INTRODUCTION

This second volume of the 1977 Iowa Uniform Crime Reports presents computer printouts prepared for the Annual Release by the Data Processing Bureau of the Department of Public Safety. These printouts contain, in tabular form, the raw data received from contributing agencies in 1977.

This volume is being distributed to contributing agencies prior to the release of Volume I in order to permit agencies an opportunity to review their figures prior to the official release of 1977 crime data by the Department of Public Safety. Volume I, containing a more analytical presentation of data accompanied by text, will be released in late summer.

Three tables prepared for the 1976 Annual Release have been deleted in 1977, as the data contained in each were felt to be less than adequate. Two of these dealt with the judicial disposition of charges, and were deleted because of the second-hand nature of the data which resulted in incomplete returns. The other presented the number and rate of Part I arrests; it is anticipated that this table will be replaced in future years with the table showing the raw number of arrests and clearances for each agency.

Additional copies may be obtained from the Department's Bureau of Research and Development.
