DP Section, Data Input

Crime in Arkansas, 1992, is a report on crime, based on summary information submitted by law enforcement agencies as a part of the Arkansas Uniform Crime Reporting (UCR) program.

While this document is a comprehensive report on crime, it must be understood that it includes only the number of arrests and incidents known and reported by law enforcement agencies. It does not include any data relating to prosecution, adjudication or correction. Likewise, it does not attempt to draw any conclusions about the cause of crime.

UCR data pertains to the number of criminal events in specific geographic areas, rather than the effectiveness or activities of agencies. It should not be used to evaluate or directly compare one agency to another.

In 1992, index crime in Arkansas decreased 6.8% compared to 1991. This is the first yearly decrease since 1984. At the same time, the number of arrests went up 3.3% from 1991.

If the statistics in this report tell us anything, it is that we must continue to enhance our efforts. To effectively fight crime, the entire criminal justice community needs more funding and assistance. A high priority must be placed on dealing with crime, beginning with an overall awareness of the problem. This report is presented as an aid in the process.

Acknowledgement

We thank all the law enforcement agencies in the state who participated in the Arkansas Uniform Crime Reporting program during 1992. Without their support and cooperation this publication and the resulting overview of crime would not be possible.

Dedication

This report is dedicated to all law enforcement officers endeavoring to uphold the laws and serve the people of Arkansas. In particular, this report is dedicated to the memory of the following officers who gave their lives while performing their duties in 1992.

Deputy R.D. Purifoy
Nevada County Sheriff's Department

Patrolman Jerry D. Stallings
Barling Police Department

Section 1

The Uniform Crime Reporting Program In Arkansas

Background

The development of a nationwide Uniform Crime Reporting (UCR) program began more than 50 years ago. In 1930, Congress authorized the FBI to collect crime statistics from local police departments. All information came from reports that law enforcement agencies routinely compile for their own efficient administration. The underlying philosophy was and is oriented toward law enforcement statistics for use by law enforcement agencies.

In an effort to obtain a complete picture of crime on a national level, the data is collected on certain offenses that become known to police. An overview can then be obtained through examination of seven offenses which were selected because of their seriousness, frequency of occurrence, and likelihood of being reported to police. These offenses, which now comprise the Crime Index, are murder and non-negligent manslaughter, forcible rape, robbery, aggravated assault, burglary, theft, and motor vehicle theft. By congressional mandate, arson was added as the eighth index offense in late 1978.

To provide nationwide uniformity in the reporting of data, a set of standard definitions for specific criminal acts was devised. This standardization was necessary to overcome the variation in definitions from state to state. Reporting agencies are required to submit their data in accordance with the UCR definition of offenses. Because of the variance in punishment for the same offenses in different states, there is no possibility to distinguish between felony or misdemeanor crimes in a program such as this.

In recent years, the FBI has actively assisted individual states in the development of state-operated UCR programs compatible with the national system. These state programs have increased the participation of law enforcement agencies due to mandatory reporting requirements. State programs also provide direct and frequent contact with local agencies, assuring more completeness and quality of information provided by them. With the development of a state UCR program, data is more readily available for use by the state, and the FBI ceases collection of data directly from individual law enforcement agencies within the state. Instead, compiled information from all reporting agencies is forwarded to the national program by the state program.

On January 1, 1974 the Arkansas Crime Information Center initially began the collection of monthly UCR data in our state. The following year, Act 742 of 1975 was approved, which included a section making the reporting of UCR data to ACIC mandatory for law enforcement agencies.

Purposes of the Arkansas UCR Program

Information from the UCR Program will assist in determining the overall scope of reported crime in Arkansas. It should be an important aid in making effective management studies and decisions.

While many purposes and objectives can be stated, the primary goals are:

1. To collect, verify, and analyze summary information on crime reported by law enforcement agencies in Arkansas.
2. To provide data back to law enforcement administrators for use in operational planning and assessments.
3. To give an overview of crime, its magnitude and trends, and to provide this information to the Governor, the Legislature, and to the general public.
4. To develop base data and statistics for use in improving the efficiency, effectiveness, and performance of the Arkansas criminal justice system.
5. To provide the FBI with complete UCR data to be included in the national crime reports.

