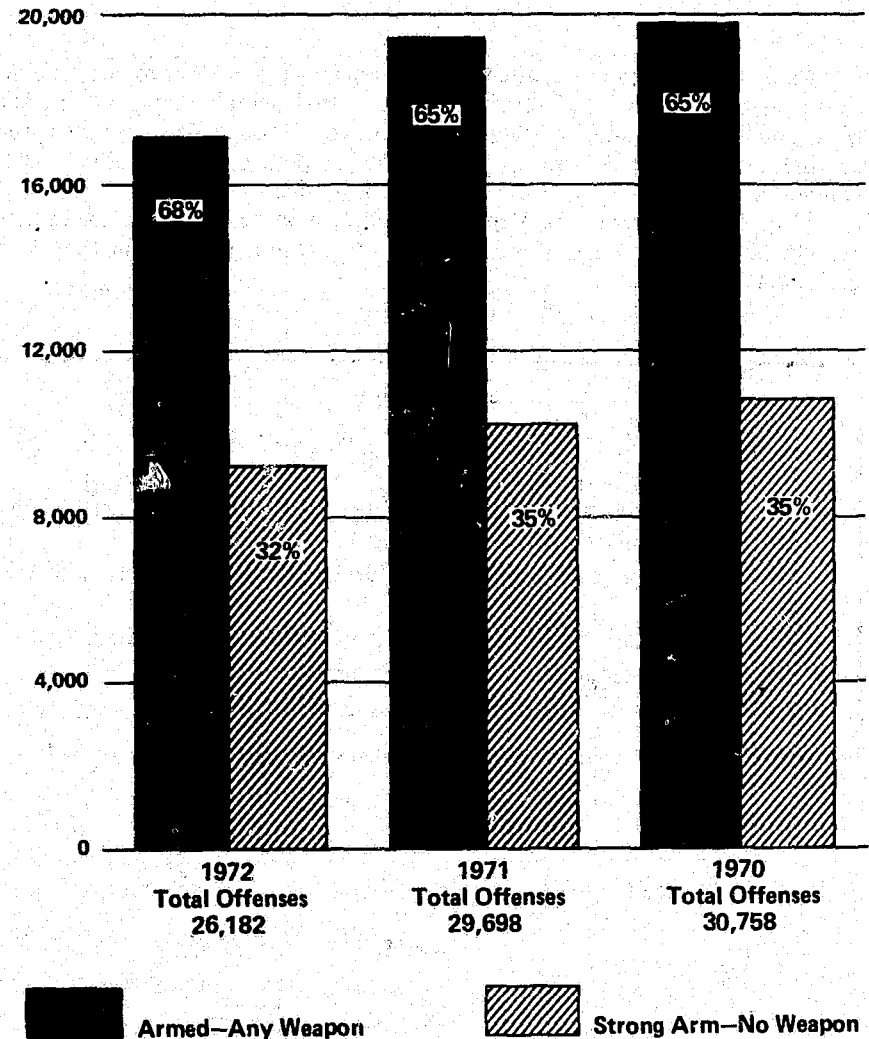

Includes Robbery Armed and Robbery Strong-arm

Robbery is the felonious and forcible taking of the property of another, against his will, by violence or putting the person in fear. For a crime of robbery to take place, the victim must be present. Robbery is further separated into two categories: (1) Armed Robbery—any weapon. Any object which is so employed as to constitute force or threat of force is considered a weapon; and (2) Strong-arm—no weapon. Includes muggings, and similar offenses where no weapon is used and strong-arm tactics are employed to deprive the victim of his property. This is limited to hands, feet, arms, fists, etc. Robbery differs from larceny in that it is aggravated by the element of force or the threat of force.

