PREFACE

The Illinois State Police, through the Illinois Uniform Crime Reporting Program, serves as the central repository of crime statistics for the state of Illinois. Since 1972, with the cooperation of over one thousand law enforcement agencies, the Illinois State Police has continually strived to improve the quality and scope of the program. This progress is evidenced by the introduction of the Revised Illinois Uniform Crime Reporting Program (R-IUCR) in 1992. When fully implemented in January 1993, R-IUCR will offer additional and enhanced statistical data to serve the management and planning needs of the criminal justice community.

The impact of fiscal restraints has reduced the length of this publication and copies have been reproduced in-house by Illinois State Police personnel. Although we have curtailed the size of the publication, I feel the content and quality have not been diminished and will enable you to utilize this publication effectively in the management of your operations.

With appreciation and thanks to all who have contributed to its publication, I present Crime in Illinois 1991 to the people of Illinois.

Terrance W. Gainer
Director
Illinois State Police

INTRODUCTION

THE ILLINOIS UNIFORM CRIME REPORTING PROGRAM

The Illinois Uniform Crime Reporting (I-UCR) Program was developed in 1971 and implemented on January 1, 1972. The I-UCR Program has evolved into a system intended to meet the needs of all reporting agencies. It is an incident-based reporting system designed to accomplish the following major goals:

- To provide needed administrative statistics for law enforcement agencies.
- To provide the legislature with information necessary to formulate effective laws which address the crime problem.
- To provide Illinois citizens with the most complete information on the nature and extent of crime.
- To include comprehensive data for researchers and planners.
- To adhere to the national program's standards.

Reporting crime statistics is mandated by chapter 38, paragraph 206-8 of the Illinois Revised Statutes:

206-8. Crime Statistics. The Department (of State Police) shall be a central repository and custodian of crime statistics for the state and it shall have all power incident thereto to carry out the purposes of this Act, including the power to demand and receive cooperation in the submission of crime statistics from all units of government.

Reporting agencies receive monthly and quarterly summaries of the reported criminal activity within their jurisdictions upon request. All offenses known to law enforcement agencies are reported monthly to the Crime Studies Section of the Bureau of Identification. Participating jurisdictions include villages, municipalities, counties, colleges, universities, park districts, railroads and hospitals throughout Illinois. Agencies may also submit service code and local ordinance data in order to provide law enforcement administrators with information for use in planning and research; determining and utilizing manpower; budgeting; and developing and evaluating crime prevention programs.

In 1991 there were 1,016 law enforcement agencies in Illinois, of which 774 reported crime statistics directly to the Bureau of Identification. The remaining agencies reported their crime statistics through an intermediary agency (sheriff's office, police department, etc.). Agencies submit their data through the use of paper forms, computer printouts, magnetic tape, floppy disk, or via remote on-line terminals.

CHICAGO POLICE DEPARTMENT AND DOWNSTATE ILLINOIS TOTALS

The practices employed by the Chicago Police Department to report Illinois Uniform Crime data are not consistent with those used by all other reporting agencies. In order to avoid creating a misleading impression concerning statewide crime and arrest trends, statistics from the Chicago Police Department are presented separately in this publication.

The reader is advised to read carefully the footnotes in the various sections of this publication that pertain to specific Chicago Police Department reporting practices.

Sections pertaining to Crime Index Offense data indicate separate totals for the Chicago Police Department and separate totals for Downstate Illinois which consist of sheriffs' offices, police departments (other than the Chicago Police Department), colleges, universities and Secretary of State's Office. Sections pertaining to Crime Index Arrest data indicate separate totals for the Chicago Police Department and separate totals for Downstate Illinois which consist of sheriffs' offices, police departments (other than the Chicago Police Department), colleges, universities and the Secretary of State's Office. State totals have been calculated only when the inclusion of the Chicago Police Department data would not create a misleading impression concerning the statewide total.

