Appendix A - Task Force Case Data Reporting Form	35
Appendix B - Task Force Quarterly Evaluation Report	37

Introduction

The Bureau of Justice Assistance, Office of Justice Programs, within the U.S. Department of Justice under the Edward Byrne Memorial State and Local Assistance Program, as authorized by the Anti-Drug Abuse Acts of 1986 and 1988, has provided Idaho with federal discretionary and formula grant funds for drug enforcement and criminal justice system improvement projects. In 1988 Idaho law enforcement agencies started working together through task force efforts to fight drug crime. Currently, Idaho has 18 multijurisdictional task forces covering 30 of the 44 counties. As of 1993 ten (10) task forces are receiving federal grant funds, the remainder are operating with local funding (see page 34).

The multijurisdictional task force concept has enabled law enforcement agencies to draw on multi-regional resources to coordinate drug law enforcement activities which include: investigating, arresting, and prosecuting both street level and upper level drug offenders.

This document presents summary information on task force operations and activities for the calendar years 1988, 1989, 1990, 1991, and 1992. All arrest, conviction and drug seizure case data is as reported through the end of December, 1992 by the task force operations. The average months of reporting for calendar 1992 is 11 months, therefore the 1992 case data represents 92% of the activity for the year.

Methodology

Task force data collection and reporting was initiated in the Fall of 1989. Task force data displayed in this publication was obtained from the following sources: Individual Case Reports, Quarterly Evaluation Reports, Quarterly Reports, Annual Project Reports (see copies of reporting forms in Appendix A and B), survey data and Idaho's Uniform Crime Reports.

Readers are cautioned to be careful in making comparisons among task forces and drawing conclusions concerning the task force productivity from the data presented. There are substantial differences in both the organization and management of task forces, as well as their objectives. Many of the task force projects did not operate for a full twelve months in calendar years 1988 and 1992. Project start dates vary along with geographical area served, population served and the number of assigned task force personnel.

It is the intent of this publication to show the impact of the multijurisdictional task force concept on the drug problem in Idaho as a whole.

TASK FORCE PROFILES

BANNOCK COUNTY "PROJECT CRACKDOWN"

This task force includes the following counties: **Bannock, Bear Lake, Caribou, Franklin, Oneida, and Power**. Also participating are the following: Law enforcement agencies and prosecutors from the city police departments of **American Falls, Chubbuck, Montpelier, Pocatello, Preston and Soda Springs**. The population served by this task force is **98,883**, ranking third in population served by an Idaho task force. The area covered in square miles is **7,308**.

MERIDIAN/GARDEN CITY TASK FORCE

This task force is located within Ada County. This task force includes: Meridian P.D. and Garden City P.D. They anticipate cooperation between themselves and Boise P.D. and Ada County law enforcement agencies, although they are not officially "participants" in this grant. The population of the two cities served is 15,965. The area is all within the cities of Meridian and Garden City, and totals 9 square miles.

*Task Force combined with Boise/Ada (BANDIT) Task Force, per Idaho Criminal Justice Council recommendation, in July of 1992.

PAYETTE COUNTY DRUG TASK FORCE

This task force includes: **Payette County, Washington County, Payette P.D., and Weiser P.D.** Due to the proximity of the Oregon border, Payette County and the Malheur County, Oregon task forces have entered a mutual agreement to assist each other as the need arises. The Payette County prosecutor participates, but is not grant funded. The area in square miles for Malheur County, Oregon is **9,926**. The task force population served is **24,984**. The task force area in square miles is **1,885**.

POCATELLO POLICE TASK FORCE - OPERATION STEP-UP

This task force includes the counties of Bannock, Bear Lake, Caribou, Franklin, Oneida, and Power. Agencies involved include Bannock County S.O., Bear Lake County S.O., Caribou County S.O., Franklin County S.O., Oneida County S.O., Power County S.O., Chubbuck P.D., Pocatello P.D., Soda Springs P.D., and American Falls P.D. A special prosecutor is affiliated with and trained through the drug task force, but is not grant funded. The task force serves a population of 104,000 and covers an area of 7,132 square miles.

TWIN FALLS "MAGIC VALLEY" DRUG TASK FORCE

The counties involved in this task force include: Twin Falls, Camas, Cassia, Gooding, Jerome, Lincoln and Minidoka. Other participants are Buhl P.D., Filer P.D., Gooding P.D., Hansen P.D., Jerome P.D., Kimberly P.D., Rupert P.D., Shoshone P.D., Twin Falls Department of Public Safety, and Wendell P.D. The Twin Falls County prosecutor participates, but is not grant funded. The population served by this task force is the second largest of all the Idaho task forces, 122,552. The total square miles covered by this task force is 7,113.

VALLEY COUNTY " CENTRAL IDAHO " TASK FORCE

This task force includes the following four counties: **Idaho, Adams, Valley, and Boise**. Also participating, but not grant funded, are the **prosecuting attorney offices of these same counties**. This task force is also serving a resort town, and has some biker/gang related drug activity. (The Idaho based "Brother Speed" motorcycle gang, known for trafficking in stimulants, among others.) The total population served is **26,615**. The task force area in square miles is **15,484**.