SUMMARY

- A total of 26,182 robberies were reported by law enforcement agencies in Michigan in 1972, compared to 29,698 in 1971.
- Of the above total, 17,970 were armed robberies and 8,212 were strong-arm.
- A total of 4,744 of these offenses were cleared by arrest.
- Of a total of 4,778 arrests for this offense, 1,200 involved juveniles under the age of 17. 104 of these were females.
- The Crime Rate for Robbery (total) was 285. Robbery Armed was 195 and Robbery Strong-arm was 88.

AGGRAVATED ASSAULT

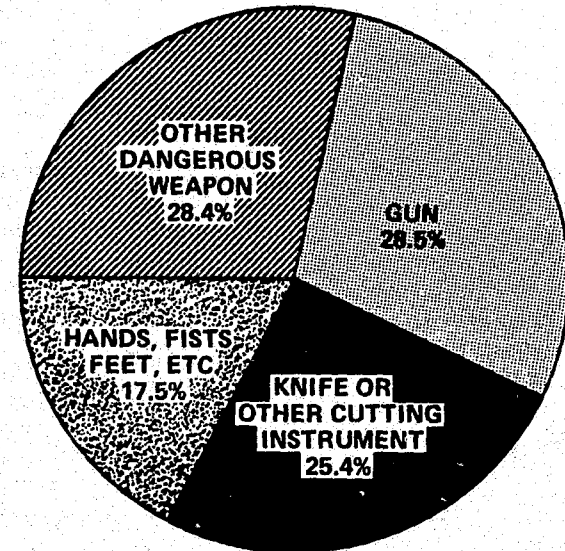

Assault is defined as an attempt or offer with unlawful force or violence, to do physical injury to another. An aggravated assault may be committed by a gun, knife or other cutting instrument, other dangerous weapons such as clubs, or through the use of hands, fists or feet. Assault with intent to commit a murder is also reported as aggravated assault.

All assaults, where no weapon is used, which result in minor injuries, are classified as non-aggravated assaults and are not counted in the Crime Index totals.

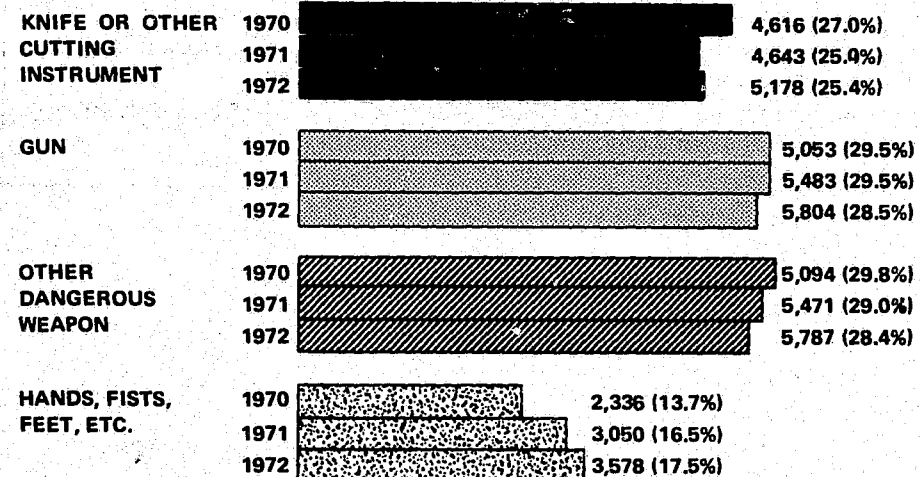

SUMMARY

- A total of 20,347 Aggravated Assaults were reported by law enforcement agencies in 1972.
- A total of 6,103 arrests for this offense were made, of which 1,365 involved juveniles under the age of 17 years.
- Of the total offenses reported, 10,496 or 52 percent, were cleared by arrest.
- The Crime Rate for Aggravated Assault was 222 per 100,000.
- Of the total assaults, 5,804 were committed with a gun.
- Knife or other cutting instrument was used in 5,178 of these offenses.

