PREFACE

This is the third volume of the report New York State Criminal Justice Processing, 1982. This report is a summary of the characteristics and criminal justice processing of adult felony arrests which were disposed in New York State in 1982. It describes how these arrests were processed by the criminal justice system, the nature of the arrest offenses, and the characteristics of persons arrested.

This report is presented in three volumes. Volume I contains definitions and technical specifications for the remainder of the report. Volume II, Felony Offenders Disposed in 1982, presents an overview of felony arrest processing, and describes characteristics of arrests and offenders disposed. Volume III, 1982 Offender-Based Transaction Statistics Data Book, provides supplementary statistical data in graphic and tabular form.
