STATE OF NEW YORK
DIVISION OF CRIMINAL JUSTICE SERVICES
EXECUTIVE PARK TOWER
STUYVESANT PLAZA
ALBANY, NEW YORK 12203

July 29, 1977

TO: the Honorable Hugh Carey
the Honorable Warren M. Anderson
the Honorable Manfred Ohrenstein
the Honorable Stanley Steingut
the Honorable Perry B. Duryea, Jr.

The Division of Criminal Justice Services has the honor to submit, pursuant to Chapter 603 of the Laws of 1973, the second quarterly report for 1977 on the processing of felony cases in the courts.

The information presented herein is based upon arrest data reported to the Division under Criminal Procedure Law Section 160.20, and upon information concerning indictments and their dispositions submitted by district attorneys under Sections 837-a and 837-b of the Executive Law.

The Division wishes to thank the District Attorneys of New York State and the other individuals who participated in the preparation of the report.

PREFACE

The following report presents statistics concerning New York State indictments and felony prosecutions for the second quarter of 1977. This report is the fifteenth in a series of regular quarterly reports required under Chapter 603 of the Laws of 1973.

The primary objective of the data collection and reporting system is to supply useful and timely information to members of the criminal justice community. The requirement to produce the report at the close of the quarter implies that information relating to activity during the last days of the quarter may not be received and processed in time for publication. It should be understood that some incompleteness will exist in current data, however, patterns of felony processing can be portrayed adequately on the basis of the data received.

The data presented in this report include both defendant-indictments, and defendant-indictment cases that were disposed of during second quarter 1977. Because convictions are not reported until time of sentencing, the category "defendant-indictments disposed of" refers to any of the following types of cases:

1. Defendant-indictment convictions and sentences during January-June 1977.
2. Defendant-indictment convictions during a previous period but sentence not rendered until the current quarter.
3. Dispositions other than convictions during January-June 1977.

The exhibits included in the body of the report focus on three major geographical areas of the State - New York City, Suburban New York City and Upstate. Suburban New York City includes the counties of Nassau, Rockland, Suffolk and Westchester, areas characteristically different from either New York City or Upstate New York. In addition, similar information is presented by Judicial Department in the Appendices.

These reports and the information presented herein may suggest certain additional data or exhibits of interest to specific readers. Such information, if available, will be provided upon request by DCJS.

Section 1

JANUARY-JUNE SUMMARY

PAGE REFERENCE

ARRESTS

- A total of 69,090 felony arrests were reported to the Division of Criminal Justice Services by New York State law enforcement agencies for the period January-June 1977. This figure was 4.4% above arrests for the first six months of 1976 with the increase attributable to a 7.9% rise in New York City. The Suburban Area of New York City (comprising the counties of Nassau, Rockland, Suffolk and Westchester) reported a decline of 1.4% while Upstate dropped 5.1%. 7
- Non-drug felony arrests accounting for 85.8% of all January-June 1977 statewide felony arrests, reported a small increase of 2.3% over the first half of 1976: New York City rose 4.0%, the Suburban Area of New York City dropped 2.4% and Upstate declined 1.4%. 7
- Geographically, drug felony arrests for January-June 1977 demonstrated differing patterns of change from the first half of 1976: up 39.6% in New York City, down 24.7% Upstate, and a modest increase of 4.5% in the Suburban Area of New York City. For the state as a whole, felony drug arrests were 18.6% above January-June 1976. 7
- Class A drug arrest "charges" for January-June 1977 advanced 29.7% statewide over the first half of 1976. Increases of 42.4% in New York City and 5.5% in the Suburban Area of New York City were coupled with a drop of 29.5% Upstate. The dramatic change occurred in arrests for Class A-III "charges": up 66.6% in New York City, up 22.1% in the Suburban Area of New York City and down 37.7% Upstate for a statewide increase of 48.2%. It should be noted that Section 220.10 of the Criminal Procedure Law was revised July 1976 to allow Class A-III felonies to be plead down to a Class C felony. 8, 9, 10, 11
- January-June 1977 arrests for Sale of a Controlled Substance "charges" (up 36.5% from the same period of 1976) advanced more rapidly than arrests for Possession of a Controlled Substance "charges" (up 13.1%). 8
- The distribution of statewide drug arrests among New York City, the Suburban Area of New York City and Upstate changed materially for January-June 1977 compared to the first half of 1976 because of the dramatic increase in New York City drug arrests coupled with a major drop Upstate. New York City comprised 72.6% of January-June 1977 statewide figure compared to 61.7% for the first half of 1976 while Upstate dropped to 16.4% in January-June 1977 from 25.8% in the first six months of 1976. The Suburban Area of New York City remained relatively stable at 11.0% of the total state in January-June 1977 compared to 12.5% in the first half of 1976. 6
- In contrast to the distribution of drug felony arrests, total felony arrests reported little change: New York City accounted for 72.2% of the statewide felony arrests for January-June 1977 compared to 69.8% in the first half of 1976; Upstate dropped to 18.1% in the current period from 19.9% last year; and the Suburban Area of New York City dropped to 9.7% from 10.3%. 6