LARCENY (Over \$50.00)

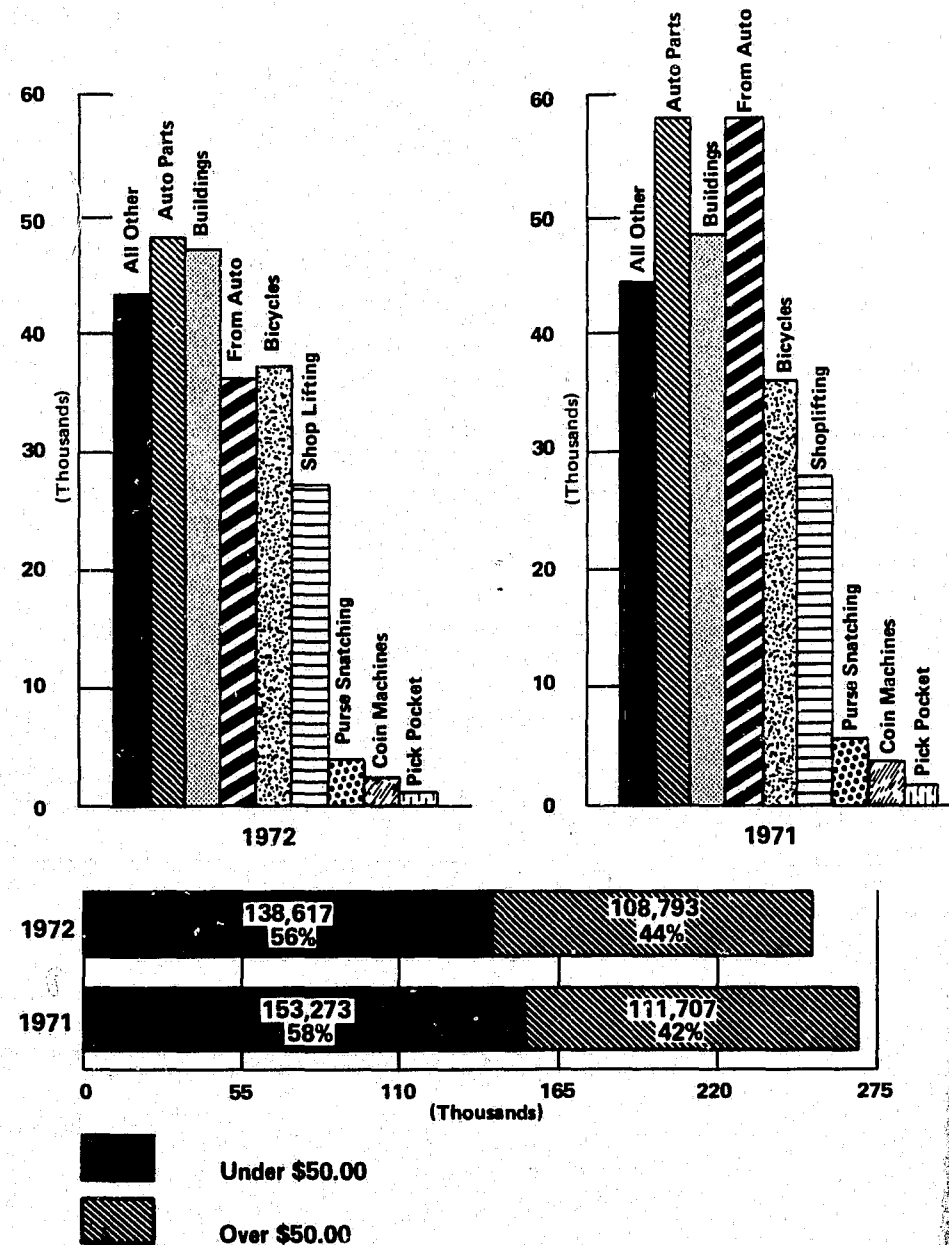

A TWO YEAR COMPARATIVE ANALYSIS

Larceny (Theft) is the taking of the personal property of another with intent to permanently deprive him of ownership.

