Re: Prison Hearings of Review Panel on Prison Rape

Dear Director Lappin:

In accordance with the Prison Rape Elimination Act of 2003 (PREA), Public Law 108-79, 117 Stat. 972 (codified as amended at 42 U.S.C. §§ 15601-15609), the Review Panel on Prison Rape (Panel) requests your appearance for sworn testimony at a public hearing on April 26, 2011. The hearing will be held at the United State Department of Justice, Office of Justice Programs (OJP) in Washington, DC. We will send you a final hearing agenda once it is available. The Panel will also post information related to the upcoming hearing on its Web site (<http://www.ojp.usdoj.gov/reviewpanel/reviewpanel.htm>).

Under PREA, the Bureau of Justice Statistics (BJS) at the United States Department of Justice is authorized to conduct a comprehensive statistical review of the incidence of sexual victimization in prison facilities throughout the country. PREA directs the Panel to rely on the BJS data and to hold public hearings at which it is to request the appearance of representatives from two institutions with the lowest incidence of sexual victimization and representatives from three institutions with the highest incidence of sexual victimization. The Panel is responsible for conducting these hearings to assist BJS in identifying common characteristics of victims and perpetrators of sexual assault in prison facilities, as well as common characteristics of the prison facilities with the highest and lowest prevalence of sexual assault. The current Panel members are: Dr. Reginald Wilkinson, current president of the Ohio College Access Network and past president of the American Correctional Association; Anne Seymour, a national crime victim advocate with twenty-seven years' experience, specializing in corrections-based victim services; and Dr. Gary Christensen, president of Corrections Partners, Inc. and a retired jail administrator. For more information, please see the Panel's Web site.

In August of 2010, BJS issued the report *Sexual Victimization in Prisons and Jails reported by Inmates, 2008-09*. For your convenience, I have enclosed a copy of the BJS report, which also is available online at <http://bjs.ojp.usdoj.gov/content/pub/pdf/svpjri0809.pdf>. The report presents findings from the National Inmate Survey (NIS) 2008-09, conducted in 167 state and federal prisons, 286 local jails, and 10 special correctional facilities (operated by U.S. Armed Forces, Indian tribes, or U.S. Immigration and Customs Enforcement (ICE)) between October 2008 and December 2009, with a sample of 81,566 inmates ages 18 or older.

The Federal Correctional Institution – Elkton (FCI Elkton) was identified in the report as having among the lowest prevalence of sexual assault. Your sworn testimony will be in connection with the operations of FCI Elkton. The hearing will address the prevalence and incidence of both inmate-on-inmate and staff-on-inmate sexual assault and will examine the spectrum of contact ranging from unwanted touching to non-consensual and physically forced assault resulting in injury. Shortly, we will provide more guidance about (1) information that the Panel would like to review before the hearing and the (2) witnesses that you should identify and make available for sworn testimony at the hearing. You will also have an opportunity to submit brief written testimony before the hearing.

In anticipation of the upcoming hearing, we have enclosed pertinent document and data requests. To prepare for the hearing, responsive documents are due **no later than March 4, 2011**. After we review the data, we will notify you of other witnesses that FCI Elkton should make available for sworn testimony at the hearing. We will also be contacting your agency to arrange a site visit for Panel members and/or staff. Please submit the requested information (an original and two copies) to the following address:

Re: Prison Hearings of Review Panel on Prison Rape (Bridgeport Pre-Parole Transfer Facility)

Dear Executive Director Livingston:

In accordance with the Prison Rape Elimination Act of 2003 (PREA), Public Law 108-79, 117 Stat. 972 (codified as amended at 42 U.S.C. §§ 15601-15609), the Review Panel on Prison Rape (Panel) requests your appearance for sworn testimony at a public hearing on April 26, 2011. The hearing will be held at the United State Department of Justice, Office of Justice Programs (OJP) in Washington, DC. We will send you a final hearing agenda once it is available. The Panel will also post information related to the upcoming hearing on its Web site (<http://www.ojp.usdoj.gov/reviewpanel/reviewpanel.htm>).

Under PREA, the Bureau of Justice Statistics (BJS) at the United States Department of Justice is authorized to conduct a comprehensive statistical review of the incidence of sexual victimization in prison facilities throughout the country. PREA directs the Panel to rely on the BJS data and to hold public hearings at which it is to request the appearance of representatives from two institutions with the lowest incidence of sexual victimization and representatives from three institutions with the highest incidence of sexual victimization. The Panel is responsible for conducting these hearings to assist BJS in identifying common characteristics of victims and perpetrators of sexual assault in prison facilities, as well as common characteristics of the prison facilities with the highest and lowest prevalence of sexual assault. The current Panel members are: Dr. Reginald Wilkinson, current president of the Ohio College Access Network and past president of the American Correctional Association; Anne Seymour, a national crime victim advocate with twenty-seven years' experience, specializing in corrections-based victim services;

and Dr. Gary Christensen, president of Corrections Partners, Inc. and a retired jail administrator. For more information, please see the Panel's Web site.