INDICTMENTS

- District Attorneys throughout the state reported 15,255 defendant-indictments for the first half of 1977 ^{1/}. It should be noted that the data refer to indictments filed from January 1, 1977 through June 30, 1977 and do not necessarily coincide with the terms of the various grand juries. 15
- For the state as a whole, robbery, burglary and drug offenses accounted for 57.0% of all reported indictments. In New York City, robbery accounted for 33.2% of total defendant-indictments and drug felonies, 15.9%. The highest incidence of indictments for both the Suburban Area of New York City and Upstate was burglary with robbery second. In the Suburban Area of New York City, burglary accounted for 27.5% of all indictments and robbery 15.9%. Upstate reported burglary at 35.4% of total and robbery at 10.5%. 15
- Statewide, indictments for sale of controlled substance ^{2/} accounted for 69.6% of all felony drug indictments. In New York City indictments for sale of controlled substance represented 72.6% of all drug indictments while the Suburban Area of New York City reported 86.6%. Upstate indictments for sale of controlled substance (51.6%) were only slightly more than indictments for possession (48.2%). 16
- Class A drug indictments accounted for nearly two-thirds of all drug indictments reported. In New York City 77.0% of all indictments were for Class A drug charges compared to 66.9% in the Suburban Area of New York City and 27.8% Upstate. 16
- Overall, the distribution of total felony defendant-indictments for January-June 1977 among New York City, Suburban New York City and Upstate New York was similar to the distribution for the first half of 1976. The distribution of drug felony indictments recorded more sizeable shifts. In January-June 1977, New York City accounted for 59.4% of all drug felony indictments compared to 54.9% in the first half of 1976. This increase was accompanied by small declines in Upstate (to 24.8% in the first half of 1977 from 27.9% in January-June 1976) and the Suburban Area of New York City (at 15.8% in January-June 1977 from 17.2% in the first six months of 1976). 14

DISPOSITIONS

- A total of 17,582 felony defendant-indictment cases were reported disposed during January-June 1977 ^{1/}. 17
- Trials, either jury or non-jury, accounted for only 10.2% of all defendant-indictments disposed statewide. 67.8% of these trials were disposed by conviction. 21

^{1/} Refer to page 12 for the definition of defendant-indictment unit of count.

^{2/} Indictments containing charges of equal degree for both sale and possession of controlled substances are recorded as indictments for sale of controlled substances.

DISPOSITIONS - (continued)

