Preliminary Report

California Department of Justice ■ Division of Law Enforcement

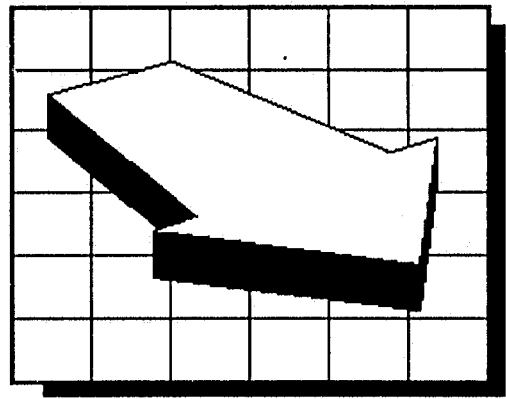

CRIME 1993 In Selected California Jurisdictions JANUARY THROUGH JUNE

This report compares preliminary counts of crimes for the first six months of 1993 with those of the same period in 1992 for jurisdictions with a population of 100,000 or more. It is estimated that the 63 jurisdictions which meet this criterion account for approximately 65 percent of the crimes reported in the state.

The jurisdictions are grouped into three categories:

- **Police Departments**, which provide law enforcement services for incorporated cities;
- **Sheriff's Departments**, which provide law enforcement services to unincorporated areas within the county; and
- **Contract Cities**, which are incorporated cities that contract for law enforcement services (usually with a sheriff's department) rather than maintain their own police force.

Data used in this report are not adjusted by population. Statewide adjusted data (rates) appear in the annual *Crime and Delinquency in California* publications.

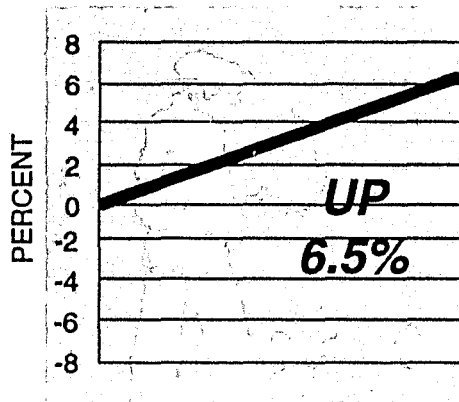

**CCI
DOWN 3.8%**

The **CALIFORNIA CRIME INDEX (CCI)** offenses are homicide, forcible rape, robbery, aggravated assault, burglary, and motor vehicle theft. During the first six months of 1993, the number of reported offenses dropped 3.8 percent when compared with the same period in 1992.

Notes: Dash indicates either that data are unavailable or that the percent change has not been calculated because the base number is less than 50.

Data in this table were submitted to the Law Enforcement Information Center by the cutoff date of July 27, 1993.

The California Highway Patrol reports motor vehicle theft for some county sheriff's departments. Therefore, sheriff's department figures for this category may not reflect all reported crimes.

¹The FBI Crime Index total includes the California Crime Index offenses plus larceny-theft and arson.

²First half 1993 data are not available for San Francisco Police Department. Therefore, to maintain the comparability of 1993 data with 1992 data, San Francisco Police Department counts are shown but not included in the total police or the total jurisdiction counts.

³To make 1993 data comparable with 1992 data, the contract city of Yucca Valley for January through June 1993 was included in the San Bernardino Sheriff's Department count.