CONSIDERATIONS FOR INTERPRETATION

When comparing the crime statistics of one agency with another, many factors should be taken into consideration before conclusions are made. Some of the conditions affecting the type and volume of crime are:

- Population density and degree of urbanization with size of locality and its surrounding area.
- Variations in composition of the population, particularly youth concentration.
- Stability of population with respect to residents' mobility, commuting patterns and transient factors.
- Modes of transportation and highway system.
- Economic conditions, including median income, poverty level and job availability.
- Cultural factors and educational, recreational and religious characteristics.
- Family conditions with respect to divorce and family cohesiveness.
- Climate.
- Effective strength of law enforcement agencies.
- Administrative and investigative emphases of law enforcement.
- Policies of other components of the criminal justice system (i.e., prosecutorial, judicial, correctional and probational).
- Citizens' attitudes toward crime.
- Crime reporting practices of citizenry.¹

THE CRIME INDEX

The Crime Index is the total number of index offenses occurring within a given jurisdiction during a specified period of time. It is used to indicate the amount and extent of serious crimes as defined by the International Association of Chiefs of Police Committee on Uniform Crime Reports. The Crime Index consists of violent crimes - murder and nonnegligent manslaughter, forcible rape, robbery, and aggravated assault; and of property crimes - burglary, theft, motor vehicle theft and arson.

The index crimes used by the I-UCR Program translate into the national program's eight Crime Index offenses as:

Violent Crimes

Murder and nonnegligent manslaughter - The willful killing of a person or the death of a person caused by gross negligence of an individual other than the victim.

Forcible rape - The carnal knowledge of a female, forcibly and against her will - includes attempted rape. Illinois reports criminal sexual assault offenses rather than rape offenses under this category.

Robbery - The taking or attempting to take anything of value for the care, custody, or control of a person or persons by force or threat of force or violence - includes attempted robbery.

Aggravated assault - The intentional causing of serious bodily harm or the intentional attempt or threat of serious bodily injury or death - includes aggravated battery, attempted murder and ritual mutilation.

Property Crimes

Burglary - The unlawful entry of a structure to commit a felony or theft - includes attempted burglary.

Theft - The unlawful taking or stealing of property or articles without the use of force, violence, or fraud - includes burglary from motor vehicle and attempts.

Motor vehicle theft - The unlawful taking or stealing of a motor vehicle - includes attempted motor vehicle theft.

Arson - The willful or malicious burning or attempts to burn, with or without intent to defraud, a dwelling house, public building or any building, motor vehicle, aircraft, or personal property of another.

THE CRIME RATE

The crime rate indicates the volume of crime occurring within a given population. It is defined as the total number of index crimes per 100,000 inhabitants and is calculated as follows:

$$\frac{\text{Crime Index} \times 100,000}{\text{jurisdictional population}} = \text{crime rate}$$

The jurisdictional population can be that of a city, town, village, state, or nation.

Crime Index Offense Classifications

	ILLINOIS CLASSIFICATIONS	FBI-UCR CLASSIFICATIONS
VIOLENT CRIMES	First Degree Murder (Chapter 38-9-1) Second Degree Murder (Chapter 38-9-2)	Murder & Nonnegligent Manslaughter
	Criminal Sexual Assault (Chapter 38-12-13) Aggravated Criminal Sexual Assault (Chapter 38-12-14)	Forcible Rape
	Robbery (Chapter 38-18-1) Armed Robbery (Chapter 38-18-2)	Robbery
	Attempted Murder (Chapter 38-8-4) Aggravated Assault (Chapter 38-12-2) Aggravated Battery (Chapter 38-12-4) Ritual Mutilation (Chapter 38-12-32)	Aggravated Assault
PROPERTY CRIMES	Burglary (Chapter 38-19-1)	Burglary
	Theft (Chapter 38-16-1) Burglary From Auto (Chapter 38-19-1)	Larceny / Theft
	Vehicle Theft (Chapter 38-16-1)	Vehicle Theft
	Arson (Chapter 38-20-1) Aggravated Arson (Chapter 38-20-1.1)	Arson

SECTION I

CRIME TRENDS

Violent Crimes Property Crimes

Please note the following while reviewing this section:

The Downstate Offense Total is the sum of data reported by sheriffs' offices, police departments (other than the Chicago Police Department), colleges, universities and the Secretary of State's Office. The Downstate Arrest Total is the sum of data reported by sheriffs' offices, police departments (other than the Chicago Police Department), colleges, universities and the Secretary of State's Office.

The Chicago Police Department Total is the data reported only by the Chicago Police Department.

The State Offense Total is the sum of the Chicago Police Department and Downstate Illinois. State Offense Totals have been calculated only when the inclusion of the Chicago Police Department data would not create a misleading impression concerning the statewide total.

Each category of offense and arrest information reflects data for offenses that occurred between January 1, 1991, and December 31, 1991. Because of agency adjustments and late submissions, 1990 figures reflected in this publication are not comparable with those figures published in Crime in Illinois 1990.

The 1989 Aggravated Assault, Aggravated Battery, Attempted Murder and Ritual Mutilation totals are a total for only Aggravated Assault, Aggravated Battery and Attempted Murder. The statute amendment for Ritual Mutilation became effective January 1, 1990.