In August of 2010, BJS issued the report *Sexual Victimization in Prisons and Jails reported by Inmates, 2008-09*. For your convenience, I have enclosed a copy of the BJS report, which also is available online at <http://bjs.ojp.usdoj.gov/content/pub/pdf/svpjri0809.pdf>. The report presents findings from the National Inmate Survey (NIS) 2008-09, conducted in 167 state and federal prisons, 286 local jails, and 10 special correctional facilities (operated by U.S. Armed Forces, Indian tribes, or U.S. Immigration and Customs Enforcement (ICE)) between October 2008 and December 2009, with a sample of 81,566 inmates ages 18 or older.

The Bridgeport Pre-Parole Transfer Facility (Bridgeport) was identified in the report as having among the lowest prevalence of sexual assault. Your sworn testimony will be in connection with the operations of Bridgeport. Re: Prison Hearings of Review Panel on Prison Rape

Dear Director Clarke:

In accordance with the Prison Rape Elimination Act of 2003 (PREA), Public Law 108-79, 117 Stat. 972 (codified as amended at 42 U.S.C. §§ 15601-15609), the Review Panel on Prison Rape (Panel) requests your appearance for sworn testimony at a public hearing on April 27, 2011. The hearing will be held at the United State Department of Justice, Office of Justice Programs (OJP) in Washington, DC. We will send you a final hearing agenda once it is available. The Panel will also post information related to the upcoming hearing on its Web site (<http://www.ojp.usdoj.gov/reviewpanel/reviewpanel.htm>).

Under PREA, the Bureau of Justice Statistics (BJS) at the United States Department of Justice is authorized to conduct a comprehensive statistical review of the incidence of sexual victimization in prison facilities throughout the country. PREA directs the Panel to rely on the BJS data and to hold public hearings at which it is to request the appearance of representatives from two institutions with the lowest incidence of sexual victimization and representatives from three institutions with the highest incidence of sexual victimization. The Panel is responsible for conducting these hearings to assist BJS in identifying common characteristics of victims and perpetrators of sexual assault in prison facilities, as well as common characteristics of the prison facilities with the highest and lowest prevalence of sexual assault. The current Panel members are: Dr. Reginald Wilkinson, current president of the Ohio College Access Network and past president of the American Correctional Association; Anne Seymour, a national crime victim advocate with twenty-seven years' experience, specializing in corrections-based victim services; and Dr. Gary Christensen, president of Corrections Partners, Inc. and a retired jail administrator. For more information, please see the Panel's Web site.

In August of 2010, BJS issued the report *Sexual Victimization in Prisons and Jails reported by Inmates, 2008-09*. For your convenience, I have enclosed a copy of the BJS report, which also is available online at <http://bjs.ojp.usdoj.gov/content/pub/pdf/svpjri0809.pdf>. The report presents findings from the National Inmate Survey (NIS) 2008-09, conducted in 167 state and federal prisons, 286 local jails, and 10 special correctional facilities (operated by U.S. Armed Forces, Indian tribes, or U.S. Immigration and Customs Enforcement (ICE)) between October 2008 and December 2009, with a sample of 81,566 inmates ages 18 or older.

The Fluvanna Correctional Center for Women (Fluvanna) was identified in the report as having among the highest prevalence of sexual assault. Your sworn testimony will be in connection with the operations of Fluvanna. The hearing will address the prevalence and incidence of both inmate-on-inmate and staff-on-inmate sexual assault and will examine the spectrum of contact ranging from unwanted touching to non-consensual and physically forced assault resulting in injury. Shortly, we will provide more guidance about (1) information that the Panel would like to review before the hearing and the (2) witnesses that you should identify and make available for sworn testimony at the hearing. You will also have an opportunity to submit brief written testimony before the hearing.

In anticipation of the upcoming hearing, we have enclosed pertinent document and data requests. To prepare for the hearing, responsive documents are due **no later than March 4, 2011**. After we review the data, we will notify you of other witnesses that Fluvanna should make available for sworn testimony at the hearing. We will also be contacting your agency to arrange a site visit for Panel members and/or staff. Please submit the requested information (an original and two copies) to the following address:

Re: Prison Hearings of Review Panel on Prison Rape (James V. Allred Unit)

Dear Executive Director Livingston:

In accordance with the Prison Rape Elimination Act of 2003 (PREA), Public Law 108-79, 117 Stat. 972 (codified as amended at 42 U.S.C. §§ 15601-15609), the Review Panel on Prison Rape (Panel) requests your appearance for sworn testimony at a public hearing on April 26 and 27, 2011. The hearing will be held at the United State Department of Justice, Office of Justice Programs (OJP) in Washington, DC. We will send you a final hearing agenda once it is available. The Panel will also post information related to the upcoming hearing on its Web site (<http://www.ojp.usdoj.gov/reviewpanel/reviewpanel.htm>).

