OFFICE OF THE SHERIFF

Milwaukee County

MICHAEL S. WOLKE • Sheriff
GEORGE J. KOSALOS • Inspector

February 15, 1978

The Honorable
County Board of Supervisors
Courthouse
Milwaukee, Wisconsin

Gentlemen:

I am pleased to submit to your Honorable Body the following report, listing the functions and activities of this Department for the year 1977.

With a deep sense of pride and satisfaction, I wish to acknowledge the excellent cooperation and support from the staff and personnel of this department in compiling this report.

In addition, I would like to recognize with grateful thanks and appreciation the many contributions of the County Executive, the County Board and all County Departments towards the fulfillment of our prescribed duties and responsibilities to the citizens of this County.

Respectfully submitted,

Michael S. Wolke

ADMINISTRATION

The proposed acquisition of 24 additional Deputy Sheriff Cadets was submitted to the County Board for review and consideration. Acceptance of this concept would instigate a career ladder and trained cadre for future Deputy Sheriffs and have a salutary effect on this department's affirmative action goals.

With moving the night watch commanders operation to Room 310, Safety Building, East, a first time historical event occurred. The Sheriff's Department Administration offices are locked and secured from 5:00 P.M. to 7:00 A.M. daily, Monday through Friday, and 5:00 P.M. Friday through 7:00 A.M. Monday.

Per Sheriff's order and the cooperative effort of all bureaus, discretionary overtime was reduced to emergency and pre-scheduled assignments, thereby affecting a great reduction in overtime.

After a lengthy study by various County entities, a portion of the Department reorganization was recommended by the Department of Administration and subsequently adopted by the County Board. The unprecedented addition of a Deputy Inspector, additional Captains, Lieutenants and Sergeants will greatly improve the administration of the Department.

An additional position of Captain recommended by the Department of Administration to coordinate all security

functions in Milwaukee County was deleted by the County Board. However, the Department strongly recommends that reconsideration be given to this position. One person should be responsible for the coordinating of all security operations such as County Institutions, Airport, Welfare Building, and outreach stations, County Parks, Zoo, Museum, Neighborhood Security Aides, Courthouse, and Safety Building.

In addition to daily command staff meetings, bureau meetings continued to be held every Wednesday, with each major bureau alternating, and Administrative Staff meetings held the first Thursday of every month.

Traffic, Process and Courts, Airport, Detention and Detective Bureau personnel were again diverted from normal activities by necessity, to cope with police related problems at Rock concerts and other stadium events; congregated outlaws; county parks protection and security; bomb threats, and protection of visiting dignitaries.

For the year 1977, forty-six (46) Milwaukee County Deputy Sheriffs were assaulted by prisoners or persons being taken into custody on writs of temporary detention, war-

rants, and/or persons suspected of crimes. This figure is one less than in 1976.

PLANNING AND RESEARCH BUREAU

During 1977, the Department underwent its first own formalized procedure in constructing next year's budget. In addition to establishing formalized procedure, the budget was also coordinated, centrally, through the Planning and Research Bureau.

Special effort was put into the construction of the 1978 budget leading to the approval of:

- a. The Planning and Research Bureau on a permanent basis.
- b. Funding for microfilm equipment to establish the Department's first central records depository.
- c. Funding to initiate a major communication's equipment replacement program to be phased over three years. In addition, the State agreed to reimburse Milwaukee County for approximately 42% of the Sheriff's Welfare Fraud investigative expenditures.

COUNTY JAIL

Construction began on the third floor, Safety Building. The former Huber dormitory is being refurbished incorporating 29 individual cells and adjoining environs as prescribed by Jail Inspectors.

Approval was obtained from the County Board to establish an on-line booking system in 1978 through JUSTIS.

Jail remodeling projects initiated in 1977, included the booking room, visiting area on the third floor, east side of building; new day rooms; and the

remodeling of the old Huber dormitory into a maximum security area.

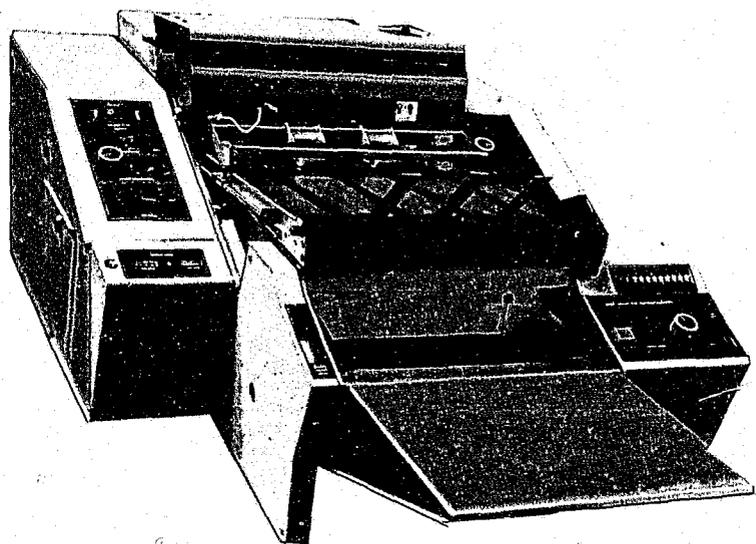

BUREAU OF IDENTIFICATION

During 1977, the Records and Identification Section reduced the backlog of fingerprint and photography work.