For purposes of the Crime Index, only larcenies involving \$50.00 or more are counted. Attempted larcenies are classed as under \$50.00 and are not included in the index.

SUMMARY

- A total of 108,793 offenses were reported by all law enforcement agencies in Michigan in 1972, compared to 111,707 in 1971.
- A total of 10,246 were cleared by arrest, or 9 percent.
- Of a total of 42,195 arrests (all thefts), 19,049 involved juveniles under the age of 17 years.
- The Crime Rate for Larceny over \$50.00 was 1,184; for all thefts it was 2,688 per 100,000.

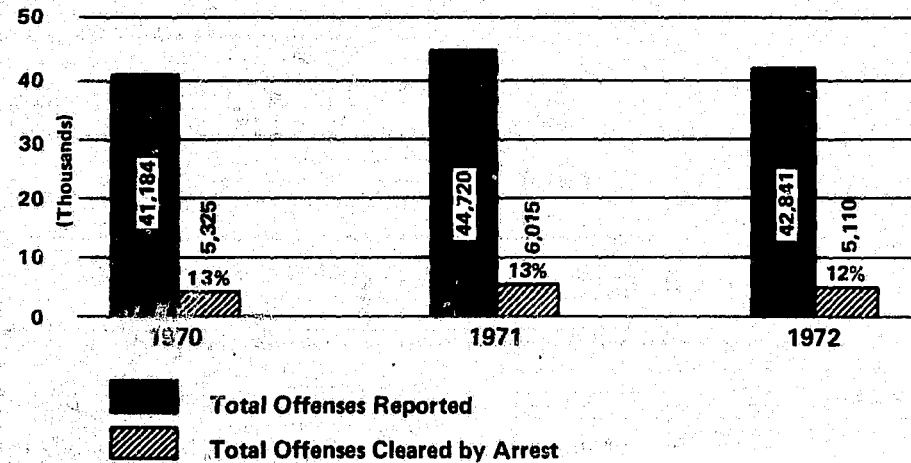

AUTO THEFT

Auto theft is the larceny or attempted larceny of a motor vehicle. This includes all vehicles that can be registered as such. "Joyriding" is included in this category.

A COMPARISON OF URBAN AND RURAL POLICE STATISTICS

One of the by-products of our affluent society is the mobility of our population. The automobile and the interstate super highway have made political lines of demarcation meaningless in regard to the containment of persons involved in criminal activity within those boundaries. Burglary rings may operate out of one city and range across three and four counties in their operations. Young people travel across the state for a weekend and become involved in incidents 300 miles from their homes. There are mass migrations from the cities to the recreational areas during the summer months. Hunting, fishing and skiing enthusiasts spend large portions of their leisure time away from their regular places of residence. Annually the agricultural areas of our state require the importation of great numbers of migrant laborers to harvest the crops. Obviously these movements will affect the crime experience of the various political subdivisions within the state. Generally it has been accepted that approximately 65% of our population normally resides in the urban

areas while the remaining 35% live in what is termed the rural community. The "Michigan Law Enforcement Officials Report on Crime" uses the term "Urban" to define those police jurisdictions that are over 2,500 population; the term "Rural" denotes those agencies with less than 2,500 population.

This mobility sometimes results in duplication of police data because both rural and urban police agencies become involved with the same criminal act, or acts, and with the same persons violating the law. Although it might be thought that urban and rural crime are distinct categories, in reality there are many areas which have no such clear-cut delineation. The following tables, however, provide some comparisons between urban and rural crime data.

Below is a comparison of Part I offenses plus simple larceny for the years 1968 through 1972 as reported in Urban and Rural areas.

REGIONAL STATISTICS

Because of the volume of space taken by individual Jurisdictional statistics, it has become necessary to eliminate individual Regional statistics.