Under PREA, the Bureau of Justice Statistics (BJS) at the United States Department of Justice is authorized to conduct a comprehensive statistical review of the incidence of sexual victimization in prison facilities throughout the country. PREA directs the Panel to rely on the BJS data and to hold public hearings at which it is to request the appearance of representatives from two institutions with the lowest incidence of sexual victimization and representatives from three institutions with the highest incidence of sexual victimization. The Panel is responsible for conducting these hearings to assist BJS in identifying common characteristics of victims and perpetrators of sexual assault in prison facilities, as well as common characteristics of the prison facilities with the highest and lowest prevalence of sexual assault. The current Panel members are: Dr. Reginald Wilkinson, current president of the Ohio College Access Network and past president of the American Correctional Association; Anne Seymour, a national crime victim advocate with twenty-seven years' experience, specializing in corrections-based victim services; and Dr. Gary Christensen, president of Corrections Partners, Inc. and a retired jail administrator. For more information, please see the Panel's Web site.

In August of 2010, BJS issued the report *Sexual Victimization in Prisons and Jails reported by Inmates, 2008-09*. For your convenience, I have enclosed a copy of the BJS report, which also is available online at <http://bjs.ojp.usdoj.gov/content/pub/pdf/svpjri0809.pdf>. The report presents findings from the National Inmate Survey (NIS) 2008-09, conducted in 167 state and federal prisons, 286 local jails, and 10 special correctional facilities (operated by U.S. Armed Forces, Indian tribes, or U.S. Immigration and Customs Enforcement (ICE)) between October 2008 and December 2009, with a sample of 81,566 inmates ages 18 or older.

The James V. Allred Unit, Texas Department of Criminal Justice (Allred Unit) was identified in the report as having among the highest prevalence of sexual assault. Your sworn testimony will be in connection with the operations of the Allred Unit. The hearing will address the prevalence and incidence of both inmate-on-inmate and staff-on-inmate sexual assault and will examine the spectrum of contact ranging from unwanted touching to non-consensual and physically forced assault resulting in injury. Shortly, we will provide more guidance about (1) information that the Panel would like to review before the hearing and the (2) witnesses that you should identify and make available for sworn testimony at the hearing. You will also have an opportunity to submit brief written testimony before the hearing.

In anticipation of the upcoming hearing, we have enclosed pertinent document and data requests. To prepare for the hearing, responsive documents are due **no later than March 4, 2011**. Re: Prison Hearings of Review Panel on Prison Rape

Dear Commissioner Fischer:

In accordance with the Prison Rape Elimination Act of 2003 (PREA), Public Law 108-79, 117 Stat. 972 (codified as amended at 42 U.S.C. §§ 15601-15609), the Review Panel on Prison Rape (Panel) requests your appearance for sworn testimony at a public hearing on April 27, 2011. The hearing will be held at the United State Department of Justice, Office of Justice Programs (OJP) in Washington, DC. We will send you a final hearing agenda once it is available. The Panel will also post information related to the upcoming hearing on its Web site (<http://www.ojp.usdoj.gov/reviewpanel/reviewpanel.htm>).

Under PREA, the Bureau of Justice Statistics (BJS) at the United States Department of Justice is authorized to conduct a comprehensive statistical review of the incidence of sexual victimization in prison facilities throughout the country. PREA directs the Panel to rely on the BJS data and to hold public hearings at which it is to request the appearance of representatives from two institutions with the lowest incidence of sexual victimization and representatives from three institutions with the highest incidence of sexual victimization. The Panel is responsible for conducting these hearings to assist BJS in identifying common characteristics of victims and perpetrators of sexual assault in prison facilities, as well as common characteristics of the prison facilities with the highest and lowest prevalence of sexual assault. The current Panel members are: Dr. Reginald Wilkinson, current president of the Ohio College Access Network and past president of the American Correctional Association; Anne Seymour, a national crime victim advocate with twenty-seven years' experience, specializing in corrections-based victim services;

and Dr. Gary Christensen, president of Corrections Partners, Inc. and a retired jail administrator. For more information, please see the Panel's Web site.

In August of 2010, BJS issued the report *Sexual Victimization in Prisons and Jails reported by Inmates, 2008-09*. For your convenience, I have enclosed a copy of the BJS report, which also is available online at <http://bjs.ojp.usdoj.gov/content/pub/pdf/svpjri0809.pdf>. The report presents findings from the National Inmate Survey (NIS) 2008-09, conducted in 167 state and federal prisons, 286 local jails, and 10 special correctional facilities (operated by U.S. Armed Forces, Indian tribes, or U.S. Immigration and Customs Enforcement (ICE)) between October 2008 and December 2009, with a sample of 81,566 inmates ages 18 or older.