Planning begun early in 1977 to add micro film capabilities has been completed and approval to purchase and install equipment was obtained.

Initial steps during 1977, to provide

document examiner service to the Department and Courts and other County Departments, will continue in 1978, with the Superintendent of the Bureau acting as a qualified Document Examiner.

PROCESS & COURTS

A newly created position of Clerk-Typist was filled in the Process and Courts Division to assist with expediting the flow of legal process and writs.

Administrative personnel from the process office were moved into the main office area in an effort to group similar functions and improve traffic flow.

Approximately 280 hours of overtime was expended by the Process and Courts Bureau in order to provide maximum security at an inquest into the death of a motorcycle club member.

POLICE SERVICES

DETECTIVE BUREAU

In accordance with the Safety Building Capital Improvement's Master Plan the Detective Bureau was moved to its permanent quarters, third floor, Safety Building East, enhancing traffic patterns to the Detective, Detention and Records-Identification Bureau.

New responsible security functions were initiated within established

out-reach stamp stations. Deployment of Deputy Sheriffs for this security function on overtime basis eliminated the need for additional manpower and with Welfare Department approval, the overtime fiscal note is charged to that Department.

The Sheriff acknowledged Milwaukee County Citizenry awareness of se-

rious drug problems in the community and at the behest of numerous suburban Police Chiefs activated a two-man team for narcotic offense investigation, surveillance, evidence and ultimate adjudication of cases in court.

Responding to requests from the District Attorney and constituent municipal Police Chiefs for assistance in several sensitive complex investigations of long duration, plus investigations generated by Civil Service, Corporation Counsel and County Institutions personnel resulted in an increased workload on overtime basis. Consequently, manpower deployed for the normal daily service of criminal writs was diverted to those investigations, increasing the backlog in that service function.

The Detective Bureau completed the entry of all criminal warrants, approximately 28,000, into the County computer system.

Coordination with the writ data system and the new color coded filing system was also completed in the Bureau.

WELFARE FRAUD INVESTIGATIVE BUREAU

This section consists of four teams of two deputies each and one deputy sheriff sergeant who conduct welfare fraud investigations at the Department of Public Welfare. One Clerk-Steno II and one Clerk-Typist II handle the

clerical duties. These officers are engaged in the investigation of complaints relating to persons obtaining welfare funds illegally. In 1977, this unit was responsible for uncovering \$458,789 in fraudulent activity related to 300 substantiated cases.

