OVERVIEW

1.1 Purpose

The purpose of the Monthly Arrest and Citation Register (AR) reporting system is to collect accurate information on all adult and juvenile arrests in California in sufficient detail to allow identification of individual arrests so that they may be linked with subsequent court activity.

Information developed from the system provides statistical arrest data for local, county, regional, and state agencies and is used by the Federal Bureau of Investigation (FBI) in their annual accounting of arrests in California.

The AR reporting system replaces the Bureau of Criminal Statistics' (BCS) summary system of arrest reporting. (Monthly Report - Adult Felony Arrests, JUS 703; Monthly Report - Adult Misdemeanor Arrests, JUS 703.1; and Monthly Report - Arrests of Youths under Eighteen, JUS 741.) It satisfies all FBI reporting requirements, also eliminating the age, sex, and race reports of arrested persons. (Federal Forms 12-90 and 12-90a.)

1.2 Submitting Data

Arrest and citation data can be reported manually (Form JUS 750, Appendix III), by punch cards (format Appendix IV), or magnetic tapes (format Appendix V). This data should be submitted monthly within ten working days following the end of the report period. Send the completed JUS 750 forms to the Bureau of Criminal Statistics, P. O. Box 13427, Sacramento, California 95813. Send punch cards and magnetic tapes to Department of Justice, AIS Operations, Control Unit, P. O. Box 13307, Sacramento, California 95813.

1.3 Requesting Forms

Requests for additional JUS 750 forms should be sent to the Bureau of Criminal Statistics, P. O. Box 13427, Sacramento, California 95813. Mention the exact name of the form in your request.

1.4 Planning Considerations

Data submitted on punch cards or magnetic tape must meet specific BCS statistical requirements and be compatible with Department of Justice equipment. When submitting data on punch cards or magnetic tape, provisions should be made to submit a test run prior to submission of actual data. This will ensure material is in the proper format, tape labels are correct, and will enable any problems to be solved prior to processing actual data.

1.5 Resolving Errors

Any data element submitted which does not meet BCS requirements will be resolved by telephone call, letter, or field contact with the submitting

REPORTING STANDARDS

agency. BCS should be provided with an up-to-date listing of individuals to be contacted at each participating agency for resolution of any reporting errors.

1.6 Inquiries to BCS

Any inquiries regarding the AR system should be directed to:

Bureau of Criminal Statistics

P. O. Box 13427
Sacramento, California 95813
Telephone (916) 322-2050

Attention: AR Program Manager

2.1 General

Make only one (1) line entry per arrest regardless of the number of charges involved. Multiple charges may be entered on Form JUS 750, in which case, BCS will select the highest offense. Card or tape entries must have only the highest offense coded. The following types of arrests are to be reported:

1. All arrests for criminal and bookable traffic offenses.
2. Citations for misdemeanor offenses such as shoplifting, petty theft, etc.
3. The following traffic citations only:
 - a. Those listed under Section 40302 VC: 23102 VC drunk driving - alcohol, 23105 VC drunk driving - drugs.
 - b. Those listed under Section 40303 VC: 10852, 10853, 23103, 23104, 2800, 2804, 20002, 23109, 14601, 14601.1, 23332, and 2813.
4. Traffic warrants including:
 - a. 40508 VC, failure to appear. (For this type warrant, specify the violation as 40508 VC rather than the original traffic offense.)
 - b. 42003 VC, failure to pay fine.
5. Civil drunk arrests per 647ff PC.
6. Federal offenses - Give specific offense on Register, including illegal aliens, narcotic offenses and military (AWOL). For statistical purposes, federal offenses are classified as felony level offenses.
7. Probation and parole violations. Include whether it is a felony (F) or misdemeanor (M) violation.
8. Failure to register for narcotics (11850 H&S) and sex offender (290 PC) violation arrests.
9. Contempt of court.
10. Bench warrants.
11. Juveniles handled beyond a mere field interview. (See definition of juvenile arrests in Glossary of Terms, Appendix I.)

