OHIO CRIME VICTIM  
REPARATIONS PROGRAM REPORT

REPORT 1  
SEPTEMBER 29, 1976 THROUGH  
DECEMBER 31, 1978  
FY 77, FY 78, SIX MONTHS OF FY 79

80867

Ohio Crime Victims Reparations Program Report, Edited Version (REPORT 1) Report 1 contains statistical data from the date of the initial collections and filings, September 29, 1976, and December 28, 1976, respectively, until December 31, 1978. Report 1 also contains a projection of potential award liability, an explanation of the projections methodology, a statement of some background concepts, a summary of the various steps involved in resolving a claim, a listing of awards, and the sources of revenue.

OHIO CRIME VICTIM  
REPARATIONS PROGRAM REPORT

INTRODUCTION

This is the initial report on the Ohio reparations (compensation) program for crime victims. The report covers the period beginning on September 29, 1976, and ending on December 31, 1978. The information presented in the report is organized by fiscal year.<sup>1</sup>

The report is divided into four sections. Section I is an introduction and description of the reparations program, including a review of the various state entities involved in the program.

Section II is a presentation of the information required by R.C. 2743.69. The information includes two types of reparations program statistical data, "Claims Data" concerning claims activity and "Special Account Data" concerning expenditures from the Reparations Special Account.

Section III is an evaluation of expected liability for reparations claims filed from December 28, 1976 through December 31, 1978.

Section IV consists of six appendices:

- (A) "Expected Decision Model: Methodology and Calculations";
- (B) "Explanation of One Year Filing Requirement and Five Year Claim Life";
- (C) "Steps to Receipt of Warrant";
- (D) "Appellate Process Flowchart";
- (E) "Narrative of Procedures";
- (F) "Amounts of Each Award";
- (G) "Sources and Amounts of Moneys Deposited in the Fund";

1. Fiscal year 1977 is July 1, 1976, through June 30, 1977. Fiscal year 1978 is July 1, 1977, through June 30, 1978. Fiscal year 1979 is July 1, 1978, through June 30, 1979 (but this report covers only through December 31, 1978). Fiscal year 1977 was not a full year of operation because the legislation creating the program did not become effective until September 29, 1976, and applications for reparations could not be filed until December 28, 1976.

## Section I

An introduction and description of the reparations program, including a review of the various state entities involved in the program.

### Reparations Program Overview

The Ohio victims of crime reparations (compensation) program was created by Amended Substitute House Bill 82 of the 111th General Assembly, which became effective September 29, 1976.<sup>2</sup>

Reparations may be awarded to persons who suffer personal injury or death as a result of criminally injurious conduct. Reparations may also be awarded to a broad class of dependents of deceased victims. The maximum aggregate award for each victim, including all dependents, is \$50,000.

Property losses resulting from crimes are not compensable.

In general terms, reparations are granted for out-of-pocket expenses incurred by a claimant. These awards are based upon statutorily defined categories of "economic loss." "Economic loss" is offset by benefits from other sources readily available to the claimant, e.g., medical insurance, wage continuation plans, workers compensation, social security, medicare and other state and federal government programs.

After an application has been filed, a reparations claim may be reopened by filing a supplemental reparations application within five years after an initial award is granted or denied because the claimant's economic loss is covered by another source. Supplemental awards may be granted as additional economic loss occurs or collateral sources become unavailable.

The Reparations Special Account is funded by a \$3.00 court cost assessed in all cases where a person is convicted of or pleads guilty to an offense other than a nonmoving traffic offense.<sup>3</sup>

---

2. Most of the victims of crime provisions of the bill are clustered in R.C. 2743.51 through 2743.72, but all of R.C. Chapter 2743 must be read to obtain a working knowledge of the victims of crime program.

3. R.C. 2743.70. Collections averaged \$353,629.77 per month during the twenty-seven months following September 29, 1976.

Under Am. Sub. H.B. 82: (1) the first day of collections for the Reparations Special Account was September 29, 1976; (2) the first day applications for reparations could be filed was December 28, 1976; (3) the first day of eligibility for reparations was January 3, 1976; (4) all claims must be filed within one year<sup>4</sup> of the criminally injurious conduct.

Am. Sub. H.B. 149 of the 112th General Assembly temporarily extended the one year filing requirement for claims where the criminally injurious conduct occurred from January 3, 1976 through June 29, 1977. Division A of Section 4 of Am. Sub. H.B. 149 allowed such claims to be filed through December 31, 1978, despite the one year limitation provisions established by Am. Sub. H.B. 82.

### Involved State Government Entities

Individual courts throughout the state collect the court costs and send them to the Treasurer of State. The Treasurer deposits these funds into the Reparations Special Account. The Attorney General and Auditor of State, ex officio, monitor the collection process. The Court of Claims does not have a direct role in the collection process.

The Court of Claims and courts of common pleas distribute reparations application forms. Applications for reparations may be filed with the Court of Claims or courts of common pleas. Applications filed in courts of common pleas are sent to the Court of Claims. The Court of Claims has exclusive jurisdiction to determine the merits of a claim.<sup>5</sup>

The Clerk of the Court of Claims processes all application forms and serves copies upon the Attorney General.

The Attorney General investigates each claim and files a finding of fact and recommendation with the Court of Claims.

---

4. R.C. 2743.56(C) and R.C. 2743.60(A).

5. R.C. 2743.03(C), R.C. 2743.20, R.C. 2743.52, R.C. 2743.53, R.C. 2743.55, and R.C. 2743.60.

Claims are decided by the Court of Claims, which may grant an award or deny the claim. All reparations claims are initially heard and decided by a single Court of Claims commissioner.<sup>6</sup> The parties do not appear at the hearing before a single commissioner — the claim is decided upon the papers filed by the parties. The decision of the commissioner may be appealed by the applicant or the Attorney General to a panel of three commissioners. The parties may appear and introduce additional evidence at the hearing before the panel. The decision of the panel may be appealed to a judge of the Court of Claims, whose decision is final.