In order to be responsive to population changes, the 1989 crime rate was calculated using the 1988 estimated population statistics. The 1990 and 1991 crime rates for this section were calculated using the 1990 actual decennial census. The population census statistics indicated in this section are the most recent complete population census statistics available for each year. The crime rates in this section are not comparable to previous publications of Crime in Illinois. Section IV, Crime Index/Crime Rate Data, contains a more detailed explanation.

Downstate Total consists of sheriffs' offices, police departments (other than Chicago Police Department), colleges, universities and Secretary of State's Office.

SECTION II

Offense and Clearance Data

Since Illinois Uniform Crime Reporting practices employed by the Chicago Police Department are not consistent with those used by all other reporting agencies, this section does not contain any State totals. Two separate Offense and Clearance Trend reports are presented. The first report is for Downstate Illinois and contains data reported by sheriffs' offices, police departments (other than the Chicago Police Department), colleges, universities and the Secretary of State's Office. The second report is for the Chicago Police Department. Each report includes the following:

Offenses Known to the Police — the number of offenses scored.

Offenses Actually Occurred — offenses police pursued through investigation to solution; the total offenses known to police minus unfounded offenses and offenses referred to responsible jurisdiction — used to compile the Crime Index.

Total Offenses Cleared — Cleared by Arrest-Adult, Cleared by Arrest-Juvenile, Failed to File Complaint or Prosecute-Adult, Failed to File Complaint or Prosecute-Juvenile, Other Exceptional Clearances-Adult, and Other Exceptional Clearances-Juvenile — administratively closed cases are not considered clearances.

SECTION III

Adult and Juvenile Arrest Data

Since Illinois Uniform Crime Reporting practices employed by the Chicago Police Department are not consistent with those employed by all other reporting agencies, this section contains the following tables:

- (1) Downstate Illinois Adult and Juvenile Arrest Trend table includes the following which were reported by sheriffs' offices, police departments (other than the Chicago Police Department), colleges, universities and the Secretary of State's Office.

Total Adults Arrested - compiled from police dispositions of Arrested and Held for Prosecution (including Released on Bond); Summoned, Cited, or Notified; Released without Charge; and Referred to Other Agency.

Total Juveniles Arrested - compiled from police dispositions of Handled within Department and Released; Summoned, Cited, or Notified; Referred to Welfare Agency; Referred to Juvenile Court; Referred to Criminal or Adult Court; and Referred to Other Agency.

Total Adult and Juvenile Arrests.

- (2) The Chicago Police Department's Arrest Report totals shown on the following tables were compiled from the figures submitted by the Chicago Police Department. Please note that the offense categories in the following tables do not reflect I-UCR offense categories.

- (a) Chicago Police Department Adult Arrests for 1990 and 1991.

- (b) Chicago Police Department Juvenile Arrests for 1990 and 1991.

- (c) Chicago Police Department Total Arrests for 1990 and 1991.

SECTION IV

Crime Index/Crime Rate Data

Caution should be exercised when reviewing and using these data. The many social factors related to crime and a community's residential population, used to calculate the crime rate, must be considered when making statistical comparisons. A community may have a small residential population but a large moving population because of a substantial number of manufacturers, motels, etc., within its jurisdiction. The large moving population attracts criminal behavior that occurs within the small jurisdiction and must be reported by the law enforcement agency. The crime rate calculation does not compensate for a moving population. The statistics can make it appear that crimes are committed by community residents when this is not necessarily true.

This section utilizes the most recent complete census population statistics available from the U.S. Bureau of Census. The 1990 and 1991 crime rates for this section were calculated using the actual 1990 census population statistics which were obtained from the U. S. Bureau of Census, 1990 Census of Population and Housing.

During the Illinois Uniform Crime Reporting years 1990 and 1991, there were 61 cities with I-UCR participating police departments which were located in more than one county (see appendix for list of cities and counties). In order to calculate the county crime rate, crime index total and each of the eight crime index offense totals, each of the 61 cities' crime rate, crime index total and each of the eight crime index offense totals has been proportioned based on the percentage of population residing in each county. The following is an example for calculating the crime index total:

Naperville with a total population of 85,351 has 72,931 or 85.4 percent of its population in DuPage County and 12,420 or 14.6 percent of its population in Will County. The total crime index for Naperville in 1990 was 2,397.