The following types of entries will not be processed by BCS. They may be entered on the JUS 750 for local bookkeeping purposes, but the reason for such entries must be clearly indicated.

1. Traffic citations not listed above.
2. Protective custody (600 W&I).
3. Narcotic offender registrations (11850 H&S) and sex offender registrations (290 PC).
4. If a person is registering as a narcotic or sex offender only, do not show level of arrest or law enforcement disposition; instead indicate "Registrant."
5. Mentally ill.
6. Missing person.
7. Sick - Casualty - Injured - Victim.
8. Commitments.
9. Enroute.
10. Sleeper or safekeeping.
11. Further investigation.
12. Rebooking without a new physical arrest or additional charges.

If you place additional charges against a person already in custody or rebook him, enter the words "addl chg" and the new offense in the charge section.

If a person is reentered into jail on a commitment, indicate "comm" in the charge column.

2.2 Heading (JUS 750 only)

1. Agency - Enter the name of your agency.
2. Agency Number - Enter agency code numbers assigned by BCS (Appendix VII).
3. Supervisor - Enter the name of the statistical clerk or other person who should be contacted regarding errors.
4. Month - Enter the reporting month and year.

Adult or Juvenile - Law Enforcement Assistance Administration (LEAA) guidelines require that the arrest data for adults and juveniles be separated, check the proper box to indicate relative information.

Page Number - If more than one page of the Register is filled out during the month, number the pages in chronological order by arrest dates in the square labeled "page."

2.3 Local Reference Number

Enter the most reliable number for locating the arrested person in your files. This can be the booking, arrest, or crime report number.

2.4 Arrestee's Full Name

Show the last name, first name, and middle name. The arrested person's name should always be printed or typed clearly and completely. If no middle name is available, use NMN. Use initials only if they represent the arrestee's true name.

2.5 Race

1. Circle the one category that applies on JUS 750. Enter the appropriate number in the correct column if card or tape entry is used.
2. (1) Wht., white; (2) Mex., Mexican-American; (3) Neg., Negro; (4) Ind., American-Indian; (5) Chi., Chinese; (6) Jap., Japanese; and (7) Oth., All other.

2.6 Birthdate

1. Enter two-digit numbers for the month, day, and year. For example, a birthdate of January 9, 1934, may be entered in any of the three following ways:
 - a. 010934
 - b. 01-09-34
 - c. 01/09/34
2. If the month and day are not known, show the year of birth. In this situation, enter the birthdate in the same format as above, but use zeros for month and day. For example, if the year of birth is 1921, use one of the following:
 - a. 000021
 - b. 00-00-21
 - c. 00/00/21
3. Do not write in the age. If the age is known, but not the date of birth, subtract the age from the present year and enter the resulting year of birth.

2.7 Sex

Circle either (1) Male or (2) Female for each line on the JUS 750. Enter the appropriate number in the correct column for card or tape entry.

2.8 Date Arrested

Use six digits, two each for month, day, and year. For example, an arrest made on February 9, 1973, should be entered in one of the following ways:

1. 020973
2. 02-09-73
3. 02/09/73

2.9 Level

1. Select the item that best describes the most serious charge. Circle only one item on the JUS 750 and enter the appropriate code number for card or tape entry.
2. (1) Del. - This refers to a delinquent act by juveniles only, such as runaway, truant, curfew, or incorrigible (see Lines 1 and 2, Appendix VI).
3. (2) Msd. and (3) Fel. - If a juvenile is arrested on a misdemeanor or felony, circle the (2) or (3) as applicable (see Lines 3 and 4, Appendix VI). Adult arrests can only be a (2) or (3) (see Lines 5 and 6, Appendix VI).
4. Civil drunk occurrences per 647ff PC should be given a (2) Msd. level.
5. Federal offenses are always (3) Fel. for statistical purposes.