An award of reparations is a judgment against the State and the Auditor of State as its agency for payment from the Reparations Special Account. After all appeals have been determined and all rights to appeal exhausted, the Clerk of the Court of Claims certifies the judgment granting an award to the Auditor of State and to the Office of Budget and Management. The Office of Budget and Management determines and certifies to the Auditor that there are sufficient unencumbered moneys in the Reparations Special Account to satisfy the judgment. The Auditor draws a warrant payable to the claimant for the amount of the award and sends the warrant to the claimant.

Where a claimant is represented by an attorney, attorney fees are determined by the Court of Claims. The Court of Claims reviews the attorney's application for fees and determines and awards reasonable fees commensurate with the services rendered. Attorneys may not seek compensation in addition to the award granted by the Court.<sup>7</sup> Attorney fees are in addition to the claimant's award and are paid from the Reparations Special Account.<sup>8</sup>

---

6. Court of Claims Commissioners are attorneys appointed by the Supreme Court of Ohio. R.C. 2743.54 Commissioners act as "judges" and have the jurisdiction to determine all matters relating to claims for reparations in the initial determination and first appellate stage of the process.

7. R.C. 2743.65(A). The Court awards compensation only for services rendered in the prosecution of the reparations claim. For example, the Court does not award attorney fees for representing the claimant against creditors or representing the claimant in probate matters.

8. R.C. 2743.65(A) From December 28, 1976 through December 31, 1978, attorney fees totaling \$59,436.83 were granted in 195 claims.

Law enforcement agencies are required to provide information about the program to victims and dependents of deceased victims.<sup>9</sup> All judges having criminal or juvenile jurisdiction are required to inform victims of the right to apply for an award of reparations.<sup>10</sup>

## Section II

A presentation of the information required by R.C. 2743.69. This information includes two types of reparations program statistical data, "Claims Data" concerning claims activity and "Special Account Data" concerning expenditures from the Reparations Special Account.

R.C. 2743.69 of the Ohio Revised Code requires that this report include:<sup>11</sup>

### A. Reparations Claims Data

1. Number of claims filed and the amount asked in each claim.
2. Number of awards made and the amount of each award.
3. Statistical summary of claims and awards made and denied, including the average size of awards.

### B. Reparations Special Account Data

1. Balance of the fund, including the sources and amounts of monies deposited in the fund.
2. Amount withdrawn from the fund, including:
  - a. Administrative costs incurred by the Court of Claims.
  - b. Salaries of commissioners.
  - c. Compensation of judges and court personnel.
  - d. Amount awarded as attorney fees.
  - e. Amount withdrawn by the Attorney General after certification of his costs of investigation and recommendation.

---

9. R.C. 2743.71.

10. R.C. 2151.355(C), R.C. 2929.12(G) and R.C. 2929.22(G).

11. R.C. 2743.69 does not use the terms "Reparations Claims Data" or "Reparations Special Account Data" nor is the section divided as it appears in the text. The terms and format are used for clarity.

For fiscal years 1977, 1978 and 1979 (through December 31, 1978) two classes of statistical data are presented, "Claims Data" and "Special Account Data". "Claims Data", concerning claims activity, is presented in Table II(A). "Special Account Data", concerning expenditures from the Reparations Special Account, is presented in Table II(B). Both Tables are arranged by fiscal year.

The information required by R.C. 2743.69 is presented in Tables II(A) and II(B) with three exceptions. The "amount asked in each claim" is unavailable because claimants do not ask for specific monetary relief. The "amount of each award" is presented in Appendix E. The "listing by source and amount of revenues deposited in the special account" is presented in Appendix F.

TABLE II(A)

REPARATIONS CLAIMS DATA  
Fiscal Years 1977, 1978 & 1979  
(12-28-76 To 12-31-78)

### Section III

Projections of expected liability for reparations claims filed from December 28, 1976 through December 31, 1978.

Tables II(A) and II(B) in Section II are analogous to "balance sheets". That is, the data they present is based upon events and transactions which actually happened within the accounting period, e.g., claims filed, awards made, claims denied and court costs collected. While the tables present information in a familiar manner and accurately state what happened during the accounting period, their usefulness as a tool for projecting what will happen after the accounting period is limited.

Projections based upon balance sheet data are not accurate when applied to new programs because new programs do not have a well developed history or a stable level of operation. In the case of the crime victim reparations program, the usual "new program" inaccuracies are compounded by several factors, e.g., (1) the data presented in Tables II(A) and II(B) do not represent "steady state" conditions due to the lack of award costs from prior years and the staggered starting dates of various phases of the program;<sup>12</sup> (2) the minimum time to process a claim and pay an award is seven months;<sup>13</sup> (3) all dependents of a deceased victim have one year in which to file their claim;<sup>14</sup> (4) claims have a

---

12. Eligibility for reparations was retroactive to January 3, 1976. Court costs collections began September 29, 1976. The first day applications for reparations could be filed was December 28, 1976. The order granting the first award was journalized on March 21, 1977. The order granting the first award to a dependent of a deceased victim was journalized on November 11, 1977.

13. See Appendix C. The times stated in Appendix B were accurate as of December 31, 1978. However, subsequent administrative changes and statutory changes may shorten the time taken between Step 10 and Step 15. For example, orders are taken to the Auditor of State and the Office of Budget and Management and are separately batched by the Department of Administrative Services. Under Section 180 of Am. Sub. H.B. 204, effective September 14, 1979, the Auditor of State sends the warrant directly to the claimant at step 13.