The Elmira Correctional Facility (ECF) was identified in the report as having among the highest prevalence of sexual assault. Your sworn testimony will be in connection with the operations of the ECF. The hearing will address the prevalence and incidence of both inmate-on-inmate and staff-on-inmate sexual assault and will examine the spectrum of contact ranging from unwanted touching to non-consensual and physically forced assault resulting in injury. Shortly, we will provide more guidance about (1) information that the Panel would like to review before the hearing and the (2) witnesses that you should identify and make available for sworn testimony at the hearing. You will also have an opportunity to submit brief written testimony before the hearing.

In anticipation of the upcoming hearing, we have enclosed pertinent document and data requests. To prepare for the hearing, responsive documents are due **no later than March 4, 2011**. After we review the data, we will notify you of other witnesses that the ECF should make available for sworn testimony at the hearing. We will also be contacting your agency to arrange a site visit for Panel members and/or staff. Please submit the requested information (an original and two copies) to the following address:

Joseph Swiderski, Program Analyst

Re: Jail Hearings of Review Panel on Prison Rape

Dear Sheriff McMillin:

In accordance with the Prison Rape Elimination Act of 2003 (PREA), Public Law 108-79, 117 Stat. 972 (codified as amended at 42 U.S.C. §§ 15601-15609), the Review Panel on Prison Rape (Panel) requests your appearance for sworn testimony at a public hearing on August 17, 2011. The hearing will be held at the United State Department of Justice, Office of Justice Programs (OJP) in Washington, DC. We will send you a final hearing agenda once it is available. The Panel will also post information related to the upcoming hearing on its Web site (<http://www.ojp.usdoj.gov/reviewpanel/reviewpanel.htm>).

Under PREA, the Bureau of Justice Statistics (BJS) at the United States Department of Justice is authorized to conduct a comprehensive statistical review of the incidence of sexual victimization in jail facilities throughout the country. PREA directs the Panel to rely on the BJS data and to hold public hearings at which it is to request the appearance of representatives from two institutions with the lowest incidence of sexual victimization and representatives from three institutions with the highest incidence of sexual victimization. The Panel is responsible for conducting these hearings to assist BJS in identifying common characteristics of victims and perpetrators of sexual assault in jail facilities, as well as common characteristics of the jail facilities with the highest and lowest prevalence of sexual assault. The current Panel members are: Dr. Reginald Wilkinson, current president of the Ohio College Access Network and past president of the American Correctional Association; Anne Seymour, a national crime victim advocate with twenty-seven years' experience, specializing in corrections-based victim services; and Dr. Gary Christensen, president of Corrections Partners, Inc. and a retired jail administrator. For more information, please see the Panel's Web site.

In August of 2010, BJS issued the report *Sexual Victimization in Prisons and Jails reported by Inmates, 2008-09*. For your convenience, I have enclosed a copy of the BJS report, which also is available online at <http://bjs.ojp.usdoj.gov/content/pub/pdf/svpjri0809.pdf>. The report presents findings from the National Inmate Survey (NIS) 2008-09, conducted in 167 state and federal prisons, 286 local jails, and 10 special correctional facilities (operated by U.S. Armed Forces, Indian tribes, or U.S. Immigration and Customs Enforcement (ICE)) between October 2008 and December 2009, with a sample of 81,566 inmates ages 18 or older.

The Hinds County Work Center (abbreviated HCWC; formerly known as the Hinds County Penal Farm) was identified in the report as having among the lowest prevalence of sexual assault. Your sworn testimony will be in connection with the operations of the HCWC. The hearing will address the prevalence and incidence of both inmate-on-inmate and staff-on-inmate sexual assault and will examine the spectrum of contact ranging from unwanted touching to non-consensual and physically forced assault resulting in injury. Shortly, we will provide more guidance about (1) information that the Panel would like to review before the hearing and the (2) witnesses that you should identify and make available for sworn testimony at the hearing. You will also have an opportunity to submit brief written testimony before the hearing.

In anticipation of the upcoming hearing, we have enclosed pertinent document and data requests. To prepare for the hearing, responsive documents are due **no later than April 8, 2011**. After we review the data, we will notify you of other witnesses that the Hines County Sheriff's Department should make available for sworn testimony at the hearing. We will also be contacting your agency to arrange a site visit for Panel members and/or staff. Please submit the requested information (an original and two copies) to the following address:

Because we often experience substantial delays in the delivery of regular mail as a consequence of security precautions, we recommend that the HCWC send its response to the Panel via a private, overnight mail delivery service. If the HCWC sends its response by an overnight courier, the zip code in the above address should be changed to 20001.

