PREFACE

The University City Science Center, under Grant # 75-NI-99-0056, prepared a preliminary review and assessment of the literature on "Traditional Preventive Patrol" as part of the National Evaluation Program of the National Institute of Law Enforcement and Criminal Justice, Law Enforcement Assistance Administration. This report, *ISSUES IN TRADITIONAL PREVENTIVE PATROL: A Review and Assessment of the Literature*, is based primarily upon an extensive review of the available secondary source literature. The following bibliography, which we believe is representative of the research and writing in the field of traditional police patrol, contains the books, articles, project reports, and other materials which were reviewed and assessed.
