FOREWORD

The increasing complexity of the Public Safety Dispatcher's job and the advance of communication technology require that instructional content and teaching methodologies in the Public Safety Dispatchers' Basic Course be routinely updated. Effective initial training is crucial if a Public Safety Dispatcher is to acquire the requisite knowledge, skills, abilities, and tasks to provide quality service to the public.

The objective of this document is to identify the instructional goals, required training topics, learning activities, tests, and instructional hour standards that comprise the required content of the Public Safety Dispatchers' Basic Course.

We sincerely appreciate the efforts and support of the subject-matter experts, core instructors, and program coordinators who worked with POST in the development and refinement of these training specifications. We also wish to extend our gratitude to the law enforcement agencies and community colleges who allowed the participation of their communications personnel and instructors in this endeavor.

Questions regarding this document should be directed to the Basic Training Bureau at (916) 227-4252.

INTRODUCTION

General Requirements: Definitions of terms used to describe testing and training requirements and the requirements for testing and training for the Public Safety Dispatchers' Basic Course are described in Commission Procedure D-1-7 as follows:

1-7. Public Safety Dispatchers' Basic Course: The terms used to describe testing and training requirements are defined in paragraph 1-7(a). Testing and training requirements are described in paragraph 1-7(b). Testing, training, content, and hourly requirements are provided in detail in *Training Specifications for the Public Safety Dispatchers' Basic Course*. Requirements for reporting successful course completion are contained in Commission Regulation 1055(i).

(a) Definitions of Terms Used to Describe Testing and Training Requirements

- (1) **Learning Domain.** An instructional unit that covers related subject matter. Each Public Safety Dispatcher Course learning domain is described in *Training Specifications for the Public Safety Dispatchers' Basic Course*. Training specifications for each learning domain include instructional goals, topics, and hourly requirements. Training specifications for a domain also may include learning activities and testing requirements.
- (2) **Instructional Goal.** A general statement of the results that instruction is supposed to produce.
- (3) **Topic.** A word or phrase that succinctly describes subject matter associated with an instructional goal.
- (4) **Test.** An evaluation of the extent to which students have achieved one or more instructional goals. Tests are graded on a pass/fail basis. Three types of tests may be used in the Public Safety Dispatchers' Basic Course:
 - (A) **POST-Constructed Knowledge Test.** A POST-constructed, paper-and-pencil test that measures acquisition of knowledge required to achieve one or more instructional goals.
 - (B) **Scenario Test.** A job-simulation test that measures acquisition of complex psychomotor skills required to achieve one or more instructional goals.
 - (C) **Exercise Test.** Any test other than a POST-constructed knowledge test or scenario test that measures the acquisition of knowledge and/or skills required to achieve one or more instructional goals.
- (5) **Learning Activity.** An activity designed to achieve or facilitate one or more instructional goals. Students participating in a learning activity may be coached and/or provided feedback, but unlike tests, learning activities are not graded on a pass-fail basis.
- (6) **Test-Item Security Agreement.** An agreement between a training presenter and POST that identifies the terms and conditions under which the training presenter may be provided access to POST-constructed knowledge tests. Failure to accept or abide by the terms and conditions of this agreement is grounds for decertification in accordance with POST Regulation 1057.

(b) **Testing and Training Requirements**

- (1) **Topics.** As specified in *Training Specifications for the Public Safety Dispatchers' Basic Course*, training presenters shall provide appropriate instruction on each required topic.
- (2) **POST-Constructed Knowledge Tests.** As specified in *Training Specifications for the Public Safety Dispatchers' Basic Course*, POST-constructed knowledge tests may be required in some learning domains. Where a POST-constructed knowledge test is required, students must earn a score equal to or greater than the minimum passing score established by POST. Students who fail a POST-constructed knowledge test on the first attempt shall: (a) be provided with an opportunity to review their test results in a manner that does not compromise test security; (b) have a reasonable time, established by the training presenter, to prepare for a retest; and (c) be provided with an opportunity to be retested with a POST-constructed, parallel form of the same test. If a student fails the second test, the student fails the course unless the training presenter determines that there were extenuating circumstances, in which case, the student may be tested a third time. If a student fails the third test, the student fails the course.
- (3) **Scenario Tests.** As specified in *Training Specifications for the Public Safety Dispatchers' Basic Course*, scenario tests may be required in some learning domains. Where a scenario test is required, students must demonstrate their proficiency in performing the tasks required by the test. Proficiency means that the student performed at a level that demonstrates that he or she is prepared for entry into a field training program. This determination shall be made by the training presenter. Students who fail to clearly demonstrate proficiency when first tested shall be provided with an opportunity to be retested. If a student fails to demonstrate proficiency on the second test, the student fails the course unless the training presenter determines that there were extenuating circumstances or the student performed marginally (as determined by the training presenter), in which case, the student may be tested a third time. Marginal test performance is performance that does not clearly demonstrate either proficiency or lack of proficiency. If a student fails to clearly demonstrate proficiency on the third test, the student fails the course.
- (4) **Exercise Tests.** As specified in *Training Specifications for the Public Safety Dispatchers' Basic Course*, exercise tests may be required in some learning domains. Where an exercise test is required, students must demonstrate their proficiency in performing the tasks required by the test. Proficiency means that the student performed at a level that demonstrates that he or she is prepared for entry into a field training program. This determination shall be made by the training presenter. Students who fail to clearly demonstrate proficiency when first tested shall be provided with an opportunity to be retested. If a student fails to demonstrate proficiency on the second test, the student fails the course unless the training presenter determines that there were extenuating circumstances or the student performed marginally (as determined by the training presenter), in which case,

the student may be tested a third time. Marginal test performance is performance that does not clearly demonstrate either proficiency or lack of proficiency. If a student fails to clearly demonstrate proficiency on the third test, the student fails the course.