- Statewide, convictions accounted for 79.5% of the reported dispositions. In New York City convictions represented 76.3% of all dispositions while the Suburban Area of New York City reported convictions at 87.5% of total and Upstate New York at 80.7%. It should be noted that convictions do not in all cases represent convictions on felony charges. 21, 22, 23, 24
- The conviction rate for indictments in the Suburban Area of New York City reflects those cases which are part of Operation Midway in Nassau County. Operation Midway is a diversionary program in Nassau County applied to selected defendants after indictment. These indictments may be dismissed if the defendants successfully complete a lengthy rehabilitative period extending up to 18 months. The inclusion of defendants who are thus dismissed in the calculation of conviction rates reduces the overall conviction rate for the Suburban Area of New York City.
- The category "other court action" referring generally to consolidation of indictments or plea to another indictment, varies according to county practice. This disposition applies to 7.2% of defendant-indictments in New York City, 3.0% in the Suburban Area of New York City and 7.1% Upstate. Subtracting "other court action" from total disposition yields a net conviction rate of 82.3% in New York City, 90.2% in the Suburban Area of New York City and 86.8% Upstate. 22, 23, 24, 25, 26, 27
- Guilty Pleas accounted for 91.3% of all reported convictions statewide. Pleas represented 89.1% of all New York City convictions, 94.2% of all convictions in the Suburban Area of New York City, and 93.2% of the Upstate convictions. 21, 22, 23, 24
- A total of 13,971 convictions were reported for the first half of 1977. Of these, 30.1% were convictions for the most serious charge in the indictment and an additional 32.0% were convictions of felonies in the same or next lower class as the one for which they were indicted. 45
- Responding to the revised Criminal Procedure Law allowing Class A-III "charges" to be reduced to Class C felony, the disposition patterns of Class A drugs changed materially. Of the indictments on Penal Law Section 220.39 (Class A-III) disposed by conviction, 62.8% were convicted on a Class C charge. Only 21.0% of the indictments on Class A drug charges disposed by conviction were convictions on the most serious charge and a total of 52.4% were convictions on any Class A offense. These were sharply below earlier levels. In January-June 1976, 45.1% of the indictments on Class A drug charges were convicted of the most serious offense and 82.1% were convicted of any Class A offense. 50, 51
- The change in the disposition of Class A-III drugs also affected the overall pattern of drug convictions on most serious charge. Of the indictments for the sale of a controlled substance disposed by conviction only 20.6% were convictions on the most serious charge in the indictment, considerably below the 37.5 percentage reported in 1976. In contrast, of the indictments for possession of a controlled substance disposed by convictions, 24.5% were convictions on the most serious charge in the indictment, well above the 1976 figure of 16.7%. 50, 51

DISPOSITIONS - (continued)

- Sentences to state correctional institutions at 40.2% of total defendant-indictments disposed by conviction continued to account for an increasingly larger proportion of those disposed by conviction. Sentences to local correctional institutions accounted for 21.3% of total and sentences to probation, 29.9%. It should be noted that for statistical purposes, sentences to imprisonment and probation combined are recorded as sentences to local imprisonment in this publication. 53
- Of the convictions on new drug law charges, 50.2% were sentences to state correctional institutions, 26.9% were sentences to local institutions and 20.3% were sentences to probation. As noted in the previous paragraph, sentences to local institutions include combined sentences of imprisonment and probation. 57
- The distribution of felony defendant-indictments disposed and convictions among New York City, the Suburban Area of New York City and Upstate recorded only minor differences between January-June 1977 and January-June 1976. 19, 20 --
- Following the patterns for arrests and indictments, the distribution of January-June 1977 drug felony defendant-indictments for disposed and for convictions presented major changes from January-June 1976. Of the total drug felony defendant-indictments disposed in January-June 1977, New York City accounted for 55.4%, 7.7% more than the 47.7% recorded in the first half of 1976 while Suburban New York City dropped from 24.0% of total disposed in 1976 up 19.2% in 1977, and Upstate dropped from 28.3% in the first half of 1976 to 25.4% in the six months of 1977. Distribution of convictions of drug felony defendant-indictments presented a similar pattern with New York City at 53.2% of total January-June 1977 compared to 45.7% for the first half of 1976. The Suburban Area of New York City dropped from 24.1% in January-June 1976 to 21.5% in 1977 and Upstate dropped from 30.2% to 25.0% for the same periods. 19, 20

PROCESSING TIMES

- For New York State, the median time to process felony cases resulting in dismissal (287 days) or acquittals (315 days) continues to take more than twice as long as the median time to process convictions (121 days). The conviction time obviously reflects the high percentage of guilty pleas. The high dismissal processing time may be a reflection of a number of defendants who are confined to a mental institution for protracted periods before dismissal. 62
- The median time for processing 17,582 reported dispositions was 142 days from indictment to disposition. As expected, the more serious charges took longer to process. Class A drugs, totaling 1,460 dispositions reported 238 days from indictment to disposition. 62, 74
- The median days from indictment to dismissal in the Suburban Area of New York City reflect those cases which are part of Operation Midway in Nassau County. Operation Midway is a diversionary program in Nassau County applied to selected defendants after indictment. These indictments may be dismissed if they successfully complete a lengthy rehabilitative period extending up to 18 months. The inclusion of defendants who are thus dismissed in the calculation of median days from indictment to dismissal increases the median for the Suburban Area of New York City.