Examples:

1. A juvenile is arrested and cited for curfew violation. Circle the (1). It is a delinquent act (see Line 1, Appendix VI).
2. If a juvenile is arrested for curfew violation and burglary, circle the (3) Fel. since the felony burglary is the more serious of the charges (see Line 3, Appendix VI).
3. A juvenile is arrested and cited for truancy and shoplifting. Circle the (2) Msd. as the misdemeanor shoplifting charge is more serious than the delinquent act of truancy (see Line 4, Appendix VI).
4. If an adult is arrested for misdemeanor disturbing the peace and felony aggravated assault, circle the (3) Fel. because the aggravated assault is the more serious (see Line 5, Appendix VI).

2.10 Charges

Enter the exact code section number from the appropriate code on Form JUS 750. If punch cards or magnetic tapes are the input method, use three digit BCS offense codes (Appendix VIII), or CJIS Arrest Register Codes (Appendix IX).

1. Municipal and County Codes - Write out the actual charge(s) although code numbers may be included for local purposes (see Line 7, Appendix VI). Numbers alone are not sufficient since BCS does not have local code listings.
2. Juvenile 601 or 602 W&I Codes - When a juvenile arrest is made on the authority of either 601 or 602 W&I, state the specific reason for arrest. The Code Number 601 or 602 W&I by itself is too general and will not be coded by BCS. If it is a 601 charge, indicate whether it is runaway, incorrigible, truancy, loitering, out of control, or curfew (see Lines 1 and 2, Appendix VI). If it is a 602 charge, indicate specific offense such as burglary, auto theft, etc. (see Line 3, Appendix VI).
3. Local warrant - Any warrant issued within the jurisdiction of the arresting agency. Indicate that the arrest was made on a warrant and show the charge (see Line 8, Appendix VI).

Examples: (1) Warr. - 459 PC
(2) Warr. - 11357 H&S
4. Bench warrants - Warrants usually issued by a court when a person fails to appear as ordered. A bench warrant arrest should be entered as B/W followed by the actual offense(s) (see Line 9, Appendix VI).

Example: burglary, "B/WBurg."
5. When there is an arrest on a new offense and there are also local warrants pending, enter the highest offense (see Line 12, Appendix VI). The level and disposition sections should be determined by the highest offense only.
6. Outside warrants - Any warrant issued outside of the jurisdiction of the arresting agency. Indicate that the arrest was made on an outside warrant and show if the offense was a felony or misdemeanor. Do not include the specific offense (see Lines 10 and 11, Appendix VI).

Examples: felony, "Out Warr-Fel."
misdemeanor, "Out Warr-Misd."
7. Federal Offenses - When there is an arrest on a federal offense, write out the actual charge such as AWOL, alien, etc. Use of a code section in addition to a title section, such as "Title 18," covers many different violations and cannot be properly coded by BCS (see Line 13, Appendix VI).

2.11 BCS Use

Leave blank for BCS use.

2.12 Status

The only purpose of the status column is to determine how many individuals are cited versus those actually delivered to jail.

1. Adults

- a. If an adult is cited to appear in court as an alternative to being jailed, circle or enter code (1) "Cite." For civil drunk occurrences per 647ff PC, circle or enter code (1) "Cite."
- b. If an adult is actually booked into jail for any period of time, circle or enter code (2) "Book."
- c. If an adult is booked into jail and later released on a citation, circle or enter code (2) "Book."
- d. If an adult is cited to court and later booked as directed by the court, circle or code (1) "Cite."
- e. If an adult makes bail on a warrant and is neither cited nor booked, circle or code (3) "Other." However, if he is cited to appear in court or booked, circle or code the appropriate number.

2. Juveniles

- a. If a juvenile is cited in lieu of being delivered to juvenile authorities, circle or enter code (1) "Cite."
- b. When juveniles are transported to a juvenile holding facility of any type, circle (2) under "Book."
- c. If juveniles are neither cited nor booked, circle or code (3) "Other" on the Jus 750, or code 3 on card or tape (see Line 2, Appendix VI).

