

The Office for Victims of Crime Tribal Financial Management Center (TFMC) provides culturally humble, trauma-informed **technical assistance, training (TTA), and resources** to support American Indian and Alaska Native communities as they enhance their capacity to manage the financial aspects of their federal awards. TFMC, in close coordination with Grant Managers and programmatic TTA providers, supports tribal grantees throughout the life cycle of an award – from application preparation to award acceptance, and ultimately the effective financial implementation, management, and reporting of the award. A strong financial foundation supports each community’s service to victims of crime while enhancing the consistency and sustainability of tribal victim service programs. Onsite, virtual, and hybrid support is provided with synchronous and asynchronous learning.
