SUPPLEMENT TO
1979-80
DIRECTORY
OF
PRETRIAL SERVICES: TASC

Compiled and edited by
Nancy Wagner
Staff Assistant

June 1980

PRETRIAL SERVICES RESOURCE CENTER
918 F Street, NW, Suite 500, Washington, DC 20004, (202) 638-3080

This publication is supported by Grant No. 78-MU-AX-0022 awarded by the Law Enforcement Assistance Administration, United States Department of Justice. Points of view or opinions stated in this publication are those of the Pretrial Services Resource Center and do not necessarily represent the official position of the United States Department of Justice.

FOREWORD

This TASC Directory (Treatment Alternatives to Street Crime) has been compiled at the suggestion of the Law Enforcement Assistance Administration (LEAA) to supplement the 1979-80 edition of the Directory of Pretrial Services. That Directory includes pretrial release, pretrial diversion and mediation/arbitration programs. Because the nature of pretrial programs differs in many respects from TASC programs, it was considered most appropriate to publish a separate TASC Directory. Together, the Directory of Pretrial Services and this TASC Directory afford the reader with an overview of alternative programs that provide pretrial and/or substance abuse services.

The goals of TASC are to reduce criminal recidivism and crime related to substance abuse by referring the appropriate defendants/offenders to community based treatment programs. A link is thereby established between the criminal justice system and treatment services. Included in this Directory are a few former TASC programs which, when adopted locally, were required by their jurisdictions to perform various other non-TASC functions. They have been included here because they still maintain the basic TASC services. On the other hand, there are many other substance abuse referral programs whose approaches are different from those of TASC and which are therefore not included in this Directory.

The information included in the TASC Directory was gathered through telephone interviews between Pretrial Services Resource Center staff and representatives from TASC programs. Drafts of completed forms were sent to the respective programs for edit and review before the Directory went to print. We are grateful for the time and assistance provided by TASC program administrators and staff involved in this project.

USER'S GUIDE

We hope you will find this Directory helpful in your work. We encourage you to let us know of any additional pretrial programs of which you are aware, and to keep us abreast of any changes in your own program. To aid in that process, we have included a blank program description form at the back of the book. Also at the back is a form requesting your reactions to the Directory and any suggestions for improvement of possible future editions. Your frank comments are eagerly solicited.

FORMAT OF DIRECTORY

This TASC Directory maintains the basic format developed for the original 1979-80 Directory of Pretrial Services. The programs are listed alphabetically by state and by city or town within each state. For each program there is one page, front and back, divided into Basic Information, Specific TASC Information and Statistical Data.

BASIC INFORMATION

Generally self-explanatory. Please note, however:

TASC: Pretrial , Post-trial -- Indicates whether the program handles clients at the pretrial stage (prior to disposition of case); post-trial (probation, parole, work release, etc.); or both.

BUDGET: Present program budget.

STAFFING: Broken down into full time (f-t) and part time (p-t) paid non-clerical staff, volunteers and students.

INTERAGENCY COOPERATION: Ability or willingness to monitor clients from other jurisdictions, and any qualifications or exceptions.

AUTHORIZATION: Legal or administrative basis (statute, court rule, governmental administrative decision, etc.) that grants the program the right to operate.

LOCUS: What body is ultimately responsible for the operation of the program.

DESCRIPTION OF PRIMARY AREA SERVED: Territory (city, county, state), population range, nature of that area (urban/suburban/rural).

SPECIFIC TASC INFORMATION

CLIENTS SERVED BY PROGRAM -- Indicates at what point in the criminal justice system clients may participate in TASC (e.g. pretrial release, pretrial diversion, probation).

PEOPLE AUTOMATICALLY EXCLUDED FROM PARTICIPATION -- Types of clients excluded by policy or law from involvement in a TASC program.

SPECIFIC REQUIREMENTS FOR PROGRAM ADMISSION -- Factors which must exist prior to a client's formal acceptance into TASC.

MECHANISMS USED AT TASC DIAGNOSIS (INTAKE, ASSESSMENT) -- The process leading to a client's assignment to treatment. This may happen before or after acceptance into the program, or in different stages.

TASC MONITORING PRACTICES -- Steps a TASC program takes to ascertain whether or not clients are adhering to program requirements.

