## ACQUISITIONS

As a law enforcement officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all men to liberty, equality and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint, and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear of favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession. . . law enforcement.

 FROM: T. W. JOHNSON, Acting Chief of Police  
 SUBJECT: ANNUAL REPORT FOR CALENDAR YEAR 1980

I am pleased to submit to you the Police Department Annual Report for calendar year 1980.

Police Department operations were perplexed for a period of time as a result of the incapacitation and sudden retirement of Chief of Police Odell H. Sylvester. Nevertheless, 1980 proved to be an extraordinary year of change in the Department's traditional programs for delivery of service.

On July 27, 1980, the Department implemented a major reorganization. For years the Patrol Division beat officer had the continuing responsibility for investigating all crimes on his or her beat. While members of the Detective Division assisted the beat officer, the following up on leads, the preparation of reports and responsibility for crime solution rested with the patrol officer. The hallmark of the reorganization removed that case management responsibility from the patrol officer and transferred it to detectives assigned to investigations. The change was designed to free patrol officers from burdensome and time consuming investigations, thus keeping them more available to respond to urgent calls for service. The reorganization changes are being closely monitored to determine if the Department is providing a better or inferior service to the community.

Beginning in September the Department instituted a Traffic Safety Program. Federal monies provided by the Highway Safety Act funded the salaries and equipment for four patrol officers who are dedicated full time to the selective enforcement of traffic laws, violations of which have been the causative factor in injury and fatal accidents. Early indications are that the program is meeting its goal of reducing traffic related collisions and injuries.

Department operations have been handicapped by sworn personnel vacancies and protracted periods of time needed to recruit and train new police officers. We have enjoyed, however, the support of the City Council and City Manager in filling police vacancies as quickly as possible.

DEMOGRAPHIC FACTS ABOUT BERKELEY

MUNICIPAL GOVERNMENT: Founded in 1864. Incorporated as a city in 1909. Council-Manager form of government since 1923.

POPULATION: Official figures released by the Bureau of Census indicate a Berkeley population of 103,324.

AREA: Current distribution - 11.4 square miles of land area; .96 square miles of filled tide land and 6.7 square miles of water area.

INDUSTRY: About 310 industrial plants producing a wide variety of products.

EDUCATION: Seventeen primary schools, two junior high schools, one high school with two campus facilities, and one adult school. Total enrollment in the Fall of 1980: 14,310.

