VI. Glossary

This report is a statistical description of characteristics of court commitments to the Massachusetts Department of Correction during 1978. The tables in this report contain information on the nature of present offense, personal background characteristics, and criminal history of admissions from the courts to MCI-Walpole, MCI-Concord and MCI-Framingham. These tables were derived from the computerized data base developed by the Correction and Parole Management Information System (CAPMIS) and were produced on the Massachusetts State College Computer Network (MSCCN).

In reading the tables in this report, it is important to note the following: (1) the commitment population is divided according to the committing institution, (2) the top number in each cell represents the number of individuals who fall into the corresponding category in the table, and (3) the bottom number in each cell represents the percentage of the number of individuals in a particular category to the total number of commitments from that institution (column percents). For example, upon referring to Table I on page 5, Court From Which Committed is presented and the following types of information can be obtained:

- (1) The total number of individuals broken down by committing institution is labeled and presented horizontally across the head of the table.
- (2) The specific courts are labeled and presented vertically.
- (3) Of the 999 individuals committed during 1978, 430 were committed to Walpole.
- (4) Of the 430 individuals committed to Walpole 8 (2%) were committed from Barnstable Superior Court.

SUMMARY OF STATISTICS

During 1978, there were 999 persons sentenced to the state correctional system. This is the second lowest number of commitments in eight years.

Nature of Present Offense

Commitment Institution. Forty-three percent of the commitments were sentenced to Walpole; 45% were sentenced to Concord; and 12% were sentenced to Framingham. Thus 88% of those sentenced were male and 12% were female.

Sentencing Courts. Over half of the commitments were sentenced in three of the Superior Courts in Massachusetts - Suffolk (30%), Middlesex (17%) and Hampden (10%).

Sentence. The median sentence for Walpole commitments was a minimum sentence of seven years and a maximum sentence of 10 years. All Concord commitments and most Framingham commitments receive indeterminate sentences, and accordingly, do not have minimum sentences. The median maximum sentence for Concord commitments was eight years, and the median maximum sentence for Framingham commitments was slightly under one year. Finally, 38 individuals (4%) were sentenced to life terms.

Offense. The majority of commitments (58%) were for offenses vs. person. The single offense for which individuals were most frequently sentenced was armed robbery (29%). Also noteworthy is that for the first time in the history of the Commonwealth, women (3 individuals) were sentenced to a state prison for sex offenses.

Age at Incarceration. The median age was 23 years old - 27 years for Walpole commitments; 21 years for Concord commitments; and 24 years for Framingham commitments.

Personal Background Characteristics

Race. Sixty-five percent were white, 31% were black and 4% were other.

Marital Status. Most (65%) were single; 18% were married; and 16% were divorced, widowed or separated.

Military Discharge. The majority (77%) did not serve in the military; 11% received an honorable discharge from military service.

Prior Address. Over half (54%) of commitments came from the greater Boston SMSA.

Occupation. Most of the commitments (73%) held manual or service jobs and only half of them held any job for a year or longer.

Education. The median educational level was tenth grade; 34% have graduated high school; and less than 1% were college graduates.

Criminal History

Prior Arrests. The median age at first arrest was 17 years. Most of the commitments (91%) had been arrested at least once prior to their present offense. Twenty-eight percent had more than 15 prior court appearances.

A majority of commitments had prior arrests for offenses vs. person (85%) and for property offenses (80%). A minority of commitments had prior arrests for sex offenses (16%), for drug offenses (41%), for drunkenness offenses (24%), and for escape offenses (9%).

Prior Incarcerations. Twenty percent had been incarcerated as juveniles; 41% had prior house of correction incarcerations; and, 22% had prior incarcerations in state or federal correctional institutions.

Overall, 55% had served time in some type of correctional facility and 50% had served some time as an adult.