Please confirm that you plan to appear at the hearing on August 17, 2011, by contacting Joseph Swiderski, Program Analyst, Review Panel on Prison Rape (Phone: 202.514.8615; e-mail: Joseph.Swiderski@usdoj.gov). Please provide Mr. Swiderski with the name, phone number, and

Re: Jail Hearings of Review Panel on Prison Rape

Dear Sheriff Glanz:

In accordance with the Prison Rape Elimination Act of 2003 (PREA), Public Law 108-79, 117 Stat. 972 (codified as amended at 42 U.S.C. §§ 15601-15609), the Review Panel on Prison Rape (Panel) requests your appearance for sworn testimony at a public hearing on August 17, 2011. The hearing will be held at the United State Department of Justice, Office of Justice Programs (OJP) in Washington, DC. We will send you a final hearing agenda once it is available. The Panel will also post information related to the upcoming hearing on its Web site (<http://www.ojp.usdoj.gov/reviewpanel/reviewpanel.htm>).

Under PREA, the Bureau of Justice Statistics (BJS) at the United States Department of Justice is authorized to conduct a comprehensive statistical review of the incidence of sexual victimization in jail facilities throughout the country. PREA directs the Panel to rely on the BJS data and to hold public hearings at which it is to request the appearance of representatives from two institutions with the lowest incidence of sexual victimization and representatives from three institutions with the highest incidence of sexual victimization. The Panel is responsible for conducting these hearings to assist BJS in identifying common characteristics of victims and perpetrators of sexual assault in jail facilities, as well as common characteristics of the jail facilities with the highest and lowest prevalence of sexual assault. The current Panel members are: Dr. Reginald Wilkinson, current president of the Ohio College Access Network and past president of the American Correctional Association; Anne Seymour, a national crime victim advocate with twenty-seven years' experience, specializing in corrections-based victim services; and Dr. Gary Christensen, president of Corrections Partners, Inc. and a retired jail administrator. For more information, please see the Panel's Web site.

In August of 2010, BJS issued the report *Sexual Victimization in Prisons and Jails reported by Inmates, 2008-09*. For your convenience, I have enclosed a copy of the BJS report, which also is available online at <http://bjs.ojp.usdoj.gov/content/pub/pdf/svpjri0809.pdf>. The report presents findings from the National Inmate Survey (NIS) 2008-09, conducted in 167 state and federal prisons, 286 local jails, and 10 special correctional facilities (operated by U.S. Armed Forces, Indian tribes, or U.S. Immigration and Customs Enforcement (ICE)) between October 2008 and December 2009, with a sample of 81,566 inmates ages 18 or older.

The David L. Moss Criminal Justice Center (DMCJC) was identified in the report as having among the lowest prevalence of sexual assault. Your sworn testimony will be in connection with the operations of the DMCJC. The hearing will address the prevalence and incidence of both inmate-on-inmate and staff-on-inmate sexual assault and will examine the spectrum of contact ranging from unwanted touching to non-consensual and physically forced assault resulting in injury. Shortly, we will provide more guidance about (1) information that the Panel would like to review before the hearing and the (2) witnesses that you should identify and make available for sworn testimony at the hearing. You will also have an opportunity to submit brief written testimony before the hearing.

In anticipation of the upcoming hearing, we have enclosed pertinent document and data requests. To prepare for the hearing, responsive documents are due **no later than April 8, 2011**. After we review the data, we will notify you of other witnesses that the Tulsa County Sheriff's Office should make available for sworn testimony at the hearing. We will also be contacting your agency to arrange a site visit for Panel members and/or staff. Please submit the requested information (an original and two copies) to the following address:

If the DMCJC sends its response by an overnight courier, the zip code in the above address should be changed to 20001.

Please confirm that you plan to appear at the hearing on August 17, 2011, by contacting Joseph Swiderski, Program Analyst, Review Panel on Prison Rape (Phone: 202.514.8615; e-mail:

Re: Jail Hearings of Review Panel on Prison Rape

Dear Sheriff Benedict:

In accordance with the Prison Rape Elimination Act of 2003 (PREA), Public Law 108-79, 117 Stat. 972 (codified as amended at 42 U.S.C. §§ 15601-15609), the Review Panel on Prison Rape (Panel) requests your appearance for sworn testimony at a public hearing on August 18, 2011. The hearing will be held at the United State Department of Justice, Office of Justice Programs (OJP) in Washington, DC. We will send you a final hearing agenda once it is available. The Panel will also post information related to the upcoming hearing on its Web site (<http://www.ojp.usdoj.gov/reviewpanel/reviewpanel.htm>).

Under PREA, the Bureau of Justice Statistics (BJS) at the United States Department of Justice is authorized to conduct a comprehensive statistical review of the incidence of sexual victimization in jail facilities throughout the country. PREA directs the Panel to rely on the BJS data and to hold public hearings at which it is to request the appearance of representatives from two institutions with the lowest incidence of sexual victimization and representatives from three institutions with the highest incidence of sexual victimization. The Panel is responsible for conducting these hearings to assist BJS in identifying common characteristics of victims and perpetrators of sexual assault in jail facilities, as well as common characteristics of the jail facilities with the highest and lowest prevalence of sexual assault. The current Panel members are: Dr. Reginald Wilkinson, current president of the Ohio College Access Network and past president of the American Correctional Association; Anne Seymour, a national crime victim advocate with twenty-seven years' experience, specializing in corrections-based victim services; and Dr. Gary Christensen, president of Corrections Partners, Inc. and a retired jail administrator. For more information, please see the Panel's Web site.