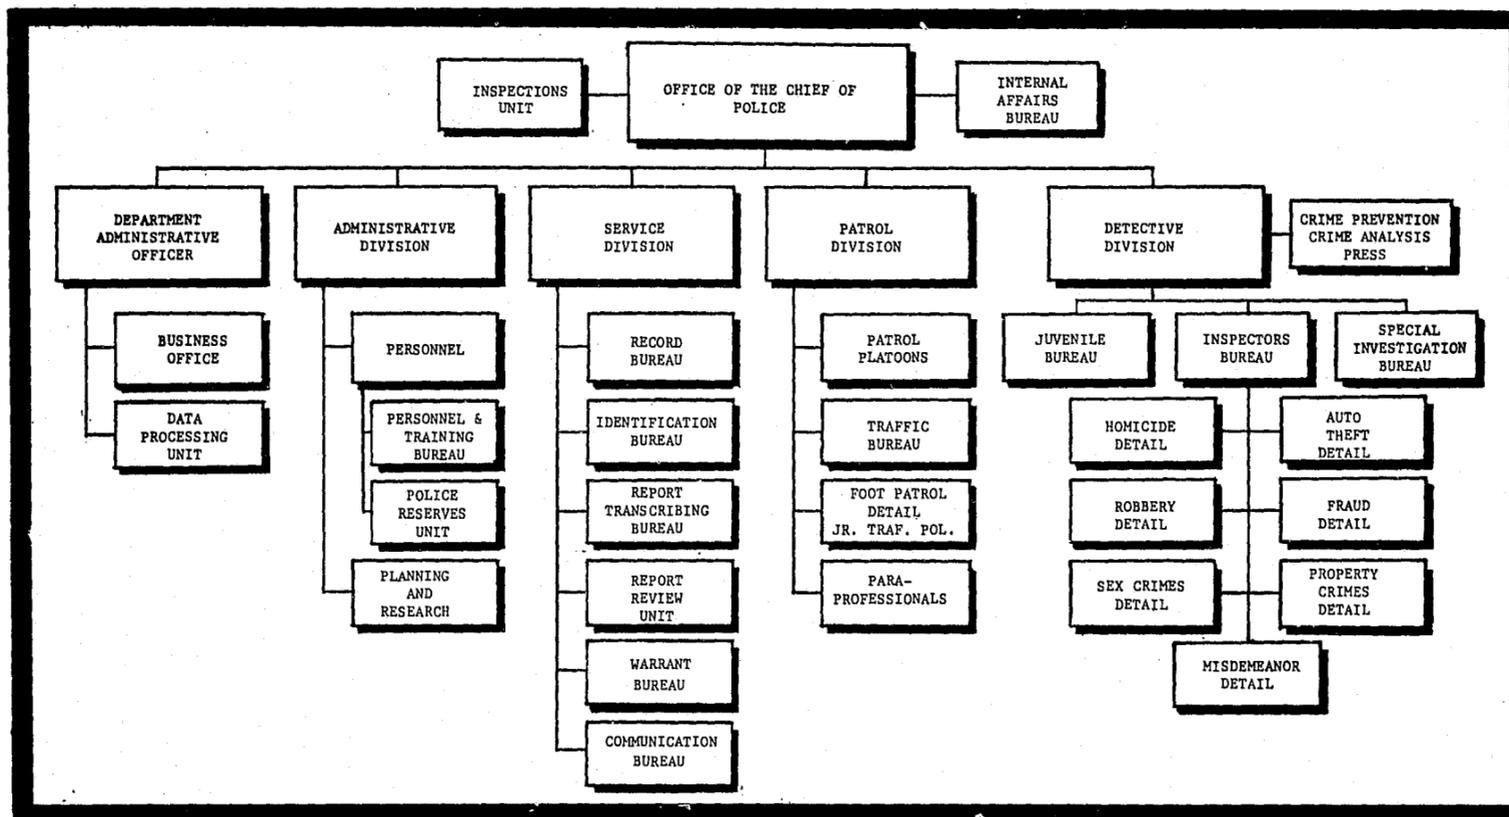

One of the world's largest universities, the University of California with an enrollment of 30,833 in the Fall of 1980, is located in the east central portion of the city. Armstrong College, schools of business and professional law with an enrollment of 350, is located in central Berkeley.

TRANSPORTATION: A metropolitan bus system connects directly and by transfer with several hundred miles of bus lines in adjoining communities and San Francisco. Berkeley is also an integral part of the Bay Area Rapid Transit System, which began East Bay operation in 1972 and extended its service to San Francisco and Daly City in 1974.

RECREATION: Thirty-eight public parks and playgrounds; three swim centers, sixteen school playgrounds; remodeled and enlarged marina; and a modern concrete surfaced fishing pier extending 3,000 feet into San Francisco Bay. Tilden Regional Park, comprising 2,450 acres of recreational area and available to a metropolitan population of more than 1,090,000 persons is located at the eastern Berkeley city limit.

ASSESSED VALUATION: Certified assessed valuation of taxable property for 1979/80 is \$415,747,895. This includes both secured and unsecured personal property, but does not include approximately 30% of the incorporated area which is publicly owned by Federal, State and local agencies.

T. W. JOHNSON  
ACTING CHIEF

OFFICE OF THE CHIEF  
OF POLICE

Captain Thomas W. Johnson was designated as Acting Chief of Police in May, 1980, after Odell H. Sylvester was incapacitated due to an injury. Chief Sylvester received a disability retirement on November 23, 1980, and Acting Chief Johnson continues at the helm until a permanent Chief of Police is selected.

An Inspections Unit comprised of a Lieutenant became part of the Office of the Chief as a result of the Department's reorganization. Inspections' responsibility includes monitoring the functions and reviewing results of the Department's various working units to ensure a successful coordinated effort. Evaluation of the reorganization and measuring its effectiveness towards the delivery of better services to the community is a major responsibility of the Inspections Unit.