FUGITIVE IV-D SECTION

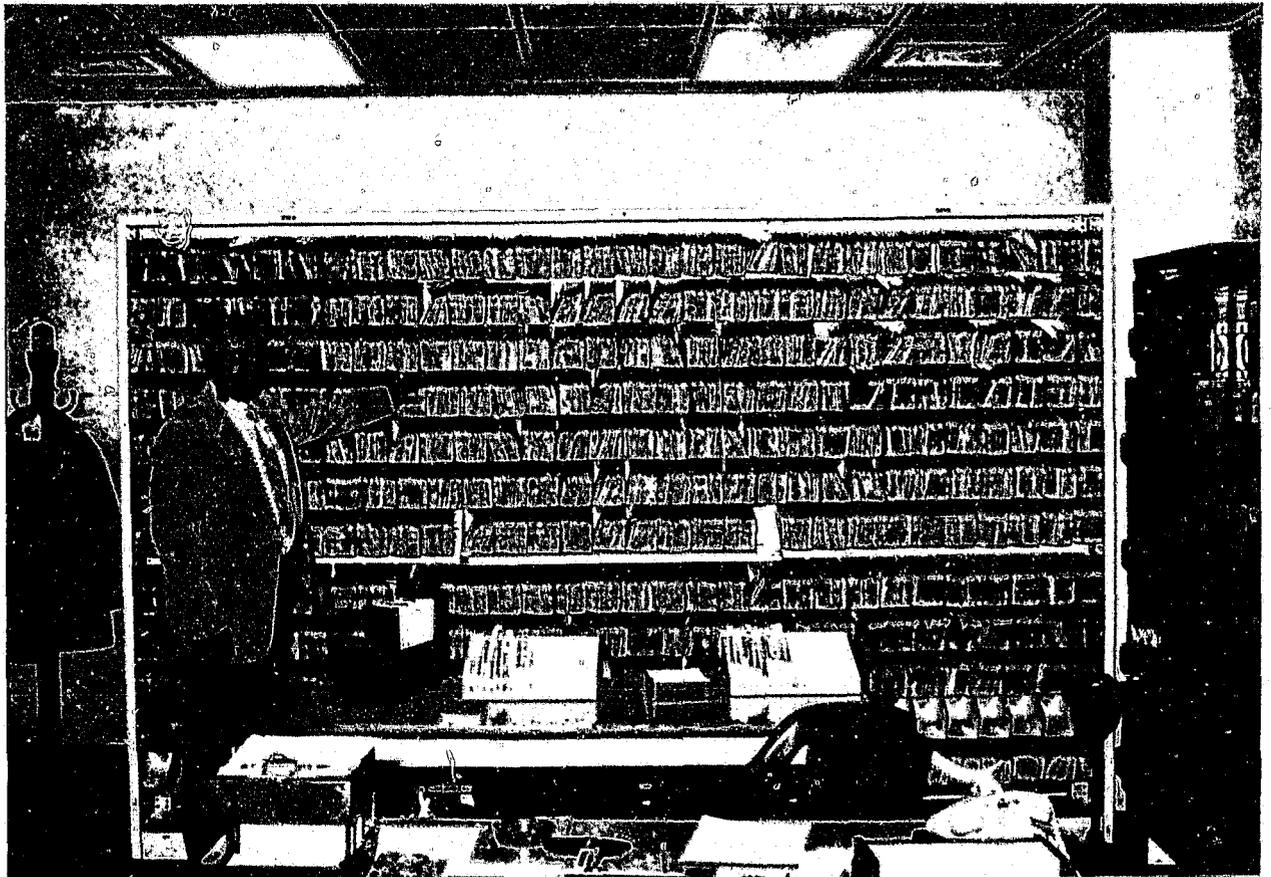

This unit was made possible through an amendment to the Social Security Act which provides for federal funds in seeking out fugitive fathers. Wisconsin State Law, Chapter 82, and Wisconsin Statutes 46.25 became effective on October 1, 1975, and provides the means of implementing federal legislation. Under this program, one deputy sheriff sergeant and twelve deputy sheriff II's have the responsibility of locating fugitive fathers and enforcing orders for support.

TRAFFIC BUREAU

A 3½ mile section of new freeway was completed, including the Harbor bridge -- this calls for stretching the existing traffic patrol still further.

A grant was received from the State Division of Highway Safety, with approval of the County Board to install a data processing system in the Traffic Bureau.

AIRPORT SECURITY BUREAU

The establishment of this force is to comply with the minimum security requirements as established by the Federal Aviation Administration section of the U.S. Department of Transportation as set forth in Part 107 of the Federal Aviation Regulations. Therefore, the Security Bureau at Mitchell Field is staffed and equipped to respond to the needs of the airport including those of the air carriers and other tenants.