The crime index has been computed as follows for DuPage and Will Counties:

	County		Population	Total Crime Index
Naperville	DuPage	72,931	$85,351 - .854 \times 2,397 =$	2,047
	Will	<u>12,420</u>	$85,351 - .146 \times 2,397 =$	<u>350</u>
Naperville	Total	85,351		2,397

The crime index that was calculated for DuPage County, based upon the percentage of Naperville's population residing in DuPage County, has been added to the total crime index for DuPage County. The crime index that was calculated for Will County, based upon the percentage of Naperville's population residing in Will County, has been added to the total crime index for Will County.

It should be noted that each county total reflects crime data reported by police departments, sheriffs' offices, colleges and universities that are located within each county. Since the Secretary of State's Office has districts that have multi-county jurisdiction, the Secretary of State's Office totals are not reflected in the county total but are reflected in the state total.

There are separate Crime Index/Crime Rate comparison reports for the following:

Police Departments
Sheriffs' Offices
Colleges and Universities
Secretary of State
Counties
Illinois State Police
Hospitals
Railroads
Park Districts
Airports
Other Agencies

The Crime Index/Crime Rate Comparison State Total is an aggregate total of the sheriffs' offices, police departments, colleges, universities and the Secretary of State's Office.

Positive values in this section are not preceded by a "+" as in other sections within this publication.

Because of agency adjustments and late submissions, the 1990 figures reflected in this section are not comparable with those figures published in Crime in Illinois 1990.

SECTION V

Hate Crime In Illinois 1991

Status of Illinois Hate (Bias) Crime Reporting

Hate Crime or Bias Motivated Crime is defined as a criminal offense committed against a person or property which is motivated, in whole or in part, by the offender's bias against a race, color, religion, ethnic/national origin group, or sexual orientation group. A victim of any crime may feel isolated from others, fearful that the occurrence will happen again, and angry that he/she became a victim. However, there is a deeper level of isolation, fear and anger that the victim of hate crime feels. This individual has been chosen from the rest of the population to be victimized for no other reason than his/her race, religion, ethnicity/national origin, or sexual orientation. There is nothing this person can do; indeed, there is nothing he/she ought to do to change his/her race, religion, ethnicity, or sexual orientation. And yet, it is because of these very innate qualities of the person that he/she was victimized.

During 1991, in response to a growing concern about hate crimes, the Illinois State Police began collecting hate crime data using the FBI's Hate Crime Incident Report form and Quarterly Report form. In a coordinated effort, the Illinois State Police and the Local Governmental Police Training Board conducted numerous hate crime reporting training sessions for the law enforcement agencies. Law enforcement officers must be particularly skillful in responding to suspected hate crime incidents in such a way that the trauma of the victim and the community is not exacerbated by a lack of sensitivity in the law enforcement response. Like rape victims, victims of hate crimes suffer possible serious and long-lasting traumatic stress which could be increased by an inappropriate law enforcement response. Not only is the individual who is personally touched by these offenses victimized, but the entire class of individuals residing in the community is affected.

For calendar year 1991, 1,016 Illinois law enforcement agencies voluntarily reported hate crime data to the Illinois State Police. Therefore, the 156 incidents reported are not a true representation of the incidents occurring in Illinois. During 1992, mandatory reporting of hate crime data to the Illinois State Police will allow the crime statistics to reflect a true representation of the incidents occurring in Illinois.

Domestic Violence

For Illinois Uniform Crime Reporting Program purposes the definition of a Domestic Violent Crime is derived from the Illinois Revised Statute Chapter 38, paragraph 206-5.1 which states that a domestic crime is any crime attempted or committed between husband and wife or between members of the same family or household. Illinois law enforcement agencies have the capability of reporting to the Illinois Uniform Crime Reporting Program each month those incidents with domestic violent crime offenses. The statistics indicated in this section are for the calendar years of 1990 and 1991.

Domestic Violence In Illinois

SECTION VII

METROPOLITAN STATISTICAL AREAS

Metropolitan Statistical Areas

By 1980 standards, an area qualifies for recognition as an MSA in one of two ways: (1) if it includes a city of at least 50,000 population, or (2) if it includes an urbanized area of at least 50,000 population with a total metropolitan population of at least 100,000. In addition to the county containing the main city or urbanized area, an MSA may include additional counties having strong economic and social ties to the central county.* Two of the MSAs overlap with Iowa and Missouri. Areas outside of Illinois that are included in an MSA are not represented in the statistics presented here. In some cases, the percentages may not equal 100 due to rounding.