14. See Appendix B.

life cycle of at least five years.<sup>15</sup> Specifically, projections based upon Table II(A) underestimate the amount of awards that will be made after the accounting period, and thus underestimate the liability for existing claims.

The final cost of a reparations claim is not fixed until the claim is legally closed. None of the existing claims have been closed and they will not begin to close until at least 1981.<sup>16</sup> For fiscal planning purposes, however, it is necessary to determine as accurately as possible the final cost of the existing claims.

The "Expected Decision Model" is a method of constructing a table of data, in a format similar to Table II(A), which incorporates information about projected future awards.<sup>17</sup> Since the "Expected Decision Model" data incorporates this additional information, projections based upon the "Expected Decision Model" data estimate the liability for existing claims more accurately.

Projected reparations award liability figures for the 2,480 claims filed from December 28, 1976, through December 31, 1978<sup>18</sup> were calculated on the basis of the "Expected Decision Model" data<sup>19</sup> and the results of that projection are presented in Table III(A). Table III(A) generally corresponds to part C of Table II(A).

---

15. See Appendix B.

16. See Appendix B.

17. See Appendix A, "Expected Decision Model: Methods and Calculations".

18. 2,480 claims represent two calendar years of filings, although the filings occurred during three fiscal years; fiscal year 1977 (partial), fiscal year 1978 and fiscal year 1979 (partial).

19. The "Expected Decision Model" data is based upon information available during January, 1979. A description of the Expected Decision Model methods and calculations appears in Appendix A.

TABLE III(A)

Reparations Awards Liability Projection  
Based Upon "Expected Decision Model" Data  
2,480 Reparations Claims filed from 12-28-76 to 12-31-78.

| Projected Claim Result | Number in Category | Percent of Sample Population | Category Total Amount | Category Average Amount |
|------------------------|--------------------|------------------------------|-----------------------|-------------------------|
| 1. Denial              | 840.06             | 33.873%*                     | 0.00                  | 0.00                    |
| 2. Award               | 1,613.81           | 65.073%*                     | \$9,499,763.07        | \$ 5,886.55*            |
| 3. Not Projected       | 26.13              | 1.053%*                      | 0.00                  | 0.00                    |
| 4. TOTALS              | 2,480              | 100.000%                     | \$ 9,499,763.07       |                         |

\* From Table A-I.

Projections based upon the Table II(A) data are significantly lower than projections based upon the "Expected Decision Model" data. For example, the Table II(A) grand totals suggest that on the average, 63% of the claims filed will receive awards with an average award of \$3,494.90. In comparison, the "Expected Decision Model" data suggests that on the average, 64% of the claims filed will receive awards with an average award of \$5,886.55. In terms of the total liability for the 2,480 claims filed from December 28, 1976, through December 31, 1978, the liability of \$9,499,763.07 projected on the basis of the "Expected Decision Model" data<sup>20</sup> is 74% greater than a liability of \$5,461,243.16 projected on the basis of the Table II(A) data<sup>21</sup> and 238% greater than the total of \$2,809,897.69 awarded by the court through December 31, 1978<sup>22</sup>.

20. See Table III(A).

21. Calculation:  $\$2,809,897.69 \times (2,480 \div 1,276) = \$5,461,243.16$ .

22. See Table II(A).

The following is a summary by fiscal year of filings, deposits into the Reparations Special Account, awards granted and projected awards granted and denied. The figures presented may be found in Table II(A), Table II(B) and Table A-III (Table A-III is in Appendix A).

In fiscal year 1977, 706 claims were filed and \$2,570,572.53 was deposited into the Reparations Special Account. Of the 706 claims filed in fiscal year 1977, it is projected that 459.42 claims will receive awards totaling \$2,704,368.03 and that 239.14 claims will be denied (7.44 claims were not projected). The total of awards ordered by the court in fiscal year 1977 was \$106,057.98.

In fiscal year 1978, 1,187 claims were filed and \$4,464,543.37 was deposited into the Reparations Special Account. Of the 1,187 claims filed in fiscal year 1978, it is projected that 772.41 claims will receive awards totaling \$4,546,862.41 and that 402.08 claims will be denied (12.51 claims were not projected). The total of awards ordered by the court in fiscal year 1978 was \$1,242,753.09.

In fiscal year 1979 (through December 31, 1978), 587 claims were filed and \$2,512,887.81 was deposited into the Reparations Special Account. Of the 587 claims filed in fiscal year 1979 (through December 31, 1979), it is projected that 381.98 claims will receive awards totaling \$2,248,532.63 and that 198.84 claims will be denied (6.18 claims were not projected). The total of awards ordered by the court in fiscal year 1979 (through December 31, 1979) was \$1,461,086.62.

The above projections and the projections in Table III(A) require some explanation. Only the first 1,234 claims of the 2,480 claims filed from December 28, 1976 through December 31, 1978 were individually cost-projected. The results of the individual cost-projections of the first 1,234 claims were assumed to be repeated in the remaining 1,246 claims. Thus, with respect to the 1,235th through 2,480th claims, it was assumed that: (1) the relative proportions of dependent's awards,<sup>23</sup> victim's awards and denials will remain the same; (2) the average dependent's award will remain the same, and; (3) the average victim's award will remain the same.

23. Dependent claims are those asserted by a person who claims to be factually dependent upon a deceased victim.

These assumptions were necessary to make the projection as complete as possible, but may introduce some error into the overall projection which should be noted. The sample of 1,234 claims were filed in the first year of the reparations program. As a result of generally increasing public awareness, knowlege and understanding of the program, potential applicants in the second year of the program were more likely to be aware of the program and know whether they had a meritorious claim before filing an application. Thus, the group of claims filed in the second year of the program may actually have fewer awards denied and more awards granted than was projected.