In August of 2010, BJS issued the report *Sexual Victimization in Prisons and Jails reported by Inmates, 2008-09*. For your convenience, I have enclosed a copy of the BJS report, which also is available online at <http://bjs.ojp.usdoj.gov/content/pub/pdf/svpjri0809.pdf>. The report presents findings from the National Inmate Survey (NIS) 2008-09, conducted in 167 state and federal prisons, 286 local jails, and 10 special correctional facilities (operated by U.S. Armed Forces, Indian tribes, or U.S. Immigration and Customs Enforcement (ICE)) between October 2008 and December 2009, with a sample of 81,566 inmates ages 18 or older.

The Clallam County Corrections Facility (CCCF) was identified in the report as having among the highest prevalence of sexual assault. Your sworn testimony will be in connection with the operations of the CCCF. The hearing will address the prevalence and incidence of both inmate-on-inmate and staff-on-inmate sexual assault and will examine the spectrum of contact ranging from unwanted touching to non-consensual and physically forced assault resulting in injury. Shortly, we will provide more guidance about (1) information that the Panel would like to review before the hearing and the (2) witnesses that you should identify and make available for sworn testimony at the hearing. You will also have an opportunity to submit brief written testimony before the hearing.

In anticipation of the upcoming hearing, we have enclosed pertinent document and data requests. To prepare for the hearing, responsive documents are due **no later than April 8, 2011**. After we review the data, we will notify you of other witnesses that the Clallam County Sheriff's Office should make available for sworn testimony at the hearing. We will also be contacting your agency to arrange a site visit for Panel members and/or staff. Please submit the requested information (an original and two copies) to the following address:

Re: Jail Hearings of Review Panel on Prison Rape

Dear Director Ryan:

In accordance with the Prison Rape Elimination Act of 2003 (PREA), Public Law 108-79, 117 Stat. 972 (codified as amended at 42 U.S.C. §§ 15601-15609), the Review Panel on Prison Rape (Panel) requests your appearance for sworn testimony at a public hearing on August 17-18, 2011. The hearing will be held at the United State Department of Justice, Office of Justice Programs (OJP) in Washington, DC. We will send you a final hearing agenda once it is available. The Panel will also post information related to the upcoming hearing on its Web site (<http://www.ojp.usdoj.gov/reviewpanel/reviewpanel.htm>).

Under PREA, the Bureau of Justice Statistics (BJS) at the United States Department of Justice is authorized to conduct a comprehensive statistical review of the incidence of sexual victimization in jail facilities throughout the country. PREA directs the Panel to rely on the BJS data and to hold public hearings at which it is to request the appearance of representatives from two institutions with the lowest incidence of sexual victimization and representatives from three institutions with the highest incidence of sexual victimization. The Panel is responsible for conducting these hearings to assist BJS in identifying common characteristics of victims and perpetrators of sexual assault in jail facilities, as well as common characteristics of the jail facilities with the highest and lowest prevalence of sexual assault. The current Panel members are: Dr. Reginald Wilkinson, current president of the Ohio College Access Network and past president of the American Correctional Association; Anne Seymour, a national crime victim advocate with twenty-seven years' experience, specializing in corrections-based victim services; and Dr. Gary Christensen, president of Corrections Partners, Inc. and a retired jail administrator. For more information, please see the Panel's Web site.

In August of 2010, BJS issued the report *Sexual Victimization in Prisons and Jails reported by Inmates, 2008-09*. For your convenience, I have enclosed a copy of the BJS report, which also is available online at <http://bjs.ojp.usdoj.gov/content/pub/pdf/svpjri0809.pdf>. The report presents findings from the National Inmate Survey (NIS) 2008-09, conducted in 167 state and federal prisons, 286 local jails, and 10 special correctional facilities (operated by U.S. Armed Forces, Indian tribes, or U.S. Immigration and Customs Enforcement (ICE)) between October 2008 and December 2009, with a sample of 81,566 inmates ages 18 or older.

The Miami-Dade County Pre-Trial Detention Center (PTDC) was identified in the report as having among the highest prevalence of sexual assault. Your sworn testimony will be in connection with the operations of the PTDC. The hearing will address the prevalence and incidence of both inmate-on-inmate and staff-on-inmate sexual assault and will examine the spectrum of contact ranging from unwanted touching to non-consensual and physically forced assault resulting in injury. Shortly, we will provide more guidance about (1) information that the Panel would like to review before the hearing and the (2) witnesses that you should identify and make available for sworn testimony at the hearing. You will also have an opportunity to submit brief written testimony before the hearing.