P. A. MEREDITH  
LIEUTENANT

The Bureau of Internal Affairs, under the direction of a Sergeant who reports directly to the Chief of Police, remains an important phase of the Department's effectiveness. The Bureau investigated a total of 131 external complaints alleging improper actions by members of the Department. In most instances it was determined that misconduct did not occur; however, one employee received a disciplinary suspension, two received reprimands, and 28 were given additional training, a non-disciplinary disposition.

An additional 39 internal complaints were initiated which resulted in 8 employee suspensions and 24 reprimands. This tends to confirm that the Department's internal supervisory mechanisms are effective safeguards to assure professional conduct.

MR. F. J. EASON  
DEPARTMENT  
ADMINISTRATIVE  
OFFICER

BUSINESS OFFICE  
BUDGET  
ACCOUNTING

The Business Office is staffed by a Senior Account Clerk and an Intermediate Account Clerk and is supervised by the Departmental Administrative Officer. The Account Clerks receive, audit and disburse monies collected for various purposes by the Department.

The Business Office prepares the payroll, along with management reports detailing personnel costs and overtime use by the Department. The Office retains and indexes required accounting records, including vacation, sick, recovery time and overtime.

The Business Office coordinates all purchasing for the Department and assists the operating divisions in meeting all requirements for purchases. Often the office must research various items and make recommendations concerning purchases to the unit which requisitioned the item, services or material.

The Business Office prepares and administers the annual Budget for the Department and must maintain detailed financial records relating the budget expenditures. Often the office must provide financial analysis and projections for use in planning by the Department.

The Key punch Unit is staffed by a Senior Data Entry Operator and two Data Entry Operators. This unit screens and prepares data for processing by the City Computer Center. The unit coordinates all requests from the Police Department for data processing services, including new programs and special runs.

The Senior Data Entry Operator functions as the Departmental Statistician, validates statistics from the operating divisions against totals from the computer reports, verifies operational data, and prepares monthly and annual reports for distribution throughout the Department and to state and national agencies as required.

The Key punch Unit also indexes information from police reports for processing by the computer. The unit maintains extensive volumes of operational data in printouts on machine-readable cards and on microfilm.

M. J. HEALY  
CAPTAIN

## ADMINISTRATIVE DIVISION

The Administrative Division is responsible for virtually all Department functions that are not directly related to criminal investigation and associated record keeping, budgeting and Business Office activities.

The Division is commanded by a Captain who is assisted by a Lieutenant. The Lieutenant is in charge of the Personnel and Training Unit, Police Reserve Program and the Police Aide/Trainee (Cadet) Program. The Captain supervises the Planning and Research Bureau and acts as a staff assistant to the Chief of Police in administrative matters.

D. C. SMITHSON  
LIEUTENANT

The Personnel Section of the Personnel and Training Unit works closely with the City Personnel Department in the recruiting and selection of new police employees and is responsible for pre-employment background investigations. It is also responsible for the maintenance of personnel records and employee health and safety. The Training Section is responsible for the administrative management of all Department training and maintenance of training records. During 1980 the section administered 12,508 hours of training which was provided to employees.

The Berkeley Police Reserves continue to be a viable unit of the Police Department and numbered 77 officers on December 31, 1980. Members provide back-up support to regular patrol officers, direct football traffic, respond to

a variety of parking violation complaints, and conduct some minor traffic collision investigations. During 1980 Police Reserve officers contributed 8,243 hours of duty to the City without compensation.

The Police Aide/Trainee (Cadet) Program provides part-time employment to young people, age 17-26 years, who are interested in entering police work but have not yet completed their education. Aides and Trainees provide clerical and related types of assistance to all Divisions within the Department.

The Planning and Research Bureau functions as an advisory unit to all Divisions and to the Chief of Police. This unit provides information on new techniques and programs of value to the Department, prepares federal and state grant applications, maintains current information on applicable court decisions and legislation and conducts studies as requested by the Chief of Police.

W. E. JENKINS  
CAPTAIN

## PATROL DIVISION

The Patrol Division is commanded by a Captain with assistance of three Lieutenants. The Division is comprised of five Patrol Platoons, a Traffic Bureau, Foot Patrol Detail, and a Paraprofessional Unit.

In July, 1980, there was a Department-wide reorganization in which the Patrol Division changed its shift configuration from three platoons to five platoons. This allows for a greater concentration of manpower during more critical times of the day. The reorganization also shifted some of the patrol follow-up responsibilities to the Detective Division to allow the Patrol Officer more time to respond to community needs.