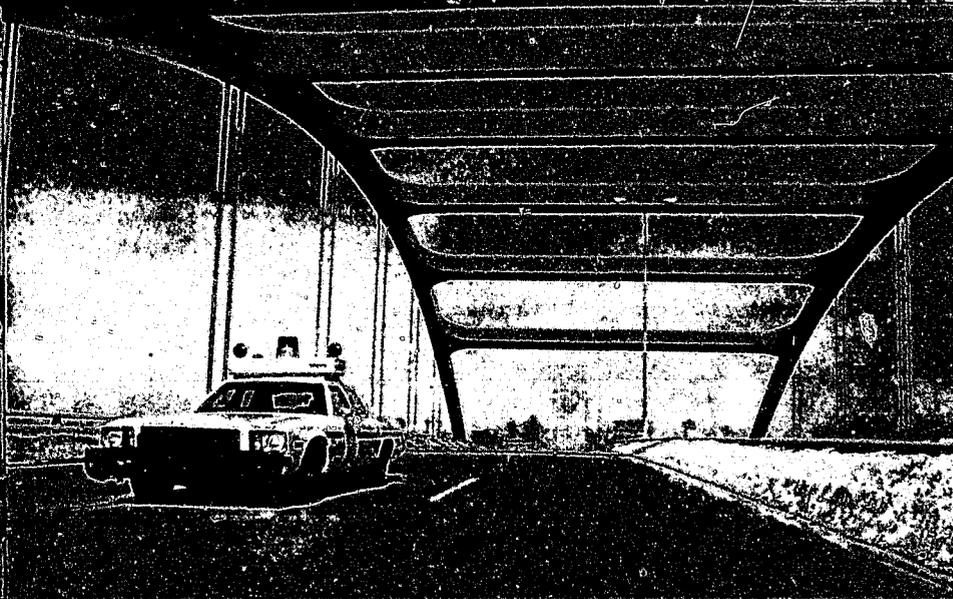

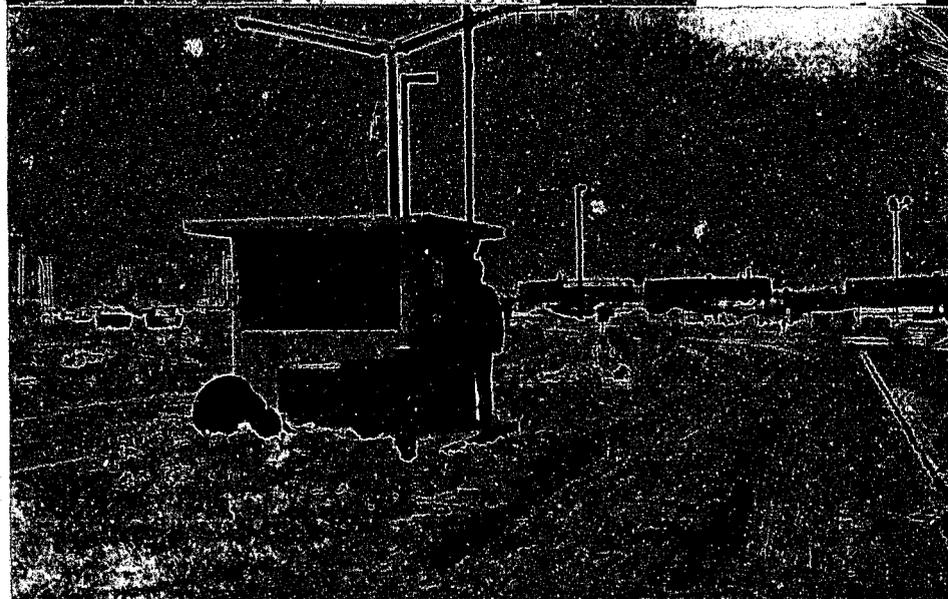

The potential for crimes against civil aviation remains, but the current U.S. Civil Aviation Security program has demonstrated the capability of meeting and containing the present threat. Nevertheless, all parties involved must continue cooperative efforts to maintain this level of security and seek ways to improve the system. Passenger reaction indicates that the current security procedures are desired and

expected in the interest of aviation safety.

NEIGHBORHOOD SECURITY AIDE PROGRAM

The Department continued to provide liaison and guidance to the Neighborhood Security Aide Program Staff in the form of conferences, record

checks, personnel on promotion boards, advice and counsel in personnel matters.

COMMUNICATIONS

The Communications Bureau, working in cooperation with Engineering, conducted planning and research on the placement of additional satellite receiver sites to enhance reception of radio signals.

Interface with the County JUSTIS system and the State TIME system in the Communications Bureau was completed in 1977, allowing for faster data entry, retrieval capability, and provisions for almost instantaneous checks for units on the street.

TRAINING AND SPECIAL SERVICES

An eight-hour Department in-service, self-defense training program continued through the month of June, 1977 with 365 Deputy Sheriffs participating. The County Board approved the 1978 Budget expenditure for lifetime police batons with belt rings to be issued to all uniformed Deputy Sheriffs. In October, 1977, police baton training was initiated for 20 department instructors who will train assigned Deputy Sheriffs in its proper use.

In May of 1977, a hostage incident and confrontation occurred at the County Institutions. Elements of the SWAT operations expeditiously resolved the problem.

Additionally, the Department participated in cooperative effort with several constituent municipalities to control county parks and curb youth gangs, vandalism and other related behavior problems.

Six officers of the Department successfully completed training in anti-terrorism at the Illinois State Police Academy and have since shared the information gathered at recruit schools, in-service training and sessions with County dignitaries.

The Department sadly acknowledges the untimely demise of the ex-training Director - LT. WALLACE LAWTON.

Music by Art Rinderle and Band

1977 AWARD RECIPIENTS

Distinguished Service Award

Deputy Sheriff Sgt. Donald E. Rieck
Deputy Sheriff II Walter A. Liebherr
Deputy Sheriff II Willie L. McFarland
Deputy Sheriff II Alfred J. Welch
Deputy Sheriff I Michael I. Brostowitz
Deputy Sheriff I Robert L. Hillman

Public Service Award

Shelley Carey	Kenneth Klawinski
Robert Jayne	Keith Saylor
William S. Spurgeon	Kenneth C. Saylor, Jr.