Section 2

FELONY ARRESTS

The felony arrest statistics presented in this section have been generated from the fingerprint file maintained by the Division of Criminal Justice Services. Since New York State Law requires that a fingerprint card be submitted to DCJS as a result of each felony arrest, the file is an excellent source of data concerning statewide felony arrest activity.

The data describe felony arrests only, and therefore, do not necessarily reflect crime incidence for the same time period. In addition, felony arrests may not survive to become indictments, for many are disposed of in lower criminal courts or are weeded out by grand juries. And, because it is not yet possible to link felony arrests to indictments in a continuous data collection process, the relationship between arrest activity and subsequent criminal justice processing cannot be established.

Exhibit 2-1 graphically compares the distribution of total felony and drug felony arrests in New York City, the Suburban Area of New York City and Upstate New York for January-June 1976 and January-June 1977.

Exhibit 2-2 presents January-June arrest figures for the years 1976 and 1977. Exhibits 2-3, 2-4, 2-5 and 2-6 present the breakdown of drug charges for these same periods.

It should be noted that the figures in Exhibit 2-2 are for arrests and that the figures in Exhibits 2-3, 2-4, 2-5 and 2-6 are for arrest charges. Arrests may consist of more than one charge, therefore, total drug charges may exceed total drug arrests.

Any comparisons must be viewed with caution. Since fingerprint cards reach DCJS by mail for most Upstate counties, there is a lag of perhaps several weeks before the fingerprint data base is complete for the prior month. Consequently, the data for the present period may be lower than actual count because some of the June arrests may not have been posted to the data base.

The drug arrests include felony arrests for Penal Law Article 220, Public Health Law Article 33 and for the following sections of Penal Law Article 200, which deal with bribery in drug cases, 200.04, 200.12, 200.22, 200.27.

Exhibits 2-3 through 2-6 present figures for Class A drug charges. These charges stem from arrests involving crimes committed prior to September 1, 1973. Class A crimes committed after September 1, 1973 are recorded on lines Class AI, Class AII, and Class AIII.

Section 3

INDICTMENTS

The statistical gathering and reporting system which was developed in response to the Dangerous Drug Control Law has established a source of data which can be used in describing and analyzing New York State's felony processing from time of indictment through final disposition. This section will present information concerning felony indictments occurring during the period of January 1 through June 30, 1977.

Below is a summary of the classifications of felonies used in these exhibits and in the exhibits of subsequent sections of this report.

PL ART 105 includes conspiracy	PL ART 160 includes robbery
PL ART 120 includes assault	PL ART 165 includes other theft offenses
PL ART 125 includes homicide	PL ART 170 includes forgery
PL ART 130 includes rape	PL ART 200 includes bribery
PL ART 135 includes kidnapping	PL ART 205 includes hindering prosecution
PL ART 140 includes burglary	PL ART 215 includes bail jumping
PL ART 145 includes criminal mischief	PL ART 220 includes drug offenses
PL ART 150 includes arson	PL ART 225 includes gambling
PL ART 155 includes larceny	PL ART 265 includes weapon possession

The unit of count in the reporting system is the defendant-indictment. This is a summation of all defendants indicted and all indictments processed as follows:

1. When several defendants are named in one proceeding or indictment, each defendant is counted separately.
2. When one defendant is named in multiple proceedings or indictments, each indictment is counted separately.

In the event that one indictment contains more than one charge for the defendant, the highest class charge is reported. When a conflict exists, i.e., one or more charges of the same class, the following priority table is used to determine which charge is reported.

- | | | |
|------------------|-------------------|--|
| 1. PL ART 125 | 9. PL ART 220.21 | 17. PL ART 165 |

| 7. PL ART 220.41 | 15. PL ART 150 | |
| 8. PL ART 220.39 | 16. PL ART 155 | |

Exhibit 3-1 graphically compares the distribution of total felony and drug felony defendant-indictments processed in New York City, the Suburban Area of New York City and Upstate New York for January-June 1977 with the same period in 1976.

