ANNUAL REPORT OF PAROLEE EARNINGS

1978

The earnings of parolees for the calendar year 1978 are compiled, classified and capsulated from data submitted by the nine district parole offices in the Bureau of Parole. (See attached table)

There were 10,738 parolees under supervision in New Jersey in 1978 (an increase of 250 from 1977) and they earned, as qualified herewith, \$25,807,920.

In comparison to 1977 this was an increase of \$4,355,166.

Fifty-five per cent (5,907) of those under supervision during the year were classified as employed (worked all or part of the period under supervision which period of supervision could be from one week to the full year) and twenty-four per cent (2,584) were unemployed throughout their entire period of supervision, although employable. The other twenty-one per cent (2,247) were classified as unemployable by reason of being missing or in custody for the entire period of supervision during the year, or attending school, being engaged in homeoraking, or being incapacitated.