P. E. DORAN  
LIEUTENANT  
FIRST PLATOON

Patrol Division is the Police Department's primary representative to the community, providing immediate police service on a 24-hour-a-day basis. It is the first line unit in the prevention and investigation of crime. Specific functions of the Patrol Division include continual patrol of residential and commercial areas to prevent criminal activities; initial investigation of all reports alleging violations of the law; identification and arrest of criminal offenders; investigation of traffic enforcement problems; response to all types of emergency calls; enforcement of traffic regulations; investigation of traffic hazards and the initiation of remedial measures; preparation and maintenance of charts and summaries of traffic collisions used by officers in selective enforcement programs; cooperation

T. J. HALEY  
LIEUTENANT  
2ND & 4TH PLATOONS

with schools and other organizations in traffic studies; cooperation with the City Traffic Engineer in solving traffic problems; promulgation of necessary traffic control legislation; traffic control at special functions; and preparation of reports as directed.

In December of 1975 a Federally funded grant program titled "Reduction of Response Time Through Utilization of Paraprofessional Personnel" was initiated within the Patrol Division. The program, now in its 6th year, utilizes uniformed, non-sworn Police Service Assistants. Supervised by the Patrol Sergeants, they handle non-hazardous police matters. The objective of the program is to relieve beat officers of as many relatively minor calls as possible so that sworn officer response time to serious cases may be reduced.

The Director of the Junior Traffic Police, a Sergeant, has a two-fold responsibility. In cooperation with local schools, he administers the Berkeley Junior Traffic Police and Adult Crossing Guard Programs

The Foot Patrol Detail, supervised by a Sergeant, patrols various business districts throughout the city. They are also used for special police problems that may arise in the city. Foot Patrol in the south campus area of the city is provided jointly by the Berkeley Police Department and the University of California Police Department.

A Barricaded Subject/Hostage Negotiation Team, comprised of carefully selected officers, was organized in 1976. The primary aim of the unit is the non-violent resolution of situations involving a barricaded subject. If violence should become inescapable, the officers are trained in special techniques that minimize danger to all persons involved in the situation.

J. G. POLK  
Lieutenant  
3RD & 5TH PLATOONS

D. T. HICKMAN  
CAPTAIN

## SERVICE DIVISION

The Service Division is commanded by a Captain who is assisted by a Lieutenant and several sworn and non-sworn supervisors. The Division is divided into five Bureaus: The Record Bureau, Identification Bureau, Warrant Fugitive Bureau, Report Transcribing Bureau and the Communication Bureau. The Division operates with a total of 63 authorized sworn and non-sworn positions.

The Service Division provides the support functions necessary to operate the Police Department. These functions include: maintenance of all police activity records; operation of the Communication Bureau; transcription of incident reports dictated by patrol officers; technical crime scene investigations and identification; custody of prisoners and operation of the jail; custody and control of physical evidence, property and police supplies; telecommunications network terminal operations; traffic, misdemeanor and felony warrant processing and service; and informational service to the public.

R. J. PETERS  
LIEUTENANT

The Record Bureau processed 69,552 police reports in 1980. This figure does not represent the "non-official" reports originated and processed within the Division. Report processing includes transcription, duplication, routing, review, indexing, microfilm storage, and security of the finished product.

The Identification Bureau provides technical crime scene investigation for all major crimes.

During the year the ID Bureau conducted 3,600 crime scene investigations, leading to 34,000 fingerprint comparisons, resulting in the positive identification of 150 persons responsible for various crimes. ID Bureau personnel provide expert court testimony on matters of physical evidence.

The Fugitive/Warrant Bureau processed 14,264 new local felony, misdemeanor and traffic warrants during the year. In addition 4,668 warrants were received from outside agencies for service on persons reported to reside in the city of Berkeley.

The Telecommunications Center processed 23,803 teletype messages during the year. The Center also handled in excess of 83,916 messages from and inquiries into the Police Information Network (PIN), Stolen Vehicle System (SVS), and National Crime Information Center (NCIC) communications systems.

The Communication Bureau has an authorized strength of 23 persons. Their responsibilities include receiving incoming calls and dispatching personnel for crime reports or other police service. In 1980 a teletype service was added, making it possible for deaf persons to call the police directly.