Exhibit 3-2 presents year to date figures for defendants indicted on major Penal Law Offenses within major geographical areas -- New York State, New York City, Suburban New York City and Upstate. Exhibit 3-3 presents figures for defendants indicted on specific drug charges for the same geographical areas. Quarterly indictment figures for each county are presented in Appendix A.

Section 4

DISPOSITIONS

Between January 1 and June 30, 1977, the disposition of 17,582 defendant-indictments was reported to DCJS. These dispositions, although somewhat fewer than the actual number of dispositions throughout the State, represent a sufficient sample to describe felony processing patterns for the adjudication process that begins with indictment and ends with final disposition.

Exhibit 4-1 graphically compares the distribution of total felony and drug felony defendant-indictments disposed in New York City, the Suburban Area of New York City, and Upstate New York for January-June 1977 with January-June 1976. Exhibit 4-2 compares the distribution of total felony and drug felony defendant-indictments disposed of by conviction in New York City, the Suburban Area of New York City and Upstate New York for January-June 1977 with January-June 1976.

To examine the disposition patterns of indictments, felony defendant processing flow diagrams were created. The flow diagrams depict the various disposition "paths" that a defendant may follow. Exhibits 4-3 through 4-6 are for New York State, New York City, Suburban New York City and Upstate New York. Appendix A provides similar flow diagrams by Judicial Department.

For each chart, the unit of count is the indicted defendant: an individual who is indicted in two separate indictments is counted as two indicted defendants. The number entries indicate how many indicted defendants were processed through each disposition path. Except where noted, the percent figures measure the proportion of total indicted defendants that remain at each point on the diagram.

NET DISPOSITIONS

The differences in the regional use of "other court action" as a disposition may complicate the picture of felony processing. The disposition flows, referred to above, traced indicted defendants as a function of total indicted defendants whose cases were disposed of. By subtracting the "other court action" category from the total, net dispositions result. Net dispositions are defined as indicted defendants disposed of on the merits of the indictment (not by plea to another indictment or consolidation, etc.). Felony defendant processing flows showing net dispositions are presented for New York City, Suburban New York City and Upstate New York in Exhibits 4-7 through 4-9.

DISPOSITION BY ARTICLE

Exhibits 4-10, 4-12, 4-14 and 4-16 present the disposition patterns of felony indictments for New York State, New York City, Suburban New York City and Upstate New York.

Exhibits 4-11, 4-13, 4-15 and 4-17 present the sentences reported for those indictments that resulted in a conviction.

Together, these Exhibits provide a tracking of indictments for specific types of felonies indicating what happened at different stages of the criminal justice process.

To highlight Felony Drug Case processing, the Exhibits 4-18 through 4-25 were generated to depict the disposition and sentencing patterns of defendants indicted on drug charges.

Included in the row labeled "Other Drug Charges" are cases for crimes committed prior to 9/1/73.

The row labeled "Total Class A" is a total of the New Class A I, A II, and A III charges and does not include any of the old Class A charges.

It should be noted that the sentences in Exhibits 4-11, 4-13, 4-15, 4-17, 4-19, 4-23 and 4-25 are related to the indictment charges not conviction charges. Sentences for conviction charges can be found in Exhibits 4-33 through 4-40.

DCJS -- DIVISION OF CRIMINAL JUSTICE SERVICES

INDICTMENT vs. CONVICTION CHARGES

For all convicted defendants, a comparison has been made between indictment charges and conviction charges in order to examine charge reduction during felony prosecutions. These comparisons are presented for convictions in New York State, New York City, Suburban New York City and Upstate New York in Exhibits 4-26 through 4-29. The tables divide convicted offenses into three categories: (1) same offense as indictment offense; (2) same Penal Law article as indictment offense but different charge (subdivided to show the class of the convicted offense) and (3) different article than indictment offense (broken down by class). For example, Exhibit 4-26 indicates that for all New York State Class A felony indictments, 19.8% were convicted of the same offense, 64.3% of the same article but different offense, (13.1% being Class B felony convictions) and 15.9% were convicted of an offense in another Penal Law article. Each column illustrates, similarly, the conviction charges for a particular class of felony indictments.

