STATE OF NEW YORK
DIVISION OF CRIMINAL JUSTICE SERVICES
EXECUTIVE PARK TOWER
STUYVESANT PLAZA
ALBANY, NEW YORK 12203

January 28, 1977

TO: the Honorable Hugh Carey
the Honorable Warren M. Anderson
the Honorable Manfred Ohrenstein
the Honorable Stanley Steingut
the Honorable Perry B. Duryea, Jr.

The Division of Criminal Justice Services has the honor to submit, pursuant to Chapter 603 of the Laws of 1973, the fourth quarterly report for 1976 on the processing of felony cases in the courts.

The information presented herein is based upon arrest data reported to the Division under Criminal Procedure Law Section 160.20, and upon information concerning indictments their dispositions submitted by district attorneys under Sections 837-a and 837-b of the Executive Law.

The Division wishes to thank the District Attorneys of New York State and the other individuals who participated in the preparation of the report.

PREFACE

The following report presents statistics concerning New York State indictments and felony prosecutions for the four quarters of 1976. This report is the thirteenth in a series of regular quarterly reports required under Chapter 603 of the Laws of 1973.

The primary objective of the data collection and reporting system is to supply useful and timely information to members of the criminal justice community. The requirement to produce the report at the close of the quarter implies that information relating to activity during the last days of the quarter may not be received and processed in time for publication. It should be understood that some incompleteness will exist in current data, however, patterns of felony processing can be portrayed adequately on the basis of the data received.

The data presented in this report include both defendant-indictments, and defendant-indictment cases that were disposed of during 1976. Because convictions are not reported until time of sentencing, the category "defendant-indictments disposed of" refers to any of the following types of cases:

1. Defendant-indictment convictions and sentences during January-December 1976.
2. Defendant-indictment convictions during a previous period but sentence not rendered until the current year.
3. Dispositions other than convictions during January-December 1976.

The exhibits included in the body of the report focus on three major geographical areas of the State - New York City, Suburban New York City and Upstate. Suburban New York City includes the counties of Nassau, Rockland, Suffolk and Westchester, areas characteristically different from either New York City or Upstate New York. In addition, similar information is presented by Judicial Department in the Appendices.

These reports and the information presented herein may suggest certain additional data or exhibits of interest to specific readers. Such information, if available, will be provided upon request by DCJS.

Section 1

JANUARY-DECEMBER SUMMARY

ARRESTS

PAGE REFERENCE

- A total of 136,589 felony arrests were reported to the Division of Criminal Justice Services by New York State law enforcement agencies for the period January-December 1976. This figure was 8.7% above arrests for 1975 reflecting statewide increases of 15.3% in arrests for drug felonies and 7.7% for non-drug felonies. New York City was the primary contributor to these increases. 7
- A marked increase of 40.2% in drug felony arrests was reported in New York City while the Suburban Area of New York City and Upstate New York recorded declines from the previous year. The upsurge in New York City drug arrests was reflected in the felony drug "charges" for Class D offenses which increased 94% over 1975 and accounted for 43% of all drug "charges" arrests. 20.4% of the Class D offense "charges" involved sale of controlled substances in 1976 compared to 16.1% in 1975, signifying a more rapid increase in arrests for "sales" than for "possession". 7, 8, 9, 10, 11
- Class A drug arrest "charges" reported a small statewide increase of 3.7% for 1976 over the previous year reflecting increases of 5.4% in New York City and 14.0% in the Suburban Area of New York City. In contrast, Class A drug arrest "charges" declined sharply Upstate, down 15.4% from 1975. It should be noted that the 14.0% increase in Class A drug arrest "charges" in the Suburban Area of New York City occurred at the same time that overall drug arrests declined in the area. 8, 9, 10, 11
- New York City felony arrests for the 12 months of 1976 total 95,793, 12.5% above the 1975 figure. The rise of 40.2% in drug arrests was accompanied by a 9.6% increase in non-drug arrests. Overall, New York City accounted for 70.1% of all felony arrests in New York State during 1976 compared to 67.8% in 1975. Drug arrests in New York City comprised 63.9% of the 1976 statewide figure compared to 52.5% for the previous year. These changes are demonstrated in Exhibit 2-1. 7, 6
- The Suburban Area of New York City which includes the counties of Nassau, Rockland, Suffolk, and Westchester reported felony arrests for January-December 1976 at 5.3% above 1975. Drug felony arrests declined 3.7% while non-drug arrests increased 7.0%. These four counties accounted for 10.0% of all 1976 felony arrests statewide compared to 10.3% in 1975 and 11.2% of all 1976 drug felony arrests compared to 13.5% in 1975. 7, 6
- Upstate New York, encompassing the 53 counties outside New York City and the four Suburban counties, reported felony arrests nearly unchanged with 1976 figures only 1.6% below 1975; a drop of 15.5% in drug arrests was accompanied by a 1.8% rise in non-drug arrests. Upstate arrests accounted for 19.9% for all felony arrests in New York State for 1976 compared to 21.9% in 1975, but drug arrests for the same period dropped from 34.0% of total in 1975 to 24.9% in 1976. 7, 6

INDICTMENTS

- District Attorneys throughout the state reported 31,344 defendant-indictments processed for the year 1976 ^{1/}. It should be noted that these data refer to indictments filed from January 1, 1976 through December 31, 1976 and do not necessarily coincide with the terms of the various grand juries. 15
- During 1976, fewer defendant-indictments were processed than in 1975. This decline may be partially attributed to the New York City "early case assessment" program that became effective in July 1975 and to a Nassau County indictment screening bureau in the Suburban Area of New York City. Upstate processed nearly the same number of defendant-indictments in 1976 as in 1975. 15
- For the state as a whole, robbery, burglary and drug offenses accounted for 56.8% of all reported indictments, nearly unchanged from the 56.3% reported in 1975. The highest incidence of indictments in New York City was for robbery (32.3%), while burglary indictments predominated both in the Suburban Area of New York City (29.0%) and Upstate (32.2%). 15
- Statewide, indictments for a sale of controlled substance ^{2/} accounted for 72% of all felony drug indictments, an increase over the 66% reported in 1975. These indictments represented 77% of all drug indictments in New York City, 83% in Suburban Area of New York City and 55% Upstate. 16
- Class A drug indictments accounted for 59.8% of all 1976 drug indictments reported statewide, nearly 5% more than the 54.7% reported in 1975. 77.5% of the New York City drug indictments were for Class A offenses compared to 58.4% in the Suburban Area of New York City and 28.2% Upstate. 16
- Class A III drug indictments increased in importance in 1976, advancing over 1975 both in number of cases processed and in percent of total drug indictments represented. These indictments accounted for 32.8% of all 1976 drug indictments compared to 23.9% in 1975. 16
- During 1975 the distribution of drug felony defendant-indictments among New York City, Suburban New York City and Upstate New York was similar to the distribution for total felony indictments. In 1976, however, New York City accounted for a smaller proportion of total felony indictments (49.5%) than the 52.5% reported in 1975, but a larger proportion of drug felonies (54.3%) than the 52.3% figure for 1975. Upstate reversed the pattern, accounted for 34.4% total felony defendant-indictments in 1976 compared to 30.6% in 1975 and 29.7% of the 1976 state drug felony indictments compared to 31.1% in 1975. The Suburban Area of New York State remained nearly unchanged from 1975 with 16.1% of total felony indictments and 16.0% of the drug indictments. (See Exhibit 3-1) 14

^{1/} Refer to page 12 for the definition of defendant-indictment unit of count.

^{2/} Indictments containing charges of equal degree for both sale and possession of controlled substances are recorded as indictments for sale of controlled substances.

DISPOSITIONS

- A total of 32,554 felony defendant-indictment cases were reported disposed during January-December 1976 1/. 17
- Cases disposed by trial, either jury or non-jury, represented a larger proportion of all cases disposed during 1976 (12.3%) than in 1975 (9.3%) and a larger proportion of these trial cases were disposed by conviction, 75.8% in 1976 compared to 66.5% in 1975. In New York City, 15.3% of the 1976 dispositions were by trial compared to 11.1% in 1975 and the conviction rate for these trial cases rose from 62.8% in 1975 to 77.0% in 1976. Less dramatic increases were reported in the Suburban Area of New York City and Upstate. 21, 22, 23, 24
- Statewide, convictions accounted for 77.3% of the reported dispositions. New York City reported convictions at 73.3% of all dispositions, the Suburban Area of New York City at 85.7%, and Upstate New York at 79.1%. It should be noted that convictions do not in all cases represent convictions on felony charges. 21, 22, 23, 24
- The conviction rate for indictments in the Suburban Area of New York City reflects those cases which are part of Operation Midway in Nassau County. Operation Midway is a diversionary program in Nassau County applied to selected defendants after indictment. These indictments may be dismissed if the defendants successfully complete a lengthy rehabilitative period extending up to 18 months. The inclusion of defendants who are thus dismissed in the calculation of conviction rates reduces the overall conviction rate for the Suburban Area of New York City.
- The category "other court action", referring generally to consolidation of indictments or a plea to another indictment, varies according to county practice. This disposition applied to 9.9% of defendant-indictments in New York City, 3.3% in the Suburban Area of New York City and 8.4% Upstate. Subtracting "other court action" from total dispositions yields a net conviction rate of 81.4% in New York City, 88.6% in the Suburban Area of New York City and 86.4% Upstate. 22, 23, 24, 25, 26, 27
- Guilty Pleas accounted for 88.0% of all reported convictions statewide. Pleas represented 83.8% of all New York City convictions, 93.0% of all convictions in the Suburban Area of New York City and 91.4% of the Upstate convictions. 21, 22, 23, 24
- A total of 25,150 convictions were reported for 1976. Of these, 28.0% were convictions for the most serious charge in the indictment and an additional 32.0% were convicted of felonies in the same or next lower class as the one for which they were indicted. 45
- Of the indictments for the sale of a controlled substance disposed by conviction, 29.4% were convictions on the most serious charge in the indictment, a significant drop from the 36.7% in 1975. Of the indictments for possession of a controlled substance disposed by conviction, 17.0% were convictions on the most serious charge in the indictment, less than the rate for sales but up from the 13.8% reported in 1975. 50, 51

1/ Refer to page 12 for the definition of defendant-indictment unit of count.

DISPOSITIONS - (continued)

- Of the indictments on Class A drug charges disposed by conviction, 34.9% were convictions on the most serious charge in the indictment compared to 49.4% in 1975 and a total of 70.1% were convictions in a Class A offense compared to 82.4% in 1975. In both categories, 1976 showed a sharp drop from 1975 levels. 50, 51
- An increasingly larger proportion of the defendant-indictments disposed by conviction received sentences to state correctional institutions (37.7%) while 18.3% were sentenced to local correctional institutions and 33.9% were sentenced to probation. Similar figures for 1975 record sentences to state institutions at 34.4% of total convictions, sentences to local institutions at 14.7% and sentences to probation at 41.3%. 53
- Sentences for drug convictions on the new drug law showed a similar pattern of increase in the proportion sentenced to state institutions. 52.9% of the 1976 new drug law convictions were sentences to state correctional institutions while 15.7% were sentences to local institutions and 28.9% were sentences to probation. 57
- In 1976, New York City represented a smaller portion of felony defendants disposed statewide (51.8%) than in 1975 (56.7%) but a larger portion of the drug felony indictments disposed, 50.0% (1976) compared to 47.5% (1975). The decrease in the New York City portion of total felony indictments disposed was countered with increases in the portions of both the Suburban Area of New York City and Upstate New York. The Upstate portion of statewide dispositions of drug felony indictments dropped from 33.8% in 1975 to 26.9% in 1976 while both New York City and the Suburban Area of New York City portions increased from 1975. (See Exhibit 4-1) 19
- The distribution of felony defendant-indictments disposed by conviction was similar to the distribution of total indictments disposed. During 1976, Upstate and the Suburban Area of New York City represented larger portions of the statewide figure than in 1975. This increase was accompanied by a drop in the New York City portion. Compared to 1975, a rise was reported in the portion of 1976 drug indictment cases represented by New York City and the Suburban Area of New York City with a drop occurring Upstate. (See Exhibit 4-2) 20

PROCESSING TIME

- For New York State, the median time to process felony cases resulting in dismissal or acquittal continued to take more than twice as long as the median time to process convictions. 62
- The median time for processing the 32,554 reported dispositions was 160 days from indictment to disposition. 62
- The median days from indictment to dismissal in the Suburban Area of New York City reflect those cases which are part of Operation Midway in Nassau County. Operation Midway is a diversionary program in Nassau County applied to selected defendants after indictment. These indictments may be dismissed if they successfully complete a lengthy rehabilitation period extending up to 18 months. The inclusion of defendants who are thus dismissed in the calculation of median days from indictment to dismissal increases the median for the Suburban Area of New York City.

Section 2

FELONY ARRESTS

The felony arrest statistics presented in this section have been generated from the fingerprint file maintained by the Division of Criminal Justice Services. Since New York State Law requires that a fingerprint card be submitted to DCJS as a result of each felony arrest, the file is an excellent source of data concerning statewide felony arrest activity.

The data describe felony arrests only, and therefore, do not necessarily reflect crime incidence for the same time period. In addition, felony arrests may not survive to become indictments, for many are disposed of in lower criminal courts or are weeded out by grand juries. And, because it is not yet possible to link felony arrests to indictments in a continuous data collection process, the relationship between arrest activity and subsequent criminal justice processing cannot be established.

Exhibit 2-1 graphically compares the distribution of total felony and drug felony arrests in New York City, the Suburban Area of New York City and Upstate New York for 1976 with 1975.

Exhibit 2-2 presents arrest figures for the years 1975 and 1976. Exhibits 2-3, 2-4, 2-5 and 2-6 present the breakdown of drug charges for these same periods.

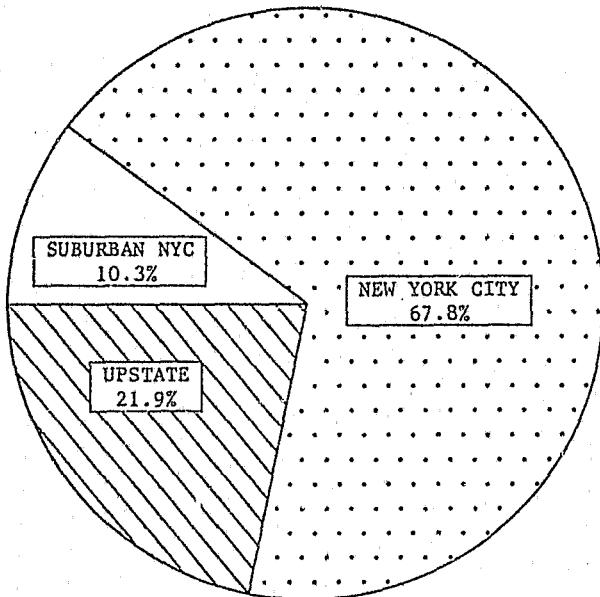

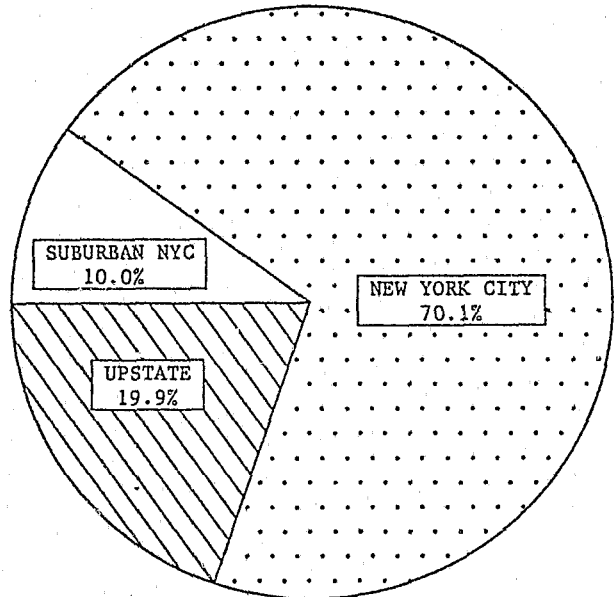

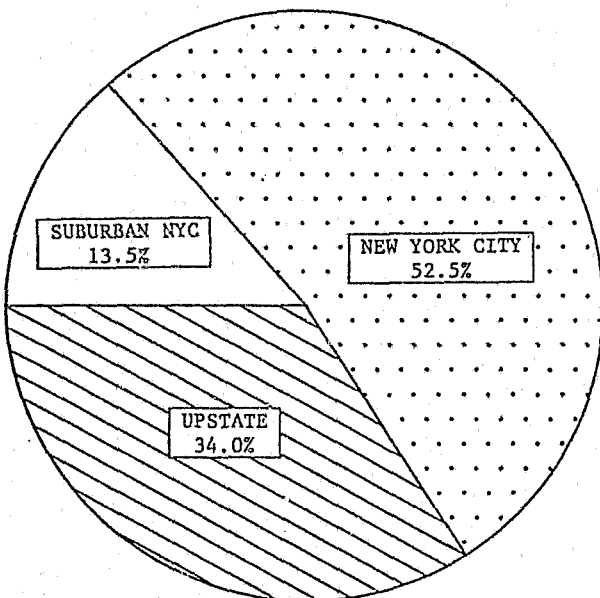

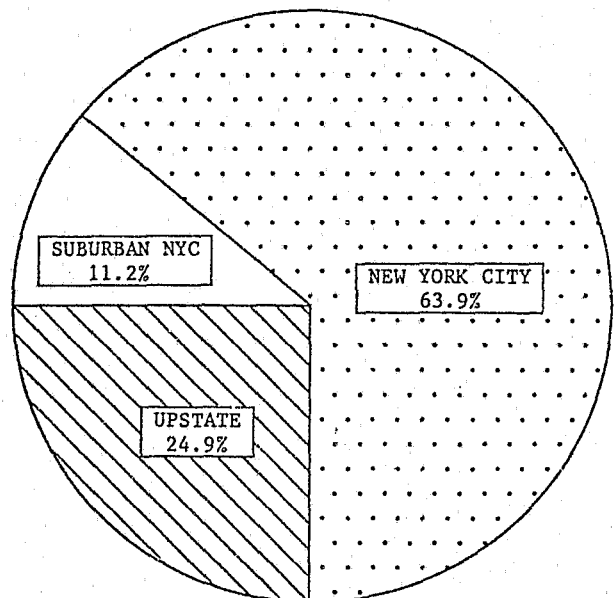

It should be noted that the figures in Exhibit 2-2 are for arrests and that the figures in Exhibits 2-3, 2-4, 2-5 and 2-6 are for arrest charges. Arrests may consist of more than one charge, therefore, total drug charges may exceed total drug arrests.

Any comparisons must be viewed with caution. Since fingerprint cards reach DCJS by mail for most Upstate counties, there is a lag of perhaps several weeks before the fingerprint data base is complete for the prior month. Consequently, the data for the present period may be lower than actual count because some of the December arrests may not have been posted to the data base.

The drug arrests include felony arrests for Penal Law Article 220, Public Health Law Article 33 and for the following sections of Penal Law Article 200, which deal with bribery in drug cases, 200.04, 200.12, 200.22, 200.27.

Exhibits 2-3 through 2-6 present figures for Class A drug charges. These charges stem from arrests involving crimes committed prior to September 1, 1973. Class A crimes committed after September 1, 1973 are recorded on lines Class AI, Class AII, and Class AIII.

Section 3

INDICTMENTS

The statistical gathering and reporting system which was developed in response to the Dangerous Drug Control Law has established a source of data which can be used in describing and analyzing New York State's felony processing from time of indictment through final disposition. This section will present information concerning felony indictments occurring during the period of January 1 through December 31, 1976.

Below is a summary of the classifications of felonies used in these exhibits and in the exhibits of subsequent sections of this report.

PL ART 105 includes conspiracy	PL ART 160 includes robbery
PL ART 120 includes assault	PL ART 165 includes other theft offenses
PL ART 125 includes homicide	PL ART 170 includes forgery
PL ART 130 includes rape	PL ART 200 includes bribery
PL ART 135 includes kidnapping	PL ART 205 includes hindering prosecution
PL ART 140 includes burglary	PL ART 215 includes bail jumping
PL ART 145 includes criminal mischief	PL ART 220 includes drug offenses
PL ART 150 includes arson	PL ART 225 includes gambling
PL ART 155 includes larceny	PL ART 265 includes weapon possession

The unit of count in the reporting system is the defendant-indictment. This is a summation of all defendants indicted and all indictments processed as follows:

1. When several defendants are named in one proceeding or indictment, each defendant is counted separately.
2. When one defendant is named in multiple proceedings or indictments, each indictment is counted separately.

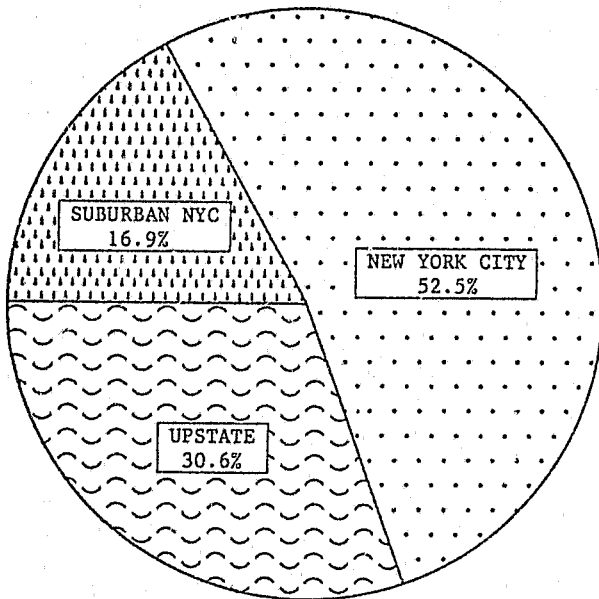

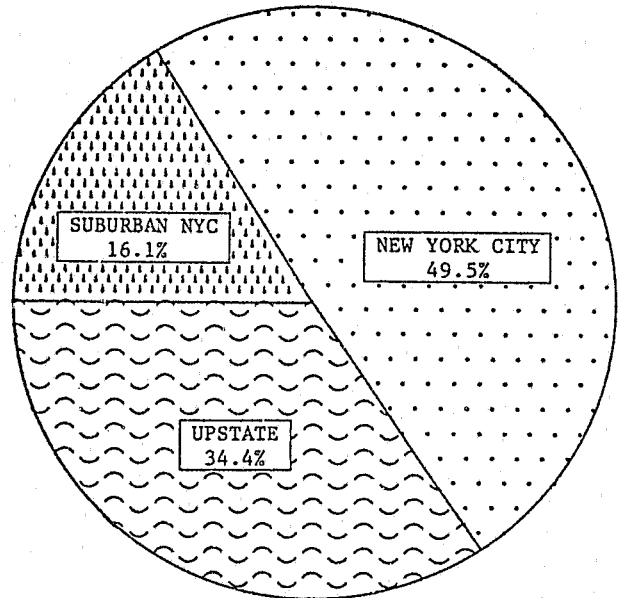

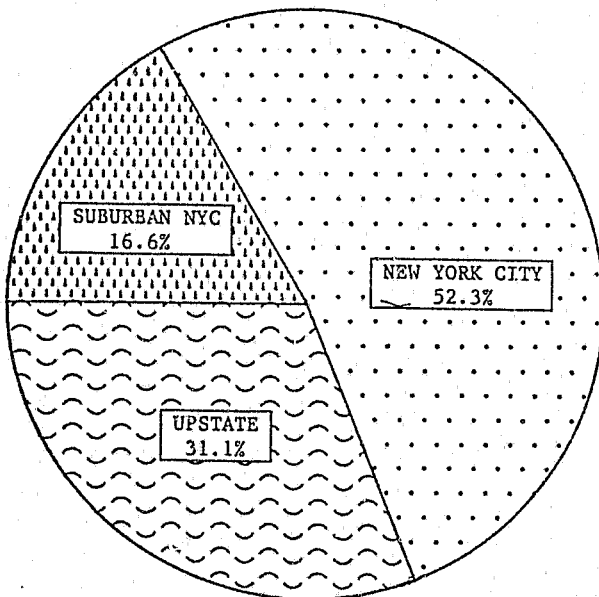

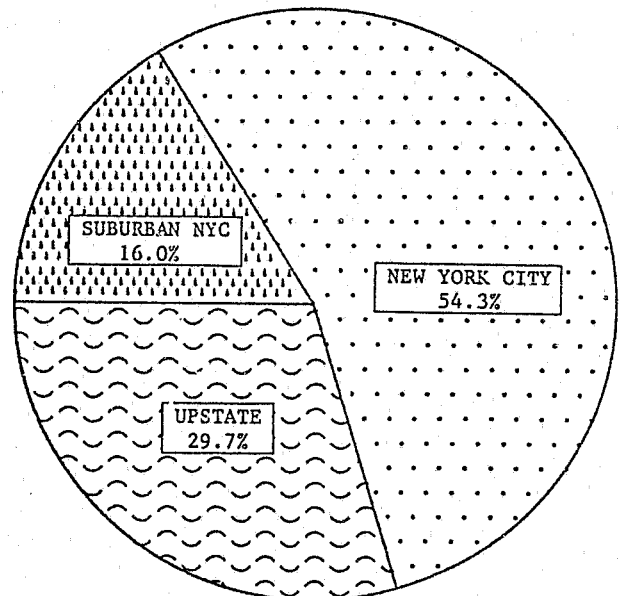

In the event that one indictment contains more than one charge for the defendant, the highest class charge is reported. When a conflict exists, i.e., one or more charges of the same class, the following priority table is used to determine which charge is reported.

1. PL ART 125	9. PL ART 220.21	17. PL ART 165
2. PL ART 135	10. PL ART 220.18	18. PL ART 145
3. PL ART 130	11. PL ART 220.16	19. PL ART 200
4. PL ART 160	12. PL ART 220	20. PL ART 225
5. PL ART 120	13. PL ART 265	21. Other PL ART in numerical sequence.
6. PL ART 220.43	14. PL ART 140	22. Charges listed under other law titles.
7. PL ART 220.41	15. PL ART 150	
8. PL ART 220.39	16. PL ART 155	

Exhibit 3-1 graphically compares the distribution of total felony and drug felony defendant-indictments processed in New York City, the Suburban Area of New York City and Upstate New York for January-December 1976 with the same period in 1975.

Exhibit 3-2 presents year to date figures for defendants indicted on major Penal Law Offenses within major geographical areas - New York State, New York City, Suburban New York City and Upstate. Exhibit 3-3 presents figures for defendants indicted on specific drug charges for the same geographical areas. Quarterly indictment figures for each county are presented in Appendix A.

Section 4

DISPOSITIONS

Between January 1 and December 31, 1976, the disposition of 32,554 defendant-indictments was reported to DCJS. These dispositions, although somewhat fewer than the actual number of dispositions throughout the State, represent a sufficient sample to describe felony processing patterns for the adjudication process that begins with indictment and ends with final disposition.

Exhibit 4-1 graphically compares the distribution of total felony and drug felony defendant-indictments disposed in New York City, the Suburban Area of New York City, and Upstate New York for 1976 with 1975. Exhibit 4-2 compares the distribution of total felony and drug felony defendant-indictments disposed of by conviction in New York City, the Suburban Area of New York City and Upstate New York for 1976 with 1975.

To examine the disposition patterns of indictments, felony defendant processing flow diagrams were created. The flow diagrams depict the various disposition "paths" that a defendant may follow. Exhibits 4-3 through 4-6 are for New York State, New York City, Suburban New York City and Upstate New York. Appendix A provides similar flow diagrams by Judicial Department.

For each chart, the unit of count is the indicted defendant: an individual who is indicted in two separate indictments is counted as two indicted-defendants. The number entries indicate how many indicted defendants were processed through each disposition path. Except where noted, the percent figures measure the proportion of total indicted defendants that remain at each point on the diagram.

NET DISPOSITIONS

The differences in the regional use of "other court action" as a disposition may complicate the picture of felony processing. The disposition flows, referred to above, traced indicted defendants as a function of total indicted defendants whose cases were disposed of. By subtracting the "other court action" category from the total, net dispositions result. Net dispositions are defined as indicted defendants disposed of on the merits of the indictment (not by plea to another indictment or consolidation, etc.). Felony defendant processing flows showing net dispositions are presented for New York City, Suburban New York City and Upstate New York in Exhibits 4-7 through 4-9.

DISPOSITION BY ARTICLE

Exhibits 4-10, 4-12, 4-14 and 4-16 present the disposition patterns of felony indictments for New York State, New York City, Suburban New York City and Upstate New York.

Exhibits 4-11, 4-13, 4-15 and 4-17 present the sentences reported for those indictments that resulted in a conviction.

Together, these Exhibits provide a tracking of indictments for specific types of felonies indicating what happened at different stages of the criminal justice process.

To highlight Felony Drug Case processing, the Exhibits 4-18 through 4-25 were generated to depict the disposition and sentencing patterns of defendants indicted on drug charges.

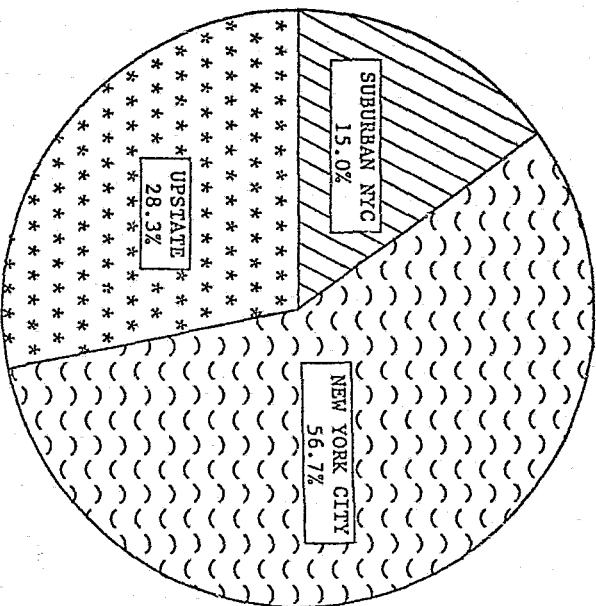

Included in the row labeled "Other Drug Charges" are cases for crimes committed prior to 9/1/73.

The row labeled "Total Class A" is a total of the new Class A I, A II, and A III charges and does not include any of the old Class A charges.

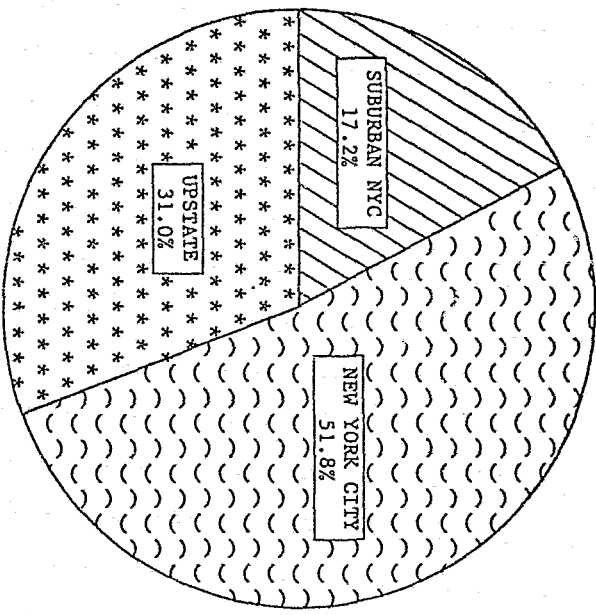

It should be noted that the sentences in Exhibits 4-11, 4-13, 4-15, 4-17, 4-19, 4-23 and 4-25 are related to the indictment charges not conviction charges. Sentences for conviction charges can be found in Exhibits 4-33 through 4-40.

CCJS -- DIVISION OF CRIMINAL JUSTICE SERVICES

INDICTMENT vs. CONVICTION CHARGES

For all convicted defendants, a comparison has been made between indictment charges and conviction charges in order to examine charge reduction during felony prosecutions. These comparisons are presented for convictions in New York State, New York City, Suburban New York City and Upstate New York in Exhibits 4-26 through 4-29. The tables divide convicted offenses into three categories: (1) same offense as indictment offense; (2) same Penal Law article as indictment offense but different charge (subdivided to show the class of the convicted offense) and (3) different article than indictment offense (broken down by class). For example, Exhibit 4-26 indicates that for all New York State Class A felony indictments, 27.6% were convicted of the same offense, 57.9% of the same article but different offense, (14.2% being Class B felony convictions) and 14.5% were convicted of an offense in another Penal Law article. Each column illustrates, similarly, the conviction charges for a particular class of felony indictments.

For felony cases involving multiple indictment/conviction charges per defendant, the data collection reports only the most serious indictment/conviction charge. Thus, for example, the New York State totals in Exhibit 4-26 indicate that 28.0% of the defendants were convicted for the most serious indictment charge.

Exhibit 4-30 illustrates, for New York State reported convictions, the relationship between indictment charge and conviction charge for major Penal Law articles. The percentages represent the proportion of persons indicted in one category who were convicted in another. For example, 74.2% of persons indicted for homicide were convicted of homicide, while 9.9% were convicted of felonious assault.

Finally, Exhibits 4-31 and 4-32 show a similar statewide analysis of charge reduction for convictions of defendants indicted on drug sale or drug possession offenses within the new drug law.

SENTENCES BY CONVICTION CHARGE

Exhibits 4-33 through 4-36 present sentencing patterns for specific conviction charges in New York State, New York City, Suburban New York City and Upstate New York respectively.

Exhibits 4-37 through 4-40 present sentencing patterns for conviction of specific drug felonies in the same four areas.

It should be noted that the variation in sentencing within a specific article can be attributed to the fact that many different class felonies, including attempts to commit these felonies, fall within the same article.

Section 5

FELONY DEFENDANT PROCESSING TIMES

The use of offender-based statistics and the tracking of each case for each defendant from time of indictment until final disposition makes possible the measuring of elapsed times between various stages in processing.

Exhibits 5-1 through 5-4 are flow diagrams which summarize processing time for New York State, New York City, Suburban New York City and Upstate New York, respectively. Processing times for defendants indicted on felony drug charges are presented in Exhibits 5-5 through 5-8. Exhibits 5-9 through 5-12 present the processing times for defendants indicted under the new Dangerous Drug Control Law. Processing times for defendants indicted on Class A Drug Charges under the new Law are presented in Exhibits 5-13 through 5-16.

Processing times for these same categories by Judicial Department are found in the Appendices.

The times used in the flow diagrams are median days. The median is obtained by ranking all the values in a specific category (e.g., time from indictment to disposition) and choosing the middle number--that is, the value with an equal amount of numbers above and below it. As a result, median values are not influenced by very large or very small numbers the way "average" values are.

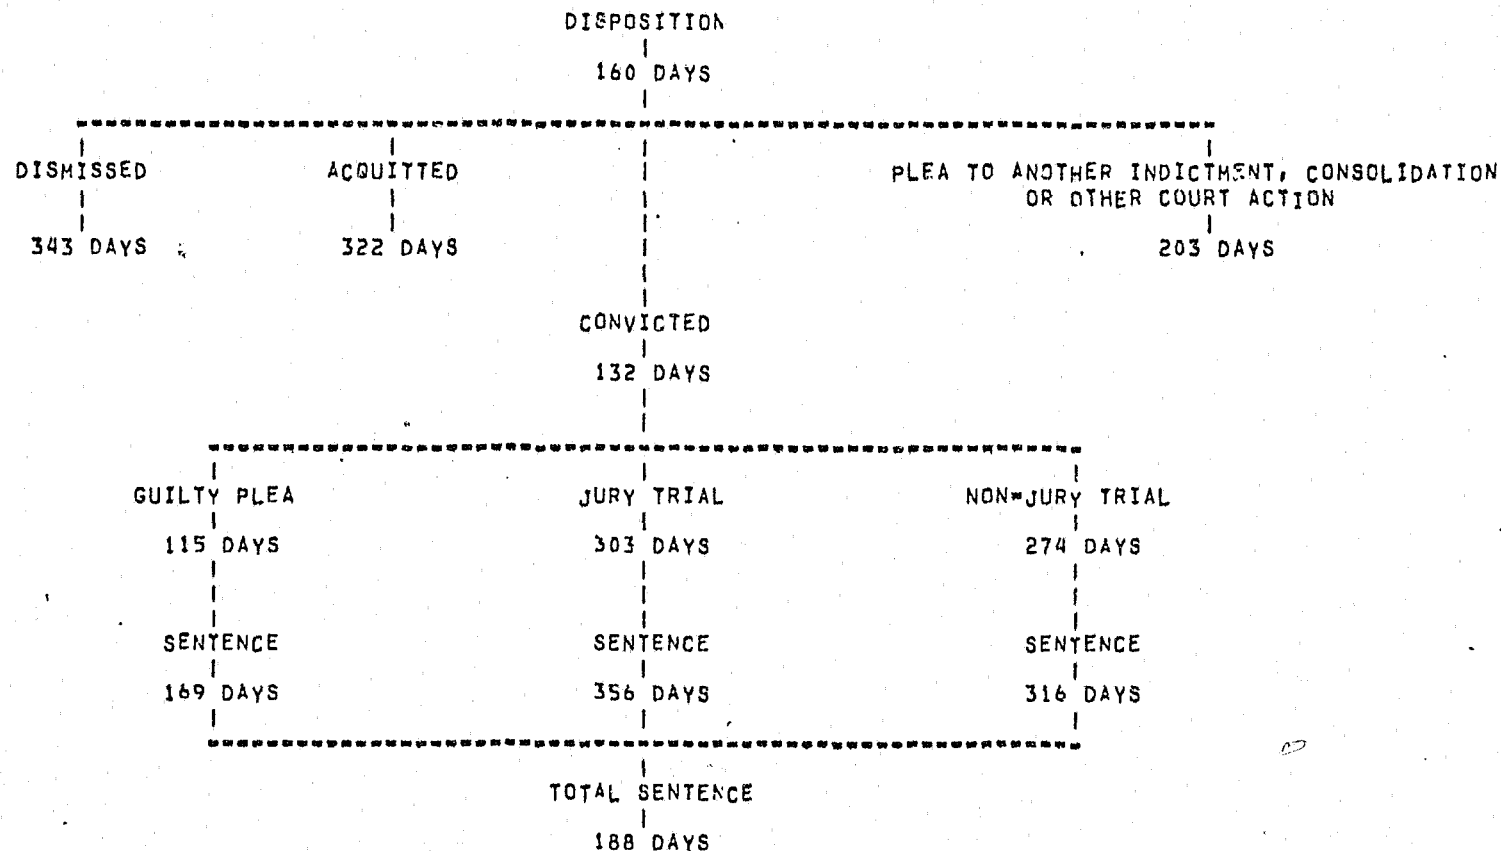

At the top of each exhibit the value associated with the term "disposition" is median days from indictment to disposition, regardless of type. The diagrams then branch to show median days from indictment to specific type of disposition. Similarly, the numbers associated with "convicted" and "total sentence" represent times from indictment to conviction and sentencing for all convictions, regardless of type of processing. The branches for "guilty plea", "jury trial" and "non-jury trial" differentiate between processing times associated with the types of proceeding by which a conviction was obtained.

Some of the processing times contained in the diagrams appear quite large especially in the area of "maximum" times. This may be caused by several characteristics of felony processing: some of the cases were not covered by the rules governing speedy trials, and may result in high processing times; the nature of homicide and rackets cases tends to slow processing; interim commitments to mental facilities result in prosecution continuing over long time periods.

APPENDIX F

DCJS-1020 FORM USED TO COLLECT DATA

STATE OF NEW YORK - EXECUTIVE DEPARTMENT
DIVISION OF CRIMINAL JUSTICE SERVICESFELONY INDICTMENT *and* PROSECUTION
REPORT

CONTROL NUMBER

INSTRUCTIONS:

- This is a two part reporting system for indictments handed up after Aug. 31, 1973.
 - Submit "INDICTMENT/DEFENDANT INFORMATION" sheet when indictment is handed up.
 - Submit "PROSECUTION INFORMATION" sheet at;
 - Final disposition, if not convicted.
 - Sentence, if convicted.
 (When "PROSECUTION INFORMATION" becomes available for defendants indicted prior to Sept. 1, 1973, submit completed sections A and B.
- The unit of count is the defendant; complete a separate form for each defendant indicted.
- To report highest class charge, select "top count" on indictment; when conflict exists, refer to Priority Sequence of Felony Offenses.
- Thank you. Please submit completed forms to: DCJS - Statistical Control Unit
Executive Park Tower
Stuyvesant Plaza
Albany, New York 12203

A. INDICTMENT/DEFENDANT INFORMATION
