# Crime in Delaware 1999 Highlights

- The Part I Crime rate decreased for the second consecutive year, with a drop from 55.1 per 1,000 population in 1998 to 49.5 per 1,000 population in 1999. The Part II Crime rate for 1999 was 204.8 per 1,000 population, down from 210.3 per 1,000 population in 1998. This is the first drop in the Part II Crime rate since 1993. Combining Part I and Part II Crimes, there were 254.3 crimes per 1,000 population in 1999. The Part I and II Crime rates for 1999 decreased by 9.2 percent and 1.4 percent, respectively.
- Following a rise in violent crime complaints from 1986 to 1996, violent crime complaints have decreased for the third year in a row. Contributing to this decrease was a reduction in reported homicides, reported forcible rape, and reported aggravated assault. Homicide decreased seven percent from 1998 to 1999. Forcible rape was down by 3.2 percent, while aggravated assault complaints decreased by 7.5 percent. The one percent increase in reported robbery slightly offset the decreases in other categories, resulting in an overall decrease of 5 percent in Part I Violent Crime from 1998 to 1999.
- Property Crime complaints decreased by 9.8 percent from 1998 to 1999, in the most part because of the decrease in burglary complaints. The Part I property crimes, burglary, larceny, and motor vehicle theft, all decreased from 1998 to 1999 - by 18.7, 8.1, and 8.8 percent respectively. Arson complaints increased by 8.3 percent in 1999.
- Total juvenile arrests increased by 21.5 percent between 1998 and 1999. Juvenile arrests for Part I crimes increased by 10.4 percent, with the majority of arrests for property crimes. Sixty-four point five (64.5) percent of the violent crime arrests for juveniles were for aggravated assault.
- Illicit drug complaints increased by 14.5 percent in 1999. Reported incidents of illicit drugs increased by 5.1 percent in New Castle County, and by 28.9 percent in Kent County. However, illicit drug reports increase the greatest, 30.4 percent, for Sussex County. The number of illicit drug complaints were the highest Delaware has experienced in the last ten years. Law enforcement agencies believe initiatives targeting criminal "hot spots" are identifying and documenting drug offenses that would have otherwise gone undetected.

# Crime Activity by Jurisdiction

## Background Information on Reported Crimes and Clearances as Reported in Crime in Delaware 1999.

Complaint and clearance data appear by agency in Crime in Delaware 1999 in the section entitled **Crime Activity by Jurisdiction**. A crime *clearance* by arrest or exceptional means is related to an original crime complaint. As defined in the glossary of the report, "A complaint report to the police is considered cleared or solved once the police have identified the offender..."

One reason the clearance rate may exceed the arrest rate is because the arrest of one offender could clear several crimes.

The method of reporting clearances is by the date of the action. For example, a robbery occurs in December of 1998 and the offender is apprehended in August of 1999. This would be recorded in the State Bureau of Identification's (SBI) crime database as a 1998 reported crime or complaint, and it would be counted as case cleared after the 1998 end-of-year report.

Annual complaint statistics in Crime in Delaware are for crimes reported in each respective year. Clearance statistics for a given year show how many of that year's reported crimes have been cleared during that year. While it is recognized that more crimes

will ultimately be cleared after the reporting year, clearance statistics are not updated in Crime in Delaware. This practice is consistent with that of the FBI's *Crime in the United States* reports; however, unlike the FBI reports, compilation of Crime in Delaware is delayed until the reporting year statistics are complete.

It is important to note that the snapshot is intended to provide a full account of a year's law enforcement activity, but there can be significant delays in conclusions and therefore the reporting of that activity. The SBI makes significant efforts to give all agencies the opportunity to have their year's activity entered into the state's information system. No agency is penalized for early, updated, or late reporting — in fact, SBI and the Center do not prepare the year-end summary and the annual analysis until the last jurisdiction reports.

There has been a change in the reporting for Camden-Wyoming in 1999's Crime Activity by Jurisdiction section. Previously combined, in 1999 the two have become separate jurisdictions and are now reported individually as Camden and Wyoming.

# Glossary

Note: This glossary contains the UCR federal definition for crime categories. It also lists state statutes that should be viewed as examples of what statutes may fall into those crime categories. A good example is the federal crime category Motor Vehicle Theft. The statute listed below the federal definition is "Unauthorized use of a vehicle." There are also some motor vehicle thefts, however, that fall under robbery or aggravated assault. The State bureau of Identification determines which crime events fall into which UCR crime categories based on details not found in summary reporting.

| <b>Adult</b>                 | A person 18 years of age or older.                                                                                                                                                                                                                                                                                                                                                                                 |
| <b>Arrest Rate</b>           | The number of arrests per 1,000 population.                                                                                                                                                                                                                                                                                                                                                                        |
| <b>Clearance</b>             | A complaint reported to the police is considered cleared or solved once the police have identified the offender. One arrest may clear several crimes, therefore the clearance rate is often higher than the arrest rate.                                                                                                                                                                                           |
| <b>Complaint</b>             | A criminal offense reported to the police or by the police.                                                                                                                                                                                                                                                                                                                                                        |
| <b>Crime Rate</b>            | The number of crimes per 1,000 population.                                                                                                                                                                                                                                                                                                                                                                         |
| <b>Exceptional Clearance</b> | An exceptional clearance refers to a clearance that does not result in an arrest. An offense can be cleared exceptionally only in cases where the identity of the offender has been established, enough information is available to support an arrest, and the exact location of the offender is known. For example, murder-suicides are cleared exceptionally, since the offender's death precludes their arrest. |
| <b>Juvenile</b>              | A person under 18 years of age.                                                                                                                                                                                                                                                                                                                                                                                    |
