COPS HIRING PROGRAM (CHP)

The COPS Office is requesting **\$370 MILLION** in Fiscal Year 2025 (this includes set-asides).

- The COPS Hiring Program (CHP) is a competitive grant program designed to provide funding directly to law enforcement agencies to hire and/or rehire additional career law enforcement officers in an effort to increase their community policing capacity and crime prevention efforts, all while building trust and legitimacy between law enforcement and the communities they serve.
- Anticipated outcomes of the CHP program awards include engagement in planned community partnerships, implementation of projects to analyze and assess problems, implementation of changes to personnel and agency management in support of community policing, and increased capacity of law enforcement agencies to engage in community policing activities.
- All local, state, tribal, and territorial law enforcement agencies that have primary law enforcement authority are eligible to apply.

COLLABORATIVE REFORM

The COPS Office is requesting **\$7.5 MILLION** in Fiscal Year 2025.

The Fiscal Year 2025 request for Collaborative Reform will offer a range of straightforward, intermediate, and more intensive forms of technical assistance.

This will include the Collaborative Reform Initiative Technical Assistance Center -- CRI-TAC, Critical Response, and Organizational Assessments.

SCHOOL VIOLENCE PREVENTION PROGRAM (SVPP)

The COPS Office is requesting **\$55 MILLION** in Fiscal Year 2025

- Per the STOP School Violence Act of 2018, funding will provide up to 75% funding for the following school safety measures in and around K-12 (primary and secondary) schools and school grounds:
 - Coordination with law enforcement
 - Training for local law enforcement officers to prevent student violence against others and self
 - Metal detectors, locks, lighting, and other deterrent measures
 - Technology for expedited notification of local law enforcement during an emergency
 - Any other measure that the COPS Office determines may provide a significant improvement in security

When undertaking comprehensive school safety and security approaches, applicants should prioritize implementing school safety measures that help to promote a positive school climate that does not detract from the mission of the school to educate students or negatively impact the health and wellbeing of students.

SVPP does NOT provide funding for the hiring of School Resource Officers.

ADDITIONAL COPS OFFICE COMPETITIVE GRANT PROGRAMS

\$45 million for Community Policing Development

- Community Policing Development (CPD) funds are used to develop the capacity of law enforcement to implement community policing strategies by providing guidance on promising practices through the development and testing of innovative strategies; building knowledge about effective practices and outcomes; and supporting new, creative approaches to preventing crime and promoting safe communities.

\$10 million for the Law Enforcement Mental Health and Wellness Act Program

- Funds are used to improve the delivery of and access to mental health and wellness services for law enforcement through the implementation of peer support, training, family resources, suicide prevention, and other promising practices for wellness programs. The LEMHWA program will fund projects that develop knowledge; increase awareness of effective mental health and wellness strategies; increase the skills and abilities of law enforcement; and increase the number of law enforcement agencies and relevant stakeholders using peer support, training, family resources, suicide prevention, and other promising practices for wellness programs.

\$13 million for the POLICE Act

- This program provides nationwide active shooter training to at least 20,000 first responders over the course of the award through scenario-based, multidisciplinary training classes. The training is available to any jurisdiction in the U.S. and delivered in the desired location of the requesting agency, including law enforcement, fire, and emergency medical services (EMS).

\$51 million for state-level drug task force programs

- \$35 million for Anti-Heroin Task Forces
- \$16 million for Anti-Methamphetamine Task Forces

\$43 million for the Tribal Resources Grant Programs

- \$6 million to support the Tribal Access Program, which provides tribal access to law enforcement information sharing systems
- \$37 million for hiring of tribal law enforcement officers, training, and equipment and anti-methamphetamine activities

THANK YOU!