Reporting Procedures

The Arkansas UCR program uses a summary reporting procedure. Contributing law enforcement agencies are responsible for compiling their own crime figures and submitting them once a month to ACIC. Agencies are furnished training in scoring and classifying offenses, in use of tally books, and in procedures for completing the reporting forms.

A sound record-keeping system is necessary for the effective operation of any law enforcement agency. This record system is a basis for crime reporting by an agency. Upon request, ACIC will make internal records, forms and technical assistance available to any agency.

On a monthly basis, law enforcement agencies report the number of offenses that become known to them during the month. This count is taken from the complaints received by the agency from victims, other sources or as discovered by officers. Whenever complaints of a crime are determined through investigation to be unfounded or false, they are eliminated from the count. The number of "actual offenses known" are reported to ACIC without regard to whether anyone is arrested for the crime, stolen property recovered, or any other restrictive consideration. Law enforcement agencies report monthly the total number of these crimes which they clear by either arrest or exceptional means. To supplement the offense information, data such as the value of property stolen and recovered, circumstances surrounding homicides, additional information concerning assaults on police officers and other pertinent information is collected.

In addition, monthly reports on the number of persons arrested on all criminal offenses are collected. These reports provide age, sex and race information, with the adult and juvenile arrests separate.

Arkansas Crime Index

The Crime Index is used as a basic measurement of crime. It is the figure which is often publicized by the news media and which is widely used to assess the criminality of a given location. Many of the figures presented in this report indicate the volume, fluctuations and distribution of crime in Arkansas on the basis of this Crime Index. The eight offenses making up the Crime Index are:

1. Murder
2. Forcible Rape
3. Robbery
4. Aggravated Assault
5. Burglary
6. Theft
7. Motor Vehicle Theft
8. Arson

These crimes were selected for use as an index due to their serious nature, their frequency of occurrence and the reliability of reporting from citizens to law enforcement agencies. The Crime Index is the total number of index crimes that come to the attention of law enforcement.

In reviewing crime index figures, the reader should keep in mind that there is currently no way of determining the total number of actual crimes committed. The Crime Index has been established to measure only the instances of crime which come to the attention of law enforcement agencies.

Violent crime refers to events such as murder, rape, and assault that may result in injury to a person. Robbery is also considered a violent crime because it involves the use or threat of force against a person.

Property crimes are unlawful acts with the intent of gaining property, but do not involve the use of threat of force against an individual. Theft, burglary, motor vehicle theft, and arson are examples of property crimes.

The *Crime Rate* is one of the most quoted crime statistics and is based on the number of Index Crime per 100,000 population.

In UCR, an offense is considered to be *cleared* (solved) when at least one offender is arrested. The arrest of one person can clear several crimes, or several persons may be arrested in the process of clearing one crime. Offenses may also be cleared by exceptional means when the offender commits suicide; makes a dying declaration; confesses while in custody or serving time for another crime; is prosecuted in another jurisdiction for the same offense; when the victim refuses to prosecute or another jurisdiction refuses to extradite. When examining clearance data, keep in mind that not all crimes are cleared within the calendar year in which the offense occurs. Also note that the recovery of property stolen with regard to a specific offense does not, by itself, constitute a clearance for UCR purposes.

Data Comparisons and Limitations of UCR

While UCR is the best source of crime statistics available at the present time, it has been subject to much criticism during its history. Some of these criticisms may be valid. However, the criticism is softened when it is remembered that the program was developed to furnish information for use primarily by law enforcement agencies.

The obvious tendency with a publication of this kind is to make comparisons of data between jurisdictions, whether they be between agencies, or counties, or regions. Caution should be exercised for the many reasons which will become apparent as the reader continues through this publication. Comparisons may not be appropriate because of the great variety of factors which affect the extent and fluctuation of crime and which are not taken into consideration in either raw data or crime rates. All crimes are considered "equal" in computing crime rates. One theft affects a crime rate the same as one murder.

The Uniform Crime Reporting program is designated to measure offenses reported and persons arrested. Difficulty will arise if this distinction is not kept uppermost in mind. Crime relates to events, but arrest relates to persons, and this is not a one-to-one correspondence. While UCR is the best information available, no claim is made that they represent "all crime".

Summary

The information collected for this report portrays the most accurate and realistic assessment available on the crime situation in Arkansas. However, individuals using these tabulations are again cautioned against drawing conclusions by making direct comparisons between agencies. Numerous factors affect the amount and type of crime from place to place. More valid use can be made of these figures by determining deviations from state averages or through comparisons with averages for similar population groups.

It is important to remember that crime is a social problem and, therefore, a concern of the entire community. The efforts of law enforcement are limited to factors within its control.

Section 2

Crime Summary

Facts At A Glance

- There were 114,569 serious crimes reported, with a 30% clearance rate (page 75).
- The crime rate for the State of Arkansas was established at 4,880 serious crimes for every 100,000 inhabitants (pages 10 and 75).
- 173,562 arrests were made in the state. Ten percent of these involved persons under 18 (pages 88 and 89).
- The value of property stolen amounted to \$94,428,971. Recovered property was estimated to be \$42,266,149 with a recovery rate of 45% (page 78). This is the first annual decrease in value of stolen property since 1978. The value that year was an estimated \$29 million.
- The theft of jewelry and precious metals account for a property loss amounting to almost \$8 million, a decrease of 13% compared to 1991, but still 19% higher than in 1988. Theft of TVs/radios and cameras amounted to \$8.5 million, a decrease of 16% from 1991 and the lowest figure since 1988 (page 78).
- Firearms were used in 75% of all murder/non-negligent manslaughter reported (page 24), and 45% of all robberies (page 34).
- 988 reported rapes occurred during 1992, a decrease of 6% compared to 1991, (page 28) and the first annual decrease since 1985.
- 9,547 aggravated assaults were reported. Of these 3,020 (32%) were committed by the use of hands, fists, or feet and 2,793 (29%) using firearms (pages 38 and 40).
- Residential burglaries accounted for 72% of all burglaries reported. The estimated value of property stolen in all burglaries is over \$23 million (page 45).
- 7,888 motor vehicle thefts were reported, amounting to an approximate value loss of over \$43 million. The number of these thefts decreased slightly (-2%) but the value loss of the vehicles increased by \$1 million from 1991 (pages 52 and 78).
- For the year of 1992, there were two law enforcement officers killed by felonious means while on duty (page 62).
- There were 386 assaults on officers reported, and approximately one-third of these resulted in personal injury to the officer (page 65). This is a slight decrease from the 400 assaulted in 1991.

Metropolitan Crime

The five largest law enforcement jurisdictions in Arkansas, representing 18% of the state's population, accounted for 41% of the Index Crime for 1992. These agencies decreased 9% in total index crime compared to 1991. The law enforcement agencies representing populations of more than 50,000 each are:

Agency	Population
Fort Smith Police Department	72,798
Little Rock Police Department	175,795
North Little Rock Police Department	61,741
Pine Bluff Police Department	57,140
Pulaski County Sheriff's Office	57,416

Contributing Agencies and Population Coverage

For the year of 1992, 183 law enforcement agencies throughout the state contribute Uniform Crime Reports monthly and directly to the Arkansas Crime Information Center. Each month all of the 75 county Sheriff's Departments and 103 Police Departments participate. In addition, Public Safety Departments at four universities and the state university medical center submitted data to the program. Uniform Crime Reports received from these agencies represent statistical data covering approximately 99% of the estimated Arkansas population.

January 1, 1992 - December 31, 1992

Section 3

1992 Crime Index Data

Murder

Murder is defined in Uniform Crime Reporting as the willful killing of another. The classification, as in all of the other Crime Index offenses, is based solely on police investigation as opposed to the determination of a court, medical examiner, coroner, jury, or other judicial body.

