RE: BIBLIOGRAPHY ON PLANNING

Attached, for your information, is a bibliography I compiled on planning/criminal justice planning. It offers a fairly comprehensive listing of current literature on criminal justice planning, as well as providing a sampling of planning literature from other fields.

I hope the attached can be of some assistance to you in your agency's planning efforts. In reviewing the bibliography, please disregard the codes in the left hand column (e.g., "(Pln/Res)"), asterisks, and notes in parentheses at the end of each bibliographic reference, such as "(hm)." These represent notes which are being used as categorical aides for my own purposes.

If you have any questions on the attached, please let me know. Furthermore, I have compiled a similar bibliography on "Policy Science/Criminal Justice Policy." If you are interested in a copy, please contact me.