2.13 Law Enforcement Disposition

This is the action taken by the law enforcement agency after an arrest has been made. Do not confuse this section with court dispositions. Circle ONLY ONE DISPOSITION.

1. Adults

- a. Circle or code (1) Rel., for those released under 849b PC or other sections when no further action is planned by the arresting agency, or the prosecutor has refused to issue a complaint. Civil drunk occurrences per 647ff PC or those individuals placed on other diversion programs by the local agency, including those deemed not arrested, should show a disposition of (1) Rel.

- b. Circle or code (2) Turned over, for those turned over to another agency for prosecution on their warrant and not to be returned. Include the name of the receiving agency in the space provided. (See Lines 10 and 11, Appendix VI.) When there is a new offense locally and also an outside warrant, circle or code (2) Turned over, if there is no local court filing. (See Line 15, Appendix VI.) This will provide information on the disposition of the local charge(s).

- c. Circle or code (3) Misd., when a misdemeanor complaint is issued by the prosecutor.

- d. Circle or code (4) Fel., when a felony complaint is issued by the prosecutor.

2. Juveniles

- a. Circle or code (2) Turned over, for those turned over to another law enforcement agency and not to be returned. Include the name of the receiving law enforcement agency in the space provided.
- b. Circle or code (5) Jct., when a juvenile is remanded to juvenile court or cited to other juvenile authorities such as the probation department.
- c. Circle or code (6) Dept., when the situation has been settled by the arresting agency and the juvenile is released to parents, guardian, or the street. Also, circle or code (6) Dept., for those placed on a local diversion program including, for statistical purposes, those juveniles deemed not arrested or cited. Never circle the (1) Rel., (3) Misd., or (4) Fel., for juveniles.

2.14 Arresting Agency

1. Police Departments - Record the initials of your agency on the first line of the JUS 750 and ditto mark each following line if all arrests are made by your agency.
2. Sheriffs' Departments - Record the initials of your department on the JUS 750 unless another agency books into your jail such as Fish and Game, Alcoholic Beverage Control, County Marshal, campus police, or any other authorized non-city peace officer. Enter the actual arresting agency. (See Line 13, Appendix VI.) Do not include city police or Highway Patrol arrests on a sheriff's Monthly Arrest and Citation Register.
3. Highway Patrol - Record the initials "CHP" on the first line and ditto mark each following line even though subject is booked into a police or sheriff's department facility.

2.15 Local Agency Use (on back of JUS 750)

These columns are provided for your agency's use for any purpose. Some suggested uses are:

1. Location of arrest.
2. Officer making the arrest (name and/or badge number).
3. Final court disposition.
4. Time involved with juvenile.

APPENDIX I

Glossary of Terms

Arrest - (California Penal Code Section 834)

"An arrest is taking a person into custody, in a case and in the manner authorized by law. An arrest may be made by a peace officer or by a private person."

(California Penal Code Section 835)

"An arrest is made by an actual restraint of the person or the defendant, or by his submission to the custody of an officer. The defendant must not be subjected to any more restraint than is necessary for his arrest and definition."

Arrest - Juvenile

Because of the wider range of police involvement in juvenile control than in the control of adults, a major problem is to specifically define police contacts that, for statistical purposes, are arrests and those that are not considered arrests. Police contacts in the juvenile control field can be separated into two basic types: (1) contacts that require subsequent action, and (2) contacts that do not require subsequent action.

1. Contacts that require an action subsequent to the initial contact are arrests. Contacts of this type include those that result in the transportation of juveniles to the officer's headquarters and a subsequent arrest report or booking record completed whether released to parents, placed in a juvenile hall, jail, or other detention facility, or released on their own recognizance. Also included in this group are juveniles released after they have been issued citations wherein they agree to appear at the probation department for further consideration of the case. In like manner, juveniles cited to appear later before a juvenile officer or other person within the police agency would be considered as an arrest. It will be noted that each type of action listed requires an action subsequent to the initial contact before the incident can be terminated.
2. Contacts that do not require subsequent action generally are in the field contact or field interrogation category. They involve situations where juveniles are stopped, questioned, or identified, and possibly reprimanded or requested to disperse or return home. In these situations no further action is taken by the police and the matter is closed. This type of contact is not considered an arrest for statistical purposes.