- (5) **Learning Activities.** As specified in *Training Specifications for the Public Safety Dispatchers' Basic Course*, learning activities may be required in some learning domains. Where a learning activity is required, each student must participate in that activity. A student who does not participate in a learning activity when given the opportunity fails the course unless the training presenter determines that there were extenuating circumstances. Students who do not participate in a learning activity due to extenuating circumstances shall be given a second opportunity to participate in the same or a comparable learning activity. If a student fails to participate in a learning activity after being given a second opportunity, the student fails the course.
- (6) **Training Presenter Requirements.** POST has established minimum, statewide training standards for the Public Safety Dispatchers' Course. However, local conditions may justify additional training requirements or higher performance standards than those established by POST. This may include but is not limited to the use of higher minimum passing scores on POST-constructed knowledge tests.

SPECIFICATIONS FOR LEARNING DOMAIN #10 CULTURAL DIVERSITY/SEXUAL HARASSMENT/HATE CRIMES

November 1, 1994

I. INSTRUCTIONAL GOALS

The goals of instruction on **Cultural Diversity** are to provide the student with:

- A. knowledge of California laws which define cultural groups;
- B. an understanding of how the cultural composition of California is changing and how this change is impacting the delivery of law enforcement services;
- C. an understanding of the benefits of valuing diversity both within a law enforcement organization and within the community it serves; and
- D. an understanding of principles associated with professional community contacts and techniques for effective interaction with cultural groups.

Instruction described in this domain is designed to provide fundamental instruction on how to professionally interact with a broad spectrum of cultural groups. Content is intended to complement locally-developed training which specifically addresses the history, customs, religious conventions, or core values of cultural groups within the community served.

The goals of instruction on **Sexual Harassment** are to provide the student with:

- E. an understanding of the nature and historical perspectives associated with sexual harassment;
- F. knowledge of state and federal laws which define sexual harassment;
- G. an understanding of behaviors which constitute sexual harassment;
- H. an understanding of how to respond to sexually offensive or unwanted behavior in the workplace, and if necessary, how to initiate a sexual harassment complaint; and

- I. an understanding of the state mandated sexual harassment complaint process guidelines, legal remedies available, and protection from retaliation against complainants of sexual harassment.

The goals of instruction on **Hate Crimes** are to provide the student with:

- J. knowledge of laws which define a hate crime;
- K. an understanding of the indicators of hate crimes;
- L. knowledge of legal rights of, and remedies available to, victims of hate crimes;
- M. an understanding of the impact of hate crimes on victims, victim's families and the community;
- N. an understanding of elements which comprise an effective law enforcement response to a hate crime.

II. REQUIRED TOPICS

The following topics shall be covered:

- A. California laws which define a cultural group
- B. Terminology associated with diversity, ethnicity, and human relations
- C. California's cultural past, present, and future
- D. Professional, personal, and organizational benefits of valuing cultural diversity
- E. Definitions of prejudice and discrimination, and the difference between the two
- F. The difference between cultural stereotyping and law enforcement profiling
- G. Verbal and nonverbal factors which contribute to negative public responses to law enforcement
- H. Strategies for effective cultural contacts
- I. State and federal laws relating to sexual harassment to include

1. Title VII
2. Government Code Section 12940 et. seq.

M. State-mandated sexual harassment complaint process guidelines

N. Legal remedies and protection from retaliation against complainants of sexual harassment

O. Laws which define a hate crime

P. Indicators that a crime is hate motivated

Q. Legal rights of, and remedies available to, victims of hate crimes

III. REQUIRED TESTS

None

IV. REQUIRED LEARNING ACTIVITIES

Students shall be provided with an opportunity to engage in the following learning activity:

A. Given a diagnostic instrument, questionnaire, personal inventory or equivalent method, students will be accorded the opportunity to conduct a self-assessment to determine their own level of cultural sensitivity and experience in interrelating with cultural groups.

1. The learning activity should provide the student with an opportunity to determine their current level of experience in dealing with cultural groups.
2. The learning activity should also serve as a starting point for an instructor-facilitated classroom discussion and/or small group discussions which address perceptions, experiences, fears, and stereotypes concerning contact with cultural groups.

Discussion may include, but is not limited to cultural stereotypes, ethnophobia, homophobia, xenophobia, gender bias, and media impact on cultural perceptions.

IV. HOURLY REQUIREMENTS

Students shall be provided with a minimum of **12 hours** of instruction on cultural diversity/sexual harassment/hate crimes.