Commendation Award

Deputy Sheriff Sgt. Kenneth M. Platek
Deputy Sheriff II Richard Hepp
Deputy Sheriff I David L. Engelhardt
Deputy Sheriff I Daniel J. Freimark
Deputy Sheriff I Kathryn M. Krauska
Deputy Sheriff I Frank R. Kumprey
Deputy Sheriff I James A. Propp
Deputy Sheriff I George E. White
Former Deputy Sheriff I,
Stephen J. Jungbluth

Certificate of Appreciation

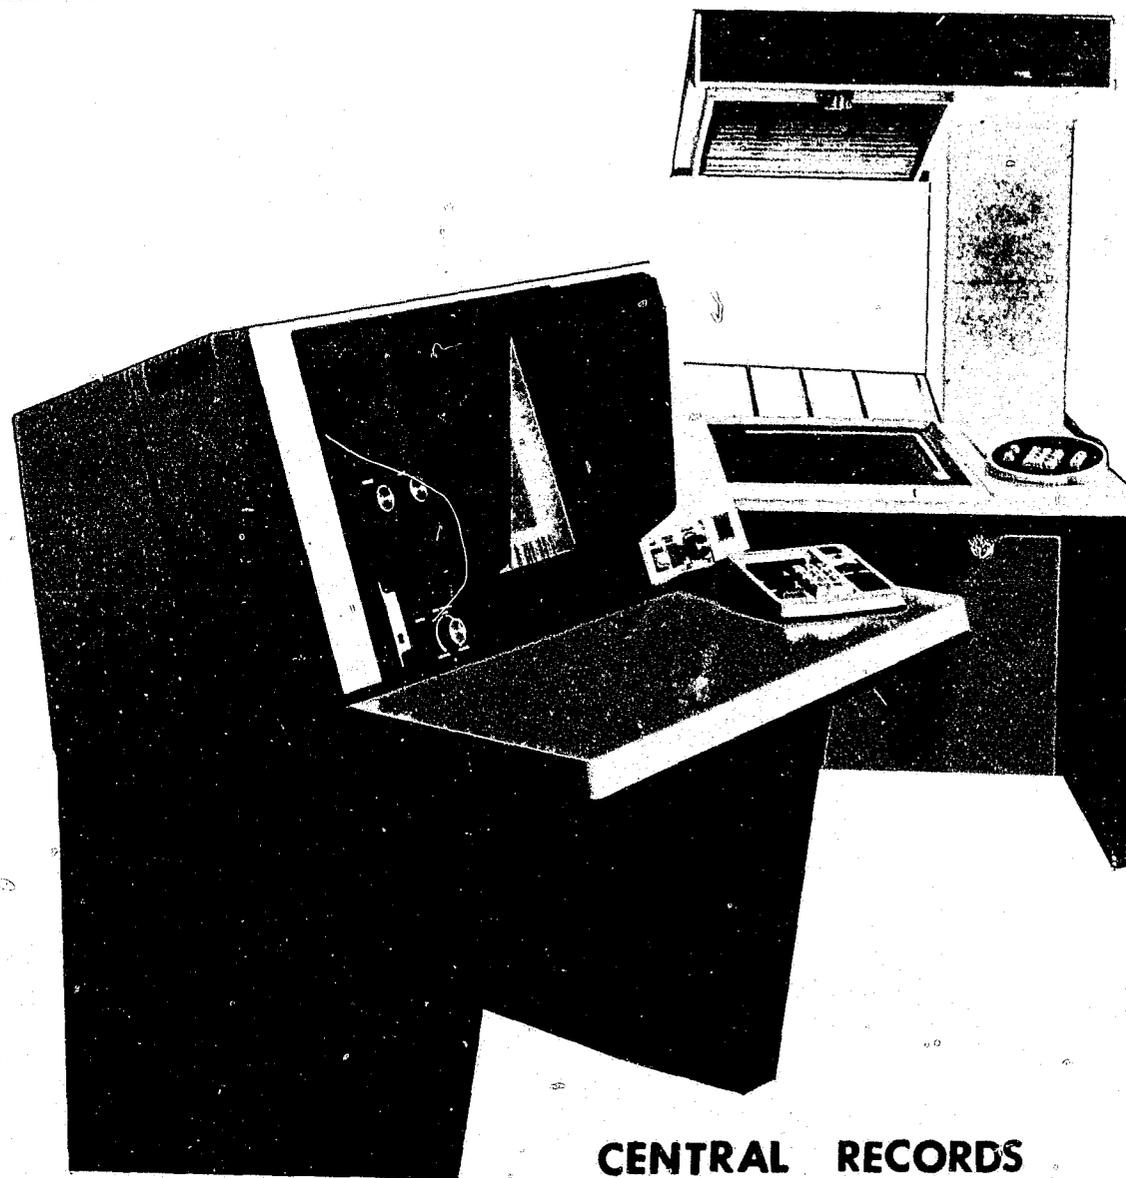

Communications Supvr. Thomas M. Piotrowski
Deputy Sheriff Sgt. William J. Woger
Deputy Sheriff II Alfred J. Welch
Clerk-Typist IV Daniel P. Emmer
Clerk IV Allen R. Lohr
Rev. Charles B. Doan, Dept. Chaplain
Dr. Leo Weinschel, Jail Physician
Appleton Electric Co., Mr. Joseph Archibald,
Personnel Manager