Deaths caused by negligence, suicide, accident, or justifiable homicide are not included in the count for this offense classification. Attempts to kill or assaults to kill are counted as aggravated assaults and not as murder.

Murder in 1992

There were 258 murders in Arkansas in 1992, a slight decrease of 2% from 1991, but still the increase from five years ago is 43%. There were 11 murders for every 100,000 population, with a clearance rate of 83%.

There were also two justifiable homicides in the state.

The state's five largest law enforcement jurisdictions (representing more than 50,000 people each) accounted for 35% of the murders.

The victims of murder were more likely to be black (61%) than white, male (71%) than female and the most frequent five year age range was 21 to 25 (16%) The most frequent suspect was also black (62%), male (81%) and the most frequent five year range was age 16 through 20 (28%). Almost half (49%) of the known offenders were age 15 through 25. Only 29 offenders were women. There were 28 murders committed by unknown perpetrators.

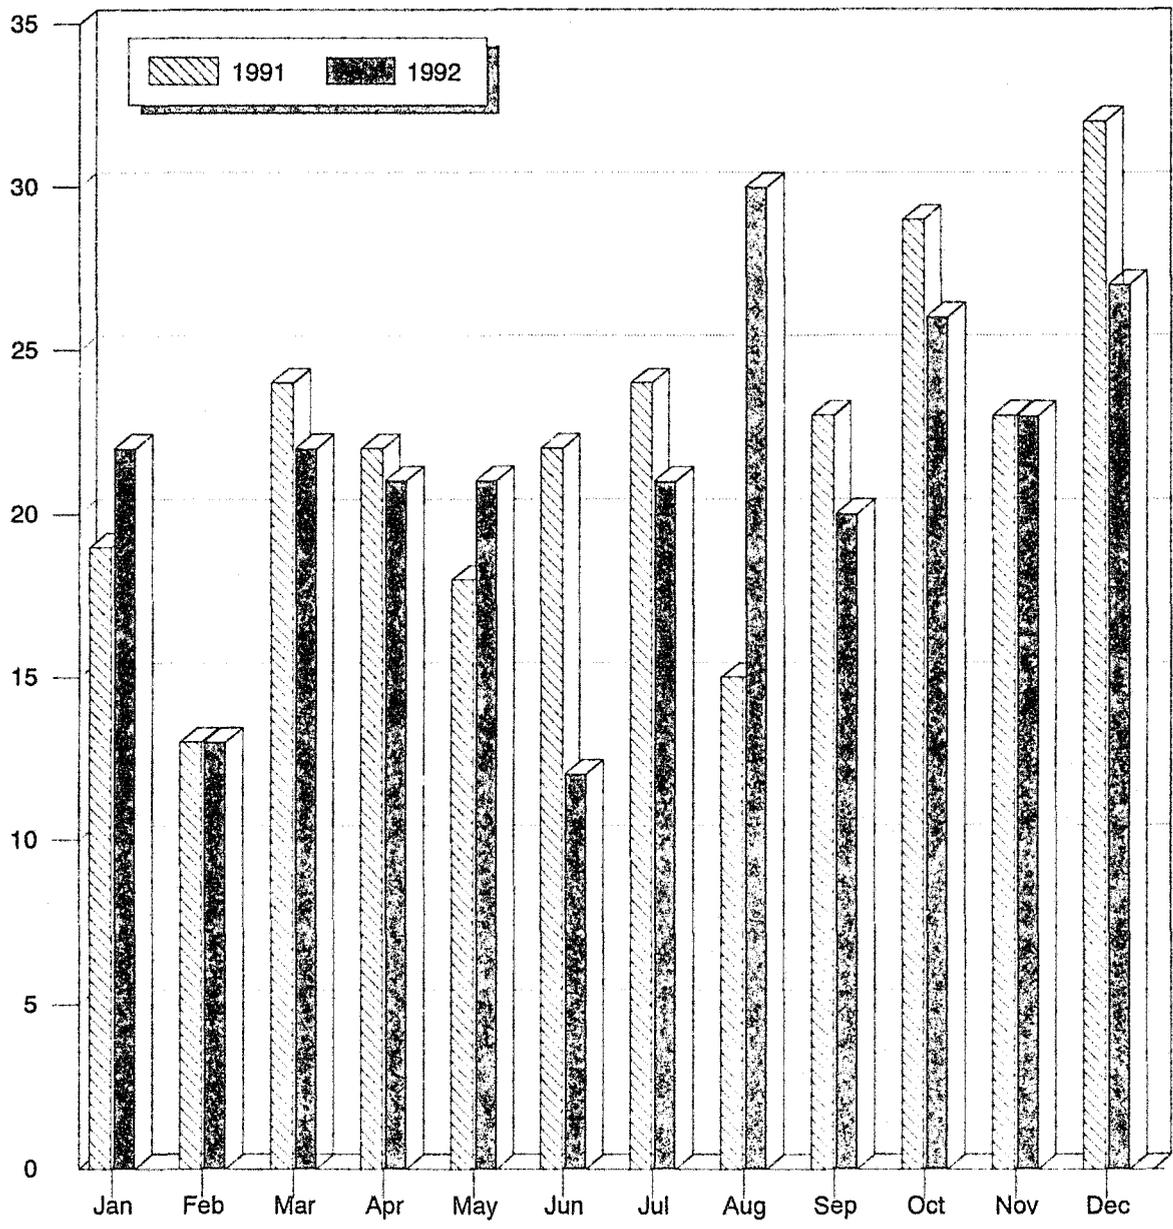

Trend

Year	Number of Offenses	Percent Change (Over Previous Year)	Rate Per 100,000	Percent Cleared
1987	181	- 4.7	7.6	89.0

Murder Circumstances

A felony murder is defined as a killing which occurs in conjunction with the commission of another crime. During 1992, of the 57 felony murders, two occurred in conjunction with rape, 36 with robbery, one with a motor vehicle theft, 18 with drug offenses, one with a gambling offense, and three with other felonious activities.

Murder

The oldest victims were a black male and a white male both 81 years old. The youngest were a black female and a white male less than a year old. There was an increase of 32% in the number of victims from age 18 through age 24 compared to 1991 and a decrease of 29% in victims aged 30 to 40.

Rape

