INVESTIGATIVE DIVISION

The Investigative Division is Commanded by a Captain who has assigned to him four Lieutenants, four Sergeants, six Detectives, and one Patrolman and thirteen Civilian personnel. These officers and civilians are divided into four sections which compose this Division: The Narcotic Section, The Juvenile Section, The Detective Section, and the Com/Rec Section.

The Keeler Polygraph is located in the Investigative Division which provides four qualified examiners for its operation. Polygraphs are run for any law enforcement agency who requests the service. There is no finicial charge made to another agency for the examiners time, or for the use of the instrument. In the year of 1974 there were a total of 120 polygraphs run, with 86 being local examinations, and 34 being examinations for other agencies.

SECTION I (DETECTIVES)

This Section is under the command of a Lieutenant who has one Sergeant and two Detectives assigned to the unit. The detective section is responsible for investigation of all major crimes committed in the City. Many man hours are devoted to these investigations in the gathering of evidence, seeking witnessess to crimes, and securing statements for the purpose of prosecution. The Detective Section also has the responsibility of serving Lafayette City Court processes: warrants, summons, papers of committment. This Section also assists other area law enforcements agencies, as well as other Sections within the Division, and the Uniformed Division. The Detective Section is often called upon for community relations, advice for merchant problems, and in giving the speeches and talks pertaining to criminal activities that are relevant to their needs.

Many man hours are devoted to assignments of extra duty each year on a voluntary basis by several officers. Many times the work of criminal investigators can not stop at a given hour and consequently many hours of extra work are complied. Many hours are spent each year in several local courts by Officers who testify and present evidence for the prosecution of criminals. The Detective Section also answer several letters of correspondence yearly from various police departments and business agencies. This section receives excellent support and assistance from other Sections of the Department.

This section is under the Command of a Lieutenant who has one Sergeant and two Detectives assigned to the unit. The Juvenile Section is primarily responsible for working with boys and girls under the age of eighteen. Duties of the Juvenile Section are diversified, and listed as follows:

Investigating criminal and non-criminal offenses involving juveniles. (Runaways, incorrigibles, etc.)

Working with Juvenile Court authorities, as arrested juveniles are referred directly to Juvenile Court Authorities.

Identification records.

In addition to the above duties many hours are spent patrolling, giving lectures, assisting juveniles who voluntarily come to the Section for aid, and assisting the Detective and Narcotic Sections, as well as the Uniform Division. This Section receives excellent support and assistance from other Sections of the Department.

There were 1282 Juveniles arrested during the year of 1974.

This section is under the Command of a Lieutenant who has one Sergeant and two Detectives assigned to him. The primary purpose of the Narcotic Section is the investigation of all cases involving narcotics, and to take the drug abuse problem to the public at all levels, in the form of lectures and presentations. This section also assists the orther Sections of the Division, as well as the Uniform Division.

Each officer of this Section has his own individual storage locker for drugs he may encounter. This locker is inventoried monthly by the Officer, and quarterly by the Officer and the Lieutenant in charge of the Section.

Destruction of any drugs from these lockers is done with two Officers present, each witnessing to the fact of the count or weight of the items being destroyed. This is also recorded with two signatures as witnesses, and the paper work involved is forwarded to the Captain of the Investigative Division.

SECTION II (JUVENILE)

Maintaining Juvenile Records, which consist of photographs and

SECTION III (NARCOTIC)

During the year of 1974, drugs totaling 4,797 capsules and tablets were destroyed, along with 44.37 pounds of Marijuana.

A Narcotic Index file was developed which includes a list of all known narcotics users. A program was set up to include our Section as a base for the surrounding agencies to draw on, as well as provide names to this file.

Many man hours were expended both off duty, as well as on duty, in order to convey the drug abuse problem to the public, in the forms of lecturos and presentations. For the Section, a total of 89 lectures and presentations were given to the citizens. This Section receives excellent support and assistance from other Sections of the Department.