Other contacts that are not to be identified as an arrest for statistical purposes are requests, during field contacts, for juveniles to call at the officer's headquarters or some other specified location for an interview. These appointments, usually investigative interviews,

are considered voluntary actions of the juvenile. If the juvenile refuses to comply with the officer's request, and is thereafter ordered to comply, his compliance would then be considered an arrest.

There are some situations, however, that require only initial contacts to qualify as arrests. These are contacts where the juvenile's responsibility for an offense is admitted but the incident is recorded and closed by the police during the initial interview. These contacts are considered arrests. This type of action may be more clearly defined by citing an example:

A juvenile has stolen property from a neighbor. An officer called to the scene may apprehend the juvenile, reprimand him, and secure the return of the property, and conclude the entire case without the necessity of subsequent action.

In the situation as outlined, there was an offense, the offender was arrested, the investigation was completed, official action was taken, and the case was terminated while the officer was at the scene.

Citation -

Citation refers to that procedure used when an individual is not booked but is cited to appear later to answer for an offense for which he could have initially been booked.

Disposition -

Disposition refers to the police disposition of an arrest, not the court disposition. The police disposition should, however, include the action taken by the prosecutor and accurately account for an individual's entry into lower court, superior court, or the juvenile justice system if the police disposition is something other than released, turned over, or handled within the department.

CALIFORNIA DEPARTMENT OF JUSTICE

MAGNETIC TAPE STANDARDS

The California Department of Justice is currently using a Univac Spectra 70/60 for the processing of statistical data. The following is a description of the technical specifications for magnetic tape which is directly readable by the system.

Description	Specification
Tape Format	9 Channel
Code Convention	EBCDIC
Parity	Odd
Density	1600 BPI effective 11-1-75 or 800 BPI if 1600 not available

Tapes can be written with standard labels, non-standard labels, or without labels. However, standard labels are preferred. If written with standard labels, they should have the following structure.

Standard Label Format

VOL1	HDR1	TM	DATA BLOCKS	TM	EOF1	TM	TM
VOL1	Bytes	1-4	VOL1				
	Bytes	5-10	The volume serial number	Ex. 001234			
	Bytes	11-80	Blank				
HDR1	Bytes	1-4	HDR1				
	Bytes	5-21	AR6341 AGENCY TP				
	Bytes	22-27	Same as Bytes 5-10 of VOL1 record				
	Bytes	28-31	Volume Sequence Number (First Volume = 0001)				
	Bytes	32-35	0001				
	Bytes	36-41	000101				
	Bytes	42-47	Julian Creation Date				
	Bytes	48-80	Blank				
EOF1	Bytes	1-4	EOF1				
	Bytes	5-54	Same as HDR1 Bytes 5-54				
	Bytes	55-60	Block County (Data Blocks only)				
	Bytes	61-80	Blank				

If standard labels cannot be produced the tape must have one of the following formats. It is essential that a tape mark precede the first data block and that a tape mark follows the last data block. The file must end with two tape marks as indicated.

Non-standard Label Tape Format

Any number of non-standard labels	TM	DATA BLOCKS	TM	Any number of non-standard labels	TM	TM
---	----	-------------	----	---	----	----

Unlabeled Tape Format

TM	DATA BLOCKS	TM	TM
----	-------------	----	----

External Tape Labels

The external tape label should contain the following information:

Agency Name

"Arrest Register Data"

Month

Tape Density (1600 or 800 BPI)

MONTHLY ARREST AND CITATION REGISTER

NOTE:

These are examples only.
Juvenile & Adult Arrests
should be submitted on
separate reports.