B. J. MILLER  
ACTING CAPTAIN

## DETECTIVE DIVISION

The Detective Division, commanded by a Captain with the assistance of a Lieutenant of Inspectors, is comprised of the Inspectors Bureau, the Juvenile Bureau, and the Special Investigations Bureau, along with the Crime Analysis/Press Detail. The general overall function of the Detective Division is to assist, advise and coordinate the efforts of the Patrol Division and responsibility for the follow-up investigation of all reported criminal offenses for the purposes of identifying, apprehending, interrogating, and prosecuting offenders and for recovering stolen property within the specialized parameters delineated below.

A. R. BIERCE  
DIRECTOR OF  
JUVENILE BUREAU

The Inspectors Bureau consists of seven Details including the Homicide Detail, responsible for homicide, adult missing persons, criminal intelligence, dead bodies found and suicide, escapes and jail breaking, and felony assaults; the Robbery Detail, responsible for robbery, bank robbery, bribery, extortion, gun sales, hijacking, kidnapping (no sexual involvement), purse snatch, illegal weapons investigation; Sex Crimes Detail, responsible for sex crimes, felony and misdemeanor, kidnapping (with sexual involvement), rape (forcible and statutory) and sex registrants; Auto Detail, responsible for vehicle theft and recovery (including joyriding), permits for used car or wrecking businesses and inspection of these premises; Fraud Detail, responsible for bunco, counterfeiting (liaison only), credit card violations, embezzlement, forgery, worthless checks, and Chamber of Commerce Mer-

chant's Warning Bulletin; Property Crimes Detail, responsible for burglary, grand theft (except auto and bunco), stolen property, arson, bombs and explosives, public auctions and rummage sales, and assistance and relief to other Detective Division Details; and the Misdemeanor Detail, responsible for all misdemeanor crimes except where otherwise delineated, and auto burglary.

The Crime Prevention Detail works in conjunction with the Press/Crime Analysis Officer. This combined unit, which reports directly to the Captain of the Detective Division, maintains liaison with and provides information to the news media regarding police investigations and other functions and programs of the police department and is responsible for the preparation of the Crime Analysis Bulletin.

The Special Investigation Bureau is responsible for investigation of violations involving illicit drug activity, prostitution, gambling and liquor laws.

The attention given to street prostitutes along lower University Avenue continued this past year, and the dramatic decrease in the number of prostitution arrests noted last year also continued through 1980. The close cooperation of the Berkeley-Albany Municipal Court was a contributing factor in this reduction.

The Juvenile Bureau is responsible for the review, evaluation and Departmental disposition of all juvenile offenders; innovation, planning and implementing delinquency prevention programs; liaison and coordination with other agencies involved in the juvenile justice process; counseling and supervision of youthful offenders; providing assistance to and cooperation with other organizations working in behalf of youth; the follow-up investigation of crimes involving child abuse, child neglect, and child abandonment, child stealing, juvenile missing persons, and service of juvenile court warrants.

During 1980 juvenile arrests involved 1633 offenders, 55 over the number recorded the previous year. Decreases were noted in the area of robbery, sex offenses, runaways, and arson, with some increase in burglary, stolen property, liquor laws and vandalism.

Diversion of juveniles from the juvenile justice system continued to be a high priority for Bureau personnel. Of the 1633 youngsters referred to the Juvenile Bureau through police contacts, 43% were diverted into Department or community programs as an alternative to being placed in the juvenile justice system. Such referrals to community agencies generally provide for direct and more productive involvement with the problems that confront youngsters and contribute to their criminality.

During 1980 the staffing of the Juvenile Bureau was increased to include one Inspector, six Police Officers, one Assistant Police Officer, and one Intermediate Typist Clerk. Assignments in the Juvenile Bureau include two investigating officers responsible for conducting follow-up investigation; two disposition officers responsible for the review of cases and disposition of juvenile offenders; two school patrol officers who actively participate in patrol on and about campus. The School Patrol Officer Program has been a tremendous success and has brought about a marked decrease in robberies, extortions and juvenile loitering.

A strong emphasis on training continued during 1979 with Bureau personnel attending courses in child abuse and sexual exploitation of children, juvenile law enforcement officer training, and juvenile justice update training.