Factors regarding all 2,480 claims must also be mentioned. The full cost of additional awards of reparations granted upon supplemental reparations applications is not included in the projection figures or in Table III(A).<sup>24</sup> Under R.C. 2743.68, supplemental reparations applications may be filed within five years after the date: (a) an award is made, or (b) an award is conditionally denied on the basis that other collateral sources (e.g., workers' compensation, social security) will pay the claimant's loss. As the reparations program matures, the total amount of awards to live victims will increase as such victims exercise their right to file supplemental reparations applications and are granted additional awards. Sufficient data did not exist at the time of the study to make any projections of the cost of supplemental reparations applications but this cost may be significant.

Administrative costs are not included in the projection figures or in Table III(A). Thus, the projection figures and Table III(A) do not reflect the personnel and maintenance costs of the Victims of Crime Division of the Court of Claims, the cost of attorney fees granted under R.C. 2743.65, or the cost of the Attorney General's Crime Victims Section.

Finally, the award cost of a small number of claims could not be projected.

---

24. Supplemental application awards which could be projected at the time of the study were included in the projection figures and Table III(A). See also Appendix A and Appendix B.

## APPENDIX A

### Expected Decision Model Methodology and Calculations

#### INTRODUCTION

The final cost of a reparations claim is not fixed until the claim is legally closed. None of the existing claims have been closed and they will not begin to close until at least 1981<sup>1</sup>. For fiscal planning purposes, however, it is necessary to determine as accurately as possible the final cost of the claims filed. The "Expected Decision Model" is a method of obtaining such cost.

The most important aspect of the "Expected Decision Model" is the procedure used to project the outcome and the final award cost for individual claims. The procedure was designed to include as much reliable information about each claim as possible.

The outcome and the final award cost for individual claims was determined in the following manner. Where the court had decided a claim, the most recent decision of the court was assumed to be the best available projection. Thus, if a claim was originally denied by a single commissioner and reversed on appeal, the award granted on appeal was used as the projection for that claim. Where the court had not decided a claim, the finding of fact and recommendation made by the Attorney General was used as the projection. Claims which could not be projected on the basis of a decision or finding of fact and recommendation were projected on the basis of a subjective consideration of the information available.

Supplemental applications for additional economic loss may be filed in a claim. Because multiple applications can be filed in one claim, the projected final award cost for the claim may be a composite of decisions of the court, findings of fact and recommendations of the Attorney General and subjective estimates, depending upon the progress of the applications at the time of the study.

---

1. See R.C. 2743.68, and Appendix B.

Many claims were not sufficiently developed at the time of the study to make any projection. When the claims filed in early 1978 were reached, the number of claims which could not be projected increased sharply.

Since it was necessary to have an estimate of the final cost for the claims which could not be projected individually, the "Expected Decision Model" uses a procedure generally known as inductive statistics. Inductive statistics is used to determine the characteristics of an entire group, called the "population", by examining a part of the group, called the "sample", determining the characteristics of the sample and inferring the characteristics of the population from the characteristics of the sample.

For this study, the population is the 2,480 reparations claims filed from December 28, 1976, through December 31, 1978. The population characteristics needed to determine the final cost of the claims filed are: (1) the proportion of claims which will receive an award, and; (2) the average award. To provide additional insight, claims which are projected to receive an award are divided into two separate categories, "Victim's Award" and "Dependent's Award". For completeness, categories for "Denied" claims and "Not Projected" claims are included. Thus, the population characteristics to be determined from the sample are: (1) the relative proportions of "Victim's Award", "Dependent's Award", "Denied" and "Not Projected" claims, and (2) the average award for both "Victim's Award" and "Dependent's Award" categories.

From the population of 2,480 claims filed from December 28, 1976 through December 31, 1978, the 1,234 claims filed in calendar year 1977 were chosen as the sample. The sample is large enough that seasonal and other cyclic or short-term variations "average out", and thus cancel a number of distorting factors. At the time of the study<sup>2</sup> this sample was the largest group of sequential claims of which a high percentage of the claims could be individually cost-projected without leaving an unreasonable number of claims that could not be projected. This last attribute of the sample is important for statistical reliability. Otherwise, the sample would be biased by those types of claims which are processed quickly.

---

2. The study was based on data available in January, 1979.

### Sample Projections Results

Each of the 1,234 claims in the sample was placed into one of four categories: "Projected Denial", "Projected Victim's Award", "Projected Dependent's Award" or "Not Projected". A description of the four categories and possible sources of sample projection error specific to each category is presented below.

A total of 418 claims from the sample were placed in the "Projected Denial" category. This category consists of two types of denials: (1) denials where an award would have been payable but all economic loss sustained was reimbursed or expected to be reimbursed by a collateral source; (2) denials where the victim or applicant did not meet the eligibility requirements of the legislation. In the first type of denial, a supplemental reparations application may be filed within the five year claim life,<sup>3</sup> if expected collateral sources do not ultimately reimburse the economic loss sustained or if additional economic loss is sustained without collateral source coverage. Accordingly, an award of reparations may be granted on the basis of a supplemental reparations application. In the second type of denial, it is unlikely that a reversal of the decision will occur in the five year claim life.

A total of 723 claims from the sample were placed in the "Projected Victim's Award" category. This category consists of claims where applicants sustained the following types of "Economic Loss": "Allowable Expense" (R.C. 2743.51(F)), "Work Loss" (R.C. 2743.51(G)) or "Replacement Services Loss" (R.C. 2743.51(H)). In general, victims in the "Projected Victim's Award" category survived the incident. Since these victims are alive, it is probable that supplemental reparations applications will be filed to recoup additional economic loss and additional awards will be granted. A small proportion of

---

3. R.C. 2743.68.

"Projected Victim's Award" claims are for funeral expense only.<sup>4</sup> Since funeral expense is statutorily limited to \$500.00, the "funeral expense only" claims are not expected to change during the five-year claim life.