Forcible rape, as defined under this program, is the carnal knowledge of a female through the use of force or the threat of force. Assaults to commit forcible rape are also included; however, statutory rape (without force) is not counted in this category.

Rape in 1992

There were 988 rapes in Arkansas during 1992. This is a decrease in actual and attempted rapes of 6% compared to 1991, but rape is still 28% higher than in 1987. Approximately 20% of the victims were age 13, 14 and 15.

Rape accounted for 1% of the total Crime Index and 7% of the Violent Crime Index. The five largest law enforcement jurisdictions in the state (representing populations of more than 50,000 each) accounted for 47% of all rapes.

The number of rapes has increased 28% in five years and 60% in ten years.

For more information, Rape in Arkansas is printed annually and is available on request from the Arkansas Crime Information Center.

Robbery

Robbery is the taking of property or things of value from a person by use of force or threat of force. Assault to commit robbery and attempts are included. This is a violent crime and frequently results in injury to the victim.

Robbery in 1992

There were 3,003 robberies in Arkansas in 1992. Robberies represented 3% of the total Crime Index and 22% of the Violent Crime Index. The five largest law enforcement jurisdictions (representing populations of more than 50,000 each) accounted for almost two-thirds of all robberies (63%).

Firearms were used in 45% of the robberies and 38% were strong arm robberies with no weapon involved. The average dollar value stolen during a robbery was \$510, almost the same as in 1991 (-1%), but an average decrease of 42% from five years ago. Street robberies accounted for more than one-third of all robberies. The value of property stolen during a street robbery increased in value from an average of \$260 in 1990 and \$370 in 1991 to \$410 in 1992.