MSA Summary

The MSA summary includes MSA Large Municipalities, MSA Small Municipalities and Rural Areas Inside MSAs. The inhabitants of the large and small municipalities and rural areas that comprise the state's MSAs account for 82.9 percent of the state population. The total MSA index crimes account for 92.3 percent of the Illinois Crime Index.

* Source: U.S. Bureau of the Census

Crime Index/Crime Rate Comparison - 1991/1990 Total MSAs

	Population	Crime Rate per 100,000	Total Crime Index	Murder	Criminal Sexual Assault	Robbery	Aggrvt. Assault & BATTERY	Burglary	Theft	Motor Vehicle Theft	Arson
1990	9,479,512	6,645.1	629,927	1,155	5,936	44,584	57,272	108,970	335,271	72,164	4,575

MSA Large Municipalities Summary

These municipalities are cities or "twin municipalities" within an MSA that have more than 50,000 people and exhibit characteristics of a major metropolitan center.

The inhabitants of the large municipalities represent 40.3 percent of the state's population and 48.6 percent of the MSAs' population. The large municipalities account for 63.6 percent of the Illinois index crimes and 68.9 percent of the total MSA index crimes.

Crime Index/Crime Rate Comparison - 1991/1990

Large Municipalities MSA

	Population	Crime Rate per 100,000	Total Crime Index	Murder	Criminal Sexual Assault	Robbery	Aggrvt. Assault & Battery	Burglary	Theft	Motor Vehicle Theft	Arson

% Change	0.0	4.3	4.3	11.0	-0.9	17.6	2.8	7.4	2.6	-0.4	-14.1

MSA Small Municipalities Summary

Small municipalities are suburban areas within an MSA with a population of 50,000 or less.

The inhabitants of small municipalities represent 31.6 percent of the state's population and 38.1 percent of the MSAs' population. Small municipalities account for 24.4 percent of the Illinois index crimes and 26.5 percent of the total MSA index crimes.

Crime Index/Crime Rate Comparison - 1991/1990

Small Municipalities in MSAs

	Population	Crime Rate per 100,000	Total Crime Index	Murder	Criminal Sexual Assault	Robbery	Aggrvt. Assault & Battery	Burglary	Theft	Motor Vehicle Theft	Arson

Rural Areas Inside MSAs (Sheriffs' Offices)

The rural areas in this section are comprised of the unincorporated population of the counties that are in MSAs. For I-UCR purposes, these rural areas are comprised of the sheriff's jurisdiction within an MSA.

The inhabitants of the rural areas within an MSA represent 11.1 percent of the state's population and 13.3 percent of the MSAs' population. They account for 4.2 percent of the Illinois index crimes and 4.6 percent of the total MSA index crimes.

Crime Index/Crime Rate Comparison - 1991/1990
Rural Areas Inside MSA

	Population	Crime Rate per 100,000	Total Crime Index	Murder	Criminal Sexual Assault	Robbery	Aggrvt. Assault & Battery	Burglary	Theft	Motor Vehicle Theft	Arson

Rural Areas Outside MSAs (Sheriffs' Offices)

The rural areas in this section are comprised of the unincorporated population of the counties outside the MSAs. For I-UCR purposes, these rural areas are comprised of the sheriff's jurisdiction outside the MSA.

The inhabitants of the rural areas outside MSAs represent 8.5 percent of the state's population. They account for 2.0 percent of the Illinois index crimes.

Crime Index/Crime Rate Comparison - 1991/1990
Rural Areas Outside MSAs

	Population	Crime Rate per 100,000	Total Crime Index	Murder	Criminal Sexual Assault	Robbery	Aggrvt. Assault & Battery	Burglary	Theft	Motor Vehicle Theft	Arson

Other Cities Summary

Other cities are urban places outside the MSAs. For I-UCR purposes, these are cities and towns outside the MSAs and surrounded by rural areas that are not under the jurisdiction of the county sheriffs' offices.

The inhabitants of other cities account for 8.5 percent of the state's population. Other cities account for 5.7 percent of the Illinois index crimes.

Crime Index/Crime Rate Comparison - 1991/1990

SECTION VIII

Law Enforcement Officers Killed

During 1991, two Illinois law enforcement officers were killed by felonious acts. A brief narrative on the circumstances surrounding each death is presented below:

January — Chicago Police Department

On January 7, 1991, a police officer with over four years' experience in law enforcement was shot while questioning a suspect in a squad car.

August — Chicago Housing Authority Police Department

On August 15, 1991, an officer with less than two years' experience in law enforcement was shot while he was on foot patrol.