A total of 80 claims from the sample were placed in the "Projected Dependent's Awards" category. This category consists of claims where the applicants are dependents of deceased victims and have sustained "Dependent's Economic Loss" (R.C. 2743.51(I)) or "Dependent's Replacement Services Loss" (R.C. 2743.51(J)).<sup>5</sup> Although this category is relatively small in number of claims, the projected awards of \$3,487,247.32 represent almost 74% of the dollar projection for the entire sample of 1,234 claims. Since the projected award for most of these claims is at, or near, the maximum \$50,000 per victim, little change is expected during the five-year claim life.

A total of 13 claims from the sample were placed in the "Not Projected" category. This category consists of claims which could not be projected at the time of the study and claims filed by additional claimants which were consolidated into a primary claim which was projected in one of the above categories. Claims are listed in this category for completeness and because it is unclear whether the practice of filing multiple claims under a single victim will continue.

A summary of the sample projection results is presented in Table A-I. The figures in the "Number in Category" and "Category Total Amount" columns of Table A-I are exact, but the figures in the "Percent of Sample" and "Category Average Amount" columns have been rounded off.

4. Funeral expenses may also occur in claims which were placed in the "Projected Dependent's Award" category. Funeral expenses are defined by statute as "allowable expense" (R.C. 2743.51(F)) and are the only "allowable expense" losses which are not incurred by live victims. Since most "allowable expense" losses were incurred by live victims, the "funeral expense only" claims were also listed with "Projected Victim's Award" claims. However, where funeral expenses are part of an award sought by dependents of a deceased victim for "Dependent's Economic Loss" or "Dependent's Replacement Services Loss", the claim and the entire amount of the award was listed in the "Projected Dependents Award" category.

5. See Footnote 4.

TABLE A-I

SAMPLE  
Reparations Awards Liability Projection  
1,234 Reparations Claims filed from 1-1-77 to 12-31-77.  
(Each claim individually cost-projected)

| Projected Claim Result | Number in Category | Percent of Sample Population | Category Total Amount | Category Average Amount |
|------------------------|--------------------|------------------------------|-----------------------|-------------------------|
| 1. Denial              | 418                | 33.873%                      | \$ 0.00               | \$ 0.00                 |
| 2. Victim's Award      | 723                | 58.590%                      | \$ 1,239,650.92       | \$ 1,715.28*            |
| 3. Dependent's Award   | 80                 | 6.483%                       | \$ 3,487,247.32       | \$ 43,590.59*           |
| 4. Not Projected       | 13                 | 1.053%                       | \$ 0.00               | \$ 0.00                 |
| 5. Sample Population   | 1,234              | 100.000%                     | \$ 4,726,898.24       |                         |

\* Combining "Victim's Award" and "Dependent's Award" into a single category yields an average award of \$5,886.55.

The figures have been rounded in the "Percent of Sample Population" and "Category Average Amount" columns.

#### Sources of Error in Sample Projection Results

Since the object of the "Expected Decision Model" is to project the final costs of the claims filed, it is important to point out how the sample results may differ from the actual final costs. As indicated above, the results of the sample are expected to increase an undeterminable amount in three situations: (1) where economic loss expected to be reimbursed by a collateral source at the time of the study ultimately is not reimbursed by the collateral source; (2) where additional economic loss is sustained after the time of the study without collateral source coverage, (3) where a claim which could not be projected at the time of the study receives an award.

The first two situations can occur in claims in the "Projected Denial" category as well as in the "Projected Victims Award" and "Projected Dependent's Award". Although sufficient information did not exist at the time of the study to estimate these potential sources of error, the sources are identified and adjustments to the sample results (as well as the population final cost projection) can easily be made by monitoring the 1,234 claims in the sample.

# Population Projection Results

The population projection was inferred from the sample projection. Note that the population consists of the 2,480 claims filed from December 28, 1976, through December 31, 1978, and the sample consists of the 1,234 claims filed in the first year of the program. The number of "Projected Denial", "Projected Victim's Award", "Projected Dependent's Award", and "Not Projected" claims in the population, was determined using the category proportions found for the sample claims.<sup>6</sup> The sample category percentages presented in Table A-I were not used in the calculations because those numbers are not exact as the result of rounding. Next, the total amount was determined for the "Projected Victim's Award" and "Projected Dependent's Award" categories in the population by multiplying the calculated number of claims in those population categories by the respective sample category average amount. The sample category average amount was recalculated during the population calculations because the sample category average amount figures presented in Table A-I are not exact as the result of rounding.

For example, the number of "Projected Dependent's Award" claims in the population was found by multiplying the number of claims in the population, 2,480, by the proportion of "Projected Dependent's Award" claims in the sample, 80 divided by 1,234, (i.e., 2,480 times  $[80 \div 1,234] = 160.77795786$  Projected Dependent's Award claims). Note that the resulting number of "Projected Dependent's Award" claims in the population is not an integer.<sup>7</sup> Next, the total amount for the population "Projected Dependent's Award" category was found by multiplying the calculated number of population "Projected Dependent's Award" claims, 160.77795786 claims, by the sample "Projected Dependent's Award" category average amount, \$3,487,247.32 divided by 80 (i.e., 160.77795786 claims times  $[\$3,487,247.32 \div 80] = \$7,008,406.28$  Projected Dependent's Award total amount).

6. See Table A-I. Note that the exact figures from the columns "Number in Category" and "Category Total Amount" were used rather than the rounded figures from the columns "Percent of Sample" and "Average Award".

7. A twelve-digit floating point calculator was used to produce the tables.

This process was repeated for the population "Projected Victim's Award" category. Only the number of claims in the "Projected Denied" and "Not Projected" categories was calculated since their category dollar amounts are zero.

