INTRODUCTION

The California Youth Services Directory is a snapshot of one particular moment in the life of the computerized resource referral database for the California Runaway Hotline.

The California Runaway Hotline is a program of the California Child, Youth and Family Coalition (CCYFC). CCYFC is a membership organization which seeks to create and affect public policy and administrative programs and practices so that children, youth, and families can live and develop in an environment which ensures their empowerment and supports the achievement of their potential. CCYFC also seeks to establish and protect the right of all children, youth, and families to necessary prevention and intervention services.

The California Runaway Hotline is a 24-hour/day, 7-day/week, toll-free, confidential hotline which can be reached from anywhere in California by dialing 1-800-843-5200. It provides four basic services to young people who have run away from home, their parents, homeless youth, and other youth in need:

- Crisis intervention counseling
- Referrals to resource agencies
- A neutral message center
- Information to parents on how to locate a missing child

The California Runaway Hotline helps young people to find shelter, counseling, medical care, food, transportation, employment, and other services. Calls can be patched through to any agency in the state. The Hotline also helps bring families back together by offering a non-threatening, confidential communication link between parents and runaway youth.

The California Runaway Hotline receives financial assistance from the California Office of Criminal Justice Planning.

The California Runaway Hotline opened on September 1, 1986. During the first two years of operation over 21,000 calls were answered. Over the past 30 months call volume increased four and one-half times and is continuing to rise. In November of 1988, 852 attempts to reach the Hotline resulted in the caller getting a busy signal. Hence, a third incoming 800 line was installed in January of this year.

The computerized resource referral database is updated daily to include information received in the course of referring California Runaway Hotline callers to services, as well as through the periodic mailing of questionnaires to all listed agencies. A few months ago, 5,377 questionnaires were mailed to agencies and detailed information from over 2,000 completed questionnaires was added to the directory.

The California Youth Services Directory is intended to facilitate identifying appropriate referrals for California's youth in need. It has been designed in such a way as to provide general information about the services provided and more detailed information about the agency.

A quick perusal of the California Youth Services Directory will reveal that some areas of the state are woefully lacking in basic youth services. It is our hope that through the circulation of this directory we will be able to increase general awareness regarding the need for additional services for runaway and homeless youth. We also hope that by sharing the demographic information gathered from California Runaway Hotline callers we will be able to help facilitate the creation of needed services in areas where they don't exist at all and the expansion of existing services where they are inadequate to meet the needs of youth.

Please note that the inclusion of an agency in this directory does not imply endorsement of that agency by CCYFC or OCJP, nor does the exclusion of an agency reflect on the services that agency provides.

We need your help to keep the California Youth Service Directory the most up-to-date and accurate resource possible. Please use the AGENCY UPDATE FORMS on pages 317-320 of this directory to let us know of any changes and or additional information. Also, please feel free to copy and distribute this form to youth-serving agencies in your area that are not presently listed in the directory.

ACKNOWLEDGEMENTS

The publication of the second edition of the California Youth Services Directory would not have been possible without the support of the California Office of Criminal Justice Planning, specifically G. Albert Howenstein, Executive Director; William Deguchi, Juvenile Justice Division Chief; and Cliva Mee, Program Specialist.

The assistance provided by Children's Hospital of Los Angeles, Division of Adolescent Medicine's High Risk Youth Program; San Diego Youth and Community Services; and Central City Hospitality House in San Francisco was invaluable.

Many other individuals from around the State contributed valuable time, energy, or other resources to this publication, including Judy Barrett-Miller, Cheryl Brier-ton-Black, Assembly Member Peter Chacon, Lt. Ed Hocking, Susan Karr, Peter LaVallee, Douglas McKeever, Jack Robberson, Elizabeth Shear, Mollie Ward, and Gary Yates.

The following CCYFC staff members labored long and hard, contributing diligent efforts way above and beyond the call of duty to ensure the quality and timeliness of this edition of the California Youth Services Directory: Ken Downing, Lucy Galindo, Suzanne Golz, Julie Harris, Wess Jolley, Melinda Rasul, Lynn Squires, Keele Starr, Nicole Weiss, and Davida Wolf.

Last but most certainly not least, our thanks to each and every youth and/or family-serving agency which returned completed questionnaires.

Wimsey W Wrede

Wimsey Willow Wrede, Executive Director
The California Child, Youth and Family Coalition
