WASHINGTON – The Department of Justice’s Bureau of Justice Statistics (BJS) released *PREA Data Collection Activities, 2014*, which fulfills the requirement under the Prison Rape Elimination Act of 2003 (P.L. 108-79) for the Attorney General to submit to Congress, not later than June 30 of each year, a report on the activities of BJS for the preceding calendar year.

During 2013 and the first four months of 2014, BJS issued four reports:

1. *Sexual Victimization in Prisons and Jails Reported by Inmates, 2011–12* (May 2013), which ranks facilities according to the prevalence of sexual victimization, as required under PREA.
2. *Sexual Victimization in Juvenile Facilities Reported by Youth, 2012* (June 2013), which provides state- and national-level estimates of juvenile sexual victimization by type of activity.

In addition, BJS began further analysis of the past inmate self-report surveys to provide a fuller understanding of facility- and individual-level predictors of sexual victimization.