The above calculations provide two of the columns in the table presenting the population projection results. The other two columns, "Percent of Population" and "Average Award Amount" are simply carried over from the sample projection results since they are the same. A summary of the population projected results is presented in Table A-II. A summary of the Population projected results rearranged on a fiscal year basis is presented in Table A-III.

TABLE A-II

POPULATION  
Reparations Awards Liability Projection  
2,480 Reparations Claims filed from 12-28-76 to 12-31-78.  
(Inferred from SAMPLE results)

| Projected Claim Result | Number in Category | Percent of Sample Population | Category Total Amount | Category Average Amount |
|------------------------|--------------------|------------------------------|-----------------------|-------------------------|
| 1. Denial              | 840.06             | 33.873%*                     | \$ 0.00               | \$ 0.00                 |
| 2. Victim's Award      | 1,453.03           | 58.590%*                     | \$ 2,491,356.79       | \$ 1,715.28*            |
| 3. Dependent's Award   | 160.78             | 6.483%*                      | \$ 7,008,406.28       | \$ 43,590.59*           |
| 4. Not Projected       | 26.13              | 1.053%*                      | \$ 0.00               | \$ 0.00                 |
| 5. Sample Population   | 2,480              | 100.000%                     | \$ 9,499,763.07       |                         |

\* From Table A-I.

Combining "Victim's Award" and "Dependent's Award" into a single category yields an average award of 5,886.55.

#### Sources of Error in Population Projection Results

The sources of error indicated for the sample projection also apply to the population projection, because the population projection relies entirely upon the sample projection. See the "Sources of Error in Sample Projection Results" at page A-5 for a description of these sources of error.

The only reason the population claims were not all cost-projected individually was that, at the time of the study, the claims excluded from the sample were generally not sufficiently developed to make any projection of final cost. However, since the population projections were based upon a sample, the nature of the particular sample chosen suggests additional sources of potential of error in the population projection.

Several assumptions were made when the population projection was inferred from the sample projection. It was implicitly assumed that the results of the individual cost-projections of the first 1,234 claims comprising the sample would be repeated in the remaining 1,246 claims which were excluded from the sample. Thus, with respect to the 1,235th through 2,480th claims, it was assumed that: (1) the relative proportions of dependent's awards, victim's awards and denials will remain the same; (2) the average dependent's award will remain the same; (3) the average victim's award will remain the same.

These assumptions were necessary to make the projection as complete as possible, but may introduce some error into the overall projection which should be noted. The sample of 1,234 claims were filed in the first year of the reparations program. As a result of generally increasing public awareness, knowledge and understanding of the program, potential applicants in the second year of the program were more likely to be aware of the program and know whether they had a meritorious claim before filing an application. Thus, the group of claims filed in the second year of the program may actually have fewer awards denied and more awards granted than was projected.

APPENDIX B

Explanation of One Year Filing  
Requirement and Five Year Claim Life

The one year time in which all claimants have to file their claim and the five year life cycle of a claim need some explanation.

Under R.C. 2743.56(C) and R.C. 2743.60(A), reparations applications must be filed within one year after the date of the injury. R.C. 2743.51(A) defines "claimant" as, inter alia, a "dependent of a deceased victim". R.C. 2743.51(D) states a "dependent" is "... an individual wholly or partially dependent on the victim for care and support ...." Taken together, these sections mean that all individuals who claim to have been dependent on a deceased victim have one year in which to file a claim for their share of the \$50,000 aggregate award allowed by R.C. 2743.60(E). The total loss to dependents frequently exceeds \$50,000 and the award to each dependent can be proportionately reduced only when the number of proper claimants and their total loss is known. Thus, the Court of Claims cannot determine a death claim until the one year filing time has elapsed and until all necessary investigation has been completed.

Under R.C. 2743.58, claimants have five years from the date of the original order granting an award in which to file a Supplemental Reparations Application for economic loss caused by the original injury. Similarly, claimants whose claims are denied because their economic loss is covered by another source have five years from the date of the order denying the claim in which to file a Supplemental Reparations Application. For example, a claimant whose claim is denied because his wage loss is covered by a contractual wage continuation plan may file a Supplemental Reparations Application if his wage continuation plan is discontinued. R.C. 2743.68 can be interpreted to measure claim life by the \$50,000 maximum award allowed by R.C. 2743.60(E). This interpretation joins "timely made" Supplemental Reparations Applications and terminates liability when the \$50,000 maximum is depleted. Under this interpretation, a claimant who receives an original award of, for example, \$5,000 could file a Supplemental Reparations Application within five years of the date of the original order and within five years of each subsequent order granting an award until the \$50,000 maximum is depleted. The Court of Claims has not ruled on the validity of this interpretation.

- \* Death Claims: Add zero to 12 months to total for Dependent Class to close.
- \*\* Subtract 10 days from total if application is filed by applicant directly with Court of Claims.

## APPENDIX D

### APPEAL PROCESS VICTIM REPARATION CLAIMS FLOW CHART

\* The "Appellant" usually is the Applicant and the "Appellee" usually is the Attorney General, but the roles may be reversed.

## APPENDIX E

### Narrative of Procedures

Appendix E attempts to define some basic statutory provisions and to summarize the procedure involved in processing a claim.

Of necessity, the definitions and the summary of procedures are simplified and shortened. They are not "official" definitions or statements which are binding upon the Court of Claims, the Commissioners of the Court of Claims or the Clerk of the Court of Claims.