Aggravated Assault

Aggravated assault is an unlawful attack by one person upon another for the purpose of inflicting severe bodily injury usually accompanied by the use of a weapon or other means likely to produce death or serious bodily harm. Attempts are included.

Aggravated Assault in 1992

There were 9,547 aggravated assaults in Arkansas during 1992. Aggravated assaults accounted for 8% of the Crime Index and for 69% of the Violent Crimes, with an increase of 38% since 1987. The five largest law enforcement jurisdictions (representing populations of more than 50,000 each) accounted for 56% of all aggravated assaults in the state.

Almost one-fourth of all those arrested for aggravated assault were age 17 through age 21.

There were 16,787 additional non-aggravated assaults reported during 1992, an increase of 15% since 1991.

Burglary

Burglary is the unlawful entry of a structure to commit a felony or theft. The use of force to gain entry is not required to classify the crime as burglary. The subclassifications of burglary are: forcible entry, unlawful entry without force, and attempted forcible entry.

Burglary in 1992

There were 26,136 burglaries in Arkansas in 1992. Burglaries accounted for 23% of the state's Crime Index Offenses and 26% of the Property Crimes. The five largest law enforcement jurisdictions (representing populations of more than 50,000 each) accounted for 38% of the burglaries in the state. Burglary was only higher (+2%) in 1992 than five years ago in 1987. The decrease in burglary in 1992 was the largest since 1984.

In 1992 there were more 15 year olds arrested for burglary than any other age, and over one-third (37%) of those arrested were under age 18.

Theft

Theft is the unlawful taking or stealing of property or articles without the use of force, violence, or fraud.

Theft in 1992

There were 66,042 thefts reported in Arkansas in 1992, with a value of \$27.1 million stolen. Thefts accounted for 58% of the Crime Index, and 66% of the Property Crime. The five largest law enforcement jurisdictions (representing populations of more than 50,000 each) accounted for 38% of all thefts.

The number of thefts has decreased 7% since 1991, but overall there were 10% more thefts than in 1987. The average property value per theft increased to \$410, an increase of 8% from 1991. The total property value of thefts is approximately the same as in 1991, but is 12% higher than 5 years ago.

The incidence of purse snatching in Arkansas is 22% higher than ten years ago, but shoplifting has almost doubled (+87%). The theft of parts from motor vehicles has decreased 23% in ten years.

Motor Vehicle Theft

Motor vehicle theft is defined as the unlawful taking or stealing of a motor vehicle, including attempts. This excludes the taking for temporary use by those persons having unlawful access to the vehicle.

Motor Vehicle Theft in 1992

There were 7,888 motor vehicles stolen in Arkansas in 1992. The value of stolen motor vehicles was \$43 million. Motor vehicle thefts accounted for 7% of the Crime Index Offenses, and 8% of the Property Crime Offenses. The five largest law enforcement jurisdictions (representing populations of more than 50,000 each) accounted for 54% of all motor vehicle thefts. There has been a decrease (-2%) in motor vehicle theft from the previous year, for the first time since 1984. The increase over the last five years is 61%.

For the fifth year in a row, over half of those arrested for motor vehicle theft were age eighteen or younger.

Law Enforcement Officers Assaulted

Law Enforcement Officers Killed in 1992

Two Arkansans were among 56 law enforcement officers nationwide who died during 1992 in the line of duty. Nationally this is a decrease from 104 killed in 1991.

Jerry D. Stallings, 42, an officer with the Barling Police Department died on August 27th after being struck by a pickup truck while assisting firefighters extinguish a burning vehicle. The driver, who was under the influence of drugs, was charged with manslaughter and sentenced to prison. Officer Stallings joined the Barling Police Department in October, 1991.

R.D. Purifoy, an auxiliary deputy with the Nevada County Sheriff's Department, was killed by a blow to the head while answering a disturbance call on the night of November 12th. Deputy Purifoy, 74, had been a law enforcement officer for more than 30 years. The suspect has been arrested and charged with capital murder.