LOOKING AHEAD

The Department has traditionally provided security in the courts. In the past several years, the Department has also established security operations for the Welfare Building, the Airport, and the County Executive. Milwaukee County government has facilities distributed throughout a vast area with an increasing number of facilities under construction. The construction taking place on the County Institution grounds is likely to make that complex a city in itself. The parks have experienced a number of serious incidents of vandalism and crowd control.

As part of the reorganization of the Department, there has been a growing recognition of the need for a Security Bureau. This bureau could currently encompass operations like the Airport, Welfare Building, and Neighborhood Security Aide Program. While the security needs of the Zoo, Museum, County Institutions complex, and Parks differ considerably, there seems little question that these facilities require professional security services. Through the appropriate combination of direction and control, a Security Bureau could meet the needs of each facility and simultaneously provide coordination of all significant security operations. The benefit would be to clarify and centralize responsibility for security and also provide a reasonably uniform and adequate degree of secu-

urity throughout the County's facilities.

CENTRAL RECORDS

A Code of Ethics for Sheriffs and Deputy Sheriffs

(Adopted June 29th by the Wisconsin Sheriffs & Deputy Sheriffs Association)

AS A LAW ENFORCEMENT OFFICER, by virtue of the authority conferred upon me by the state of Wisconsin and the local governments by which I am employed, I accept it as my responsibility and fundamental duty to devote my abilities, energies, and efforts to the preservation of law and order; to the safeguarding of lives and property, the protection of the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence.

IN THE FACE OF DANGER, scorn or ridicule, I will remain courageous and calm. I will respect the constitutional rights of all individuals, regardless of color, race, or creed. I will practice self restraint and understanding in dealing with human frailties, and I will never lose sight of the fact that, as an officer of the law, I am not the master of the people — but the servant of the law abiding.

IN THOUGHT AND DEED, both in my personal and official life, I will strive to set a good example to all by obeying the laws of the land and the regulations of my Department. Confidential information divulged to me in my official capacity will be kept ever secret, unless revelation is necessary in the proper performance of my duties.

EVER MINDFUL of the fact that it is better to prevent the commission of an act of crime than to apprehend the wrongdoer after the act has been committed, I will constantly strive to communicate to the general public ways and means in which crime may be prevented.

WITHOUT FEAR OR FAVOR, malice or ill will, I will enforce the law courteously, impartially and effectively. Without compromise, I will pursue the perpetrators of criminal acts relentlessly, never employing unnecessary force in making apprehensions and bringing law violators to justice.