DATA SUMMARY

Idaho's 18 multijurisdictional task forces cover 77,581 square miles and a population of 993,878 (for calendar year 1992, 13 task forces, 55,160 square miles and 881,823 population.) The following data presentation reflects the task force efforts that have affected the illegal drug abuse problem in Idaho:

OFFENDER PROFILE

Primary offenders over the age of 18 are 83% white - non hispanic, 15% hispanic, 1% black, and 1% native American. Primary offenders 18 and under are 88% white -non hispanic and 12% hispanic. Of all primary offenders, 21% are females over the age of 18 and 8% are minors, (6% males, 2% females). All ages combined are 84% white, non-hispanic, 15% hispanic and 1% black. Over the age of 65 there are 4 males and 1 female (age 72).

DRUG OF CHOICE

Cannabis is listed as the primary drug involved in over 50% of the drug case arrests. Over the last five years, cocaine charges have remained second, although use has declined each year. Amphetamines increased from 4% in 1988 to a high of 11% in 1989 and 1991. The following table represents the primary drug involved in the case arrests and the percentage of the total arrest for the indicated calendar year.

FINANCIAL

TASK FORCE FUNDING RESOURCES

The 1987 and 1988 Federal Anti-Drug Abuse Act authorized the Edward Byrne Memorial State and Local Law Enforcement Assistance Program, through the Bureau of Justice Assistance, Office of Justice Programs, within the U.S. Department of Justice, which has played an active part in the establishment and expansion of drug task forces in Idaho. The federal funds provided a resource, in some cases a sole source, for task force operations. Idaho's legislature, committed to maintaining the high quality of life, has provided additional funding support of \$500,000 per year for 1990 and 1991, portions of which went to the task force operations throughout the State.

Table 14

Federal Year	Local Passthrough	Task Force Grant Awards	Percent funding Task Forces
1987	922,092	919,798	99%
1988	302,037	290,707	96%
1989	487,005	365,321	75%
1990	1,407,231	1,227,474	87%
1991	1,428,150	727,354	51%
1992	1,184,885	534,560	45%
1993	1,130,641	559,145	50%

PASSTHROUGH to TASK FORCES

SUBGRANT FUNDING DECISIONS

The Idaho Criminal Justice Council makes all decisions concerning subgrant project funding. The members of the Idaho Criminal Justice Council, appointed by the Governor, represent various facets of the criminal justice community, private security and the public. The Council is composed of the following representatives: the Attorney General, the Director of the Idaho Department of Law Enforcement, the Director of the Idaho Department of Corrections, two police chiefs, two sheriffs, two prosecuting attorneys, one representative of the juvenile justice system, Executive Director of the Governor's Commission on Alcohol and Drug Abuse, one representative of private security organizations and two citizens-at-large.

The Idaho Criminal Justice Council has developed specific policies and procedures regarding the application process and funding levels for the Anti-drug abuse grant funds. The Council interpreted the federal intent of the grant funds as "seed money", to start or enhance task force operations. In 1991 policies and procedures were implemented to proceed with the "seed money" concept: Task forces funded from local grant monies will be funded for a maximum of five years; funding would be 100% of the Council recommendation for the first year, then 80%, 60%, 40% and 20%. The task forces will be required to maintain their projects at the 100% level; as the federal portion reduces, the local contribution will increase.

LOCAL ASSUMPTION

Since the Anti-Drug Abuse funds have been subgranted to Task Forces in Idaho 19 operations have been started or enhanced. Fourteen task forces have continued operations after the federal funds have expired. Local assumption of the task force has required Police Chiefs and Sheriffs to go to the community for funding support. Idaho task forces have actively pursued civil seizures and forfeitures in drug related cases. Assets seized in investigations include weapons, vehicles, currency, household goods and real estate. Surveys of the task forces commanders showed that forfeiture revenue has increased over the last four years but the majority of the task forces could not count on the revenues to fund their task force operations solely. Law enforcement agencies have successfully gone to their local commissioners and legislators for funding as the federal dollars have decreased.

SURVEY RESULTS

In April of 1993 a telephone survey was conducted of all task force projects **previously funded** by the federal Anti-Drug Abuse Act funds. The primary focus of the telephone survey was to see if past subgrant projects have continued and at what programmic level compared to the original project. Of the 15 previously funded Multi-jurisdictional Drug Task Forces, 87% are continuing to operate; 53% at 100% or more, 33% at 50% -75%, 6% at below 50%, and 6% have discontinued operation.

SUCCESS

The following chart shows the years of federal funding, amount received, Yes or No if agency assumed cost, and level of continuing operation.

<i>Task Force (percent)</i>	<i>Years</i>	<i>Total Funds</i>	<i>Agency</i>	<i>Level</i>
<i>Original</i>	<i>Funded</i>	<i>Received</i>	<i>Assumed</i>	<i>of</i>
			<i>Funding</i>	<i>Funding</i>