TASC SUCCESS/FAILURE CRITERIA -- Behavior that is required or forbidden by TASC for all clients.

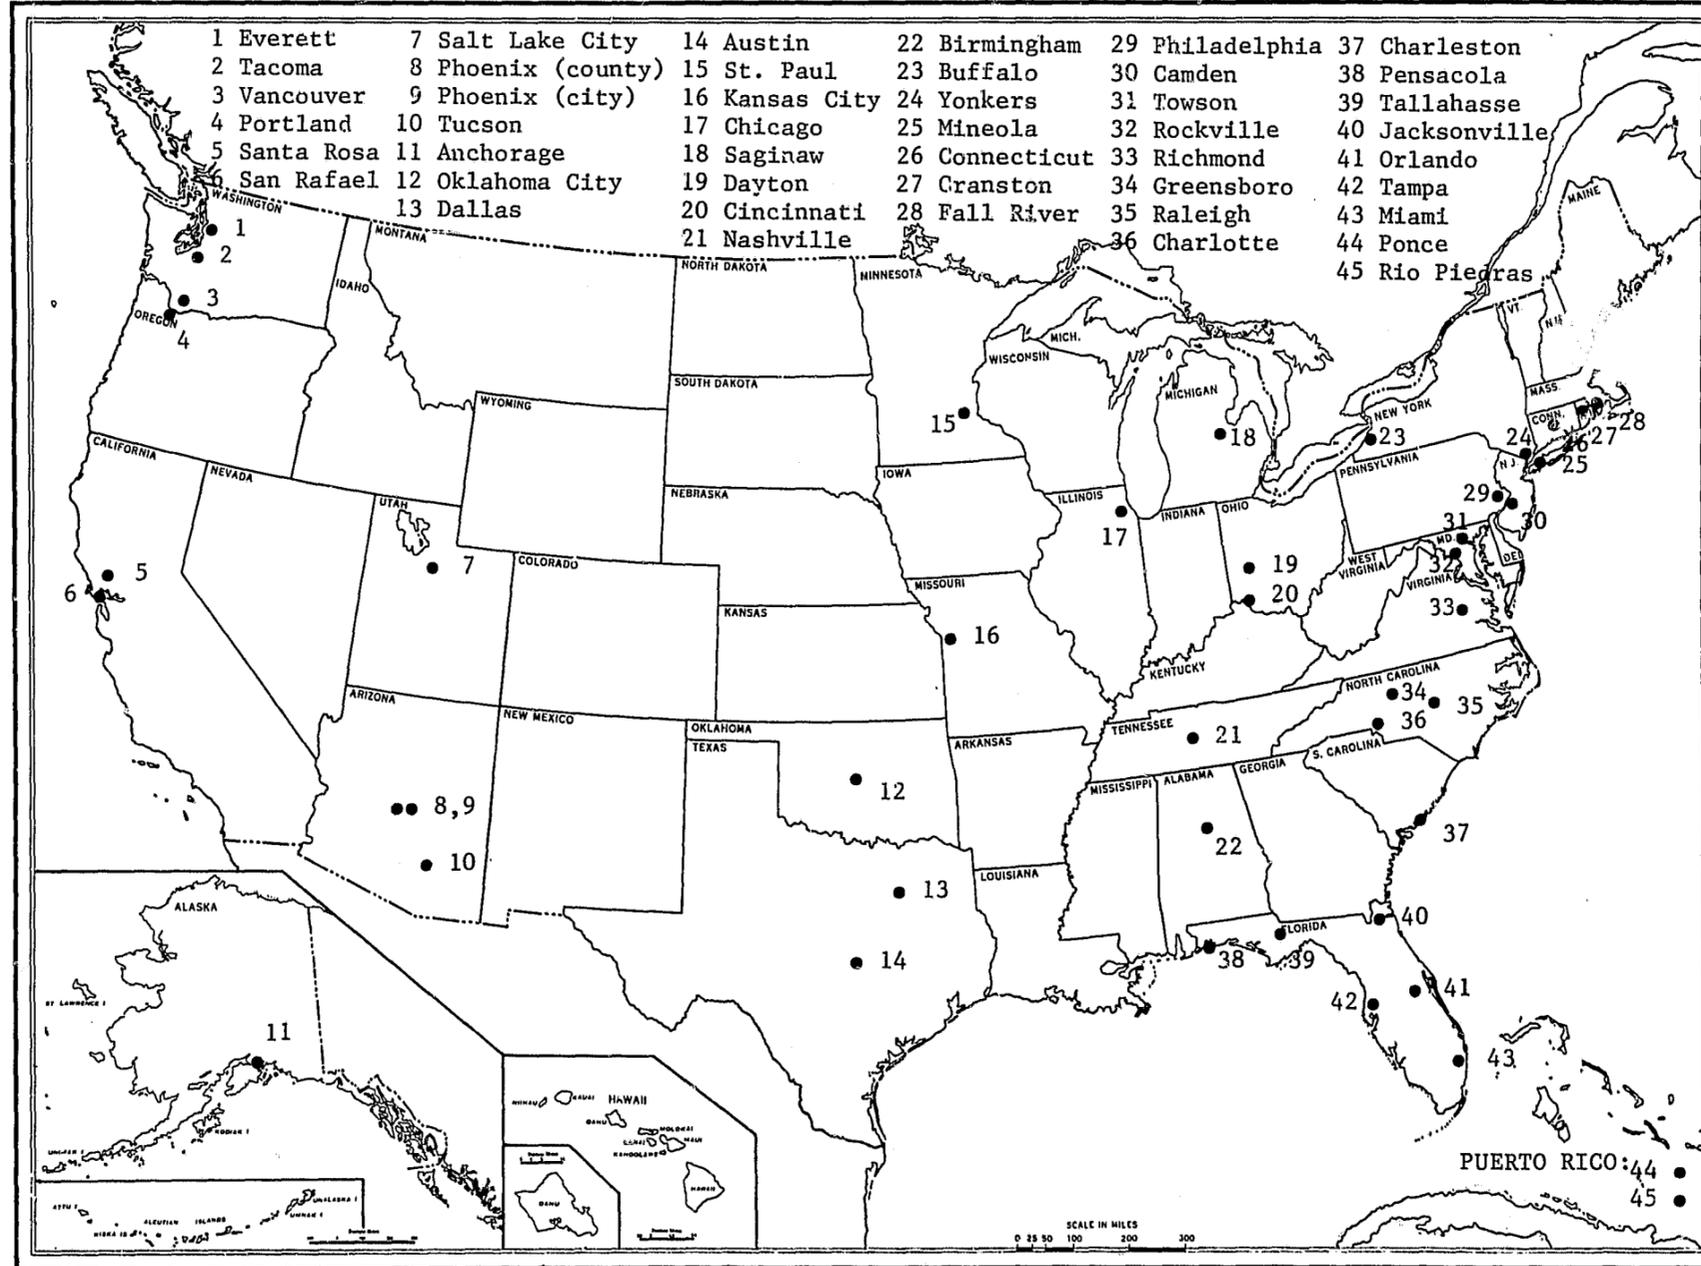

WARNING MECHANISMS WHEN CLIENT IS IN DANGER OF BEING TERMINATED -- Steps taken when a client has not followed program requirements and runs the risk of having his/her participation in TASC terminated.

GROUND FOR AUTOMATIC TERMINATION -- Conditions under which a client will be immediately removed from the program.

STATISTICAL DATA

Typically precise, but may be estimated in some cases. Data is generally annual, from the most recent full program year.

TREATMENT ALTERNATIVES TO STREET CRIME (TASC) PROGRAMS

AGENCY/PROGRAM: Birmingham TASC Project

TASC: Pretrial
Post-trial ADDRESS: 2127 7th Ave

REACTIONS TO DIRECTORY

The Resource Center would appreciate your reactions to the Directory. Only through your comments can we make future editions more helpful to you in your work. Please complete this questionnaire, and return it to the Resource Center. Thanks for your cooperation.

1. What are the good features of this Directory? What features do you find helpful?
2. What are the deficiencies in the Directory? Are there features which are not helpful to you, or which you find confusing or hard to use?
3. Comparing this Directory with previous editions, which features do you like better? Which not as well?
4. What changes would you suggest for future editions?
5. What additions would you suggest?

Please return to Nancy Waggner, Pretrial Services Resource Center, 918 F Street, N.W., Suite 500, Washington, D.C. 20004

END