The accompanying map illustrates the thirteen Regions in Michigan (see Outline) with the various Counties numbered within each. 1972 Totals (statistics) for each Region may be obtained by adding the 1972 TOTAL COUNTY figures for each County therein.

Names and addresses of the Regional Directors may be obtained by contacting: Michigan Office of Criminal Justice Programs, Second Floor, Lewis Cass Building, Lansing, Michigan 48913.

DELINQUENT CRIME REPORTS WILL PROHIBIT FUNDING

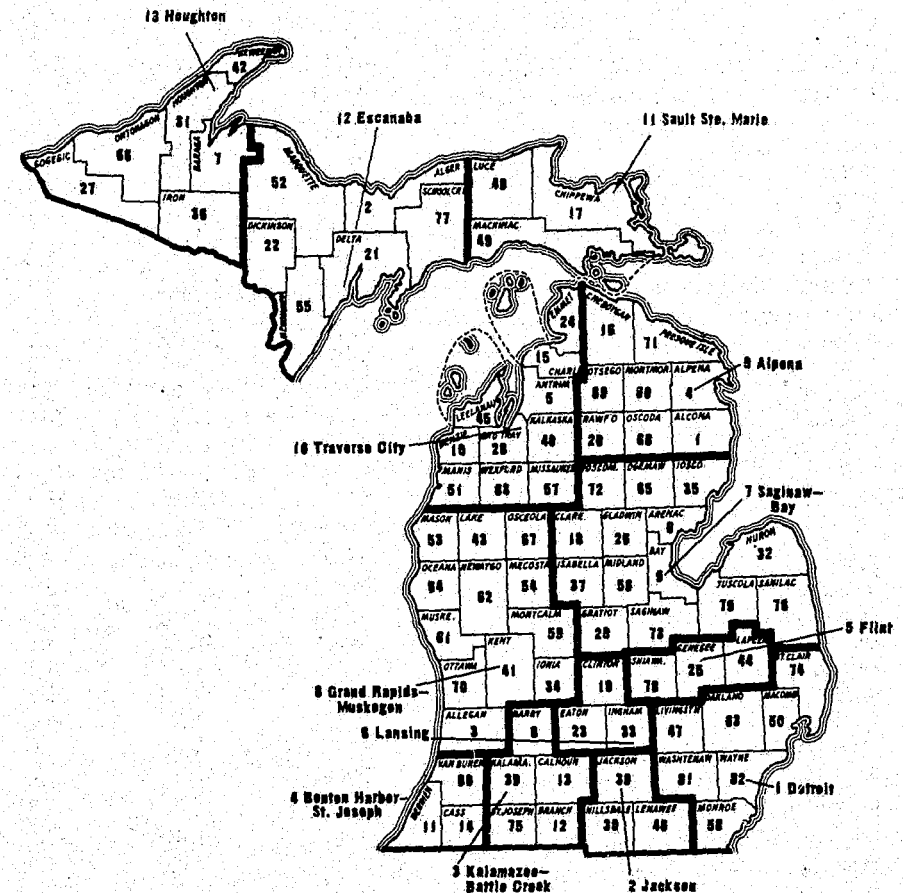

Police and sheriff agencies found in violation of Public Act 319 of 1968 which requires monthly reports on crime statistics, will not be eligible to receive crime control funds through the Office of Criminal Justice Programs.

Because proper administration of the Omnibus Crime Control and Safe Streets Act is dependent upon accurate information regarding crime from nearly 650 law enforcement agencies in Michigan, this new policy has been endorsed to add more strength to the reliability of the Uniform Crime Report compiled by the Michigan State Police.

As of JANUARY 1, 1972, projects of general local units of government and law enforcement agencies are not accepted for funding unless the required crime reports are listed as current with the Michigan State Police.

1972 INDIVIDUAL JURISDICTIONAL TOTALS

Individual Jurisdictional Reports are reproduced on the following pages in an effort to provide information that will be beneficial to all Agencies concerned. The statistics are a total of that information submitted to the Uniform Crime Reporting Unit in time for the 1972 Annual Report.