Law Enforcement Officers Assaulted by Month 1991 - 1992

1991	40	37	31	33	26	24	36	50	41	34	23	39
1992	38	30	35	34	22	21	33	42	30	41	30	30

Time of Assault

Time of Day	Number Assaulted	Percent Distribution
6:01 a.m. - 8 a.m.	9	2.4
8:01 a.m. - 10 a.m.	11	2.8
10:01 a.m. - 12 noon	10	2.6
12:01 p.m. - 2 p.m.	11	2.8
2:01 p.m. - 4 p.m.	22	5.7
4:01 p.m. - 6 p.m.	42	10.9
Day-time Hours	105	27.2
6:01 p.m. - 8 p.m.	62	16.1
8:01 p.m. - 10 p.m.	55	14.2
10:01 p.m. - 12 midnight	72	18.7
12:01 a.m. - 2 a.m.	43	11.1
2:01 a.m. - 4 a.m.	36	9.3
4:01 a.m. - 6 a.m.	13	3.4
Night-time Hours	281	72.8

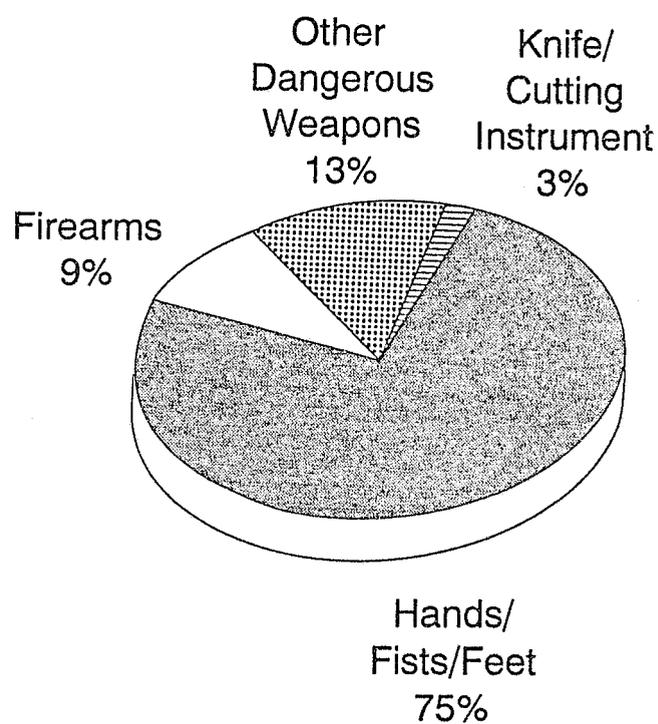

The six hour period from 6 p.m. to 12 midnight, while only one-fourth of the twenty-four hour period, accounts for over half of the assaults. The most dangerous time period for 1989, 1990 and 1991 was from 8 p.m. to 2 a.m. The safest six hour time period continued to be from 6 a.m. to noon, accounting for only 8% of the assaults. The 12 hour period from 4 a.m. to 4 p.m. has only 20% of the assaults.

Injuries to Law Enforcement Officers

Injury Status	Number Assaulted	Percent Distribution
Injuries	140	36.3
No Injuries	246	63.7
Total	386	100

Of the officers assaulted with firearms, 6% sustained an injury; with a knife, 23%; with other dangerous weapons, 41%; hands fists or feet, 40%.

Weapons Used In Assaults Upon Officers

Clearances

Year	Number of Officers Assaulted	Number of Clearances	Percent Cleared
1987	283	274	96.8
1988	315	297	94.3
1989	372	339	91.1
1990	266	260	97.7
1991	414	358	86.5
1992	386	358	92.7

Section 9

Glossary

Glossary of Terms

Actual Offense - A violation of the law which has been confirmed to have happened by law enforcement personnel.

Adult - For Uniform Crime Reporting (UCR) purposes, a person 18 years of age or more (Arkansas Statutes define an adult the same as UCR).

Aggravated Assault - An unlawful attack by one person upon another for the purpose of inflicting severe bodily injury.