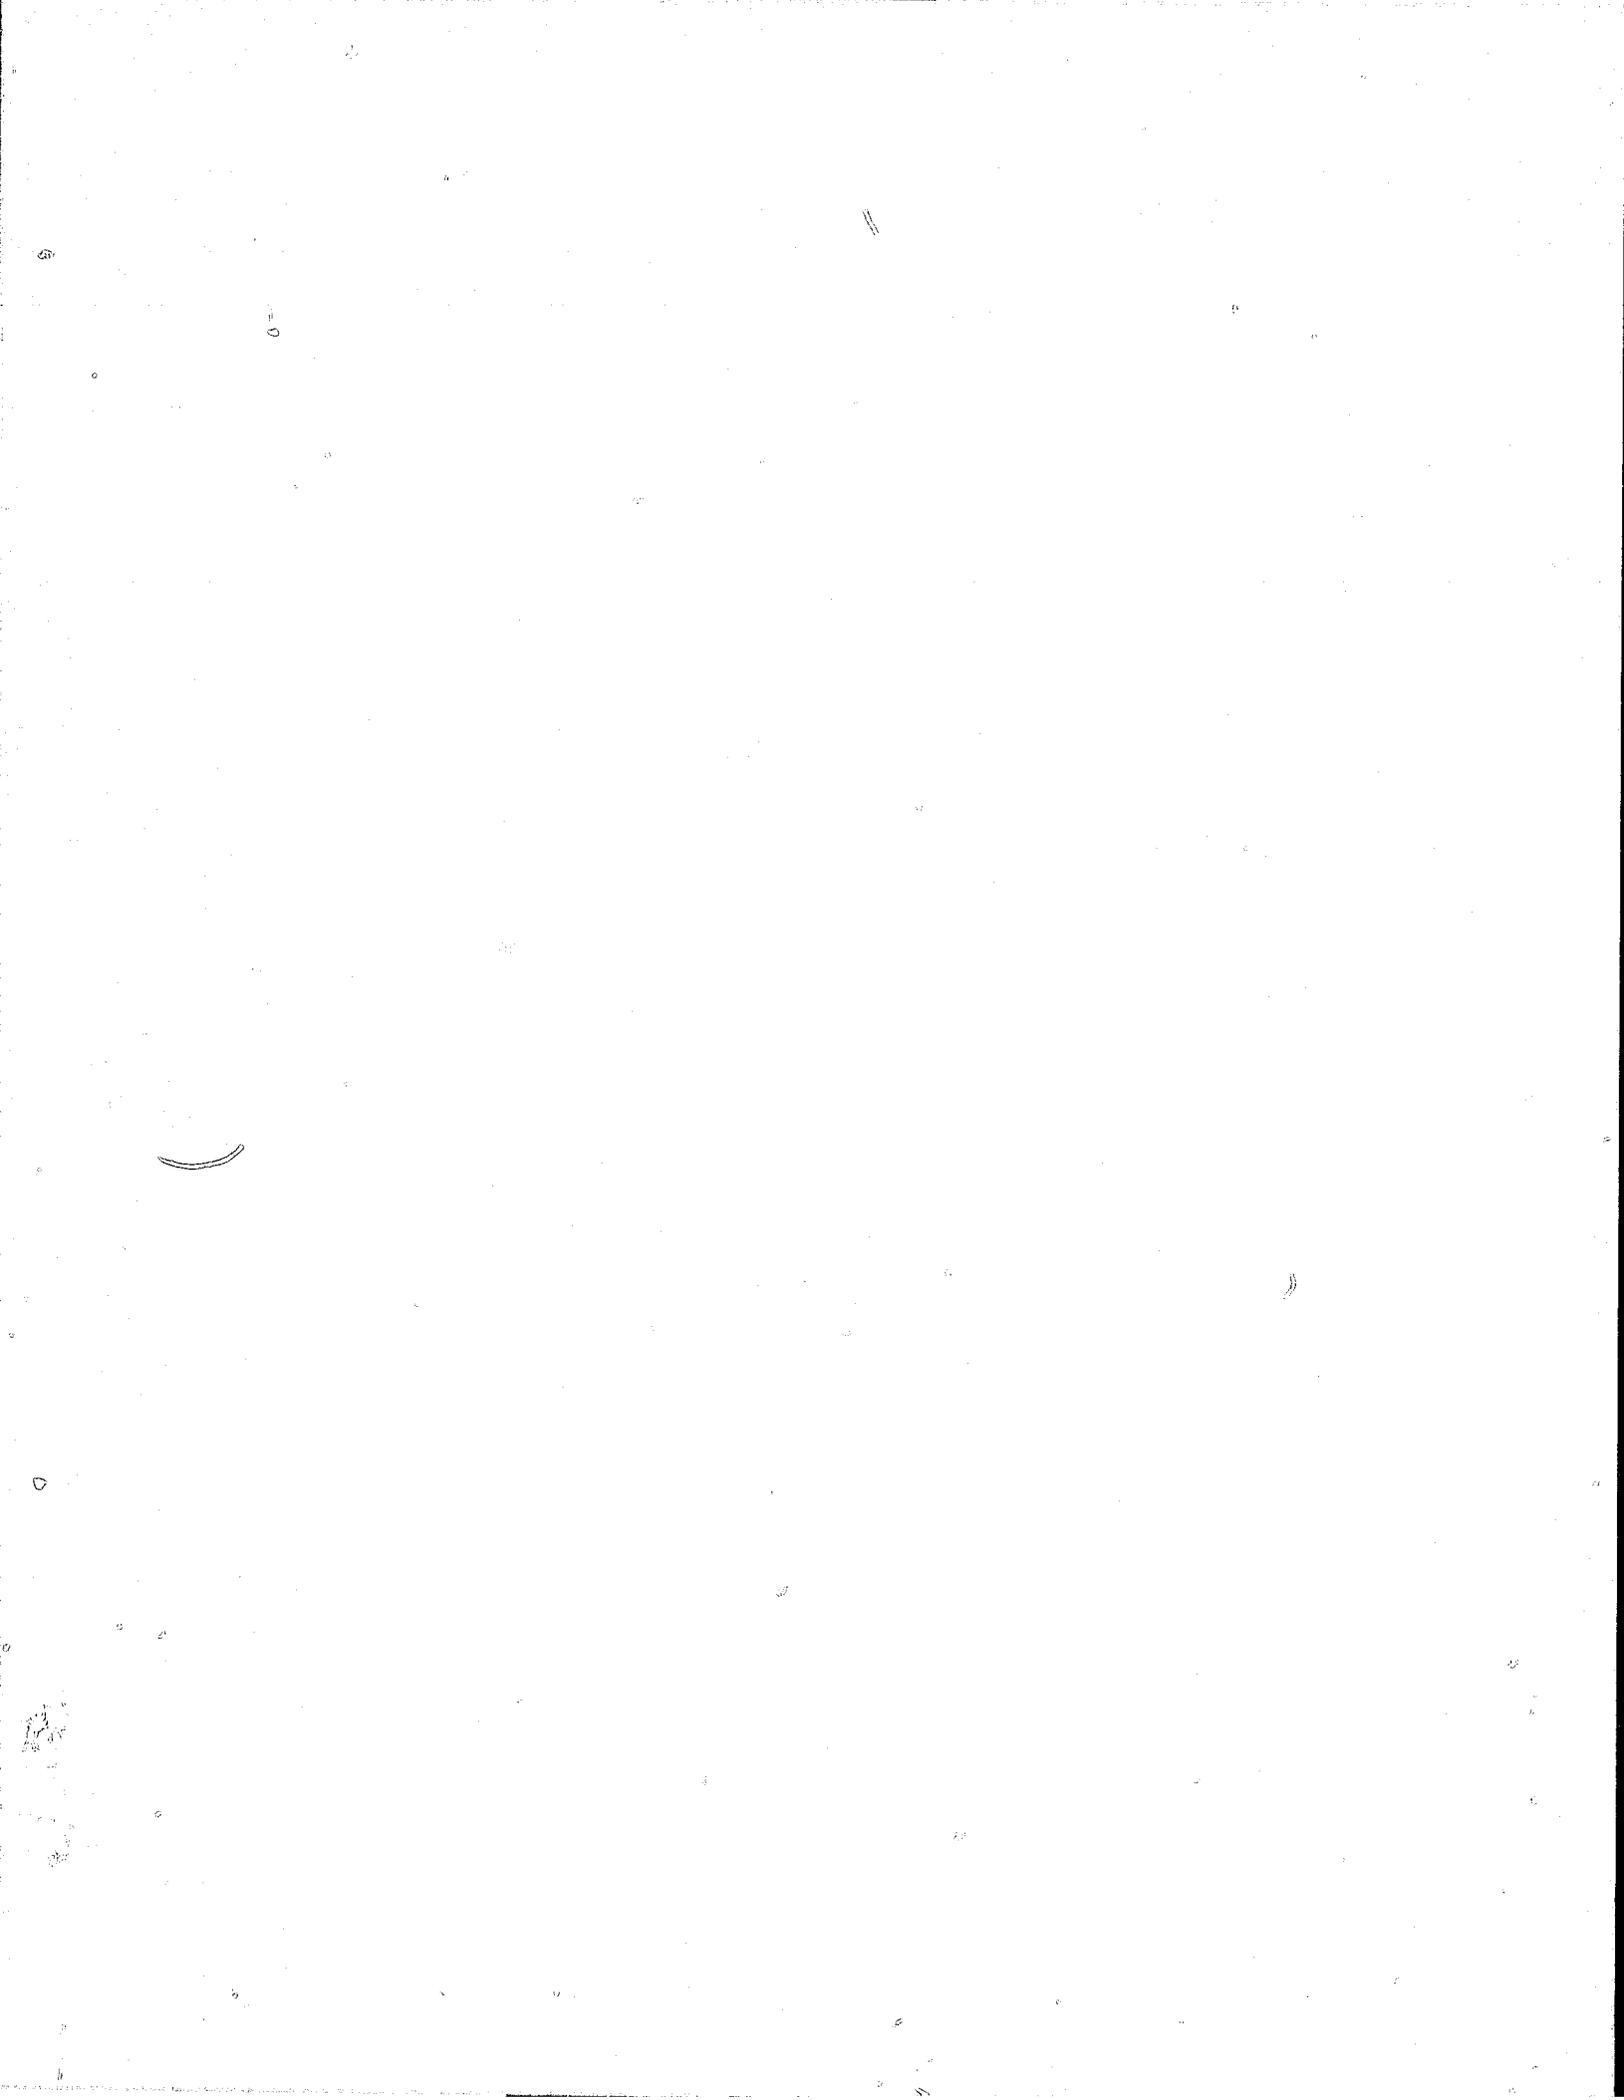

I REGARD THE BADGE OF MY CHOSEN PROFESSION as a symbol of public faith, and I accept it as a public trust.

I DEDICATE MYSELF to be true to that trust, and I will keep the faith by upholding the ideals set forth in this code of ethics, unanimously adopted by the Wisconsin Sheriffs & Deputy Sheriffs Association, in Conference, at Land O' Lakes, June 29, 1966.