An asterisk (*) beside the contributing Agency's name indicates that a total of 12 MONTHLY REPORTS were not received from that Agency in time to be included in the Annual Report, or, if no figures were available, the Agency did not comply with Act 319, Public Acts 1948.

COMPARISONS . . .

It should be noted that comparisons can be made between individual Agency totals ONLY IF A VARIETY OF FACTORS ARE EQUAL. Some of these factors are:

Density and size of the community population and the metropolitan area of which it is a part.

Composition of the population with reference particularly to age, sex and race.

Economic status and mores of the population.

Relative stability of population, including commuters, seasonal, and other transient types.

Climate, including seasonal weather conditions.

Educational, recreational, and religious characteristics.

Effective strength of the police force.

Standards governing appointments to the police force.

Policies of the prosecuting officials and the courts.

Attitude of the public toward law enforcement problems.

The administrative and investigative efficiency of the local law enforcement agency, including the degree of adherence to crime reporting standards.

DEPARTMENT OF STATE POLICE FIGURES . . .

These figures are included in each COUNTY TOTAL. To obtain these figures, add each of the individual Agency totals within the County and subtract that figure from the 1972 County Total.

ABNORMAL COMPILATIONS . . .

Abnormal compilations, that is, abnormal decreases and increases in both the arrest and offense categories, are due to several factors. The failure of any one or several agencies in a given area to submit statistics will drastically effect the totals and percentages desired for compilation to be used in any analysis and study. It should be noted that a number of abnormal compilations are no doubt due to improved reporting by the various agencies concerned. Each year increased numbers of agencies tend to cause more categories of totals to be available in an increasingly accurate manner. In some areas the increase in crime reported is due partly to an increase in the number of agencies reporting. Other areas will indicate a decrease in the Part I offenses due partly to improved crime reporting or the decrease in the number of agencies reporting.

TOTAL ARRESTS . . .

This figure includes "Age Unknown" in some instances.

NOTE . . .

The figures presented here represent ONLY THOSE CRIMES REPORTED to the Uniform Crime Report Unit. It is felt that this Unit has received excellent cooperation from the majority of contributing agencies but a number of agencies, for a variety of reasons, were unable to contribute all 12 monthly reports during the year 1972.

CRITIQUE

For the first time in years, Michigan contributors to the Uniform Crime Report have reported a reduction in Part I Offenses. This coincides with the National Statistics released by the Federal Bureau of Investigation which indicate a 3% decrease in serious crimes in 1972 compared to 1971. Part I Offenses in Michigan are down 5% compared to 1971 statistics.

The decline in serious crime may be attributed to many factors, not the least of which is public concern. Enlarged police forces, improved equipment, improved treatment and concern for offenders play a large part in this picture; improved living conditions for the less fortunate and citizen-police cooperation also play a major role. To substantiate the decrease in statistics, it should be pointed out that 488 Agencies contributed statistics in 1972 compared to 445 in 1971. Again, this is a commendable improvement over the previous year.

Part II Offenses increased in 1972 compared to 1971 statistics. This increase resulted in an overall small reduction in total offenses for the year. Special attention should be given to those statistics dealing with juveniles, especially in the area of Narcotics and Alcohol related offenses.

Success of any endeavor depends upon cooperation and maximum participation. The Michigan Uniform Crime Report, as required by Act 319, Public Acts of 1968, provides the facilities for collecting, comparing and computing the necessary data. The data being compiled has reached a point where it should be able to provide a meaningful service. Although new contributors continue to come forth, there are a number of agencies who are not consistent in filing their reports and others who fail to comply with the reporting requirements due to complacency, lack of knowledge, or complete disregard. Overall participation is a must in order to determine budget, legislative and manpower needs to combat crime from the local, state and federal levels for the protection, safety and welfare of the general public.