SECTION IV (COM/REC)

This Section is under the Command of a Lieutenant who has one Sergeant, one Patrolman Technician, and thirteen civilians assigned to the unit. The Sergeant assigned to this Section acts as Court Bailiff and also assists two civilian employees with the processing of the department's reports. Two civilian employees are assigned to the processing of the department's reports between the hours of 4:00pm and 12:00 Midnight, and the Patrolman Technician fills this position from 12:00 AM until 8:00AM.

A Chief Records Clerk, who works the day shift, is in charge of all civilian personnel in the Records Section. All fingerprinting, photographing and lab work is completed by this Section.

In the year 1974 there were a total of 194 new mug shots taken, each included 5 sets of fingerprints and ID card. There were approximately 1,680 photos taken in the field on 34 cases.

Record Bureau processed 386 registrations for hand guns, and 94 Firearms Permit applications. This includes paper work and fingerprinting on each application.

All Communications of the Department are completed by a staff of nine civilians, with a Chief Communications Operator in charge. A system of monitoring telephone calls has been installed for both incoming and outgoing conversations. This same system also records radio traffic to and from our units in the field.

É.

Our photo lab has printed 3282 pictures for various cases.

16,292 cases investigated by the department. A total of 4,861 people were arrested.

The Organized Crime unit was formed by the Lafayette Police Department in 1971. The Unit was formed with the Capatin of the Investigative Division in Command. The Lafayette Unit acts as a clearing center for all intelligence from the surrounding local agencies of this area. Full authority was given to the Organized Crime unit to utilize any member of the Lafayette Police Department in any matter and at any time to investigate and combat any suspected activity of Organized Crime.

The Organized Crime Unit of the Lafayette Police Department operates out of the Investigative Division. It has compiled intelligence files which is the basic and initial step of a Unit of this nature. Information of any suspected Organized Crime actions or activities are included in these files. Access to the information of the intelligence files is strictly enforced to the Officers of this Unit, and to no other momber of the Lafayette Police Department.

A total of 6,862 record checks were made for the year. There were

Each member of the Lafayette Police Department were required to shoot his service weapon once a month, using Standard PPC course.

The Uniform Division is Commanded by a Captain who has assigned to him four Lieutenants, four Sergeants and fortyseven patrolman. These men are divided into two Sections which compose this division, which are the Patrol Section and the Traffic Section.

PATROL SECTION-UNIFORM DIVISION

The Uniformed Officer is the first line of defense in crime prevention and traffic enforcement. These Officers are the first to arrive at the scene of a crime or catastrophy. They are continually in the eyes of the public and are the men by whom the reputation and traditions of the police organizations have largely been built. They are responsible for the peace and security of the citizens in their homes and on the streets. The Uniformed officer has supplied valuable information to the Investigative Division.

The Patrol Section is divided into three eight hour shifts, with thirtyseven patrolman comprising these three shifts. Each shift is commanded by a patrol Lieutenant, and each Lieutenant has a shift Sergeant working directly under his command.

UNIFORM DIVISION

PLANNING AND RESEARCH DIVISION

During the year the Planning and Research Division wrote and got approval on seven federal grants. These grants were through the Indiana Criminal Justice Planning Agency and were for the following:

Tot al of State and Federal Grants approved for the department \$36,925.29

PLANNING AND RESEARCH (CONT.)

In addition several hours were put into a department manpower deployment study. This resulted in the realignment of the night patrol districts to attain maximum patrol coverage.

In addition to this the Captain serves on the Indiana Data and Communications System (IDACS) Committee, as the representiive of local law enforcement ent. As. This committee supervises all Indiana law enforcement communications with the National Crime Information Center (NCIC) as well as with surrounding states.

During the year the Captain attended twenty-five committee meetings in various parts of the state.

The Captain of this division, along with the Captain of the Investigative Division, serve as advisors to the Deputy Chief and Chief of Police.