In anticipation of the upcoming hearing, we have enclosed pertinent document and data requests. To prepare for the hearing, responsive documents are due **no later than April 8, 2011**. After we review the data, we will notify you of other witnesses that the Miami-Dade Corrections and Rehabilitation Department should make available for sworn testimony at the hearing. We will also be contacting your agency to arrange a site visit for Panel members and/or staff. Please submit the requested information (an original and two copies) to the following address:

Please submit an additional copy of the requested information to DOJ's contractor, Joe Fideli at:

Because we often experience substantial delays in the delivery of regular mail as a consequence of security precautions, we recommend that the PTDC send its response to the Panel via a private, overnight mail delivery service. If the PTDC sends its response by an overnight courier, the zip code in the above address should be changed to 20001.

Please confirm that you plan to appear at the hearing on August 17-18, 2011, by contacting Joseph Swiderski, Program Analyst, Review Panel on Prison Rape (Phone: 202.514.8615; e-

mail: Joseph.Swidorski@usdoj.gov). Please provide Mr. Swiderski with the name, phone number, and e-mail address of a contact person on your staff who will serve as a liaison with our office in responding to the Panel's information requests, identifying witnesses, and making travel and other arrangements related to the hearing. The Panel will cover all reasonable costs that invited witnesses may incur in traveling to the hearing.

We appreciate your willingness to assist the Panel in carrying out its important work of making our country's jail facilities free from the threat of sexual assault.

Sincerely,

Michael L. Alston

Re: Jail Hearings of Review Panel on Prison Rape

Dear Sheriff Gusman:

In accordance with the Prison Rape Elimination Act of 2003 (PREA), Public Law 108-79, 117 Stat. 972 (codified as amended at 42 U.S.C. §§ 15601-15609), the Review Panel on Prison Rape (Panel) requests your appearance for sworn testimony at a public hearing on August 18, 2011. The hearing will be held at the United State Department of Justice, Office of Justice Programs (OJP) in Washington, DC. We will send you a final hearing agenda once it is available. The Panel will also post information related to the upcoming hearing on its Web site (<http://www.ojp.usdoj.gov/reviewpanel/reviewpanel.htm>).

Under PREA, the Bureau of Justice Statistics (BJS) at the United States Department of Justice is authorized to conduct a comprehensive statistical review of the incidence of sexual victimization in jail facilities throughout the country. PREA directs the Panel to rely on the BJS data and to hold public hearings at which it is to request the appearance of representatives from two institutions with the lowest incidence of sexual victimization and representatives from three institutions with the highest incidence of sexual victimization. The Panel is responsible for conducting these hearings to assist BJS in identifying common characteristics of victims and perpetrators of sexual assault in jail facilities, as well as common characteristics of the jail facilities with the highest and lowest prevalence of sexual assault. The current Panel members are: Dr. Reginald Wilkinson, current president of the Ohio College Access Network and past president of the American Correctional Association; Anne Seymour, a national crime victim advocate with twenty-seven years' experience, specializing in corrections-based victim services; and Dr. Gary Christensen, president of Corrections Partners, Inc. and a retired jail administrator. For more information, please see the Panel's Web site.

In August of 2010, BJS issued the report *Sexual Victimization in Prisons and Jails reported by Inmates, 2008-09*. For your convenience, I have enclosed a copy of the BJS report, which also is available online at <http://bjs.ojp.usdoj.gov/content/pub/pdf/svpjri0809.pdf>. The report presents findings from the National Inmate Survey (NIS) 2008-09, conducted in 167 state and federal prisons, 286 local jails, and 10 special correctional facilities (operated by U.S. Armed Forces, Indian tribes, or U.S. Immigration and Customs Enforcement (ICE)) between October 2008 and December 2009, with a sample of 81,566 inmates ages 18 or older.

The Orleans Parish South White Street Jail (SWSJ) was identified in the report as having among the highest prevalence of sexual assault. Your sworn testimony will be in connection with the operations of the SWSJ. The hearing will address the prevalence and incidence of both inmate-on-inmate and staff-on-inmate sexual assault and will examine the spectrum of contact ranging from unwanted touching to non-consensual and physically forced assault resulting in injury. Shortly, we will provide more guidance about (1) information that the Panel would like to review before the hearing and the (2) witnesses that you should identify and make available for sworn testimony at the hearing. You will also have an opportunity to submit brief written testimony before the hearing.

In anticipation of the upcoming hearing, we have enclosed pertinent document and data requests. To prepare for the hearing, responsive documents are due **no later than April 8, 2011**. After we review the data, we will notify you of other witnesses that the Orleans Parish Sheriff's Office should make available for sworn testimony at the hearing. We will also be contacting your agency to arrange a site visit for Panel members and/or staff. Please submit the requested information (an original and two copies) to the following address:

A. Questions for Sheriff Gusman

The Panel understands that you will not be available to testify in person at the hearings. In your absence, the Panel requests that you submit a written, notarized statement answering the four questions listed in this section. Please organize your answers to correspond to the numbered questions.