For felony cases involving multiple indictment/conviction charges per defendant, the data collection reports only the most serious indictment/conviction charge. Thus, for example, the New York State totals in Exhibit 4-26 indicate that 30.1% of the defendants were convicted for the most serious indictment charge.

Exhibit 4-30 illustrates, for New York State reported convictions, the relationship between indictment charge and conviction charge for major Penal Law articles. The percentages represent the proportion of persons indicted in one category who were convicted in another. For example, 67.5% of persons indicted for homicide were convicted of homicide, while 13.5% were convicted of felonious assault.

Finally, Exhibits 4-31 and 4-32 show a similar statewide analysis of charge reduction for convictions of defendants indicted on drug sale or drug possession offenses within the new drug law.

DIVISION OF CRIMINAL JUSTICE SERVICES

SENTENCES BY CONVICTION CHARGE

Exhibits 4-33 through 4-36 present sentencing patterns for specific conviction charges in New York State, New York City, Suburban New York City and Upstate New York respectively.

Exhibits 4-37 through 4-40 present sentencing patterns for convictions of specific drug felonies in the same four areas.

It should be noted that the variation in sentencing within a specific article can be attributed to the fact that many different class felonies, including attempts to commit these felonies, fall within the same article.

Section 5

FELONY DEFENDANT PROCESSING TIMES

The use of offender-based statistics and the tracking of each case for each defendant from time of indictment until final disposition makes possible the measuring of elapsed times between various stages in processing.

Exhibits 5-1 through 5-4 are flow diagrams which summarize processing time for New York State, New York City, Suburban New York City and Upstate New York, respectively. Processing times for defendants indicted on felony drug charges are presented in Exhibits 5-5 through 5-8. Exhibits 5-9 through 5-12 present the processing times for defendants indicated under the new Dangerous Drug Control Law. Processing times for defendants indicted on Class A Drug Charges under the new Law are presented in Exhibits 5-13 through 5-16.

Processing times for these same categories by Judicial Department are found in the Appendices.

The times used in the flow diagrams are median days. The median is obtained by ranking all the values in a specific category (e.g., time from indictment to disposition) and choosing the middle number--that is, the value with an equal amount of numbers above and below it. As a result, median values are not influenced by very large or very small numbers the way "average" values are.

At the top of each exhibit the value associated with the term "disposition" is median days from indictment to disposition, regardless of type. The diagrams then branch to show median days from indictment to specific type of disposition. Similarly, the numbers associated with "convicted" and "total sentence" represent times from indictment to conviction and sentencing for all convictions, regardless of type of processing. The branches for "guilty plea", "jury trial" and "non-jury trial" differentiate between processing times associated with the types of proceeding by which a conviction was obtained.

Some of the processing times contained in the diagrams appear quite large especially in the area of "maximum" times. This may be caused by several characteristics of felony processing: some of the cases were not covered by the rules governing speedy trials, and may result in high processing times; the nature of homicide and rackets cases tends to slow processing; interim commitments to mental facilities result in prosecution continuing over long time periods.

APPENDIX F

DCJS-1020 FORM USED TO COLLECT DATA

STATE OF NEW YORK - EXECUTIVE DEPARTMENT
DIVISION OF CRIMINAL JUSTICE SERVICES

CONTROL NUMBER

FELONY INDICTMENT and PROSECUTION
REPORT

INSTRUCTIONS:

- This is a two part reporting system for indictments handed up after Aug. 31, 1973.
 - Submit "INDICTMENT/DEFENDANT INFORMATION" sheet when indictment is handed up.
 - Submit "PROSECUTION INFORMATION" sheet at:
 - Final disposition, if not convicted.
 - Sentence, if convicted.
 (When "PROSECUTION INFORMATION" becomes available for defendants indicted prior to Sept. 1, 1973, submit completed sections A and B.
- The unit of count is the defendant; complete a separate form for each defendant indicted.
- To report highest class charge, select "top count" on indictment; when conflict exists, refer to Priority Sequence of Felony Offenses.
- Thank you. Please submit completed forms to: DCJS - Statistical Control Unit
Executive Park Tower
Stuyvesant Plaza
Albany, New York 12203
