This listing of programs was prepared by the Center for Women Policy Studies under Grant Number 77-CA-99-0001 awarded by the Law Enforcement Assistance Administration, U.S. Department of Justice, under the Omnibus Crime Control and Safe Streets Act of 1968, as amended. Points of view or opinions stated in this document are those of the authors and do not necessarily represent the official position or policies of the U.S. Department of Justice.

LAW ENFORCEMENT ASSISTANCE ADMINISTRATION

James M.H. Gregg, Assistant Administrator  
Office of Planning and Management

This information was gathered to verify and update our records of the location, program components and funding sources of groups providing services to battered women. The listing is being duplicated and mailed to the organizations who contributed information to it in appreciation of their cooperation. It is our hope that the material will be reproduced and utilized to facilitate the work of these groups.

The data were collected between January and March 1978. The final pages contain entries either received after the typing was completed or inadvertently omitted from the appropriate state listing.