## GENERAL PROVISIONS

### Application Form

A Reparations Application is completed on a "form prescribed by the Clerk of the Court of Claims." [R.C. 2743.56(B)]

### Place of Filing

Reparations applications may be filed in person or by mail with the Clerk of the Court of Claims or the clerk of the common pleas court "... of the county of applicant's residence or if applicant is a non-resident of this state, the county in which the criminally injurious conduct occurred." [R.C. 2743.56(A) and (B), R.C. 2743.57, and C.P. Rep.R.3(A)]

### Filing Fee: Affidavit of Indigency

The Reparations Application must be accompanied by either a \$7.50 filing fee or an affidavit of indigency. [R.C. 2743.56(B) and R.C. 2743.57(B)]

### Time in Which Application Must be Filed

Reparations applications must be filed with the Clerk of the Court of Claims or the appropriate common pleas clerk "within one year after the occurrence of the criminally injurious conduct that is the basis of the application." [R.C. 2743.56(C) and R.C. 2743.60(A)]

### Maximum Amount of Award

The maximum aggregate award per victim, including all dependents, is \$50,000. [R.C. 2743.60(E)]

### Supplemental Reparations Application

An applicant may file a Supplemental Reparations Application within five years of the date of an order which grants an award or which denies an award because of actual or potential recovery from a collateral source. [R.C. 2743.68(A)]

### Dormant Claims

A claim becomes dormant when any of the following occur:

- 1) The time for objecting to (appealing) the determination of a single commissioner has passed without an objection being made [R.C. 2743.68(B)];
- 2) The time for appealing the determination of a panel of commissioners has passed without an appeal being made [R.C. 2743.68(B)];
- 3) The Court journalizes its final order in claims that are appealed from a panel of commissioners. [R.C. 2743.68(B)]

### Closed Claims

A claim is closed when:

- 1) A supplemental reparations application is not filed within five years after the claim becomes dormant. [R.C. 2743.68]
- 2) A total of \$50,000 has been disbursed. [R.C. 2743.60(E)]

### Attorney Fees

Where applicant's are represented by attorneys, attorney's fees are determined by the Court of Claims. Attorneys file applications for fees, the Court of Claims reviews the applications and determines and awards reasonable fees commensurate with the services rendered. Attorneys may not seek compensation in addition to the fees granted by the Court. The Court awards compensation only for services rendered in the prosecution of the reparations claim. For example, the Court

does not award attorney fees for representing an applicant against creditors or representing an applicant in probate matters. Attorney fees are in addition to any award and are paid from the Reparations Special Account. [R.C. 2743.65(A)]

#### PROCEDURES

1. Upon receipt of the Reparations Application form, the Clerk of the Court of Claims reviews the form and serves a copy of the Reparations Application and supporting documentation upon the Attorney General. [R.C. 2743.58] If the form has not been properly completed, the Clerk contacts the applicant and requests a properly completed form. Once the properly completed form is filed, a copy of the form is served upon the Attorney General.
2. The Attorney General investigates the claim and files a written Finding of Fact and Recommendation. The Finding of Fact and Recommendation should be filed within sixty days of the Attorney General's receipt of the claim. The sixty day period may be extended upon motion of the Attorney General. [R.C. 2743.59(E)]
3. The Clerk of the Court of Claims serves a copy of the Attorney General's Finding of Fact and Recommendation and a "Response" form upon the applicant and the applicant's attorney, if any. [R.C. 2743.58]
4. The applicant has ten days after receiving the copy of the Finding of Fact and Recommendation to file a "Response" to the Attorney General's recommendation. [R.C. 2743.55(C) and "Notice of Right to Respond to Recommendation of Attorney General and Instructions"]

5. After the expiration of the time in which applicant may respond to the Attorney General's Finding of Fact and Recommendation, a single commissioner reviews the claim and decides the claim upon: the Reparations Application; the Attorney General's Finding of Fact and Recommendation; the investigative material filed with the Attorney General's Finding and Recommendation and the "Response" of the applicant, if any. [R.C. 2743.55] In some instances a single commissioner may determine that additional investigation, information or legal analysis is necessary and require a Supplemental Finding of Fact and Recommendation. When the Attorney General files a Supplemental Finding of Fact and Recommendation, it is processed in the manner described in Paragraphs 3, 4, 5 and 6.
6. The single commissioner issues a written opinion and order deciding the claim.
7. The Clerk serves a copy of the opinion and order upon the applicant, the applicant's attorney, if any, and the Attorney General.
8. The applicant and the Attorney General may object to (appeal) the determination of the single commissioner by filing a completed objection form with the Clerk of the Court of Claims within ten days after receipt of the order. An "Objection" form is served upon the applicant with the order. [R.C. 2743.55(C) and "Objection and Notice of Appeal from the Decision and Order of a Commissioner" form]
9. If the single commissioner grants an award and no objection is filed within the ten day period, the payment procedure described in Paragraph 21, infra, is initiated.
10. Upon the timely filing of an objection to the decision of a single commissioner, an order setting the hearing before a panel of three commissioners is issued and served upon the applicant, the applicant's

attorney, if any, and the Attorney General. The order details the requirements and the procedure for the hearing before a three commissioner panel. The applicant and the Attorney General may appear at the hearing, introduce new evidence and present oral argument. ["Order Setting Hearing on Objection to the Decision of the Single Commissioner"]

11. A panel of three commissioners hears and decides the objection to the decision of a single commissioner upon: the opinion and order of the single commissioner; the papers in the claim file prior to the hearing date; the notice of objection; briefs; evidence produced and oral argument presented at the hearing before the panel; [R.C. 2743.55 and "Order Setting Hearing on Objection to the Single Commissioner"] In some instances, a panel of three commissioners may determine that additional investigation, information or legal analysis is necessary. In such instances, the panel issues an order which details the procedure. If, for example, the panel determined that additional briefs are required, the order would specify the subject of the briefs and their filing time.
12. Upon a majority vote a panel may affirm, reverse or modify the decision of the single commissioner. [R.C. 2743.55(C)] The panel issues an opinion and order or an order deciding the appeal and the opinion and order or order is served upon the applicant, the applicant's attorney, if any, and the Attorney General.
13. The applicant and the Attorney General may appeal the decision of the three commissioner panel. The applicant may appeal the panel's decision granting an award, the amount of an award or the denial of a claim. The Attorney General may appeal the panel's conclusions of law. Appeals are made by filing an "Appeal" form with the Clerk of Court of Claims within thirty days after the date on which the decision of the panel of

commissioners is journalized. [R.C. 2743.61(A) and (B)] An "Appeal" form and instructions are served upon the applicant with the order of the panel. ["Notice of Right to Appeal Decision of Panel of Commissioners and Instructions"]

