PREFACE

This document is a profile of inmates who were in confinement within the Virginia State Correctional System on June 30, 1981. Inmates who were under the jurisdiction of the Virginia State Correctional System but not in our custody were excluded. This document also excluded three inmates whose current location was unknown. The information in this report was taken from the Offender Based State Correctional Information System (OBSCIS). There are differences in the actual confined population and the number of inmates processed on this computer file. This is most apparent in Region IV with the Virginia Correctional Center for Women and Powhatan Receiving Unit and in Region V with the Southampton Receiving Unit.

This report was prepared by Ms. Cynthia Jones, Statistician. James R. Lawson, Programmer, provided technical assistance. Inquiries concerning this report should be directed to:
