## INTRODUCTION

Attached is a list of specially selected domestic assistance programs, compiled from the 1978 Catalog of Federal Domestic Assistance.

These programs were selected for this list because they provide some form of support or service that is of particular interest to community organizations. This list is not meant to be all inclusive and must be used in connection with the catalog itself. The catalog can be found in most libraries and municipal buildings.

Section 101 (c)(1) of the Crime Control Act of 1976 (Public Law 94-503), requires this office to "... provide appropriate technical assistance to community and citizen groups to enable such groups to apply for grants to encourage community and citizen participation in crime prevention and other law enforcement and criminal justice activities..."

Production of this list is not only in keeping with that legislative mandate, but it is our sincere desire that its use will prove helpful to our constituents.