All Other Offenses - All violations of state or local laws not specifically covered in the Part II offenses, except traffic.

Arrest Rate - The number of arrests reported for each unit of population (per 100,000 in this publication). The arrest rate is computed by dividing the number of arrests in a particular category by the population and multiplying that answer by 100,000.

Arson - Any willful or malicious burning or attempting to burn, with or without attempt to defraud.

Burglary - The unlawful entry of a structure to commit a felony or theft.

Classifying - Determining the proper crime categories in which to report offenses for UCR based on the facts contained in the police investigation report.

Clearance by Arrest - An offense is considered cleared when at least one person involved in the commission of the offense has been (1) arrested, (2) charged, and (3) turned over for prosecution.

Clearance by Exceptional Means - An offense in which some element beyond law enforcement control prevents placing of formal charges against the offender, but the police have: (1) definitely established the identity of the offender, (2) enough information to support arrest, charge, and turn over to the court for prosecution, and (3) knowledge of the location of the offender so that he could be taken into custody.

Clearance Rate - The percentage of offenses cleared by arrest. This is computed by dividing the number of clearances in a particular offense category by the number of offenses reported in that category.

Crime Factor - Conditions which affect the amount and type of crime that occurs in a geographical location.

Crime Index - The total of eight major offenses chosen because of their seriousness and frequency with which they occur (Murder, Rape, Robbery, Aggravated Assault, Burglary, Theft, Motor Vehicle Theft, and Arson).

Crime Rate - The number of index offenses reported for each unit of population (per 100,000 in this publication). Crime rate is computed by dividing the number of index offenses by the population and multiplying that answer by 100,000.

Crime Trend - A percent change of an offense over a comparable previous period. A negative indicates a decrease and a positive an increase.

Curfew and Loitering - Violation of local curfew or loitering ordinances. (Persons under 18)

Disorderly Conduct - A breach of the peace.

Driving Under the Influence - Driving or operating any vehicle or common carrier while drunk or under the influence of liquor or narcotics.

Drunkness - Drunkenness or intoxication.

Embezzlement - Misappropriation or misapplication of money or property entrusted to one's care, custody or control.

Forgery and Counterfeiting - Making, altering, uttering, or possessing with intent-to-defraud anything false which is made to appear true or the attempt to do any of the above.

Fraud - Fraudulent conversion and obtaining of money or property by false pretenses. Includes bad checks except forgeries and counterfeiting.

Gambling - Promoting, permitting, or engaging in illegal gambling.

Hierarchy Rule - A standard UCR scoring practice in which only the most serious offense is counted in multiple offense situations. This is determined by crime index offense order (The exception to this is arson. It is always counted, even in multiple situations).

Hotel Rule - A standard UCR scoring practice which limits to one the number of burglaries which can be counted when more than one room is entered for the purpose of committing a felony or theft within a structure generally intended to house transients.

Jurisdiction - The area for which a city, county, or state law enforcement agency is responsible. In UCR: (1) police report offenses which occur within their city, (2) county and state report offenses which take place in the county, (3) agencies report only those arrests made for offenses committed within their jurisdiction, and (4) the recovery of property is reported only by the jurisdiction from which it was stolen.

Juvenile - For UCR purposes a juvenile is defined as a person under 18 years of age (Arkansas Statutes define a juvenile the same as UCR).

Justifiable Homicide - The killing of a felon by a peace officer in the line of duty or the killing (during the commission of a felony) of a felon by a private citizen.

Liquor Laws - State or local liquor law violations, except driving under the influence.

Manslaughter by Negligence - The killing of another through gross negligence.

Motor Vehicle Theft - The theft or attempted theft of a motor vehicle.

Murder - The willful (nonnegligent) killing of one human being by another.

Narcotic Drug Laws - Offenses relating to narcotic drugs, such as unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs.

Non-Aggravated Assault - All assaults and attempted assaults which are not of an aggravated nature and do not result in serious injury to the victim.

Offense - A violation of the law.
