Crime in Delaware 1998 Highlights

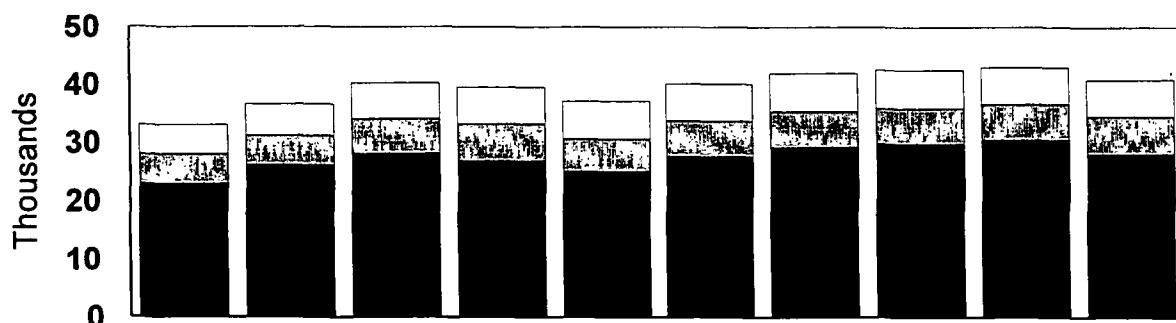

- The Part I Crime rate decreased for the first time since 1993, with a drop from 59.0 per 1,000 population in 1997 to 55.1 per 1,000 population in 1998. The Part II Crime rate for 1998 was 210.3 per 1,000 population, up from 204.6 per 1,000 population in 1997. Combining Part I and Part II Crimes, there were 265.4 crimes per 1,000 population in 1998. The Part I Crime rate decreased by 6.6 percent in 1998. The Part II Crime rate increased by 2.8 percent since 1997.
- Following a rise in violent crime complaints from 1986 to 1996, violent crime complaints decreased slightly in 1997 and 1998. Contributing to this decrease was a reduction in reported homicides, reported forcible rapes, and reported robbery. Homicide has decreased 9.7 percent since 1997. Forcible rape was down by, 2.5 percent, while robbery complaints decreased by 16.5 percent. The 7.9 percent increase in reported aggravated assaults largely offset the decreases in other categories, resulting in an overall decrease of 0.2 percent in Part I violent crime from 1997 to 1998.
- Property Crime complaints decreased by 5.8 percent from 1997 to 1998, in the most part because of the decrease in motor vehicle theft complaints. The Part I property crimes, larceny and motor vehicle theft, both decreased from 1997 to 1998 - larceny by 7.6 percent and motor vehicle theft by 27.4 percent. Burglary and arson complaints both increased in 1998 by 3.4 and 3.3 percent respectively.
- Total juvenile arrests decreased by 5.6 percent between 1997 and 1998. Juvenile arrests for Part I crimes decreased even more - by 9.5 percent. Sixty-two (62) percent of the violent crime arrests for juveniles were for aggravated assault.
- Illicit drug complaints increased by 14.7 percent in 1998. Reported incidents of illicit drugs increased by 5.9 percent in Sussex County, and by 5.1 percent in Kent County. However, incident rates for illicit drugs increased the greatest, 21.2 percent, for New Castle County. The number of illicit drug complaints were the highest Delaware has experienced in the last ten years. Law enforcement agencies believe initiatives targeting criminal "hot spots" are identifying and documenting drug offenses that would have otherwise gone undetected.

Crime Activity by Jurisdiction

Background Information on the Calculation of Clearance Rates as Reported in Crime in Delaware 1998.

Complaint and clearance data appear by agency in Crime in Delaware 1998 in the section entitled **Crime Activity by Jurisdiction**. A crime *clearance* by arrest or exceptional means is related to an original crime complaint. As defined in the glossary of the report, "A complaint report to the police is considered cleared or solved once the police have identified the offender. One arrest may clear several crimes; therefore, the clearance rate is at times higher than the arrest rate."

The method of reporting clearances is by the date of the action. For example, a robbery occurs in December of 1997 and the offender is apprehended in August of 1998. This would be recorded in the State Bureau of Identification's (SBI) crime database as a 1997 reported crime or complaint, and it would be counted as case cleared after the 1997 end-of-year report.

Annual complaint statistics in Crime in Delaware are for crimes reported in each respective year. Clearance statistics for a given year show how

many of that year's reported crimes have been cleared during that year. While it is recognized that more crimes will ultimately be cleared after the reporting year, clearance statistics are not updated in Crime in Delaware. This practice is consistent with that of the FBI's *Crime in the United States* reports; however, unlike the FBI reports, compilation of Crime in Delaware is delayed until the reporting year statistics are complete.

It is important to note that the snapshot is intended to provide a full account of a year's law enforcement activity, but there can be significant delays in conclusions and therefore the reporting of that activity. The SBI makes significant efforts to give all agencies the opportunity to have their year's activity entered into the state's information system. No agency is penalized for early, updated, or late reporting — in fact, SBI and the Center do not prepare the year-end summary and the annual analysis until the last jurisdiction reports.

Glossary

Note: This glossary contains the UCR federal definition for crime categories. It also lists state statutes that should be viewed as examples of what statutes may fall into those crime categories. A good example is the federal crime category Motor Vehicle Theft. The statute listed below the federal definition is "Unauthorized use of a vehicle." There are also some motor vehicle thefts, however, that fall under robbery, aggravated assault, or burglary. Robberies, aggravated assaults, or burglaries, therefore, can fall under the UCR crime categories of robbery, aggravated assault, burglary, or motor vehicle theft. The State bureau of Identification determines which crime events fall into which UCR crime categories based on details not found in summary reporting.

Adult	A person 18 years of age or older.
Arrest Rate	The number of arrests per 1,000 population.
Clearance	A complaint reported to the police is considered cleared or solved once the police have identified the offender. One arrest may clear several crimes, therefore the clearance rate is often higher than the arrest rate.
Complaint	A criminal offense reported to the police or by the police.
Crime Rate	The number of crimes per 1,000 population.
Exceptional Clearance	An exceptional clearance refers to a clearance that does not result in an arrest. An offense can be cleared exceptionally only in cases where the identity of the offender has been established, enough information is available to support an arrest, and the exact location of the offender is known. For example, murder-suicides are cleared exceptionally, since the offender's death precludes their arrest.
Juvenile	A person under 18 years of age.
Part I Crime	Homicide, robbery, rape, aggravated assault, burglary, larceny, motor vehicle theft and arson.
Part II Crime	All crime not included in the Part I Crime definition.
Population Data	Delaware population projection estimates are from the Delaware Population Consortium.
Property Crime	A subsection of Part I Crime including burglary, larceny, motor vehicle theft, and arson.
Reported Offenses	Crimes reported to or otherwise known to police.
Violent Crime	A subsection of Part I Crime including homicide, rape, robbery, and aggravated assault.