14. If a notice of appeal is not filed within the thirty day period, the award or denial is final unless the Court of Claims, in the interests of justice, allows an appeal. [R.C. 2743.61(B)]
15. If a three commissioner panel affirms an award or grants an award and no appeal is filed within the thirty day period, the payment procedure described in Paragraph 21, infra, is initiated.
16. Upon the timely filing of a notice of appeal, an order setting the hearing before a single judge of the Court of Claims is issued and served upon the applicant, the applicant's attorney, if any, and the Attorney General. The order details the requirements and procedure for the hearing before the Court. No evidence or testimony is received at the hearing. The applicant and the Attorney General may attend the hearing and present oral argument. [R.C. 2743.61(A) and "Order Setting Hearing on Appeal of the Decision of a Three Commissioner Panel"]
17. A single judge of the Court of Claims hears and determines the appeal upon: the opinion and order of the three commissioner panel; the record of the hearing before the three commissioner panel; the papers in the claim file prior to the date of the order which is the subject of the appeal; the notice of appeal; briefs and oral arguments made before the Court. [R.C. 2743.61(A) and "Order Setting Hearing on Appeal of the Decision of a Three Commissioner Panel"]

18. If the Court determines that the decision of the panel is reasonable and lawful, the order of the panel is affirmed. If the Court determines that the decision of the panel is unreasonable or unlawful, the order of the panel is reversed and vacated or modified and judgment entered thereon. [R.C. 2743.61(A)] The Court issues an opinion and order deciding the appeal, and the opinion and order is served upon the applicant, the applicant's attorney, if any, and the Attorney General.
19. If the Court affirms an award or grants an award, the payment procedure described in Paragraph 21, infra, is initiated.
20. The decision of the Court of Claims is final. No appeal from the decision of the Court of Claims lies to any other court. [R.C. 2743.20; Metz v. Victims of Crime Div., Ct. of Claims of Ohio, Unreported dec. of Tenth Distr. Ct. of Appeals, No. 79AP-446 (Aug. 23, 1979); Gallagher v. Victims of Crime Div., Ct. of Claims of Ohio, Unreported dec. of Tenth Distr. Ct. of Appeals, No. 79AP-447 (Aug. 23, 1979)]
21. Awards are paid as follows:
  - a) An award cannot be certified until all appeal time has passed, i.e., ten days after the order of a single commissioner granting an award has been received by the parties and thirty days after the order of a three commissioner panel granting an award has been journalized. [R.C. 2743.55(C); R.C. 2743.61(B); "Objection and Notice of Appeal from the Decision and Order of a Commissioner" form; "Notice of Right to Appeal to Decision of Panel of Commissioners and Instructions" form] A party may object to or appeal only a portion of an order granting an award and request that the Clerk certify that part of the award which is not a subject of the objection or appeal. [R.C. 2743.191(C)]
  - b) The Clerk of the Court of Claims certifies copies of the order granting an award to the Auditor of State and Office of Budget and Management. [R.C. 2743.191(B)(1)]
  - c) The Office of Budget and Management certifies to the Auditor of State that there are sufficient moneys in the Reparations Special Account to pay the award. [R.C. 2743.191(B)(3)]

- d) The Auditor of State draws a warrant on the Treasurer of State payable to the person to whom the award is made in the amount certified and sends the warrant to the person to whom the award is made. [R.C. 2743.191(B)(3) and Section Am.Sub.H.B. 204, Section 180 of Am.Sub. H.B. 204 became effective September 19, 1979]
- e) The expense created by the award is charged against the Reparations Special Account. [R.C. 2743.191(B)(4)]
- f) If there are insufficient unencumbered moneys to pay the award, the Office of Budget and Management applies for payment of the award out of the emergency purposes account or any other appropriation for emergencies or contingencies. [R.C. 2743.191(B)(4)] If sufficient moneys do not exist in the emergency purposes appropriations account or other appropriations for emergencies or contingencies, the Auditor of State requests the General Assembly to make an appropriation to pay the award. [R.C. 2743.191(B)(5)]

## APPENDIX F

Appendix F is a chronological listing of the decisions announced by the Court of Claims from March 21, 1977, through December 31, 1978. The first decision granting an award of reparations to a victim of crime was journalized on March 21, 1977.

It must be noted that adding together all of the awards listed in Appendix F will not yield an accurate overall program total of awards granted because, inter alia, some of the awards have been modified by a single commissioner, some have been modified or reversed by a panel of commissioners, some have been refused by the applicant, some applicants die before receiving the award, etc. Overall program totals of awards granted may be obtained from Table II(A) and Table II(B) in the text.

VICTIMS OF CRIME DIVISION  
COURT OF CLAIMS

Decisions Announced March 24, 1977

REHANDS

# APPENDIX G

## Sources and Amounts of Moneys Deposited into the Fund

Appendix G is a listing of court costs collected pursuant to R.C. 2743.70 which were received by the Treasurer of State for deposit into the Reparations Special Account. The receipts are listed by court of collection for calendar years 1976, 1977 and 1978.

A listing of the monthly deposit totals through December of 1979 is also included.

## REPARATIONS SPECIAL ACCOUNT DEPOSITS BY MONTH