1. As you are aware, the Bureau of Justice Statistics (BJS) reported a high incidence of sexual victimization in 2008-09 at the South White Street Jail, which was until its recent evacuation, a facility of the Orleans Parish Prison (OPP). In your opinion, what factors contributed to the reported high incidence of sexual victimization at the South White Street Jail?

2. For the period under review, how do you explain the disparity between the high incidence of sexual victimization as reported by the BJS at the South White Street Jail and the absence of any records of sexual victimization that the OPP has for the South White Street Jail?
3. The U.S. Department of Justice has under review national standards for combating sexual victimization in confinement settings that were prepared by the National Prison Rape Elimination Commission pursuant to PREA. National Standards to Prevent, Detect, and Respond to Prison Rape, 76 Fed. Reg. 6248 (proposed Feb. 3, 2011) (to be codified at 28 C.F.R. pt. 115). How does the OPP monitor compliance with PREA?
4. What measures does the OPP take to protect inmates, such as non-heterosexual persons, who may be particularly vulnerable to sexual predation while incarcerated at OPP?

B. Supplemental Data Request

Given that the South White Street Jail is no longer operational, the Panel requests that the OPSO provide written responses to the three questions below. Please clearly label the responses to each question, as well as any attachments, to correspond to the numbered questions and each subpart.

1. For each incident of reported inmate-on-inmate sexual victimization in 2008-09 at the OPP, please provide a copy of the complete investigative record, which would include (a) the name of the alleged inmate-victim, (b) the date and time of the alleged incident, (c) the nature of the incident, (d) the process by which the OPP became aware of the incident, (e) the date on which the OPP became aware of the incident, (f) the person(s) investigating the incident, (g) the outcome of the investigation, (h) if warranted, the remedial actions that the OPP took, and (i) whether the OPP referred the matter to the appropriate responsible officials for prosecution or other action.
2. For each incident of reported staff-on-inmate sexual misconduct in 2008-09 at the OPP, please provide a copy of the complete investigative record, which would include (a) the name of the alleged inmate-victim, (b) the date and time of the alleged incident, (c) the nature of the incident, (d) the process by which the OPP became aware of the incident, (e) the date on which the OPP became aware of the incident, (f) the person(s) investigating the incident, (g) the outcome of the investigation, (h) if warranted, the remedial actions that the OPP took, and (i) whether the OPP referred the matter to the appropriate responsible officials for prosecution or other action.

3. Through victim advocates, the Panel has become aware of alleged incidents of sexual victimization at OPP involving former inmates. Based on this information, the Panel requests the following data:
 - a. For [Redacted], a former inmate of OPP, the Panel requests all investigative records, including medical reports, related to alleged repeated sexual assaults against him that took place at OPP between January and March of 2009.
 - b. For [Redacted], a former inmate at OPP, the Panel requests all investigative records, including medical reports, related to alleged sexual assaults against him that took place at OPP in September 2010.

C. Onsite Visit

The Panel confirms that Ms. Anne Seymour and Mr. George Mazza will be visiting the OPP on Tuesday, August 23, 2011, at 9:00 am. They would like to tour the sections of OPP that currently house female inmates, which the Panel understands includes Templeman V. Ms. Seymour and Mr. Mazza also request a brief tour of the House of Detention. After the tour, they would like to meet with OPP administrators to review the OPP's response to the initial data request and ask additional clarifying questions. They do not anticipate that the visit will last much longer than three hours. Please let Mr. Mazza know where he and Ms. Seymour should meet you to begin the tour. Mr. Mazza's telephone number is [Redacted] and his e-mail address is [Redacted].

D. Witnesses

The Panel understands that in your absence, you will designate a deputy or other high-ranking person to speak for OPSO at the upcoming hearings. The Panel requests the appearance of Commander Michael R. Laughlin, whom OPSO identified as the person who is in charge of the Special Operations Division and the PREA Coordinator in 2008-09. The Panel requests the appearance of Chief Earl Weaver, Jr., whom the OPSO identified as the staff member in 2008-09 responsible for coordinating administrative efforts to eliminate sexual abuse at the South White Street Jail in conformity with the goals of PREA. If none of the already requested staff persons occupies the position, the Panel requests the appearance of the head of the OPSO's Internal Affairs Division. The Panel also requests the appearance of high-ranking persons at OPP who could speak from first-hand experience in providing medical and psychological care to inmates who experience sexual victimization (e.g., a psychologist, doctor, nurse, Sexual Assault Nurse Examiner (SANE), or other medical professional). Please provide the names and contact information for the designated attendees to Mr. Joseph Swiderski at [Redacted] or [Redacted].
